

Chapter 823

And last night.

She is another kind of beauty.

She hooked his neck delicately with tears.

Let him let her go for a while.

After a while, I told him not to leave.

In that way, she is like a nine-tailed fox demon who has been cultivating for thousands of years, entwining him, how can she escape?

At this time, she could not find any adjectives to describe her purely.

She is now extremely clean, and any modification is a burden to her.

The man calmed down and asked, "Does it hurt?"

Suzi didn't understand it at first, but it took a few seconds to understand. She immediately blushed: "I love you a big ghost! Hurry up and send me and the only one!"

There was a smile on the man's face.

Coming down from the stairs, there is no doubt that Suzi's outfit attracted Christopher again.

Christopher is the person who knows the most about words and colors. After spending so long with the Fourth Master, what can't he see through?

Even if Christopher didn't say anything along the way, he also knew why his wife was wearing so loose today, and why didn't the wife drive to work by herself today.

However, the lady is really beautiful.

When working in the company, it looks beautiful to work hard and earnestly.

The cheerful and sunny appearance of playing with colleagues is also beautiful.

Especially the pure and unmodified look now, more beautiful.

Christopher suddenly understood that his father, who had been abstinent for so long, had always focused on shopping malls and his grand career, why did such important meetings be abandoned, and he just wanted to go to his wife to play ZhengHi. Pi's KTV box is out.

Master was really afraid that his wife would be snatched away by that little boy.

Haha!

Christopher couldn't help being funny when he thought of Master being jealous yesterday.

Weakness!

Everyone has weaknesses.

The great power of the world and the business community has made the entire Nancheng frightened, and even the four masters, who are extremely powerful overseas, have weaknesses.

The weakness of the fourth master is the wife.

Christopher knew that Arron's weakness was Suzi, and naturally others knew.

Those who knew of Arron's weakness seemed to have found a way to deal with Arron. They watched in secret all the time, and then waited for opportunities.

After Christopher sent Shen Only, he drove Suzi to work.

At the place, Suzi got out of the car, and several female colleagues who happened to be walking in front of the company surrounded Suzi.

"Suzi, you are so beautiful today."

"Ah! Suzi, where did you buy this white one, eh, forget it, I still don't ask, I guess I can't afford it even if I ask."

"Haha!" Suzi suddenly smiled: "I will tell you quietly, I bought this pure white sweater for forty-nine yuan."

"Huh?"

"Really, don't lie to you, I am shopping on Pin Xixi. If you don't believe me, go to Pin Xixi now. There is still that style, just forty-nine."

The female colleague looked at Suzi with admiration: "I really admire you Suzi, how do you look good in everything? Forty-nine yuan clothes can also be conveyed by you with a sense of luxury. I guess even if I buy it, I can't wear your sense of luxury."

"Hey, don't say that you are so bad. We are all about the same thing. Let's go, go in and check in and be late immediately." Suzio generously entered the company with one arm around his colleague.

Behind him, in a corner not far away, an extremely dark voice said: "She is indeed beautiful, this woman, do you see clearly?"

Chapter 824

Several subordinates said immediately: "Head, see clearly."

The man sneered coldly: "I really didn't expect that woman would be so bad that it has some useful value. Let's go and withdraw first. You all remember, don't be noticed by Arron. Once he finds out, we will all be dead.!"

"I see, Boss. Let's go back and play with that little lady first."

"Walk around."

A few people hiding in the corners are drowning in the flow of people.

Here, Suzi had already entered the elevator, and she didn't notice anyone staring at her behind her.

Out of the elevator, Suzi saw three people.

"Why are you here?" Suzi asked sternly.

Old man Shu sneered: "This is my grandson's company, why can't we come here?"

Suzi: "..."

It was speechless.

I was about to go past Father Shu and Darius's parents to the design department, when the elevator door behind him opened again.

Rayna came in.

At first glance, Suzi saw traces of crying on Rayna's face.

She asked concerned: "Rayna, what's the matter with you?"

Rayna shook his head: "It's okay Suzi."

When she saw Elder Shu and Darius's parents were here, Rayna was not surprised.

She looked at the three people with a very calm expression: "Master Shu, Mr. Shu and Mrs. Shu, I know this is a company owned by your son. You have the right to come here. If you feel that my work here is inappropriate, I can immediately Resign."

"No, Rayna. Aunt doesn't mean that. Aunty called to communicate, but you were very excited on the phone. Aunty couldn't express her complete meaning. We came to the company to look for you." Darius's mother is very true. Looking at Rayna eagerly.

Her face is concerned and apologetic.

Suzi: "..."

She looked at Rayna: "What happened, Rayna?"

Yesterday, Rayna was transferred to the design department on the first day. Although she is a newcomer in terms of design, her arrival has reduced the work of designers in the design department a lot, because Rayna is willing to do any hard work. In her free time, she calmed down to study architectural design. What she didn't understand was also when the designer was not busy, she asked carefully.

With such a humble and sincere attitude, since he was a colleague who hated Rayna before, he couldn't help but become like Rayna.

They think she is responsible.

Think she is brave to be a man.

So, last night, colleagues in the design department proposed to pick up the wind for Rayna.

Rayna was very happy when she was with her colleagues last night. Why did her eyes become swollen from crying this night?

And obviously, Father Shu and his son and daughter-in-law did not come to Darius.

They are here to find Rayna.

Suzi looked at Rayna with concern.

Rayna smiled relievedly: "Suzi, you gave me the direction and gave me a clear goal in my future life. I will be your apprentice in the future. You are my mentor, and I want to work while working. On the one hand, I went to night school. Then I got the qualification of architect. When I was thirty years old, like you, I became a qualified architect and got a good salary.

Buy yourself a house for monthly payment.

I want to be an independent person. "
