

Chapter 824

In Ouyang Feifei's view, there is nothing to hide from loving someone. If you love, you will live happily and happily. Please Baidu search (net) to leave each other if you don't love, don't cause harm to each other.

But Luoluo's situation is different from her man. Fortunately, they should like each other, and the two of them are of equal strength, talented and female, so naturally nothing is a problem. But if they don't like each other, then the two of them have interests involved, I am afraid it is not so clear.

Fortunately, although the two of them didn't say anything, Ouyang Feifei only saw them once and could tell that they obviously loved each other.

Now, she doesn't have to worry about falling.

Look at you, I'm ashamed to say me here. I'm a married woman, and you, I didn't even find a boyfriend. Yin Luo pierced Ouyang Feifei ruthlessly.

Feifei is like this, her own affairs have not yet settled, and she always likes to worry about her affairs.

When it comes to her own affairs, Ouyang Feifei is as guilty as a thief, and it is true that she hasn't settled yet. Ouyang Feifei lowered her head and ate the food, "I...I'm not in a hurry, I can't do it without the right person."

It's true. Yin Luo nodded, Ouyang Feifei has always been unwilling to improvise in terms of feelings.

In college, if she met a boy who confessed to her, if she also had some good feelings for others, she would directly agree, regardless of whether the boy was romantic or not and his family background. But if she doesn't like it, she just doesn't like it. No one said it was useless, so he broke up decisively.

In terms of love, Ouyang Feifei is also a straightforward person.

It's just that Yin Luo knows that although Feifei has had a few love relationships over the years, those may just be good feelings. No boy has ever made Feifei desperate for love, or reluctant to leave.

I just don't know, when will my Feifei meet her destined Prince Charming. Would you like me to introduce you? Maybe you will find it? Yin Luo joked with Ouyang Feifei.

No, no need. Ouyang Feifei felt shook her head, "It's really fate, then I can't hide it. But if there is really no fate, then even the introduction is a waste of time."

It seems that my family, Feifei, has also begun to believe in the will of heaven and fate. Didn't you always say that fate was created by yourself? Yin Luo continued to tease.

Ouyang Feifei quickly picked up some dishes for Yin Luo, and smiled at her, "Luo Luo, when did you pick me wrong like this? Did you learn from your man? Eat well for you."

Don't you see my man's cold and serious look? How could you teach me this? Yin Luo thought of Yi Yan's character. He seems to make some very, very unreasonable requests only when facing her, and he always gets angry with her.

When facing other people, especially those who you don't know or are unfamiliar with, you always have a straight face, as if someone else owes him.

Yes. Ouyang Feifei remembered the scene when she saw Yi Yan for the first time in the hospital. She considers herself a very easy-going person, and there is nothing wrong with talking to strangers. But when she first saw Luoluo her man, she didn't even know what to say. Especially when she looked at Luoluo her man, his eyes were cold.

However, Ouyang Feifei believes that this is not just for her, but it seems that coldness has become his normal way of treating others. When he didn't speak, or his face was expressionless, so that people couldn't see his mind, the temperature of the surrounding environment was also extremely depressed, and no one would dare to say a word or make one more action.

But he treated Luoluo differently, at that time he seemed to be the man that all women in the world dream of. When he looked towards Luoluo, his eyes were full of tenderness and affection, as if he was looking at his whole world.

Ouyang Feifei also longed for such a man. She didn't ask him to be rich, to be romantic, or to have a personality compatible with her. I just hope that their love can be consistent, without suspicion, to tolerate each other, and stay together.

Yin Luo looked at Ouyang Feifei who was in a daze, and a wicked smile appeared at the corner of his mouth, "Feifei, what are you thinking? Is it a man who misses you in the future? Hate him for not appearing in your life early."

Who...who said that. When Luoluo guessed something, Ouyang Feifei suddenly became a little nervous. She narrowed her mouth and said, "I don't have one. I also want to thank him for not appearing in my life. Let I was not influenced by him. From kindergarten to now, I have completed my studies well and become a good student with excellent grades and a generous and generous grade."

Hearing these words from Ouyang Feifei, Yin Luo laughed with a "pouch". This Feifei hasn't changed at all, always making Yin Luo laugh to death.

Then wait for you to meet that person in the future, you really have to thank him well.

Who said that? I won't thank him. I want to thank you. Ouyang Feifei looked at Yin Luo affectionately.

Huh? Yin Luo was frightened by Ouyang Feifei's sudden seriousness and gratitude. Why did she suddenly get involved with her again, "What do you want to thank me for?"

I want to thank you, because during his absence for so many years, you have been with me, crying with me, laughing with me and sleeping with me in the rain. Ouyang Feifei couldn't help but laugh. NS. The last sentence is truly absolute, and she admires her literary talent more and more.

Seeing Ouyang Feifei smiling so happily, Yin Luo watched her as she was also infected. She smiled and said, "Don't thank me. We owe nothing to each other. While I am with you, you are also not in him. Stay

with me when you show up. And because your man hasn't come by your side, this girl decides to accompany you to bed tonight."

Really? Ouyang Feifei was surprised, "Will you man?"

Luoluo didn't seem to be that kind of generous man, although she seemed to say something exaggerated. But after meeting Yi Yan, Ouyang Feifei didn't feel exaggerated at all. At that time, she wanted to be watched by him with such terrible eyes when she wanted to play with Luoluo all day, and then she agreed to let Luoluo look at him the next day. So is this indirectly agreeing that Luo Luo Ye will not return home?

Of course it's okay, I have human rights at home, okay? Besides, you are my best friend, that's nothing. Yin Luo said calmly, saying that she was also a little frightened at the time, Yi Yan is usually such a stingy man, this time it was so easy to compromise. Yin Luo joked, "What? You don't welcome me."

Why? Of course welcome, great. Ouyang Feifei said excitedly. The last time they slept together was when they were in the university dormitory, and now they really miss it. At that time, there were no relatives around them, and there were some friends who could play fairly well, but they were not as ironic as the two of them.

At that time, I couldn't say too much, they were like each other's each other. A true good friend is not to talk about everything, but to walk together without talking and not feel embarrassed.

Although Ouyang Feifei always talks a lot, they also sometimes sit quietly.

At that time, I only studied, worked, and played. There was nothing else, and there was not much sorrow and distress.

After eating, they brought the dishes and chopsticks into the kitchen together.

Ouyang Feifei made a swearing promise, "Like, your hand hurts, and I will wash the bowls and pots. Just wipe the table."

Yeah. Yin Luo didn't try her best. The bandage on her own hand was really inconvenient. She was still at ease with Feifei about washing the dishes.

After finishing everything, Yin Luo should call Zhang Ma and tell her the message. I hope Madam Zhang can believe her by then. Zhang Ma didn't know about Yi Yan, it should be the best for her.

The phone was quickly connected, and Madam Zhang's usual voice came from inside, "Hey, what's the matter with Madam Young?"

Mother Zhang, Yi Yan left for an urgent business trip today. It may take a few days to come back. That... he may already be on the plane now, so there is no way to tell you. I'll tell you on his behalf. Yin Luo said nervously, although she didn't want to deceive Zhang Ma, but for Zhang Ma's good, this was nothing. I hope Madam Zhang can forgive her white lies.

What's the matter? Young master, is he okay? Zhang Ma asked worriedly.

It's okay, it's okay, he's okay. Yin Luo said quickly. She didn't expect Zhang Ma to worry about it. She explained, "Of course there is nothing wrong with Yi Yan, it's just some urgent work. You don't need to worry too much. I can see us in the next day."

It's okay. Mom Zhang was relieved when Yin Luo said that. After all, the young master is a common business trip, and there is nothing to worry about. It's just that this time it's a little different. This time the matter should be very urgent. The young master left without even going home to pack his luggage. Now she can only hope that the young master's affairs can proceed safely and smoothly.

Also, I won't go back tonight. My girlfriend is back from abroad. I want to stay with her for one night, so you don't have to wait for me. Yin Luo said honestly. Because she knew that she used to get off work late, so Zhang's mother used to cook late too. So this time I called after dinner.

Well, you must pay attention to safety, not too late. Zhang Ma asked.

Yin Luo raised his lips and smiled, and replied, "Okay, I get it."

It feels good to be cared about. Although grandpa also cares about her very much, but after all, grandpa is a man, and men are mostly silent in emotional terms and don't like to speak out.

Then have fun, I won't bother you. Zhang's mother knew that their young people like to play together, so she didn't want to disturb the young lady anymore.

After bidding farewell to Zhang Ma, they went to take a bath one after another, and then Yin Luo and Ouyang Feifei wore the same pajamas and slept together on the bed.
