## Chapter 827

The day after Sally began to strike at the Shen family, newspapers of all sizes around the North House sensed a hint of something unusual.

They were the first to learn about what was happening throughout the North House, and although the news of Sally's strike was obscure, it was still noticed.

After all, the Lin family's Lin Yan and Sally such a big party, people who know about this matter, quickly detected a trace of intriguing things from it!

But just when they were about to write this thing in. Soon the other side came the news that called a halt to all the news in their hands and told them to just stay well.

And on the other side, Jiang Hao packed up the things inside his room, then changed his clothes and rushed to the Lin family accompanied by Old Black.

They got up early this morning. In order to go to the Lin family in advance to say hello to Master Lin, and by the way, the protection of Master Lin and the family of the Lin family, to avoid Shen Wennian dog jumped to the wall.

Old Black and Jiang Hao sat in the car. The two were silent for a long time before Old Black spoke: 'You look like you're serious today?'

Jiang Hao can not be serious, in such an occasion today, there may be some kind of trouble.

This is still a small matter, the point is that any of them are worried that if Elder Lin suddenly backtracked, they would be forced to come forward and then stand against the Shen family.

Sally didn't care about being found out that she was standing against the Shen family, but she cared about being exposed to the spotlight prematurely, and that was one thing that was hard for her to accept.

Thinking of this, Jiang Hao lightly coughed to relieve his throat and then opened his mouth and laughed: 'Of course, after making such a long effort, the success or failure of everything depends on today.'

Old Black shrugged and laughed: 'Do not worry, we have worked so long, the preparations have been prepared, if not successful that is no God's justice.'

Hearing Old Black's words. Jiang Hao also could not help but relax, then nodded and laughed: 'You're right, we have prepared so much if not successful, then it is really no justice.'

Saying this, Jiang Hao turned his head to look at the scenery outside the car window, thinking of the first time he came to the North, that time he was still nothing.

When he entered the hospital, he was looked down upon by some doctors and nurses, who thought he was just a half-wit.

Now that I think about it, Jiang Hao lost his smile and shook his head, at this time most people inside the hospital are still learning the two books of acupuncture they left behind.

The old black see Jiang Hao looked out the car window hehe giggled twice, so they also followed the opening laugh: 'You kid looking out what to laugh at, is not thinking of what happy things?'

Jiang Hao nodded at the words, then did not look at the black glance then opened his mouth back: 'Yes, I suddenly thought of when I just came to the North, and even by a group of people are looking down on. As a result, later they are still learning the needlework I left behind even now.'

Old Black was silent for a while after hearing this, then suddenly he also opened his mouth and laughed out loud, he did know this.

When Jiang Hao first came over to the North, he had no identity and no connections.

Just entered the Chinese hospital was also looked down upon by many people, that period of time Jiang Hao even suffered a lot of contempt, and even sat on a cold bench.

Now think about it, everything is so wonderful, after all, if Jiang Hao did not suddenly sat on a bench, he would not have time to know so many things.

More anxiously did not have so easy to meet Fatty Fu, and then was recommended by him to Sally.

And Ning Kun was also quite lucky that Chen Jingdao recognized his identity. But because Chen Minggang's own son had died, he lost the idea of pursuing the matter further.

Now it seems as if everything is as if it is already predetermined. No matter how to escape or how to avoid, what should happen will still happen.

Thinking of this, Old Black glanced at Jiang Hao and laughed: 'What do you think, that Lin Yan people, and our boss has to compare?'

Jiang Hao hesitated for a moment after hearing this, and then looked back at old black with some strange eyes. Seems to not quite understand why the other party would suddenly ask such words.

'It's okay, Lin Yan this person how to say, actually also very capable, and she has almost beast-like intuition about certain things, can be very smart to avoid the minefield not to involve.'

After saying this, Jiang Hao remembered when Lin Yan was tied up. She was wearing broken clothes snow-white skin makes people look a little dizzy.

'And that is, her body's indeed quite good, there is one to say, Sally in this area of the body is really some than Sally.'

After laughing for a while, Old Black reached out and took out the headset hidden in his lapel and said, 'How about it, did you hear what Jiang Hao just said?'

Jiang Hao was feeling a bit strange when a voice suddenly sounded inside the car and said: 'Jiang brother, I guess you better not come back if you have nothing to do today, or you will probably face people who are more terrifying than the Shen family!'

Ning Kun also took the headset, then after a ghostly cry, then spoke: 'Brother, although you are right. But I still admire your courage, dare to say in the radio!'

Old Black shrugged after looking at Jiang Hao's stunned look, then laughed and said: 'This is a game we played a long time ago. Usually the loser will be greeted by us severely.'

Jiang Hao saw Old Black laughing so meaningfully, coupled with what Old Black said before, a hint of bad premonition suddenly rose in his heart!

'I go. Old Black! You guys are fucking playing with me, right?'

The most important thing that needs to be judged is. The most important thing to determine is whether the recording just now will be heard by Sally! If Sally heard what the consequences would be, Jiang Hao does not want to know at all!

The old black face playful look at Jiang Hao's appearance: 'Hahaha, a long time ago I was looking forward to your expression at this moment, and really as I thought, fun!'

Jiang Hao to the old black than a middle finger after, simply silent, closed his eyes not to pay attention to the old black!

When Jiang Hao and Old Black arrived at the Lin family, the gatekeepers saw Jiang Hao walking in front of them, and immediately understood that he was coming to look for Master Lin, so they opened the door for Jiang Hao and welcomed him in!

After walking into the Lin family, Jiang Hao lightly glanced at the surrounding people, and then said in a deep voice: 'Where is Old Mr. Lin, I have some important matters I want to talk to him.'

Soon a subordinate came forward, first nodded respectfully to Jiang Hao before speaking: 'Master is currently sipping tea in the back garden pavilion, do you need me to take you there?'

Jiang Hao looked at the next person smiled and nodded, the other party took the lead and walked ahead, while Old Black was staring dumbfounded at Jiang Hao's back and froze!

After saying this, he looked at his father with some hatred, perhaps time can really wear out a person's mind and all the courage.

Chapter 828

'I did not see ah, you kid still have this ability, at least it is also the North Mansion, you said to enter ah?'

Jiang Hao white glance at the old black, do not want to pay attention to him, self-conscious towards the front of the walk.

And this Shen Qingshu looked at the documents handed over by his men. The head has become a little big!

In just one day there were so many people on Chen Jingdao's side, the company suffered an unbearable blow in just one morning, they have lost too much!

More importantly, Shen Wennian had not yet understood the seriousness of this matter, in fact, Shen Wennian had never taken up these matters since he had contacted Shen Tianyang.

He knew that Shen Tianyang would not let himself last too quickly through this period of time. But also will not let themselves so easily collapse, so out of a guilty heart, Shen Wennian has not asked about the company's affairs.

And at this time, Shen Qingshu looked at the index of continuous decline. And then think of those who suddenly appeared to stand on the side of Chen Jingdao, gradually became a little anxious and restless up.

So he hurriedly got up and walked to Shen Wennian's study and pushed the door in, and found his own father was drinking wine while practicing his writing!

Compared to Shen Qingshu's disorder, Shen Wennian was a bit more calm.

After seeing his son come in, he looked at Shen Qingshu and smiled, 'You're here, come, come, hurry up and sit down to see how my writing is.'

While saying this, he poured himself a mouthful of wine, as if drinking was the only thing that mattered at the moment.

'Dad, can you pull yourself together, now that something big is happening outside, you are still hiding here and drinking?'

Looking at his father's appearance, Shen Qingshu couldn't help but blame himself and feel helpless at the same time. He didn't know what he had to do to pull Shen Wennian up!

Shen Wennian heard his son's words after his eyes confused looked over, and then slightly froze opened his mouth and laughed: 'Stop it, what can be the big thing, just leave it to Sanniang.'

He licked his dry lips when he said here: 'Her skills are very good, and also very good at things, you can find her no problem!'

After saying this Shen Wennian laughed out loud for a while, and then again picked up the pen in his hand and scribbled it up haphazardly.

When Shen Qingshu saw this, he didn't know why, but a powerful anger suddenly sprang up in his heart, and he walked up and overturned Shen Wennian's desk.

Then he pointed at the dumbfounded Shen Wennian and said angrily, 'Dad, I can accept your failure, but look at your appearance, where is there a bit of manly spirit?'

After saying this, Shen Qing Shu kicked down the chair beside him and shouted, 'Thanks to you, you always teach me not to be easily defeated, look at your current appearance, like not being defeated?'

Shen Wennian froze and looked at his son after a long time of silence, suddenly sat directly on the ground. Then holding the pen in his hand, he unconsciously did not know what he was writing.

'I know it's wrong, I know it's wrong, I shouldn't have contacted Shen Tianyang to the point of giving up the efforts of several generations of our Shen family.'

After saying this, Shen Wennian suddenly cried out: 'But if I don't do this, not to mention the efforts of several generations, I'm afraid all our efforts will all be in vain ah!'

Shen Qingshu froze after hearing this, indeed, if Shen Wennian's initial thought, if they do not contact Shen Tianyang, it is likely that they will not last, after all, the Shen family is trapped in the outside money is too much!

But after contacting Shen Tianyang, they called a hungry wolf for their own family!

So much so that they actually did not bear much pressure. But is more and more feel powerless up!

Father and son looked at each other speechless and sat down in silence for a while, Shen Qingshu took out the folder in his hand and threw it to Shen Wennian and said in a deep voice: 'This is the company's data today, take a look at it.'

Shen Wennian sobered up a little bit. He picked up the file and looked at it, and after just a few cursory glances, he felt a sense of panic in his heart!

'No, why is it like this, didn't it always have a stable income before, how come today all of them have become deficits?'

After turning a few pages in a row. Shen Wennian finally felt that something was wrong, so he looked up at his son and said, 'What is going on here?'

Shen Qingshu sneered twice before pouring himself a cup of tea, he was in a hurry on his way here, and he had a lot of anger inside.

'Obviously, it looks like someone is targeting our Shen family, and today is just the beginning. I have a hunch that the next situation will be even more serious, I'm afraid.'

Hearing these words, Shen Wennian closed his eyes and pondered for a moment, and only in this moment did he reveal himself as he did before.

Shen Qingshu saw his father start to think, so he also no longer opened his mouth to disturb him, and waited until Shen Wennian opened his eyes before he spoke: 'Well, is there any solution?'

Shen Wennian shook his head slightly and then said, 'I have no better solution for the time being, see if you can contact Sanniang's side, I believe Shen Tianyang will not want us to fall down so soon!'

After saying this, Shen Wennian looked at his son helplessly, he knew that Shen Qingshu had never wanted to rely on outsiders to solve this matter.

Although they are considered relatives with Shen Tianyang, but Shen Qingshu believes. No matter who it is, no one would want such a relative.

As expected, after hearing Shen Wennian's suggestion, Shen Qingshu slapped his hand on the table and said angrily, 'Do I still have to rely on a Shen Tianyang to get through?'

Relying on Shen Tianyang to solve this matter is still the same a word of death?'

After saying these words. Shen Qingshu got up and walked to the study door with his back facing his father.

After a little hesitation, he continued to speak: 'If I have to choose one, I would rather choose to die with dignity. And definitely not to be a dog for others!'

As soon as the words left his mouth, Shen Qingshu slammed the door and left, without even looking back at Shen Wennian.

And looking at his son's back. Shen Wennian could not help but feel pain in his heart for a while, thinking about it, it seems that he is indeed as Shen Qingshu said.

He gave up his dignity, not to mention all his courage!

Thinking of this, Shen Wennian gave himself a mouthful of wine after standing up from the ground, then took out his cell phone and made two phone calls.

Who is still a little last resort, and at this time, Shen Wennian took out his phone and dialed a phone number, the phone number is exactly the Sanniang.

And Shen Tianyang side of the contact information can not be contacted, so Shen Wennian is really no other way, he can only try to Shen Tianyang for help, hoping that this time he can pull himself a hand!

Otherwise, even if he fell, he lost such a good ally in the North, for Shen Tianyang is undoubtedly the biggest loss.

However, what Shen Wennian never expected was that just before he could wait for Shen Tianyang's help, he himself had already fallen and couldn't even pull himself up!
