

Chapter 827

Arron and Suzi walked for a long time, and no one in the box dared to say anything.

It was Song Zhuoer who spoke first: "Sister Suzi is... okay?"

A group of people was immediately rushing.

"Zall, you...I didn't say you, how could you fall in love with your sister Suzi?"

Song Zhuoer blushed immediately: "I... how can I fall in love with Sister Suzi, I regard Sister Suzi as my relative!"

"I haven't fallen in love yet! Quietly your little eyes, Zhuoer, you see two words written in your sister Suzi's eyes: You love her!"

Song Zhuoer: "..."

"It doesn't matter if you love Suzi, Suzi is so cute, and the work is so serious. The man in the company doesn't love her? But don't do anything. If Arron gets angry, we will harm Suzi, eh. ...Such a good girl, I hope the Bodhisattva blesses, the Buddha blesses, God blesses, bless Suzi..."

Everyone in the box actually prayed for Suzi together.

Song Zhuoer simply said: "If Arron blames it, I will bear it. If Arron is killed, I will not let Suzi suffer!"

He said decisively, and wanted to call Arron immediately after he finished speaking.

It was the older colleague who stopped Song Zhuoer.

"Zall, don't fight now, just wait and see the changes. In case the couple is fine, you will be okay as soon as you call. We will see if Suzi will come to work tomorrow. If we don't come to work, we will think about it. How to save her." Big brother Zhao Xianda had the idea.

Everyone agrees.

This night, the members of the entire design department actually didn't sleep well, and they were all worried.

So at this moment, when they saw Suzi coming to work, they breathed a sigh of relief in their hearts. However, these people still asked Suzi long and short questions.

"Sister Suzi, if your husband is to blame, you will put all the blame on me, as long as you are fine." Song Zhuoer looked at Suzi affectionately: "I, Song Zhuoer, have no wealth, no money, but I You can give your life to Sister Suzi."

"Ha!" Suzi smiled: "Little things! Your girlfriend hasn't talked about it yet. Give my life for me, I can't afford it!"

Song Zhuoer: "Sister, you seem to be very relaxed. Yesterday he... didn't trouble you?"

"Who?" Suzi asked, "Is your brother-in-law?"

Song Zhuoer: "...". After a pause, he nodded.

"It's okay." Suzi felt funny when she thought of Arron's jealous look.

"Don't mention him." She said, "Today, I have a happy event to tell you."

Hearing Suzi's words like this, everyone in the office was relieved, and all of them were energetic.

"What happy event? Will Fourth Master Fu invite us to KTV tonight?"

"Haha, the beauty you think!"

"What's that happy event?"

Suzi said: "Our company received a big order, and the director called me in the morning."

As soon as her voice fell, the director came to the door of the office, and she clapped her hands at everyone: "Quiet! Quiet! This big order is just before our city, and all of our departments must go to the city for inspection together. , You guys get ready, call your home and let us know that we will go on a short business trip to the market this afternoon.

You can come back the day after tomorrow.

On a short business trip?

Back to Nancheng, this was Suzi's first business trip.

She took out her mobile phone and called Arron immediately: "Husband, I am going on a business trip to the city this afternoon..."

"Don't go!" At that end, Arron ordered without hesitation.

Chapter 828

Suzi: "..."

This man!

"Don't make sense for you!" Suzi directly quarreled with Arron angrily.

Her voice was very loud, and at the other end, all the cronies sitting outside Arron's earpiece could hear her.

At this moment, they held back one after another.

They have been with the Fourth Master for more than ten years, and they have never seen anyone daring to quarrel directly with the Fourth Master like his wife.

At this moment, the Fourth Master actually squeezed his brow.

That expression can be seen by a discerning person at a glance, and the fourth master is worried.

"Let me tell you Arron! Business trips in the architectural design industry are inevitable. Today, if you let me go, I have to go, and if you don't let me go, I have to go! If you stop me again, I..." Suzi lowered his voice and said, "I will leave you!"

Humph!

She, Suzi, would like to show Arron a little bit of color this time. He didn't know the women who came out of prison, but they were all thugs!

Just Guangxing he bullied people?

Are gangsters so easy to bully, are they so easy to provoke?

"Listen to me! Take good care of the only thing at home! I will go this afternoon, I will study one day tomorrow, and I will be back the day after tomorrow!"

Speaking, Suzi hung up the phone decisively.

Arron: "..."

He looked at some of the cronies who were present at the meeting. The cronies are pretending to be nonchalant.

After a few seconds, one of the cronies said: "Four Lord, according to reliable news from our people on Gasing Island, there are already people lurking in Nancheng on Gasing Island, but who are we? I don't know, now it is equivalent to the fact that no matter how dark the enemy is, we are in the light, and a large part of the reason why those people can come to Nancheng is because of Jarod's family of three and the contributions of Mr. Shu.

It seems that for his granddaughter, Mr. Shu is going to have one heart with Jiaxingdao.

Master, from now on, we must strengthen precautions! "

Arron nodded: "Lao Fan, you go on deployment."

The cronies called Lao Fan reminded Arron: "Siye, I think, if my wife is on a business trip at this moment, let her go. During our investigation in the two days, if she was in Nancheng, it was a big goal. , What do you say if the hostile elements use his wife to make a fuss and threaten him?

We have to consider the safety of our lady. "

Lao Fan is an extremely loyal confidant of Arron's men. If the relationship is a little bit estranged, Lao Fan would not tell Arron like this.

Arron nodded immediately and said: "Okay!"

After a pause, he said again: "Lao Fan, Xing Zhong, I'm not in the company for these two days, so you have to look at the company more hard."

Lao Fan and Xing Zhong: "...Four Lord, you..."

"I'm on a business trip!"

As it is necessary, Arron left the meeting room.

The subordinates didn't ask much.

All of them knew that the so-called business trip of the Fourth Master was definitely to follow his wife. Since the Fourth Master had a wife, his original focus on the house and company has shifted to his wife.

However, this does not affect the operation of the company.

Not only that. The company is getting more and more prosperous.
