

Super Rich Dad Chapter 829-830

Chapter 829

It is not clear where this uneasy feeling comes from, Shen Qingshu looked at the documents in his hands, the feeling of restlessness in his heart is getting heavier and heavier.

So he got up and walked outside the room, looking at the sky overhead and fell into deep thought.

Thinking back carefully about these things in the North House now. It seems that everything is going according to the established things, and Shen Tianyang is still assisting their family.

Although Chen Jingdao's side of the lineup has become somewhat stronger, the Lin family openly on Chen Jingdao's side, but even so should not be able to defeat Shen Tianyang right.

Thinking about it. Shen Qingshu is confused about where the uneasy feeling in his heart comes from, the more he wants to find out what is going on!

Just when Shen Qingshu was thinking about this matter. On the other hand, the old black looked at Jiang Hao who was sitting opposite the old man Lin and nodded slightly.

A smile unconsciously appeared on his face, after all, there are only a few people who can talk and laugh with Elder Lin in the entire North Mansion, and even his own old boss may not be able to get a smile from Elder Lin.

'Shen, you see how you plan to do it this time, these things are developing in the direction that you and I designed, I estimate that it will not take much time to have a result, right?'

Since Jiang Hao took care of the illness for old man Lin, his health condition is gradually getting better every day, and in the new spring he no longer needs to be taken care of, and can live independently by himself.

Jiang Hao smiled when he looked at Master Lin's good spirits. Then pondered for a moment and said, 'There is no hurry now, I would like to see if Shen Qing Shu still has a backhand in his hand, if not, they are even played out.'

Elder Lin smiled and looked at Jiang Hao nodded, after all, the Lin family and the Shen family in the northern province has not been a day or two, several families although there is nothing on the surface of the mutual struggle.

But in fact, the Lin family and the Shen family have privately do not know how much to and fro, to really say, the old man Lin may not be unclear how much more the Shen family in the end.

Thinking of this, Jiang Hao looked at the old man Lin smiled and continued: 'I wonder if you are clear about the Shen family, after all, you have been in the North for so long.'

Elder Lin smiled and took a deep look at Jiang Hao. With just one look he knew what Jiang Hao wanted to find out.

So smiling, he picked up his cup of tea and took a sip and laughed: 'Well, I do know a little bit about this, but these things can't be the reason for the Shen family to live on, I believe it won't be of any use to say it.'

Jiang Hao shrugged back: 'I don't like any surprises, if something really goes wrong, I hope to be able to prepare the appropriate measures in advance.'

‘The Northern Shen family has always wanted to use the Xue family’s merchant road to open up a channel for them before, so they can open up a connection with the Hedong Shen family, and it seems they have strong confidence in the Hedong Shen family.’

It’s the Hedong Shen family again. All said and done, it’s the Hedong Shen family!

Thinking about this Jiang Hao can’t help but be a little subdued, Sally’s side is investigating the situation of the He Dong Shen family. The North House Shen family is also trying to find ways to get in touch with the East River Shen family.

Even Shen Tianyang side has begun to send people to the East, trying to contact with this East Shen family.

Thinking about it, Jiang Hao could not help but fall into a doubt, the same year Shen’s branch, why the East River Shen family will occupy such a large share.

From the current situation seems. Not only is Shen Tianyang is trying to contact with this East River Shen family, even Sally’s thirteen sections are trying to contact with the East River Shen family.

This can be judged from the news that Fatty Fu came back from Hedong, Jiang Hao believes that he is not without a target!

After all the above connections, Jiang Hao could not help but have a little interest in this He Dong Shen family. He suddenly wanted to get a closer look at what makes the Hedong Shen family so special to so many people!

Just when Jiang Hao was in deep thought, Old Black glanced at Jiang Hao, then pondered for a moment walked behind him leaned down and whispered: ‘Don’t ask so many questions first, ask Master Lin when it is convenient to inject capital.’

Jiang Hao nodded slightly, then looked at the old man Lin said in silence for a long time: 'This He Dong Shen family we do not care for the time being, the most important thing now is to force the North House Shen family to a dead end, so they can not escape!'

Master Lin heard these words. Naturally, he understood what Jiang Hao meant, so he nodded slightly and said: 'Don't worry. I've already said hello to the funds, as long as your people come over. Take as much as you want.'

Jiang Hao raised his eyebrows and laughed: 'Although your company seems to have made a lot of money out of the West Spring House project, but you want to do say how much to take how much such a thing. I'm afraid the mouth is still a little too big, right?'

Speaking of which, Jiang Hao smiled and looked at Master Lin: 'Could it be that the money of the old man, there is something slightly unclean involved in it?'

Master Lin's hand trembled for a moment when he heard this, but he quickly got over it, remembering a familiar feeling that rose in his heart when he saw this Jiang Hao some time ago.

Master Lin more silent half a day before speaking: 'You are not unaware that the hospital can not smoke, said a careless may let the oxygen explode.'

Jiang Hao helplessly looked at the old man Lin said: 'If you still care about this, when the fishing here to do what, anyway, no one is afraid of what to look at.'

Master Lin looked at Jiang Hao such an attitude, bitterly smiled and took the cigarette in Jiang Hao's hand, and then lit himself a deep puff!

‘I just like to play with you together, others can’t play with me, they simply don’t know what the most important thing in life is.’

I don’t know why, after saying this sentence, the old man Lin suddenly remembered how he looked like when he was young, the whole family although not considered very rich, but small wealth can still be achieved.

It is also to this reason, he can concentrate on his favorite things, all these are his big brother for himself!

However, now that his elder brother is dead, this matter can not be tolerated on anyone’s body, not to mention some villain!

Thinking of this, Elder Lin looked at Jiang Hao and said in a deep voice: ‘This He Dong Shen family has a very important thing in their hands, I heard it is a weapon.’

Jiang Hao listened and looked at Elder Lin in a puzzled voice and said in a deep voice: ‘What kind of weapon, just a weapon can make so many people submit to him?’

‘This I do not know, but you can imagine, the reason why the He Dong Shen family has been able to hold the power of speech in a place like He Dong, are they really reasoning with those scum?’

Chapter 830

After saying this, Elder Lin looked at Jiang Hao with a smile, as if he wanted to see something from his face, but Jiang Hao had nothing but a pensive look. Face look dripping with water!

‘Xiao Shen ah, do you know why I’m looking at you differently when there are so many young handsome people in this northern province?’

Jiang Hao shook his head gently and looked at Elder Lin with some curiosity. To say the least, he hadn't figured out what Elder Lin saw in himself until now.

If it was because he had cured Elder Lin's illness, then as long as it was a doctor. Although it will be a little more trouble, but may not be worse than yourself.

But if it is because of certain aspects, Jiang Hao really wants to understand.

And Elder Lin looked at Jiang Hao looked at him with an inquisitive look, after a soft smile then spoke; 'What I value most about you is that you can take a drink of tea, drink out of drinking, alas.'

Old Black stood behind Jiang Hao, heard this snort out a laugh, and then a smiling face to Jiang Hao.

Jiang Hao face is also flashed a trace of embarrassment, do not know how to look at the old man Lin for good.

After the two laughed, Elder Lin said in a deep voice: 'What kind of weapons are in the hands of the He Dong Shen family. This no one knows, because of this that's why the North House Shen family and Shen Tianyang are so eager to contact them.'

As soon as the words left his mouth, Elder Lin couldn't help but think of how domineering the Shen clan really was when they were running rampant in the world.

'But even if they are allowed to grasp it, it's okay, a lot of things have already passed, and I'm afraid they may not be able to restore the scenery of the Shen Clan back then.'

Old black standing on the side after listening to a light sigh: 'Afraid that they know that they can not restore the scenery of the year, but still tough want to do, then the unlucky people will not be a single Northern House and Chu Jiang.'

Are people in the business world, where there is not well-informed, Chu Jiang what has happened. Master Lin may not be unaware.

The reason why Old Black said so on the one hand is out of a test, and on the other hand is to see if Master Lin will also be moved to the Shen family's things.

But the old black is a bit dumbfounded is that the old man Lin does not know out of a kind of mentality, as if he did not take the words to heart, just look at Jiang Hao smile without saying anything.

This makes the old to the heart can not help but think of something, maybe this old man Lin has long known the real identity of Jiang Hao, now is just acting with them?

Such a thought is ultimately just a guess, a flash of light at the same time also can not help but let the old black some laugh at themselves. The next step is for Jiang Hao and Master Lin to take a look at the next step.

The next Jiang Hao and the old man Lin briefly chatted for a while and then got up, in fact he came over today just to make a show. The fact is that he came over today just to make a show. Let people know that Elder Lin has indeed stood inside Chen Jingdao's camp.

On the one hand, it was for others to see, and on the other hand, it was also to reassure Elder Lin that the promises they made to him were still valid and not just for fun.

Then Old Black and Jiang Hao left Elder Lin's place. After walking out the door, Old Black lit himself a cigarette, then smiled and glanced at Jiang Hao.

'What bad are you hiding in your heart, how come you don't say anything all this time. Is it because you are worried about being set up by us?'

Jiang Hao looked at the old black after a smile, there are some things is not that he did not say, just do not want to then everyone face is not good.

But since the current old black mentioned, so Jiang Hao while walking and said: 'Walk with me, there are things we can talk about while walking?'

Old Black nodded after a period of silence, to be honest he was also curious about what Jiang Hao was thinking, because recently Jiang Hao's actions are really some of the old Black can not see clearly.

'You know, all this time I've been thinking about one question. That is, what makes us able to stand up in such a chaotic place in the Northern Province, and what made the Shen family able to stand up in a chaotic place back then?'

Old Black heard this question and fell into silence. He now knew why Jiang Hao was always absent-minded lately, so he was thinking about this question.

So Old Black smiled and looked at Jiang Hao and said: 'You really want to know?'

Jiang Hao stopped walking and looked back at Old Black: 'If I don't want to know. Why do I need to tell you these things, after all, it is just what I think in my mind.'

The two men were silent for a moment. Jiang Hao lit himself a cigarette, then took a deep puff, feeling the spicy smoke around the lungs.

‘If you know something then tell me, I’d also like to see if it’s all my fault, Sally always seems to be hiding something from me.’

Looking at Jiang Hao’s puzzled look, a hint of alarm flashed through Old Black’s heart. I don’t know why Jiang Hao’s heart intuition is very accurate lately, maybe because of the cultivation.

Different cultivation methods will have different consequences, as if the people who have been working out on the battlefield for years, there will always be an intuition in the heart of the crisis can sense, this is not a joke.

Thinking of this, the old black silent for a while after speaking: ‘Maybe, but Missy wants something we can not guess, only she herself will know.’

‘Then do you know why Sally wants someone to go to the Hedong Shen family, what reason does she have to target the Hedong Shen family?’

After saying this, Jiang Hao looked deeply at Old Black: ‘We won’t talk about anything else, she is now a bit overwhelmed by the Northern Province side, and still goes to target the Hedong Shen family.’

Old Black looked at Jiang Hao concerned look silent, this time less talk less wrong reasoning he still understands.

And Jiang Hao saw him silent down, continued to ask: ‘You tell me ah, why Sally would be so concerned about the Hedong Shen family, is it like the old man Lin said?’

Once the words were out Jiang Hao knew he might have really guessed the truth, whether it was Shen Tianyang or Shen Wennian, or Sally.

What they are for is likely to be what the Hedong Shen family is holding in their hands!

Thinking of this, Jiang Hao silent bitter laugh twice, then shook his head and said: 'Forget it, since you refuse to say, then I did not ask it.'

Then turned around and left, not even waiting for the old black behind him.

The old black looked at the back of Jiang Hao silent for a long time after not chasing up, but took out the phone to call Sally, the phone was connected to the old black first silent for a while.

Only then with a slightly dry voice flatly said: 'He seems to have noticed, what do we do next?'

On the other end of the phone, Sally looked calm as she sat in her office looking out the window.

'How many people in this world, do you think, actually know the responsibility they carry, and the purpose and meaning of coming to this world of people?'
