

Super Rich Dad Chapter 839-840

Chapter 839

Sally smiled and looked at Jiang Hao, since the last time Jiang Hao perceived something, it is a bit resistant to contact with Sally.

‘What are you carrying in your hand, is it convenient to open it and take a look?’ Sally looked at the box in Jiang Hao’s hand with some curiosity.

And Jiang Hao barely smiled and shook his head and then said: ‘Forget it, it’s not anything good, it’s just some personal items. By the way, what do you want me to do?’

Looking at the forced smile on Jiang Hao’s face, Sally felt slightly disappointed, but soon came back to her senses and said, ‘Nothing, I just think there might be some misunderstanding between us, so I want to talk to you.’

Hearing this Jiang Hao snorted a laugh. Then he walked to her side and sat down, one pair of eyes staring at Sally closely.

‘Misunderstanding? I don’t think there’s any misunderstanding between us, did you ever feel misunderstood when you lied to me in the first place?’

After saying these words. Jiang Hao took a deep breath after himself poured himself a cup of tea, then picked up and laughed: ‘When I first met you you did not say these things, and now against the Northern Province Shen family I will not say anything, and what is the meaning of Hedong?’

About the matter of the Shenyang family in Hedong, Jiang Hao still learned from the mouth of Elder Lin, if not for the words of Elder Lin, he might really be foolish to think that Sally is just laying out in Hedong in advance.

At this time Jiang Hao thought about what Sally just said, inwardly do not feel some mockery.

‘Sally, sometimes I really feel like I can’t see through you, what exactly are you thinking?’

‘I don’t think anything ah, why do you suddenly say so, from our acquaintance until now I have anything is against you?’

Jiang Hao looked at her face expression written full of innocence, really some can not help but open the mouth to question: ‘you let me go to the East of the river, in the end is to contact the East of the river Shen family to understand their intentions, or for the East of the river Shen family in the hands of things?’

After saying this Jiang Hao looked at Sally with some disappointment. In his head were all the words that Elder Lin had told him.

The Shens of Hedong had a weapon in their hands, and it was because of it that they were able to have a voice in a place like Hedong.

Sally looked at the angry look in Jiang Hao's eyes and took a deep breath before saying in a deep voice: 'I admit that when I made this decision there were some ingredients involved.'

'What kind of ingredients, do you need to explain, or is that the kind of ingredients I imagine?'

Jiang Hao gently shook his head after a deep sigh, then spoke: 'I thank you on this matter of the Northern Province Shen family, although you also did it for yourself, and not for me.'

'Jiang Hao! Have you not thought about what choice I have?'

Between the two sitting together, but in their hearts, each harboring their own evil intentions, such a situation Sally has encountered countless times before, but only this time is the most intolerable for her!

'You really don't know what I'm doing? Haven't you ever considered what I have to do?'

Saying this, Sally said with some helpless anger: 'Every single one of you is like this. Thinking that I can enjoy a lot and master a lot by sitting in this position, but have you ever thought about the fact that I am bearing more?'

Perhaps it was Jiang Hao's illusion, for a moment he was suddenly sensitive to the fact that Sally's mood seemed to be somewhat broken.

Can not say exactly where the reason comes from, but Jiang Hao just have such a feeling, which even let him to Sally's anger are much less!

'I don't know what you really think, but you make me feel a little dangerous, you know, Sally, I always thought you were my friend.'

'I'm still your friend, that's never changed, and even I wanted to be more than just a friend. You know what?'

After hearing this Jiang Hao fell silent, then lifted the case in his hand and got up to walk to the door, turning his back on Sally.

'I don't think it's appropriate for us to communicate now. It's better to wait for some more time, so that we can calm each other down for a while.'

After saying this, Jiang Hao walked out of the room, leaving only Sally sitting alone in the room.

And sitting on the sofa looking at Jiang Hao's disappearing back, there was a moment when Sally suddenly felt helpless.

She needed to do a lot of things, on the one hand, against the committee's monitoring of their own. On the one hand is to deal with some bad blood between Ning Kun and Old Black.

Also to free up time again to deal with the matter of the Shen family in the North, as well as how to deal with those minions of Shen Tianyang.

But their only ally, although only one person, but topped many people's allies, Jiang Hao is questioning himself, which makes Sally's inner heart rose a sense of powerlessness!

In fact, Sally does not know is. Jiang Hao out of the room after the heart is also very reluctant, he is not willing to keep hiding like this.

When Ning Kun said he was ready to reveal his identity, Jiang Hao's heart surprisingly emerged a trace of pleasure, and even some look forward to when Shen Tianyang's minions know his true identity face will be what expression!

But every time he thought of what Master Lin said, Jiang Hao's heart felt a burst of pain, it turned out that Sally and he were not the same.

This makes Jiang Hao deeply understand that some things can only rely on themselves after all, waiting for others to do it, then they will always be a pawn at the mercy of others.

The first thing you need to do is to get rid of the problem.

'Sanniang, just tell me, how long will it take for Shen Tianyang's support to arrive, our funds are almost gone. If we go on like this, we won't be able to hold on!'

Sanniang looked at the phone in her hand a little helpless, this is already the third time Shen Wennian took the initiative to contact herself, wanting to get the funds of the phone.

But at this time she could not even protect her own men. Not to mention the extraction to protect Shen Wennian!

Plus, because of her arrival, many people in the North House maintain a rebellious opinion in their hearts, not to mention that she still needs to start work in the North House!

Thinking of this. Sanniang also couldn't help but feel a bit headstrong.

'Shen Lao you do not worry, our boss's financial assistance will always continue, only now things are slightly more troublesome. I am also not hungry convenient to come out to speak to you.'

Shen Wennian was furious when he heard that, what was the condition he had negotiated with Shen Tianyang at first!

The result is now, he should pay the price has been paid, the results go not get what they deserve, this can not help but make Shen Wennian feel angry!

'What did you tell me at first, and now, what has become of it?'

After saying this, Shen Wennian took the phone and continued to speak: 'Don't forget what you guys promised me, if it continues like this, the big deal is that we'll all play out together!'

Chapter 840

After hearing Shen Wennian's words, Sanniang, who was angry because she had lost a lot of men recently, said in a cold and angry voice: 'Fine! I'll play with you today! You think I'm willing, right?'

After saying this, Sanniang glanced at the surrounding people and continued to speak: 'I came to the North House so many days to ask you to do things you have done, and still have the nerve to threaten me here?'

Shen Wennian had spent so much time in the North Mansion. He had never been so lowly to anyone, and no one dared to talk to him like Sanniang!

At this time, listening to the words from Sanniang's mouth, and then thinking about the way his son looked at himself, Shen Wennian suddenly felt a little meaningless.

'If you really want to compare these. Then I want to ask you, every time Shen Tianyang money turned over how much you swallowed?'

Hearing these words Sanniang face a look of stagnation. For his words, Sanniang really can not answer, because every time the top allocate money down, draw half is the rule!

Of course, this point she could not say to Shen Wennian, if the words Shen Wennian will directly collapse!

Shen Tianyang every time to Shen Wennian release funds, always thought An is Shen Tianyang to give, but did not expect to be Sally transferred!

Shen Wennian saw Sally silent down, more and more proof of his inner guess!

'High, you are really high. You know, you are still the first person who still dare to grab business with me in the North Mansion, all call you?'

The phone head Sanniang heard this sneered twice: 'You do not care about this matter, I'll ask you, I asked you to help us find the person has found?'

Shen Wennian was silent for a long time before he took a deep breath and said, 'Is it true that as long as I find the person, you will give me the money?'

Sanniang considered the importance of this mission, 'Yes, as long as you can help me find the person I want to find, all problems will no longer be a problem!'

Shen Wennian took a deep breath before nodding, 'Good, you wait for me. Just want to find someone, I Shen Wennian personally help you find it!'

After saying this, Shen Wennian hung up the phone, and in a fit of rage kicked the stool out of the room, scaring the people around him trembling to see what had happened!

The news of the fire in the backyard soon reached Shen Qingshu's side, when he learned that his father's again began to sulk at home!

So Shen Qingshu hurriedly went to Shen Wennian's room and pushed the door in, and found Shen Wen case sitting on the floor with eyes listless, looking as if he had experienced a lot of things.

Shen Qingshu walked to his father's side, and then a bend sat down and looked at Shen Wennian spoke: 'This is what is going on?'

Shen Wennian heard these words and smiled sadly: 'What else can there be. It's just that Sanniang's side sensed the pressure, so she began to ask us for help!'

'She has pressure? Who gave her pressure. How could she start asking us for help?'

Shen Wennian shook his head and laughed bitterly twice after hearing his son's words, right now this person who gave Sanniang pressure was most likely related to the person who targeted them.

The point was that they knew this but had no way to solve it. This can't help but make everyone feel a little uncomfortable, as if a shackle around their necks!

Shen Wennian loosened his tie and sat on the ground with his eyes listless and said: 'Forget it, you should not interfere in this matter for the time being, everything is naturally my responsibility to deal with.'

After saying these words. Shen Wennian deeply inhaled a cigarette, but suddenly looked at his son and said: 'Qing Shu, I ask you, right now outside is not a pot of porridge in Luan City?'

Shen Qingshu nodded in silence after hearing these words, now because they are suffering, many people are starting to reconsider the issue of standing in line.

At this critical time, as long as there is a wrong team, it will directly affect their economic interests. This is also no way?

Shen Qingshu thought here nodded slightly, then looked at his dad and spoke: 'Right. Now most of the people in the Northern Province are still watching the interests between us and Chen Mingdang, right?'

Although it's just a face, but being beaten like this you can still ride the mention of people. People that will come back again?'

Shen Qingshu looked at his boss's physical condition could not help but speak with some concern: 'You can't get a good rest lately, why must you stand out. Do you know until this is very dangerous?'

Shen Wennian snorted after hearing this, the current form is so serious, then how can it be said to be over?

Thinking of this Shen Wennian took two deep breaths and then spoke: 'You do not care about me now, hurry to find a small drive over to get killed,! I've had enough!'

Maybe it's because the longer it drags on, though, that's why it's turned into what it is now!

Thinking of this, Shen Qingshu deep sigh helplessly said: 'Now we have no other way, if Jinxiu continues like this, may not wait for Sanniang out of the matter, we should be out of the matter!'

After a moment of contemplation, Shen Wennian drunkenly nodded and spoke: 'It has been said before, the other side's target must be in the defense zone, if so freely in and out, I'm afraid the camera is warm.'

'I've already informed my men to look for it, but so far no news has come from the ancient, it's too hard to find it!'

While saying this, Shen Qing Shu's selling price can't help but complain.

Although the mouth said but Jiang Hao remembered to find the three niang, responsible for too birth son of a hundred hard, and in the moment of seeing the child born, he decided to leave a little milk powder to the future black son, do not do too much!

After taking a deep breath, he looked at the visitor's somewhat gloomy face made to laugh: 'Oh, so that's the meaning of ah, I also said why you will willingly guard here it, thought you really so tough!'

Hearing this, Shen Qingshu also followed the crying and laughing this shook his head, he never thought it would turn out like this before!

Shen Wennian closed his eyes for a moment to rest and then opened his mouth and said: 'Right now, what Sanniang needs most in her hands is not the problem of money, but the problem of these people, do you understand what I mean?'

Shen Qingshu can naturally understand, but his heart also stored a plan, he wanted to see why this Sanniang in the end to catch this person, and this person and in the end what value, can make Sanniang life are disregarded also to claw back to say it!

Shen Wennian looked at the look on his son's face to know what he was thinking, so a deep sigh roared to console: 'You should forget it, these things are not something we can get involved in.'

In fact since the little plum tree blossomed, many things have changed, because the time is almost up, there is no need to continue to drag on!

If we continue to drag on like this, I'm afraid it will be too late!
