

Chapter: 841

The girl's hands are very light, and every step seems to be holding her breath, her mind is highly concentrated, and she does not dare to be slack.

It took a full twenty minutes to finally slowly unlock the tangram lock on the golden box.

When the girl put the disassembled parts aside, and at the same time turned the front of the box, the gem as bright as the stars finally appeared in front of Chen Feng and the others.

If the box is a masterpiece, then this gem is a natural magic.

If you are still wondering what kind of treasure can be contained in such a delicate box, it seems that it can only be such a magnificent jewelry.

The combination of the two is so reasonable and reasonable, without any doubt.

Even Qing Zhi, who seemed uninterested in everything, kept his eyes on it, and was reluctant to take it away for a long time.

"Such a gem has never been known. What a pity it is," Chen Feng sighed.

But the old man retorted.

"Such beautiful things naturally only need to be appreciated alone. There are more people, but they are not beautiful."

Chen Feng thought for a while, and seemed to feel right.

"But if this is the case, why are you showing it to me now? You never want me to buy him, but if it is such a gem, two billion is really not much at all. Up."

The old man waved his hand.

"I'm just willing to share, but I won't really sell him. The old man doesn't like many things, but this is one of his favorites. No matter how much money he pays, the old man will not consider it."

Chen Feng was puzzled.

"If this is the case, then my two billion can't be used out."

The old man said.

“Master Chen, don’t be anxious, wait for me to finish talking.”

He persuaded that, Chen Feng stopped to listen to what he wanted to say.

“Although I can’t sell this gem to Master Chen, it’s hard to say whether the two billion dollars can get him.”

Chen Feng asked.

“How do you say this? You are not unwilling to sell him, why do you want to say that again.”

“If I tell Shao Chen that there is more than one such gem in the world, I wonder if Shao Ye Chen will believe it.”

Chen Feng denied it almost without hesitation.

“This is impossible.”

The old man smiled.

“The world is so big, there are no surprises, Shao Ke Chen don’t be so determined, and I want Master Chen to give out the two billion to find such a gem.”

Chen Feng stared at the old man, he said.

“How do I feel that you are lying to me, using such a gem to provoke my sex, and then slowly let me take out the money, in the end I may not get anything, but you get it for nothing To save my money.”

The old man was startled, he didn’t seem to expect Chen Shengeng to think so, he said.

“That’s wronging me, the old man.”

Chen Feng said again.

“I don’t care about this, I just know my money, I don’t want to spend it for unknown reasons, even though it’s only 3 billion.”

The old man’s complexion became a little cold, and for Chen Feng’s refusal to be so cold, he couldn’t afford to persuade him any more.

But just as the old man wanted to say something, the door of the room they were in was pushed open from the outside.

Those who can bother the elderly to meet guests are certainly not ordinary people.

So when they heard the movement, several people looked towards there in unison.

The sound of footsteps stepped on rhythmically, and a seat of red appeared. The long black trousers made the red short shirt extraordinarily pocket-sized.

It was a girl, a very young girl, she was smiling, very brilliant, but when she saw someone, she stopped her expression in a moment of embarrassment, and looked over.

Chen Feng was still curious, when he heard the old man scold him.

“Yue’er! Go out, Grandpa is talking to someone, this is not your place.”

The girl named Yue’er seemed a little embarrassed and didn’t know how to do it. Naturally, when she heard the old man’s scolding, she turned around and left without saying a word.

But it seemed that she saw the gem placed on the table, so she turned her head and glanced again.

“Don’t make trouble, get out.”

The old man ordered again.

Yue’er then retracted her gaze, and ran towards the door in small steps.

But Chen Feng smiled.

“This is your granddaughter?”

“Chen Shao sees and laughs, he’s used to being naughty since he was young.”

“I think she is very cute. If you don’t mind, if you introduce your granddaughter to me, I will take out the two billion. Even if you are playing with me, I am willing to spend two billion to fight. Water drift.”

After Chen Feng finished speaking, the old man’s expression changed immediately.

“Then we don’t have to talk about this business, old man, I have not yet reached the point of betraying my granddaughter.”

Chen Feng sneered.

“You can have no burden on someone else’s ancestral grave, but how come you have become so confident.”

The old man stood up abruptly, he said.

“If this is the case, then I won’t entertain anymore, please come back, please.”

With that, he turned and walked in the direction of leaving with the help of the girl beside him.

“Then let’s go too!”

Chen Feng stood up and said to Qing Zhi.

Qing Zhi didn’t care, she just asked in doubt.

“Why did you suddenly change your temper?”

Chen Feng shrugged and said with a smile.

“This old man is very powerful, and the gems are real. Even the boxes used to hold the gems took a lot of thought. That’s all. If you are a truly greedy person, you must have agreed, but some people will still consider it.”

“Just like you?”

“I’m one of them, but that guy’s method is not just that. I told him 2 billion to buy this gem, but he didn’t agree, but I think if I keep on doing this, he might give in. It gradually made me believe that gems can be mined again.

And if I only believe it, then I can pay any more money later. ”

Qing Zhi looked at Chen Feng, but only said two words.

“then?”

Chen Feng said helplessly.

“It was the girl who told me that it was just a hoax.”

Qing Zhi was even more strange, but she didn’t say a word, just looked at Chen Feng and asked Chen Feng to continue speaking with her eyes.

Chen Feng also saw Qing Zhi’s eyes, and he had to continue.

“It is already a very strange thing that the girl can come in. Even if it is that guy’s granddaughter, it is impossible that no one is guarding the door when talking to me about such an important matter.”

Qing Zhi agreed and nodded.

Chen Feng said again.

“And if the girl was put in deliberately, but as to whether she knows the secret of the gemstone, it can’t be distinguished, but then when she was scolded out, she deliberately glanced at it strangely, just looking at it. A gem, from this point of view, she should not know.

But her lack of knowledge made me feel strange. The old guy said that this is his favorite gem, so he has more opportunities to appreciate it from time to time. It is absolutely impossible to put a favorite thing in insurance forever. In the cabinet, that’s nothing like that.

Chapter: 842

After Qing Zhi listened, there was not much reaction.

“What are you going to do?” Qing Zhi asked.

Although Qing Zhi said it was simple, Chen Feng knew that she was asking how to deal with this guy.

Chen Feng smiled and said, “I won’t move the soldiers for now. After all, this is not my place, and he didn’t succeed. I don’t need to waste more time here.”

Qing Zhi nodded, not saying anything.

The two left the villa and just walked out the door, when someone chased them behind them.

The girl named Yue’er who broke in suddenly ran over.

Chen Feng stopped curiously and looked at her.

Sure enough, she came out after Chen Feng and the others.

“You are grandpa’s guests, are you leaving now?”

Chen Feng nodded politely.

“Can you do me a favor?” Yue’er asked, asking a stranger for help. She was a little bit embarrassed.

Chen Feng glanced at her, then looked at Qing Zhi, wanting to ask her for her opinion, but Qing Zhi was just indifferent to this face and looked at Chen Feng.

Chen Feng had no choice but to say to Yue’er: “We may not be able to help you, but you can talk to us. If you can, you will naturally take action.”

Although she didn't get a clear answer, Yue'er still smiled on her face.

After that, she led Chen Feng and the two into the villa again, but not in the hall just now, but in a bedroom.

Entering the door, I smelled a refreshing fragrance, the fragrance of a woman, and this place should be the woman's boudoir.

Chen Feng didn't expect Yue'er to bring them here, so after learning about it, he didn't dare to look around, just followed Yue'er to the position and sat down.

There was only one chair in the bedroom. When Chen Feng sat down, he realized that he wanted to give it to Qing Zhi, but Qing Zhi stood there and didn't want to do it.

Chen Feng had to give up and set his eyes on Yue'er who was sitting on the bed, he asked.

"Let's talk, you have nothing to do with me?"

Yue'er was obviously not ready yet, so she hesitated when she spoke, and Chen Feng was not in a hurry, just waiting.

On the desk next to Chen Feng, there are several novels, which are European and American classical literature, and a notebook with a pen in it, which is probably used by the girl to make notes when reading.

Probably this girl likes literature and art, Chen Feng guessed.

But at this time Yue'er had already spoken, "Actually, this matter has something to do with my grandfather, but I don't know what to do."

"You can be more detailed, otherwise I can't help you." Chen Feng said.

Yue'er seemed to have made up his mind and said, "I found that Grandpa seemed to be doing bad things, but I didn't dare to tell him, I was afraid he would scold me and don't want me."

Chen Feng was surprised. He didn't expect that the girl didn't know what the old man did, or that the girl was cheating on him.

With a little vigilance in his heart, he carefully watched the girl's expression.

When she said this, her expression seemed to be hesitant, as if she was embarrassed by betrayal.

"But why did she say this?" Chen Feng thought to himself.

Yueer quickly explained the doubt in his heart.

“I don’t know if you believe it or not, but I look at you as if it was the first time you talked to my grandpa about things, so there are some things, so don’t believe it.”

Chen Feng just looked at the girl calmly. He understood what the girl meant, but he couldn’t explain it clearly, and he didn’t even know how to help her.

“Thank you for your reminder, we know how to do it. But there are some things for you, um, if you can’t choose, then escape is also a way. Just get out of here.”

She should be the kind of relatively quiet person. Although she looked lively, she did not dare to make any struggles. In this choice, she was the only one who suffered.

After Chen Feng finished speaking, Yue’er immediately understood what he meant.

She seemed to be still thinking about it, and Chen Feng had already stood up. Now that they knew what the girl meant, they didn’t need to stay here.

When she was turning to leave, Yue’er spoke to Chen Feng.

“can you help me?”

Chen Feng was stunned, he turned his head and looked at Yue’er.

“What do you want to do?” he asked.

Yue’er pursed her mouth, seeming to have made a lot of determination. She said, “Can you take me away?”

Chen Feng had a headache, and he didn’t expect that the girl he met for the first time would dare to follow two strangers so boldly.

“Aren’t you afraid that we are bad guys?” Chen Feng asked.

But I did not expect the girl’s answer to be more naive.

“I believe you must not be bad people, and this sister is so good-looking, she must be the most kind-hearted person.”

Chen Feng also looked at Qing Zhi standing on the side. Qing Zhi’s beauty was transcendent and moving, but the slight indifference resisted people thousands of miles away, but this innocent girl actually believed in Qing Zhi so much. .

But Chen Feng still shook his head and said, "We can't take you. The place we are going will be very dangerous."

Upon hearing Chen Feng's words, Yue'er was immediately depressed, and she slumped down.

But I didn't expect Qing Zhi to speak, she said, "I agree."

Chen Feng looked at Qing Zhi incredulously, and said, "You agree? Why, it would be very troublesome to bring this girl."

Qing Zhi did not explain anything, and Yue'er, who was sitting on the bed, had already stood up happily. She seemed to want to come forward and hug Chen Feng, but noticed that Chen Feng was a man, and Qing Zhi's cold expression, She had to give up in shock.

And now that Qingzhi had agreed, Chen Feng was helpless, but taking other people's granddaughters away from other people's homes in this way seemed very whimsical.

"But even if she agrees, it will be very troublesome to take you out. Your family will never agree to it."

Yue'er said indifferently, "Don't worry, I'm ready for this."

After that, she took out a backpack from her closet, bulging inside, and carried it on her back and said, "You follow me."

She must have been prepared long ago, and Chen Feng and others are just one of the choices. If it weren't for Chen Feng, you might be someone else.

Chen Feng could only look at Qing Zhi again. This was something she had agreed to.

But Qing Zhi really followed Yue'er behind and was about to leave here.

Chen Feng parked the car on the side of the road, waiting for the arrival of the other two.

After Yue'er planned to leave, she told him the location of the round and asked him to wait here.

Not long after, two figures emerged from the forest. It was Yue'er and Qing Zhi. Yue'er carried a bag and ran out easily. Qing Zhi followed behind, like someone watching her daughter play around. mother.

When they came to Chen Feng's car, the escape this time seemed to come to a successful conclusion. It was just that Chen Feng was a little uncomfortable looking at this suddenly added partner.

Chapter: 843

I got in the car, the car started, and on the vast ground, a lonely car rushed towards the end of the sky.

There are white clouds in the sky, and above the vast azure blue, the clouds are wanton and imaginary.

The warm sun was shining on him, Chen Feng drove the car, Qing Zhi sat aside, and Yue'er put her vest on her lap, as if she was about to fall asleep.

The car drove into a gas station. Chen Feng got out of the car and asked the staff to fill them up. He just walked into the convenience store next to him and bought some food and water.

When he came out, three or four black SUVs drove into the gas station together and surrounded Chen Feng and their cars.

Yue'er sat behind and panicked at what had happened, and Chen Feng also guessed who the other party was.

He walked slowly over.

The one who got out of the car was indeed an old man with a cane, and the steel hit the ground with a sonorous sound.

He coldly looked at Chen Feng in front of the convenience store.

The tone was somber, "Even if Shao Chen doesn't believe me, you can't do such a thing."

Chen Feng smiled bitterly in his heart, this is really not what he wanted to do.

But I didn't treat this person very much, and it didn't matter.

"You brought so many people here, it seems that you want to snatch them back. I just don't know, you don't have this ability."

The old man snorted coldly, "I know that you are in a very high realm. There are not many people who can beat you in this world, but if you underestimate the heroes of the world, then you will not be far from death."

Chen Feng also smiled and said, "I didn't underestimate the heroes of the world, I just underestimated you."

The old man's expression immediately became scared, and then another guy walked out of the car, a moustache hung gently at the corner of his mouth, he wiped his hand, and looked at Chen Feng feeling very tired.

"You are Chen Feng? Since you can escape from the hands of the Tianshan faction, you should have

some abilities if you think about it.”

Chen Feng was also a little wary of the other party. He had never seen this person before, but since he knew he would dare to say such things, he shouldn't be an unknown person.

“I just don't know who you are, maybe it's just a guy who borrowed a name from me, or I'm afraid I'm too lazy to know how to do it.”

The mustache sneered, “I want to let you know where you died. Duguyun, known as Qianyun Xingyihe, is here.”

Chen Feng said, “So it's you!”

I have heard of the name Chen Feng, the most famous warrior in Mobei, but with a solitary temperament, he can rarely hear his deeds.

The most famous thing was just a duel with a grandmaster three years ago, and it took 18 strokes abruptly before he could barely fall. It should be regarded as the strong man in the peak of Huajin.

Chen Feng admitted that he could not survive the three moves in Qing Zhi's hands, and it seemed that the opponent might be much better than him.

But Chen Feng didn't have the habit of just surrendering before he played. At the worst, there was still a seat in the car.

And the old man on the other side said at this moment: “Young Master Chen, it was because there was still some love between us, so I didn't shoot you. We didn't even tell the Tianshan faction, but I didn't expect you to do this. Such a despicable act, then we can't tolerate you either.”

Chen Feng said: “Stop talking nonsense, fight as much as you want, I will accompany you.”

As soon as he finished speaking, Duguyun had already stepped forward, and his body was so strong as expected, just looking at it with a light palm, it brought strong winds.

Chen Feng was able to escape, but then the opponent got another palm with a thick palm strength. If he eats this palm, I am afraid it will be severely injured, injuring the internal organs.

Chen Feng retreated quickly and hit the glass door behind him. His figure was clever and vigorous. The glass was naturally unharmed, but then Dugu Yun flew over and swept across, and the glass broke.

The clerk in and around the shop just watched the excitement, and now they have all escaped. Some are taking out their phones to call for help, while others are hiding in the corner and dare not come out.

Chen Feng escaped Duguyun's kick again. This time it was the sign next to the store that broke. The

momentum and speed were so intense that it was overwhelming.

It seemed that looking at the situation, Chen Feng could only evade, and he was secretly crying out in his heart. This guy was really powerful, and the continuous attacks made Chen Feng unable to fight back.

But naturally he can't give up either.

Chen Feng finally found a chance between the opponent's breathing, and he played a series of moves, and the opponent naturally had to turn around and parry.

Just as they were moving, the old man walked to Chen Feng's car with a cane, opened the door of the car, and Yue'er sat inside, looking at him helplessly.

"If I haven't come out yet, I'm really getting more and more ignorant."

Ke Yue'er retreated in fear, and the old man was about to come forward to catch him seeing this.

Qing Zhi grabbed the old man's wrist and said lightly, "I brought her out, and I have the final say if she can't leave."

The old man looked at Qing Zhi in amazement, he naturally didn't expect Qing Zhi to stop him.

But it's a pity that he didn't know Qing Zhi, so he sternly said.

"Little girl, I advise you better not to do it."

Qing Zhi didn't even care, and directly pushed him out.

The old man leaned back, the crutches couldn't support him, but fortunately, someone behind him supported him and didn't let him fall.

On the other side, Chen Feng and Duguyun were also inextricably separated, and Chen Feng was at a slight disadvantage.

"Very good!" The old man snorted coldly and said again.

"In this case, don't blame me for being impolite."

After speaking, instructing the people around him to do something, a group of guys sitting in the car quickly rushed down, mostly with weapons in their hands.

But unfortunately, the person they met was Qing Zhi.

Qing Zhi pushed the door of the car and walked down slowly. It was quite inconsistent with Qing Zhi's

identity to act with them.

So she decided to fight quickly.

When Duguyun forced Chen Feng back by two steps, many people were already lying under Qing Zhi's feet.

The old man leaned against the car, unable to make him stand even with a cane, looking at Qing Zhi in horror.

"Who are you?"

At the same time, Duguyun who was fighting with Chen Feng also noticed the situation here.

When he saw Qing Zhi's face, he was immediately frightened, and Chen Feng took the opportunity to punch him on the body.

He murmured: "Why did she appear here?"

But Chen Feng didn't care what he was afraid of, but he had already kicked out and kicked his face.

Fortunately, Duguyun had returned to his senses, struggling to protect his face with his hands, but was kicked out a few steps without being injured.

He looked at Chen Feng and said in a haughty tone: "I didn't expect that she would be with you. In that case, I will spare your life today. Next time I meet, I will definitely not show mercy to you."

As he said, he turned around and was about to run away. Chen Feng also wanted to chase immediately, but looking at Qing Zhi, he still gave up.

Chapter: 844

Back to the car, Chen Feng looked at the fuel tank that hadn't been filled up, and simply took the fuel gun by himself and put it on the car.

On the other hand, he said to Qing Zhi.

"With this woman, you will definitely have this kind of trouble."

Qing Zhi opened the door and said, "I know."

Since she felt that it didn't matter, Chen Feng could only stop talking.

The car left the gas station, leaving behind a mess. Yue'er hid behind with a little fear. Looking at her expression, she seemed to regret it.

This is the first time for this girl, and she is still hesitating.

Chen Feng only glanced at her, and Chen Feng didn't care what decision she would make.

After driving for a long time, I finally heard Yue'er speak.

"Am I doing something wrong, I shouldn't do it, right?"

I don't know who she is asking, Qing Zhi just looked out the window and said: "There is nothing right, you have grown up, you have your own ideas, not everything can restrain you."

Chen Feng glanced at Qing Zhi curiously, and said something like this that didn't fit her personality.

"But Grandpa is actually very good to me..."

"Do you want to go back?" Qing Zhi interrupted her coldly.

When Yue'er was asked a sentence, there was no voice, and she might still hesitate in her heart.

While driving a car, a piece of paper fell on the front windshield. Chen Feng looked carefully, and it turned out to be a hundred-yuan bill. It was strange that it was suddenly another one, and then a heavy rain of money floated outside the window.

Many red paper tickets floated behind them, looking in the direction from which the paper money came, and someone in a yellow Maserati was throwing money outside.

"I didn't even dare to play like this when I had money. Now people really don't have a sense of ethics at all." Chen Feng complained.

But then, the car in front shook on the road, swinging back and forth as if drunk.

Chen Feng followed behind, not daring to accelerate past them at all, for fear of being hit by the opponent.

Not long after they came over, their car stopped by the side of the road. Just as Chen Feng wanted to overtake, you rushed out a man and a woman, forcing Chen Feng to brake suddenly before hitting it.

Although he stopped, Chen Feng was very annoyed, thinking that anyone would be unhappy when he encountered such a thing.

He simply stopped the car, and the man and woman walked towards this side at home.

Chen Feng said to the two women beside him: "I'll go take a look."

With that, he got out of the car.

After getting out of the car, the other party was a very young man and woman. The man was dressed in arrogance, brand-name suits all over his body, and an expensive watch with gold studded belts.

And the same woman is also very beautiful. From the point of view of her dress, the perfect curve outlines her figure, the necklace jewelry, and the leather bag she wears can be seen as genuine.

But Chen Feng wouldn't care about this, he just walked up to them and shouted at the man.

"You're looking for death. You don't want to see where this is."

Hearing someone talking to them, the man looked at Chen Feng, did not apologize for his own fault, and even shouted at Chen Feng.

"You fucking nosy, this is your house, I can do whatever I want, and let me go."

Chen Feng wasn't used to him either. He just slapped up, the man was completely beaten up, and the woman was immediately furious when she saw that her man was beaten.

To Chen Feng, he said, "How can you hit someone? Are you sick?"

As she said, she rushed to support the guy who was slapped by Chen Feng, seeming to have completely forgotten who just pushed her down.

Chen Feng was unwilling to talk to them, and was going to return to the car.

But the woman suddenly came up and grabbed Chen Feng and shouted, "Don't go."

With a light push, Chen Feng pushed the person to the side of the road again.

This group of people was stuck in the road, and several more cars came one after another, so the woman yelled frantically after being pushed.

The man finally stood up. He looked at Chen Feng, angrily.

"You dare to hit me, do you know who I am, I tell you, you are dead."

Even if he said this, he still stayed far away. He should have been slapped by Chen Feng's slap just now.

Chen Feng became interested, so he looked at him and asked.

"Then I am really interested in knowing who you are?"

“Hmph, do you know what kind of car it is?” The other party didn’t answer directly, but pointed to his own Lamborghini and asked towards Chen Feng.

Chen Feng shook his head and said, “I don’t know.”

The man snorted coldly.

“Tubaozi, do you know how much my Armani suit is worth? It’s this watch. You have never seen it before. Just now, I want you to lose money.”

The crowd on the side of the road had begun to whisper. Some of them seemed to know the rich man, and soon someone came up to reconcile.

The slightly chubby guy yelled flatly at the son-in-law next to Chen Feng.

“Sao Luo, what’s wrong with you?”

Shao Luo looked at him and said angrily.

“The hillbilly who didn’t know where he came from, dare to be nosy and beat me.”

Hearing that Luo Shao was beaten, the guy immediately changed his face and asked hurriedly with concern.

“Sao Luo, you are not injured, it doesn’t matter, do you want me to take you to the hospital.”

Shao Luo didn’t care: “It’s okay, but I have to send this guy to jail, don’t you know who is that? Give me a call to him.”

The woman standing on the side also shouted, “Yes, you must never let him go, you must let him taste the taste of jail.”

Chen Feng just looked at all this with a sneer, and the guy who was obviously here to help these two, as if kindly walked in front of Chen Feng, he pretended to be gentle and said to Chen Feng.

“Do you know who you are offending?”

Chen Feng was stunned and curious.

“I asked him just now, but he didn’t say.”

Hearing Chen Feng’s answer, he seemed to say very sadly.

“You offend someone who shouldn’t offend, you are miserable.”

Then Shao Luo yelled at Chen Feng again: “Why are you talking so much nonsense to him? Find someone for me. I want to kill him. I want him to lose his fortune.”

The adjusting guy said to Chen Feng again.

“You confessed a mistake to Luo Shao, and I will see if I can explain it for you so that you can pay less.”

Chen Feng sneered in his heart, but asked curiously.

“What if I don’t admit my mistake?”

The guy looked disappointed, shook his head and said, “There is no way, you may have to sit in jail and go bankrupt at the same time.”

Chen Feng said, “It’s gone, if it’s gone, I will leave.”

“Why don’t you listen to people, don’t you understand what I said? Whom you offended? That’s Master Luo, you think you can go away and let you admit your mistakes. If you are not happy, just wait to be arrested. .”

The man looked like he hated iron and steel.

Chapter: 845

As he was talking, this guy inadvertently saw Qingzhi sitting in the car.

He asked Chen Feng.

“Is that woman your friend, or is it?”

Chen Feng looked in the direction he was pointing, and found that it was Qingzhi, and Yueer was sitting behind, he hadn’t seen it yet.

Chen Feng asked, “What do you want to do?”

The man smiled and said, “That woman looks good. If you are willing to let her stay with Luo Shao for one night, maybe Luo Shao will let you go when he is happy.”

Chen Feng thought to himself: “This guy is really daring, and he actually brought his attention to Qing Zhi’s head.”

Chen Feng didn’t speak. It seemed that Luo Shao had already talked to someone on the phone. According to his expression, everything was arranged. It is estimated that someone will come to catch

Chen Feng in a while.

Persuading the person to also urged: "If you don't think about it anymore, when someone comes, you won't have a chance to speak."

Chen Feng felt that the excitement seemed to end here, and he was going to call people he knew, otherwise he would be in trouble if he was hunted down here.

But when he was about to call, Shao Luo seemed to have noticed the people in Chen Feng's car and looked over with a look of horror. Chen Feng also stopped his thoughts curiously.

Shao Luo cautiously walked towards Chen Feng and his car. The beautiful girl beside him wanted to ask him what he was doing, but he pushed him away. She started crying again, but Shao Luo ignored her. , Just walk to the car.

After looking carefully from the front of the car, he shouted in surprise, "How could it be her?"

Luo Shao looked at Chen Feng suspiciously. He asked, "Why is Li Ziyue here? Why is she in your car? Did you kidnap her?"

Chen Feng was also stunned. After thinking about it, he realized that Li Ziyue should be Yue'er, but why Luo Shao was so scared to see Yue'er.

Without waiting for Chen Feng's answer, Luo Shao rushed to the rear door of Chen Feng's car. He stopped, took a look at his appearance, and after pulling his clothes neatly, then carefully opened the door.

Because Li Ziyue was in a bad mood, he glanced at what was happening outside and didn't care.

But now that someone suddenly opened the car door beside her, she was still taken aback.

"Miss Li, hello, I am very glad to meet you." Luo Shao said to Li Ziyue with a smile on his face.

Seeing that it was a strange man, Li Ziyue retreated instinctively, and then asked.

"Who are you? Do I know you?"

"Ms. Li, you may not know me. At your birthday banquet, I once paid homage to the beauty of the lady, so I still remember it. Since I saw you, I must come over to greet you."

What he said was really polite, and it was completely opposite to his attitude towards Chen Feng.

But Li Ziyue was not in the mood to talk to him, just politely said.

“Sorry, can you close the door, I don’t want to be seen here.”

Shao Luo immediately offered flattery.

“Okay, Miss Li.”

Chen Feng and the guy beside him didn’t expect such a dramatic scene.

“Who is that woman?”

“You didn’t see it? Didn’t Master Luo say it?” Chen Feng smiled.

“I know that Shao Luo said it naturally, but...”

After Luo Shao closed the door, he walked to Chen Feng and the others.

He looked at Chen Feng and said, “What is your relationship with Miss Li?”

Seeing his sudden change of attitude, Chen Feng just said casually: “It doesn’t matter much, it’s just a friend.”

“You are Miss Li’s friend, just you?”

“Why, or I ask her to come down and tell you.” Chen Feng suggested.

Shao Luo hurriedly waved his hand and said, “No, no, I believe it.”

Chen Feng asked again: “Then can we leave? There shouldn’t be anyone coming to arrest me, right?”

Luo Shao respectfully said: “Yes, yes. Ms. Li’s car can naturally be casual. It was a joke just now, how could someone come to catch you. Haha.”

“Then I slapped you before, do you want me to pay, I may not have much money, I think my family will be ruined.”

Luo Shao said solemnly: “That slap was my fault, and I should be punished. How can I make the eldest brother pay? I should have paid for it. Asking eldest brother to go to drink and apologize.”

Chen Feng waved his hand and said generously: “Even if you eat, if something happens next time, don’t play like this on the road. It’s very dangerous.”

Luo Shao nodded repeatedly.

With that, Chen Feng turned and left.

Leaving the fat man and Shao Luo there, the fat man asked Shao Xiang Luo curiously, and said, "Master Luo, what's the origin of that woman!"

But as soon as he finished asking, he didn't expect Luo Shao to slap him on the face. He covered his face in pain and looked at Luo Shao, but Luo Shao coldly said.

"Don't ask if you know something."

At this time, Chen Feng was sitting in the car and looking at him, and Luo Shao immediately changed a smile to look at Chen Feng.

When Chen Feng and the others left, he chilled.

And soon the sun was about to set, but the surrounding area was desolate, and even looking forward, there were no villages, let alone cities.

Parked the car on the open space beside the road, Li Ziyue pulled Qing Zhi and ran towards the sheltered place. Chen Feng also got out of the car and walked in the other direction.

After he relaxed, he walked out from behind the rock.

Li Ziyue and Li Ziyue hadn't come back yet, and there was a piece of silence around them, and there was almost no gap between the stars and the endless canvas of the sky.

Sitting on the rock by the side of the road, Chen Feng wondered if he should ask if the legend about the grandmaster was true. Qingqiu might have only heard of it, but since Qingzhi is a grandmaster, he must know.

But seeing Li Ziyue pulling Qing Zhi back, he just looked at Qing Zhi's expression of keeping away from strangers, and he felt that he still shouldn't try it lightly.

"Let's rest here tonight, there is still no city any further."

When they came, Chen Feng said.

Qing Zhi had no objection, but Li Ziyue said with some fear.

"Is it in the wild? Isn't there any danger?"

Chen Feng joked when she saw her being careful.

"Since you are afraid, you can try to walk forward by yourself. If you encounter a village, maybe you don't have to spend the night here."

Li Ziyue screamed in fright when she thought of walking on a dark road alone.

“No.”

Chen Feng grinned happily.

It's just that he didn't notice that Qing Zhi's expression seemed a bit solemn.

After eating something and drinking water, I can only wait for the next day to dawn. There is no way to deal with it overnight in the car.

But when Chen Feng fell asleep in a daze, he heard Qing Zhi's voice beside him.

“Wake up!”

Chen Feng opened his eyes.

Chapter: 846

Through the starlight, Chen Feng only saw Qing Zhi's vague shadow. She faced Chen Feng and silenced him.

Chen Feng also held back what he wanted to shout.

But he soon realized that the thing happened outside the car, although it was dark there, but under the starlight you can always see where the figure was moving.

Probably after sweeping, there were as many as seven or eight people around, all of them carefully approaching the car.

And coming at this time, it must be unkind to them.

But since it has been discovered, there is no need to pretend, and the opponents may not be able to beat Qingzhi.

Chen Feng gestured his thoughts to Qing Zhi, and after thinking about it, Qing Zhi agreed.

They got out of the car, apparently the other side did not realize that they had been found.

After Chen Feng and the others came down, they immediately panicked, and finally one of the guys shouted.

“calm!”

At this time, the other seven people regained their composure.

“My friends, how are you!”

After Chen Feng came down, he asked them something.

The guy who made the noise just came to the front and looked at Chen Feng and didn't mean to act immediately. He also stopped, but still looked at Chen Feng vigilantly.

“Don't you talk about your purpose? Or just do it if you want.” Chen Feng asked again.

“There is nothing to say, since you already know it, then you can only see the real chapter for your subordinates.”

The person deliberately lowered his voice, which shouldn't sound his original voice, but Chen Feng stopped him.

“Don't worry, we can't run anyway, it's just weird. How did you find us?”

“You don't have to worry about it, we are just following orders, and we can only blame you for the wrong people.”

Chen Feng asked, “We have offended too many people. I really don't know which one you are talking about.”

The man snorted coldly, and said, “He still has a stiff mouth when he dies.”

After speaking, this group of people will rush up.

Chen Feng greeted him and shouted at the same time: “Since you don't say anything, then fight until you say it.”

A punch in his hand was blocked by the opponent, but Qing Zhi on the other side immediately took over and kicked him out.

It was the first time for Chen Feng to cooperate with Qing Zhi, and this cooperation was more like Qing Zhi helping him to become familiar with the speed and skills of the master realm.

Although I don't know whether becoming a grandmaster is really a fixed number, but I feel that if he keeps fighting like this, he can become more familiar with it and even find a way to deal with the grandmaster.

But this idea was immediately shattered. From a perspective that Chen Feng couldn't understand, Qing Zhi stretched out a foot and kicked the man out.

That is absolute speed, a speed that cannot be broken by any technique.

After a while, a few people lay on the ground.

The person who just made the sound also stopped.

“Why, can you tell me now?” Chen Feng asked the man.

But that person refused to say.

“Dream, don’t think about it. Since we have received the assignment, we will never betray the employer.”

Chen Feng smiled lightly: “I didn’t expect you to have such professionalism, but whether you will die here, this is a question. Even if you die here, no one knows.”

But then he changed his tone and said: “And if any of you can tell us who is behind the scenes, you can leave quietly, and you will never be held accountable.”

Having said that, he added another sentence.

“But this place is only for one person.”

The person in the lead laughed contemptuously: “My brothers, we will never do such treachery.”

But before Chen Feng had time to speak, he suddenly vomited a mouthful of blood, his eyes widened, and he turned to look behind him with an unbelievable expression. The man standing behind him was stabbing him in the heart.

He couldn’t even say a word, so he fell unwillingly.

Chen Feng smiled and said, “What are you waiting for? Someone has already started to move.”

But before he finished speaking, the remaining three people fought together.

“You despicable fellow.” Qing Zhi also stopped and said coldly with Chen Feng when he saw them fighting together.

Chen Feng didn’t care. “They are not good people either. If you die, you will die.”

The trio quickly decided the victory and defeat, and one of the guys walked up to Chen Feng and the others. It seemed that he was slightly injured, but it was not fatal, he said.

“Does what you have said counts?”

Chen Feng nodded and said, “Naturally, we don’t need to destroy our credibility for a life, a life worthless.”

Even though Chen Feng was despising him, he laughed, at least as long as he said it, he would probably survive.

So he betrayed his employer without hesitation.

After listening, it was different from Chen Feng’s original idea.

He originally thought he would be an old man, or a rich second-generation he met on the road, but he didn’t expect it to be a name he didn’t recognize.

Chen Feng wanted to ask him about the other party’s purpose, but he didn’t seem to know, and he couldn’t even tell the truth about the unknown name.

Finally, helpless, Chen Feng let him go. After all, he was a trustworthy person.

But when the person left, Qing Zhi felt a little dignified, as if he was thinking about something.

Chen Feng asked, “Do you know who this person is?”

Qing Zhi shook his head, but did not explain.

Chen Feng saw that she didn’t want to continue, so he stopped asking, and they returned to the car, and they also spent the whole night in silence.

Li Ziyue, who was sleeping in the car, was not awakened by the fighting outside. When she woke up the next day, she even thought she had a good night’s sleep.

The car was still driving on the road, the sun was rising from the east to the west, and the blowing sand was ups and downs. Everything was so monotonous and boring.

After driving through the town, they found a simple hotel, ready to spend the night here.

Obviously there is no need for three people to squeeze in a car. Li Ziyue looked very happy, as if he had forgotten the pain of leaving home.

But the day’s schedule left several people exhausted, and they went back to their rooms to rest early.

Chen Feng also let hot water poured on his body, feeling the fatigue of the heat washing his body, so he was extremely satisfied.

Wrapped in a bath towel, he came out of the bathroom, but he didn't expect someone in the room. Qing Zhi sat on his bed.

Naturally, it is impossible for Chen Feng to react violently because he was seen half-naked. He was just wondering why Qing Zhi was here.

"Do you have anything to tell me?"

He walked to the table, unscrewed a bottle of water on the table, and took two soft sips.

Qing Zhi looked at him and said, "We need to separate in the next journey."

Chapter: 847

Chen Feng looked at her puzzled, and he asked, "Why? Did something happen?"

Qing Zhi just said, "There is indeed something."

That's just the case, and I didn't continue to explain it.

Chen Feng asked, "Don't you want to explain to me, or I can help you."

It may be that Chen Feng's words are unrealistic. Qing Zhi raised her head and looked into Chen Feng's eyes. She said, "There is no need, you don't have the ability to help me. Go to the Sea Lion Tower and wait for me. I will find you there."

Chen Feng wanted to say something, but Qing Zhi had already stood up and left.

Maybe, Chen Feng wouldn't think that even Qing Zhi felt tricky things that he could solve by himself.

When Qing Zhi returned to the room, Chen Feng was also ready to rest. He thought it would be a quiet night tonight, and at least he could sleep peacefully.

But only in the middle of the night, Chen Feng heard something coming from outside the door.

He fumbled and got up, walked carefully to the door, leaned against the door and listened to the movement outside the door.

As if there was a fighting sound, Chen Feng naturally thought of Qing Zhi.

He couldn't take care of that much, he just opened the door to help Qing Zhi.

Sure enough, everything came from Qingzhi's room. Chen Feng came to Qingzhi's door, the door was open, and he walked in directly.

But when he walked in, he found that everyone inside had fallen.

He saw Qing Zhi standing by the window, looking out of the window, as if what happened in the room had nothing to do with her, and the person was so quiet, with a slight sadness, except that a cigarette was missing.

Just so indifferent, Chen Feng was even unwilling to break this tranquility, but he still asked, "What happened here?"

Qing Zhi turned around and looked at Chen Feng. She said, "Things seem to be the same as I thought. You take Yue'er to the Sea Lion Tower and wait for me. If you don't want it, I won't force it."

In the end, Chen Feng didn't ask her what happened. Maybe Chen Feng knew that Qing Zhi's answer was no answer.

Qing Zhi left early the next morning, and Li Ziyue went to call Qing Zhi's door, but there was no response.

Chen Feng also came to Li Ziyue's side and watched her knock on the door repeatedly. He said, "She has gone."

Li Ziyue looked at Chen Feng somewhat unexpectedly and asked, "Sister Qingzhi is gone? Where did she go?"

Chen Feng replied: "I don't know, she didn't say."

After Chen Feng finished speaking, Li Ziyue was a little lost, as if he hadn't thought about what shouldn't have happened.

Chen Feng asked again: "You want to be with me, if you don't want to, I can send you back."

From the beginning, there was no plan to bring Li Ziyue with him, so Chen Feng asked naturally.

It's just that Li Ziyue looked at Chen Feng and seemed to be thinking about this issue.

Chen Feng said to her: "You don't need to worry, at least we won't leave this morning. Let's go eat something first."

After speaking, he turned around and walked downstairs, regardless of whether Li Ziyue followed.

After walking two steps, Li Ziyue ran to follow in small steps, and she whispered: "You won't leave me."

Chen Feng glanced, she seemed to be very worried about this question, and a little worried awaiting

Chen Feng's answer.

Chen Feng thought for a while, and said, "Don't worry, I promised Qingzhi will keep you safe. But I think you'd better go back. It's always safer there."

But Li Ziyue didn't respond, just followed Chen Feng and walked downstairs.

The breakfast shop outside the hotel is very lively now, and many people line up.

Chen Feng said to Li Ziyue, "You go to line up and buy me two buns."

Li Ziyue looked at Chen Feng suspiciously, as if he was wondering if he had heard this sentence incorrectly.

"Why, you don't want to. Forget it, I will go by myself."

Chen Feng said so.

But Li Ziyue seemed to think of something, and immediately stopped in front of Chen Feng, and said with some resentment: "I'll go."

Chen Feng smiled lightly.

He walked to the convenience store on the side, ready to buy some food and water, maybe he will encounter a situation like sleeping out in the wild.

When he came out, Li Ziyue didn't have the turn of the shop early. She looked bored and kicked the stones under her feet.

Chen Feng walked over and asked her, "That's right. Are you rich?"

She angrily said, "Of course I have money, otherwise what am I doing standing here."

Since she was rich, Chen Feng ignored her and went back to the hotel. Because Qing Zhi gave a long time, he was not in a hurry to set off immediately.

After a while, Li Ziyue returned.

She knocked on Chen Feng's door, and Chen Feng walked out and looked at the bag of buns she was holding.

Li Ziyue handed the buns over and said, "Here you are."

Chen Feng took the bun and asked, "You're not angry with me, are you?"

Li Ziyue said, "No, just buy a bun."

Chen Feng asked again: "Did you think about what you asked me before? Do you want to follow me to find Qingzhi, or let me take you home?"

Li Ziyue whispered, "Can I follow you, will you bully me?"

She seemed to have seen the truth, but Chen Feng smiled and said, "You think too much, how could I bully you. Now that you have decided, then follow me to find Qingzhi."

Li Ziyue nodded.

"Eat the steamed bun while it's hot."

After speaking, she ran back to her room.

Chen Feng looked at the bun in his hand, it was indeed still hot, and there was a layer of mist on the bag.

Not long after eating the buns in the room, Li Ziyue came to look for him.

"What's the matter?" Chen Feng asked.

Li Ziyue said with a timid expression, "Can you go shopping with me?"

Looking at her expression, Chen Feng naturally understood what she was going to buy.

He thought for a while. For Li Ziyue, he is indeed unfamiliar with the place of life. If he encounters trouble, according to the little insight of this girl, it is estimated that he will only be bullied.

So he said, "That's fine, but you have to listen to me."

Li Ziyue nodded hurriedly.

The town here is quite lively. There are a lot of pedestrians on the road. The two walked together. They were about the same height and about the same age. They looked like a couple.

It seems that after coming to such a lively place, even Li Ziyue's mood has become a lot more cheerful.

She could not help but look around curiously, talking to Chen Feng around, pointing and pointing, as if she had seen these things for the first time.

Chen Feng hadn't enjoyed such a peaceful afternoon for a long time, and everything was so unpretentious.

Walking to this small town may be the only shopping mall, Li Ziyue rushed in even more impatiently.

Chen Feng wanted to scold him a few words, but after thinking it over, at least she was still a lively person, so she just let her escape like that.

Chapter: 848

Li Ziyue pulled up a long skirt and came to Chen Feng, with a look of excitement and said, "Do you think this skirt looks good?"

It was a red floral dress, and Li Ziyue had a good figure. Clothes that could reflect her figure would naturally look good.

It's just that she rushed into the changing room without waiting for Chen Feng to speak.

This time it is a red strapless T-shirt, which is a bit more sexy than the one just now.

She asked the same thing again, but she didn't seem to expect Chen Feng to answer at all.

Sitting there watching Li Ziyue tossing back and forth many times, Chen Feng finally asked, "When are you going to see this?"

After that, Li Ziyue was somewhat restrained. She chose a few things that he looked best, and then went to the front desk to pay the bill.

A coquettish woman beside her spurned and said: "The little fairies are really good at hooking up with men one by one, and they are willing to even have this kind of place, and they are not afraid that they will have no food next month."

Chen Feng hadn't noticed yet, but Li Ziyue asked, "Who are you talking about?"

The coquettish woman ignored it, as if she thought it was very sexy, she just walked to the counter and put the clothes she had chosen on it.

She said to the waiter: "This month's new product styles are really not good, I don't have anything to buy**."

The waiter smiled at the coquettish woman and said, "Sister Mei, I'm really sorry, I promise to be the first to notify you when new products come next month."

The woman was somewhat distracted and said, "Okay, okay, I'm not talking about you, I'm just being discouraged by some people."

Li Ziyue didn't want to quarrel with her anymore, but when he heard this, he rushed over with an angry

expression.

“Who are you talking about? You are a fairy, and the whole family is a fairy.”

Chen Feng just realized that this woman talked about himself and Li Ziyue, and he also walked over angrily.

And the woman looked at Li Ziyue disgustingly, and sneered: “If you have no education, you have no education. If you think you look good, you will lose your face and skin. She drags a man to buy things and buys things, and she doesn’t know who the flowers are. money.”

After speaking, he must carry his things and leave.

Li Ziyue naturally refused to let her leave like this, and immediately stopped her in front of her, saying angrily: “I spent my own money. It is all my own money. I am not that kind of woman. Don’t talk nonsense.”

“Get out, don’t let me hit you.” After being stopped, the coquettish woman pulled Li Ziyue angrily to let her go.

But Li Ziyue stubbornly stopped where.

“I won’t, unless you apologize to me, otherwise I will stop you.”

Just after speaking, the coquettish woman raised her hand, as if she was going to hit Li Ziyue.

Li Ziyue closed her eyes in fear and tried to hide. For a long time, there was no response. She opened her eyes and saw Chen Fengzheng grabbing the opponent’s wrist with one hand.

“It’s not your turn to teach her.”

Chen Feng coldly said to the woman.

The coquettish woman struggled a few times before Chen Feng let go of her hand.

Freed from the shackles, she looked at Chen Feng viciously, and said angrily: “Just like you, you want to be a hero to save the beauty, and you don’t want to find a mirror to take a picture. Is it that virtue?”

Chen Feng didn’t get angry and laughed instead: “Are you rich? Or let’s make a bet, if my money is more than yours, you just take your clothes off here and go out.”

The woman looked at Chen Feng in amazement. She didn’t seem to expect Chen Feng to say this. She slowed down for a few seconds before saying: “Neuropathy. Both are neuropathies.”

He said he was leaving with things.

Chen Feng was unwilling to let this woman go. He also stopped in front of the other party and smiled: "What, don't you dare? Don't you think I am a pauper? Don't you even beat a pauper."

"Go away!" the woman shouted.

Chen Feng was retreated by her, and the waiter on the other side finally came up to persuade him.

"Sir, this is a public place, please don't make such unreasonable trouble."

When Li Ziyue heard the waiter say this, she was also angry and said, "Why didn't you talk when she said about us?"

The waiter hurriedly said: "Sir, can you not bother with a lady? It's very unmannered."

Chen Feng smiled, and he said, "Demeanor? I don't need it. I just want to know if this woman has money or not."

The waiter raised his voice a little bit and said, "Sir, we will call the security guard if you do this."

The waiter obviously didn't dare to offend the regular customer named Mei Mei, and naturally stood by her side to deal with Chen Feng.

Chen Feng scanned all the clothes here, and he smiled: "Isn't it just money? I've wrapped up all your clothes here. Don't talk, OK?"

The waiter also didn't expect Chen Feng to say such a thing, but she didn't think about whether what Chen Feng said was true, but about how much commission she could get if it was really all-inclusive.

It seems that even the eyes are full of money.

The coquettish woman shouted at Chen Feng: "A madman, he's a fucking madman through and through."

Chen Feng didn't want to scold her at all, he didn't have any interest in it.

But seeing the trouble getting worse, even Li Ziyue was unwilling to continue entangled. She walked to Chen Feng and said in a low voice, "Or let's just forget it. Anyway, we have nothing to lose."

Chen Feng looked at her as if scared, and whispered, "You agreed to listen to me after you came out. Why do you regret it now?"

Li Ziyue shook his head, but felt that he didn't want to go on like this, so he hesitated and didn't know

what to say.

When Li Ziyue stopped talking, Chen Feng looked at the coquettish woman again and said, "If you don't want to read, apologize to her and say that you are nonsense. Otherwise, I would dare to strip you myself. Up."

Speaking of later, Chen Feng's tone became cold, as if he really dared to do this.

The coquettish woman tightly squeezed the bag in her hand, seeming to be considering Chen Feng's opinion, but this matter was really a shame to her.

But Chen Feng's fierce face was still there, and she was a little scared.

Chen Feng pinched the bridge of his nose, seeming to feel a little tired, and then he said, "Well, I don't have much time."

The woman finally lost all her resistance, and she was a little broken as if she was about to cry. She looked at Chen Feng and whimpered, "Excuse me..."

Chen Feng said coldly, "What, I didn't hear it."

The coquettish woman probably has the desire to die, she raised her voice a little bit and said, "I'm sorry."

"I asked you to apologize to her, what are you doing?"

Chapter: 849

The coquettish woman looked like she was about to come up and kill Chen Feng, even Li Ziyue felt a bit too much.

She gently pulled Chen Feng's clothes, and whispered: "Don't bully her like this, she knows it's wrong."

Chen Feng looked at Li Ziyue, and said in his heart: "Really a simple child, I guess I have forgotten what this woman was doing to you just now."

But for Li Ziyue's sake, Chen Feng said to the coquettish woman with relief, "Look, she is so good, I don't know how to thank her, forget it, get out."

After Chen Feng finished speaking, Sister Mei sobbed and turned to leave.

This scene was like a simple storm, and the waiter in the store directly looked at Chen Feng with an admiration, and even greeted him with a smile when he paid the bill.

He even kept introducing other clothes in the shop to Chen Feng, as if to remind Chen Feng to wrap up

all the clothes in the shop.

But even though Chen Feng had money, he wouldn't really do such a thing, and he didn't want to bet.

When he left, he didn't buy all the clothes in the waiter's groaning eyes.

But Li Ziyue's feeling towards Chen Feng seemed to be completely different. She felt that this person and the somewhat exhausted fellow in her impression were completely different.

But she couldn't understand either, but she accompanied Chen Feng back in silence along the way.

Chen Feng didn't know what was going on, he just thought it was what had just made her a little frightened.

Back in the hotel, Li Ziyue went back to his room silently, and Chen Feng naturally didn't say anything.

The night passed in silence like this.

Chen Feng thought that he was still on the road. He felt that if Qing Zhi arrived one step earlier, he didn't want Qing Zhi to wait too long to do anything painful to him.

Knocked on Li Ziyue's door, she seemed to be in a good mood today, and she smiled when she saw Chen Feng.

Dragging a small box and carrying a bag she brought when she first came out, she seemed to be looking forward to starting their journey.

Chen Feng didn't say anything, and didn't think about carrying the bag for her, just walked in the front alone.

Although he could not see Li Ziyue's somewhat resentful face.

"Humph! He's still such a big bad guy."

But Chen Feng heard such words.

When I got into the car, everything was ready, but Qing Zhi was missing, and I always felt that something was missing. Although Qing Zhi didn't speak much, as long as I sat there, I could feel an extra person's peace of mind.

Chen Feng didn't think much, but drove the car on the road with one kick.

Li Ziyue seems to have completely forgotten the pain of running away from home since yesterday, and is always full of surprises at the scenery on both sides of the road.

Chen Feng seemed to realize that she was such a noisy person, not quiet enough at all, and even thought of throwing her on the side of the road alone.

But in the end this plan was still not implemented.

“What’s that?” Suddenly Li Ziyue yelled toward the burning bonfire on the side of the road.

Chen Feng was also taken aback by the shout, and then looked towards the bonfire. It seemed that there were a lot of people around, doing some kind of celebration.

Chen Feng shook his head and said, “I don’t know, I’m not interested either.”

He naturally didn’t want Li Ziyue to go, but Li Ziyue had already aroused curiosity in her heart. She was a little bit coquettish and said, “Let’s just go over and take a look, okay? It won’t be long.”

Chen Feng still refused: “If it doesn’t work, it doesn’t work.”

But Li Ziyue suddenly fell on Chen Feng’s shoulder, and she massaged Chen Feng’s shoulder for a while, and then said: “Let’s go and see if it’s okay, it’s really only a while.”

Chen Feng felt the tenderness from those bare hands, and the feeling on his shoulders was so slippery, and his heart couldn’t help but ripple.

But it seemed that because of the face just now, he couldn’t agree directly, so he could only say: “Just take a look and come back.”

Hearing this, Li Ziyue wouldn’t bother to come back after just taking a look, she yelled and made a noise.

In the end, Chen Feng drove the car in that direction.

A lot of cars have been waiting there, and there are many very luxurious cars that are very valuable.

Chen Feng found a gap and stopped the car. Li Ziyue couldn’t wait to get out of the car, and Chen Feng immediately got out of the car.

The bonfire was in the center of a clearing, surrounded by bare rocks, and scattered vegetation did not seem to grow.

And around the bonfire are men and women, there are about a hundred people, such a pair of dances in front of the bonfire, standing around and watching.

When Chen Feng and the others passed by, they didn’t arouse anyone’s attention. It seemed that they were used to this kind of people coming and going.

Li Ziyue had already pulled the crowd away and looked inside, enjoying the cheerful dance in the audience.

Chen Feng used to talk to a thin man who was also standing there and looking inside, "Is there any activity here?"

The other party looked at Chen Feng and replied: "We are praying for blessings, and dancing is a blessing dance."

"What are you praying for?"

"Most of it will be love, but there are also some other things."

Chen Feng thanked him and looked for Li Ziyue too, but she was no longer by her just in the blink of an eye.

After searching for a while, I found out that she had already squeezed to the front.

She looked at all this with a smile, as if she wanted to join in.

Chen Feng walked to her side and said, "I have seen it now and we can go back."

But immediately Li Ziyue pouted and said to Chen Feng coquettishly: "Let's look at it for a while, and watch it for a while."

Chen Feng felt as if he could not refuse, so he had to agree again.

Li Ziyue was happy again in an instant.

She leaned to Chen Feng's side and said, "Look, they danced so beautifully. The bonfire was printed with their shadows. What a wonderful feeling."

Although Chen Feng thought it was pretty, he wouldn't be as obsessed as Li Ziyue, he didn't speak.

After waiting for a while, Li Ziyue seemed to be finally unable to bear the urge in her heart. She took Chen Feng's arm and said, "Let's go in and dance together. It will be fun."

She seemed to take this as a very fun thing, and she didn't know what they were doing, it was they who were praying for love.

When Chen Feng was about to explain clearly to her, Li Ziyue had already pulled him towards the center of the field.

Helpless Chen Feng is not good at explaining anything.

The men and women who were dancing, saw Chen Feng and the others coming, and smiled and gave way to a place, seeming to pass their joy to the people around them.

Following the carnival rhythm of those people, Chen Feng gradually began to dance, and Li Ziyue seemed to be particularly talented, and he was already familiar with the dance after just watching it.

Chapter: 850

However, Chen Feng's martial arts practitioners are also very quick to get acquainted with.

After a while, he jumped with the rhythm of other people, just like one of them.

The constantly approaching body allowed Chen Feng to smell the faint scent of Li Ziyue's body, and the lightly fluttering red dance skirt continued to tease his limbs.

For a moment, Chen Feng felt that he was in a fascination.

Li Ziyue closed her eyes as if selflessly, and didn't care about Chen Feng's contact with her at all, and even intentionally or unintentionally let herself fit Chen Feng, following the rhythmic music.

After a long time, everything slowly calmed down, and the rhythm of the music began to slow down.

Li Ziyue can see Chen Feng's face when he raises his head, but for some reason he does not dare to look again.

Chen Feng didn't pay attention, just wondering why these people didn't feel tired.

He didn't feel it because his body was harder than ordinary people, but it seemed that even Li Ziyue was full of stamina, so Chen Feng felt more and more strange.

He pulled Li Ziyue over and pulled her into his arms.

However, Li Ziyue did not resist at all, just let Chen Feng hold her in his arms.

And this was strange enough. Even though she and Li Ziyue were already familiar with each other a lot, he didn't believe that Li Ziyue could be pulled into his arms without refusal.

Looking at her carefully, her face was obviously red, as if she was drunk.

Chen Feng could feel that this was definitely not the red reflected by the bonfire, but that her body was constantly heating up, and Chen Feng looked like other people again, and found that they were the same, but no one noticed it.

Could it be that there was something in the air? After having this idea, Chen Feng wanted to take Li Ziyue out of here immediately.

But he found that his body actually started to heat up, and when he looked at Li Ziyue, he felt very satisfied. As long as he looked at her in this way, it seemed that he didn't care about anything.

Chen Feng shook his head in a hurry, so that he could wake up a little bit.

They were definitely being drugged, and when he was bewildered, he felt that one of his hands was holding him tightly, and that was Li Ziyue.

He wanted to break free and flee here with Li Ziyue. Perhaps he could smell the scent of Li Ziyue, which made Chen Feng instantly unable to resist.

His hands also hugged the body in his arms again, it was so soft and so petite.

And what happened after that, he didn't remember anything.

As if awakened from a nightmare, Chen Feng sat up abruptly, but he saw the same place yesterday. It was Li Ziyue who fell asleep next to him, and because of his actions just now, Li Ziyue was also awakened. Up.

This left Chen Feng still in shock. If anyone wanted to disadvantage them, Chen Feng seemed to be unable to resist even.

There were other men and women who woke up one after another beside them, but they didn't seem to care at all, stood up to see that there was nothing wrong, and then left here.

It seems that this kind of thing seems to be accustomed to them.

Chen Feng thought for a while, and confirmed that there was nothing in his body, and Li Ziyue who was on the side was also all normal, so he was a little relieved.

But naturally it is impossible to let go of it completely.

Pulling Li Ziyue back into the car, he sat in the driving seat, thinking about all the details I saw last night, or what made him strange.

It's just that no matter how he thinks about it, he can't recall the strange places, and even most of the memories in his mind are occupied by the warmth of being with Li Ziyue.

Even when I think of it, it's Li Ziyue's smiling face, or the faint scent of her body and the gentle touch.

Chen Feng was about to put it down temporarily, he looked at Li Ziyue, maybe because of the situation

last night, Li Ziyue is always avoiding Chen Feng's eyes now.

Chen Feng also felt a little awkward, so he let go of what he wanted to say, and drove away with such a strange silence.

But when the car was halfway through, he felt that things might not be that simple, but he didn't even think about going back. After all, they didn't seem to have received any harm.

But by that night, the situation changed.

At about the same time as last night, Li Ziyue, who was sitting behind the car, seemed to be fascinated. She was sitting there, but wanted to constantly dance her body. The space in the car restricted her, but she seemed Don't care, even want to stand up.

"What are you doing?" Chen Feng asked.

But Li Ziyue ignored it, just doing his own stretch.

"Hey! Li Ziyue." Chen Feng shouted, "Stop playing, this joke is not funny at all."

But Li Ziyue seemed to be completely unable to hear Chen Feng's words.

Chen Feng was also very scared in his heart. He hurriedly parked the car aside and opened the rear door to inspect Li Ziyue's situation. But when she went to see her again, she was lying on a chair, her body twitching constantly, and the saliva from the corner of her mouth was dripping. It fell on her red dress, stained with imprints.

Chen Feng would never think that Li Ziyue was just joking.

He lifted her out of the back seat and let her lie flat on the ground, trying to keep her airway as smooth as possible to stop her twitching body.

This made her feel a little more stable. After a long time, Li Ziyue finally calmed down and her breathing became calmer.

But Chen Feng still didn't let her go.

Li Ziyue seemed to wake up from sleep. She saw Chen Feng right in front of her and controlled her arms. She suddenly thought of something bad and screamed out loud.

"Ah! What are you doing?" As he said, he struggled hard to break free of Chen Feng's control.

Chen Feng looked at her as if she was really awake, and then slowly let go.

“What did you do to me?” When Chen Feng released Li Ziyue, she shielded herself in horror and looked at Chen Feng in surprise.

Chen Feng breathed a sigh of relief in his heart, but still disdainfully said: “I’m saving you, can’t you tell?”

“How can you save people like this?” Li Ziyue also retorted.

But Chen Feng didn’t want to argue with her now. He felt that Li Ziyue’s current situation must be related to the weirdness that happened yesterday.

Paying attention to Li Ziyue’s current state, wanting to see something from it.

But it was strange to be seen, Li Ziyue angrily said: “You still see, you are a big villain, I will ignore you.”

With that, she got up and ran into the car.

Chen Feng didn’t care, he thought about it, and felt that he still had to go back to check the matter.

When he wanted to understand, he stood up and returned to the car.

Li Ziyue was sitting there with her knees on her knees very aggrieved.
