

# Catch Me If You Love Me

## Chapter 85

Miss?

woman?

Liam Lu's eyes darkened, and he twisted his eyebrows to look at the woman who was pressed on the ground.

Under the mask and the brim of the hat, there is a face with a fuzzy outline. Originally struggling fiercely, but after seeing him, the whole was quiet, as if she was afraid of being seen by him.

Realizing something, Liam Lu stepped forward, bent over and tore off the mask on the woman's face!

When he saw that face, his whole body was shocked.

Suddenly, Liam Lu's eyes changed with wind and rain, and his bloodthirsty eyes stared at Anna Yun, gritted his teeth and called her name.

"Anna Yun?"

Anna Yun's face was pale, and his whole body was trembling. When he heard Liam Lu gritted his teeth and shouted his name, her legs suddenly softened, she leaped over and clung to his leg tightly.

"Liam, you, listen to me, things are not what you see..."

Before she finished speaking, he suddenly heard a "plop" behind him.

A moment ago, he caught Anna Yun's man calling "Miss" for help, and he was suddenly kicked over.

Logan Fu's arm was wrapped in thick gauze, and he stepped on the man's head, looking at Anna Yun with a smile.

"Miss Yun, what do you want him to listen to you? Say you didn't let this man sneak into the monitoring room, trying to destroy the image of you entering my ward?"

"When I said I helped Zoey Gu find someone, you didn't follow me, didn't meet her father and brother, didn't force them to die? Or did you not design a car accident and hope that I will always be a vegetable if I know?"

“Or, you didn’t try to kill me after knowing that I woke up?”

Words and sentences, utterly sound.

Anna Yun no longer had the grace of Miss Anna Yun, her whole body trembling, scarlet eyes screaming at Logan Fu.

“Logan Fu, you bastard, spitting blood!”

Logan Fu sneered and threw a few photos and a voice recorder on the floor.

The background of the photo is a dimly lit basement.

Anna Yun squinted and sneered, looked at a scrawny old man opposite, and said something aggressively. The old man raised his head, not knowing what she said, his face was full of despair and pain.

Liam Lu looked down and saw the old man in the photo, his pupils shrank severely.

That’s Zoey Gu’s father!

Seeing that Liam Lu’s expression was wrong, Anna Yun suddenly stood up and rushed to the recorder, but Liam Lu bends over and takes the lead.

Pressing the button, Anna Yun’s voice followed.

“Do you know what kind of life your proud daughter, elder sister, are living? She is locked up like you are, ruined-squandered, and under Lydia Lin’s order, she has been sleeping with men, different from the others Men sleep, they are all asleep!”

“Even her favorite Liam Lu is trampling on her, has a marriage contract with others, and has dragged her to bed, constantly humiliating and torturing her.”

“She gritted her teeth for you time and time again, not as good as a dog. For her, you are too burdensome. Not only did she drag her life down, but she also ruined her.”

“Do you know what she said? If you can choose, she would rather you die from the beginning! You should die!”

Words by words, poisonous like snakes and scorpions, every inch of it pushes people who are already mentally withered on the road to absolutes.

If you don’t hear it in person, it’s really hard to imagine. In this case, it will be said from Anna Yun who looks so elegant and calm.

The air seemed to be frozen.

Liam Lu looked at Anna Yun with a green face, disappointed flames throbbed in her scarlet eyes, as if she was about to burn her.

Anna Yun trembled fiercely, and climbed up Liam Lu's legs like crazy.

"Liam..."

When she looked up, she met Zoey Gu's bloodthirsty eyes.
