

Chapter 852

She panicked, her hands desperately trying to push him, but the man's body didn't move, and she was dragging a sick body, so where could she push?

In the end, the strength to resist was gone, as if wrapped up in that fine watery tenderness so dense that she didn't even have the slightest desire to resist.

I don't know how long it took.

Kuskan finally released her.

The woman's body had already softened, and there was even a hazy mist in her eyes, looking even more charming compared to her usual sober and stern appearance.

He reached out lovingly and caressed the corner of her lips.

Softly, he said, "Joe, did I ever tell you that everything that concerns you, also concerns me?"

Bella Qiao was stunned.

He looked at him blankly, clearly not quite understanding what he was saying.

He took her hand in his, and Kitty could feel the faint calluses in the fine lines of the palm, scratching into her heart with an odd touch.

He said quietly, "Let's get it together, shall we?"

Bella Qiao was stunned again.

I don't understand how the topic jumps so fast.

I was just talking about it, but now I'm jumping on the bandwagon.

Her showy eyebrows knitted together lightly and she shook her head.

"Not good."

Gu Si Qian already knew she wouldn't agree so quickly, but still refused to let go easily and asked, "Why is it bad?"

Bella Qiao was silent.

Kusken looked into her eyes, the two of them now in a one-up, one-down position that was undoubtedly ambiguous.

But none of it seemed to have too much charming in it.

He stared at her and asked, "Are you still mad at me because of what happened four years ago?"

It was fine if he didn't say anything, but when he did, the bad memories swept over him and Bella Qiao's mood became irritated.

She quirked an eyebrow and said, "Kusiqan, I did four years in jail."

Kusken nodded, "I know."

"And you still think I'm going to agree to get back together with you?"

And yet he smiled faintly.

Reaching out, he gently caressed her face and whispered, "I'm sorry, I apologize, will you forgive me?"

Bella Qiao: "..."

The man quirked an eyebrow and added, "Or maybe you'll think of another charge to put me in, too, and I'll go there for four years to make it up to you?"

Bella Qiao didn't think that this person would be so rascally, her heart came to anger, subconsciously to push him away.

Yet the push was not the push.

She could only give up and said in a quiet voice, "Gu Si Qian, I don't want you to go to jail, I just don't have the means to forget what happened."

After a pause, he added, "After all, I had trusted you with all my heart and loved you deeply, but what I got in return was betrayal and suspicion, at first, I had explained to you countless times that I didn't kill that woman, but you never believed me and sent me to prison, and now, you want me to love you again, I'm sorry, I can't do it."

Her words were final.

As far as the eye could see, the man's face sank.

He looked at her and asked, "Did you suffer in prison these past four years?"

Jackie paused, thought about it, and said, "That's not true."

Not only did she not, but she was given a separate cell specifically for her.

The rest of life didn't lack anything for her.

Except there is no freedom.

Gu Si Qian said in a deep voice, "So, you think that if I really thought that you killed Qian Qian, those four years would be that much better for you? And now, would I really want to, to keep a murderer who once killed my cousin by my side?"

Georgie stared in shock.

"What did you say? Is that person your cousin?"

Kusken looked at her with a heavy gaze, "Or what did you think?"

"I..."

Bella Qiao was confused.

Memories of four years ago whirled in my mind.

She only remembered that after the war between the Vermilion Bird Society and the Dragon Corps and the fall of the Vermilion Bird Society, she was imprisoned by Gu Si Qian on suspicion of being a traitor.

This hurdle is six months.

It was during these six months that a woman appeared by Gu Si Qian's side, and everyone treated her with respect.

She had also vaguely heard that that woman was the mistress of the place, so she naturally thought that the other woman should be Gu Siqian's new lover.

So...it was his cousin?

She just remembered that the castle was left to him by Gu Si Qian's mother.

That cousin, as Gu Si Qian's mother's mother's family, it wouldn't be an exaggeration to say that she was half a master.

Bella Qiao's mood was not very complicated at the moment.

She frowned and looked at him, puzzled, "If you don't think I killed her, then why did you do that to me? Don't you know how much this experience means to me?"

Gu Si Qian's heart was also a little complicated as he looked at her.

Some of the things he was even ready to say.

But considering certain reasons, in the end, I couldn't say it.

He just sighed and said, "Joe, I know I'm sorry for what happened in the past and I'm sorry, so consider it a chance for me to make it up to you, okay? Let's start over."

Georgie let out her anger and was a little tired.

She cocked her head to the side and said quietly, "Tell me more, I'm not sure yet."

Right now, she didn't want to face that.

Because she didn't even know what to decide.

There was no way she could easily forget those pasts, much less pretend they had never happened, and now, faced with Gu Siqian's request, she was reluctant to give them up completely.

She so really didn't know what to do.

Gu Si Qian's eyes darkened when he saw her attitude.

But in the end, there was no more reluctance.

With just a soft sigh, he straightened up and touched her head.

He said softly, "Joe, as long as you don't leave my side, I don't want anything else."

Georgie shuddered a little.

It was easy to hear the overbearing exclusive valley debt in the man's tone.

She pursed her lips and didn't say anything.

At this time, Lin Song came over just in time to tell them to go out for dinner, so this is when they headed out.

Because Bella Qiao's feet were swollen, Gu Si Qian forbade her to wear high heels anymore and directly asked someone to bring her a pair of flat shoes.

The good news was that the dress she was wearing today was knee-length, so even if she changed her shoes, there would be no mismatch.

When they got outside, the feast was already underway.

Lin Song had placed them at the first table, which was full of Duke Lin's closest friends and the highest ranking people present.

Everyone knows Gu Siqian, so naturally, there will be no shortage of exchanging cups and glasses during the banquet.

Because Bella Qiao came over with Gu Si Qian, and sat with him during the meal.

Gu Siqian would occasionally give her food, soup and the like, and simply pampered her to the fullest.

And because of this, it was all the more startling to the eyes of the onlookers.

Chapter 853

One must know that Gu Siqian's name had always been very famous in this circle, almost to the point where no one knew about him.

In this territory, when it comes to Gu San Shao, who doesn't give him some face?

But this man has a problem, let's just say he's never had a woman around him, and he's not near a woman himself.

How exaggerated is this rumor?

Exaggerated to the point that some even say he likes men.

After all, it's possible that a man with such a strong background and awesome power has been without a woman by his side, and his s*xual orientation draws suspicion.

Moreover, because when Bella Qiao and Gu Si Qian were together, they were both very low-key, and because Bella Qiao had joined the Vermillion Bird Society at the time, it was not good to make it public, so apart from a few people who were extremely close to Gu Si Qian, no one in the outside world even knew that he had ever had a girlfriend.

It would not be surprising to hear any more strange rumors.

And at this time, Gu Si Qian, who has never been close to women, is fawning over a woman, what does this mean?

We all looked a little strange for a moment.

Gu Si Qian, on the other hand, acted as if he hadn't seen it, and continued to do what he was doing.

But as much as he didn't feel anything, Georgie was a little fed up with the attention around her.

She finally managed to whisper, "That's enough!" as Gu Si Qian gave her another dish. I don't use it."

At the same time, you quietly lift your eyelids and look at the eyes cast by the people across the table.

As expected....

She gnashed her teeth in her heart, only to feel that Gu Si Qian was really putting her on fire like this.

But this man is still unaware of his own, and when he sees her refusing, he softly asks, "Don't you like it? Didn't you used to like this best? Want some more soup?"

Georgie couldn't take it anymore.

This man, ever since his sudden confession in the lounge earlier, was like a new man.

It used to be a little colder, but at least it was normal and sane enough not to be embarrassing.

Now that's really....

You're as clingy as a little puppy, aren't you?

She was a bit helpless and could only say, "Gu Si Qian, do you believe that if you keep this up, I'll just deduct this bowl of rice from your head?"

Afterwards, he showed his teeth at him threateningly.

Gu Si Qian raised his eyebrows, his face not only not unhappy, but curved his lips in pleasure.

"Well, I'm just not going to clip it then."

Afterwards, you really turned around and ate your own.

Bella Qiao was relieved by this.

But even then, what should be done, someone has already done.

The rest of them wouldn't think that there was nothing between them just because Gu Si Qian didn't give her any more food later.

Instead, because of the few whispered conversations the two of them had just had, there was quite an intimacy of whispering and whispering that sat even more on the edge of their relationship.

Thus, instead of turning normal, as Bella Qiao wanted, everyone's eyes became more gossipy and eager.

There were a few people at the table, people who had been playing games and drinking with Joki in the morning.

There's also So Chul Se.

When everyone saw her and Gu Si Qian's intimate appearance, except for Su Zhe Shi who already knew the inside story, everyone showed surprise.

Before, they thought that this beauty had a chance to develop, but now it seems that she is actually already famous, and she is still Gu Siqian's person?

How come I've never heard of such a woman beside Gu Siqian before?

So the party couldn't help but gossip.

Someone just asked, "Gu Shao, you and Miss Qiao... look familiar?"

Georgie bowed her head and ate, pretending not to hear.

But Gu Siqian turned to him and smiled slightly, speaking in a gentle tone, "Yes."

The man's eyes widened as he listened, holding out two hands in a more than heart-to-heart motion, "You are..."

Gu Si Qian was about to speak, his mouth just opened.

Bella Qiao frowned, not wanting these people to get the wrong idea, so she simply spoke out, "No! Don't you guys think anything, I have nothing to do with him."

The words Gu Si Qian was about to say suddenly choked in his throat.

He turned his head to look at Bella Qiao, then turned back and calmly said in front of everyone's startled eyes, "She's in a bad mood today, don't mind if she talks too much you guys, me and her..."

He paused, thinking a little before saying, "I'm trying to court her."

Yooooooooooooo!

There was a flurry of uproar, and Georgie turned her head and gave him a hard stare.

Kusken raised his eyebrows and returned a smile.

Georgie gas!

There was no appetite for food, so I put down my chopsticks and got up and left.

Gu Siqian saw this and stopped eating, threw down his chopsticks, and said to the people at the table, half apologetic, half showing off, "She's angry, I'll go take a look, enjoy your meal."

Afterwards, he followed and left.

A group of people at the table looked at each other, and then they all tsked at each other.

I thought that Gu Siqian was really a man who was not close to women, but now it seems that where is not close.

It's an obsession, all right.

It's just that people are highly enlightened and only obsessed with one, unlike them, who pass by in a million flowers and have a lot of fun.

We gossiped for a while, but we didn't continue this topic and talked about something else.

And the other side.

Bella Qiao hurriedly left, and Gu Si Qian caught up from behind.

After catching up with her, he doesn't pull her or talk to her, he just walks slowly behind her.

Bella Qiao originally wanted to get rid of him, but she was helplessly injured and didn't dare to go too fast, and the man was like a dog that kept sticking around and wouldn't let go.

Finally, she had to compromise by stopping and turning to look at him.

In the sunlight, one of the girl's faces flushed with anger, she glared at him and asked, "Why are you following me?"

At first glance, Gu Siqian stood in the sunshine with his hands behind his back, standing long and jade, particularly like a noble son out for a stroll.

He looked at her and smiled, "Who says I'm following you? It's not like your family built the road, you can go wherever you like, what do you care?"

"You!"

Georgie glared at him, and it was obvious that the man was playing a rascal.

He's a big rogue leader himself, so who can be rogue if he really wants to be a rogue?

So, Georgie admits it!

She smirked, "Okay, the road is your house, you go, I'll go back, okay?"

Afterwards, he turned around and walked back.

Unexpectedly, Gu Si Qian followed back.

Bella Qiao was so furious, but there was nothing she could do in the face of such a scoundrel.

In his heart, he searched for Gu Siqian, who used to at least be a man who wanted to save face, why has he become so shameless now?

As I was imagining things, I suddenly looked up and saw Lin Song coming this way with a beautiful looking, tall girl.

"Skeen, Joe, where are you going here?"

He saw Bella Qiao and Gu Siqian and ran over with someone excited to greet them.

Chapter 854

Bella Qiao was a little embarrassed, after all, it was someone's birthday banquet, just now during the meal, originally Lin Gong was also there, then received a phone call, said he went out to pick up someone, and left.

It took a long time for this to come back.

As a rule, it was not good for her and Gu Siqian as guests to leave the table when the birthday boy hadn't returned yet.

Now they are leaving early, how awkward.

So I said evenly, "It's not going anywhere, we're just wandering around."

After a pause, his eyes fell on the girl behind him, and he saw that the other was wearing a high-waisted little white lace top, underneath was a pair of tight seven-point jeans, carrying a small bag, and his hair was tied up high in a ponytail, with some weaves in the back with hair clips, looking very youthful and smart.

She couldn't help but smile and asked, "Lin Song, this is..."

At the sight of Lin Song, he smiled, "This is Jing Jing, that is..."

After a pause, a would-be glance in his eyes and a smile, "The daughter of one of my Siberians."

Then, the girl named Anna was introduced, "Anna, this is my good friend Bella Qiao, you can just call her Ah Qiao, that's Gu Si Qian, I don't need to introduce this."

Anna stepped forward with a generous smile.

"Of course you don't have to, there's only one person in this realm who hasn't heard of Third Young Master Gu's name."

Immediately afterwards, his gaze turned around on Bella Qiao and Gu Siqian and smiled, "It seems we appeared at a bad time and disturbed the elegance of the two of you."

Lin Song was confused, not quite understanding what she was saying.

But Bella Qiao knew that Jing Jing was a girl and naturally had a much more delicate mind than a boy.

Although she and Gu Siqian weren't doing anything right now, people could still feel that subtle atmosphere between them.

So now her face was somehow burning a bit too, embarrassed, "Uh, let's go back to the table if that's okay, you haven't eaten yet, have you?"

Anna nodded, "Of course, I snuck out of the house and had a hard time getting here in time for dinner."

Lin Song also reacted at this time, busy saying, "Look I've forgotten about this, come on, hurry up and go eat, come on, enter and sit down."

So the group of people went back to the table and sat down.

The table was not surprised to see them back again.

People in love, well, it's always like that, see the wind, normal normal.

And because there was a new member joining, in fact, this time everyone had more or less heard that the reason Lin Song was hosting this birthday banquet was because of a girl.

What was there not to understand about seeing a pretty girl coming with him now.

So, we were all gossiping and joking at once.

However, what they didn't know was that Lin Song liked people, but hadn't told them yet.

Now he and Jing Jing are just friends, because he is the daughter of the uncle's family, afraid that a bad one will affect the relationship between the two families, so Lin Song has been getting along very cautiously.

And because it's really cherished, and I'm afraid that a bad one will make people resentful.

So, to this day, they haven't confided in each other.

Now, when people are joking, these people have been in the flowers and waves for a long time, what kind of jokes won't they make?

All kinds of scales and sizes were said together, causing Lin Song's face to change.

I can only drink from a glass, begging my father and father to sue my grandmother on a kind of euphemism, only between men will understand the way, begging everyone to be merciful.

But don't let anyone get away from his brothers before they catch up to him.

In fact, the reason people do this is not out of malice.

Probably wanted to test it out for him as well.

For one thing, one didn't know how much Lin Song was thinking about this girl, trying to see the other's place in his heart through all kinds of jokes so that he could decide what kind of attitude he would use to face this girl in the future.

Secondly, she also wanted to test the girl's attitude towards Lin Song, after all, most of those ambiguous jokes were made about her and Lin Song.

If he really has some interest in Lin Song, he might even be able to facilitate this good deed for Lin Song, so why not?

So, a group of people eat for an hour and the jokes don't stop.

They are used to having fun, so the jokes are not too repetitive or too big to be embarrassing.

This made for a particularly pleasant and relaxing meal.

Bella Qiao was also watching quietly and didn't interrupt.

In fact, from the way she felt, she actually thought the girl liked Lin Song as well.

It's not quite as deep as the feelings, but the good feelings are definitely there.

It's a pity that Lin Song, a big straight man's s*x, didn't see it, and even thought that the other party was unwilling to make such a fancy way to invite me over.

She shook her head in a silent heartbeat and sighed.

Come to think of it, that's fine.

The method is a bit dumb, but good enough to seem sincere.

Maybe they just like his genuine energy.

I'm just an outsider, it's better to let the two of them develop freely when there's no need to, what if I pick on Lin Song and become a drawing board?

Only after thinking this way did Bella Qiao suppress the words she wanted to tell Lin Song.

She lifted the cup and drank the water, but when she unexpectedly turned her head, she saw Gu Si Qian looking at her quietly.

The gaze, deep and hot, was frightening to her.

Bella Qiao's fingers holding the cup stiffened, and in the next second, her face sank.

Willow's eyebrows fell back and she gave him a hard stare.

It's like those soulful eyes are saying, "What are you looking at? Look again or I'll eat you!"

I was expecting that the man would relent for this, but unexpectedly, the other man did not, and even laughed lightly.

Georgie gas.

Well, he finally withdrew his gaze, then pulled out his phone and tapped something on it.

Bella Qiao didn't bother with him.

Turning his head, he was about to say a few more words to Anna, when unexpectedly, his phone dinged.

Her frown of confusion deepened as she pulled out her phone and saw Gu Si Qian looking at himself again.

She was really kind of sick of him staring at her like that now.

But at this point, Georgie didn't bother with him.

Trail took the phone out and looked at it, his eyes popping open.

Only on it was a text message that Gu Siqian had just sent.

"You're so cute when you stare."

Bella Qiao: "...??"

She felt like her chest was clogged with old blood at the moment, and she just hated to spurt it out the next second.

Spray him in the face!

Bella Qiao found this person really boring, simply boring.

So, not bothering to get back to him, he simply put the phone away and purposely pretended not to see it.

Unexpectedly, they picked up the phone again and started typing.
