Chapter 859

After walking out of the villa, Jiang Hao drove Sally's car and rushed to the city alone.

Leaving Beifu meant that he would not be able to see Lin Yan or Yu Ning again for a long time in the future.

Moreover, now that the BeiFu Shen family had collapsed, the marriage of YuNing naturally came to an end. Jiang Hao also wanted to go and see what kind of attitude the Xue family had towards Yu Ning now.

Thinking of this, Jiang Hao drove to the Xue family, and just as he reached the entrance he was stopped by someone.

If it was an ordinary person who stopped him, Jiang Hao would not have given him face, but the person standing in front of him at this moment was Xue Chongli!

Xue Chongli wasn't much of a character. To put it nicely, he was just a butler of the Xue family.

But the person behind Xue Chongli was Master Xue, and it was because of this that Jiang Hao stopped in front of him and looked at the other person quietly.

The two men stared at each other for a moment. Xue Chongli's face was cold as he spoke, 'Should I call you Doctor Shen now, or should I call you Young Master Shen?'

Jiang Hao's identity had long been known to the northern gentry under the deliberate propaganda of the remaining members of the Shen family, and it was only then that they understood that Shen Yan was Jiang Hao, and that Jiang Hao was the only bloodline of the Shen clan back then!

Unlike the other families who were surprised by Jiang Hao, the Xue family really couldn't mention much good feeling towards him.

Firstly, the Shen family did not treat the Xue family well back then, and secondly, Xue Yuning had become the way she was because of Jiang Hao.

If it was because of the first reason, Xue Chongli would not have treated Jiang Hao so badly, as there were many people who treated the Xue family badly in the first place.

But he had always treated Xue Yuning as if she was his own child. This is what made him dislike Jiang Hao, because Jiang Hao was the reason why Xue Yuning had become the way she was.

That was fine, but when the other party came to the North, he didn't come to Xue Yuning first, but even went to hook up with the Miss Lin family!

Thinking of this, Xue Chongli looked at Jiang Hao with a hint of disappointment in his eyes.

Jiang Hao sat in the car and looked at Xue Chongli in silence for a long time before he opened the car door and got out, then lit himself a cigarette and looked at Xue Chongli with some arrogance.

‘What do you think you should call me now, Grand Steward Xue?’

Looking at Jiang Hao’s arrogant look, the look of disdain on Xue Chongli’s face intensified, ‘I think you’d better drive away from here now. Haven’t you harmed her enough, why do you still want to come?’

Jiang Hao looked at Xue Chongli’s angry look, and many people around him even dodged two steps away because of Xue Chongli’s face.

‘If you want to say that you are relying on your strength to be strong, then I really can’t help it, but my Xue family in the North is not something to be messed with, are you sure you want to make an enemy of us?’

Jiang Hao’s eyes were somewhat gloomy as he looked at Xue Chongli, then he took a deep breath and said, ‘It’s not that I’m making an enemy of you now, in fact I’ll probably be leaving the Northern Province tomorrow. That’s why I wanted to come and see Yu Ning one last time.’

‘Impossible, you should not think about it. Although Yu Ning has now cancelled her marriage to the Shen family, she is now living a good life, you going would only be disturbing her!’

Ever since Xue Yu Ning had an attack in front of Jiang Hao last time, Xue Chongli had become even more disgusted with Jiang Hao.

If eyes could kill. Then Jiang would have died a thousand times over by now!

Jiang Hao looked at Xue Chongli’s eyes and laughed bitterly, then said helplessly, ‘Uncle Xue, believe me, I also hope that Yu Ning will get better!’

After saying this Jiang Hao reached out and took out a ticket from his pocket and handed it to him and continued, ‘Look. The car is tomorrow’s bus, can you just let me see Yu Ning one last time, I’ll just see her one last time!’

Xue Chongli took a moment to look at the ticket in his hand before snorting: ‘You’ve done enough damage to her, just think of it as me begging you, can you just let her go and pretend that nothing has happened?’

The old Yu Ning might have had the occasional headache, but it definitely wouldn’t have been as bad as it was now!

But Jiang Hao’s occasional appearances were making Yu Ning’s headaches more and more usual, and she didn’t have anything better to do about it!

He had also sought help from Jiang Hao before, but regarding the cause of Xue Yu Ning’s illness. Jiang Hao hadn’t been able to find out anything useful even by checking Shangdian, which only left him a little helpless.

After taking two deep breaths. Xue Chongli reached out and patted Jiang Hao's shoulder and spoke: 'I'm telling you, if you really love Yu Ning. Just let her be quiet for a while, otherwise she won't be able to stand it!'

Jiang Hao fell silent at his words. After taking two deep breaths, he bent down and bowed to Xue Chongli.

'Take this bow as a tribute to you from me for Yu Ning, I can't see her, but you have to promise me a request!'

Xue Chongli glanced at Jiang Hao somewhat helplessly, and then spoke without good grace, 'Say it, I'll see what price you have to make me pay before I won't come and harass Yu Ning!'

'First of all, you have to promise me that you will take good care of Yu Ning, or else I will find you even if the sky is the limit!'

Xue Chongli's eyes flashed with a strange look when he heard this, looked at Jiang Hao and nodded back, 'You don't have to worry about that, I treat Yu Ning like my own child, how could I not take good care of her.'

Jiang Hao nodded to Xue Chongli and then said, 'The second request is that I hope you can contact me from time to time and let me check on Yu Ning's condition, although I have concealed your identity, I am a doctor and that will not change.'

Xue Chongli took a deep look at Jiang Hao, he could see how determined Jiang Hao looked in his eyes when he said this, so Blood Rush Liu didn't waste his words arguing with Jiang Hao.

'Yes, I will send you pictures of her regularly to let you know how happy she is living now!'

A hint of relief flashed across Jiang Hao's face after hearing Xue Chongli's words, as long as Xue Chongli agreed to these two requests, he could walk away with peace of mind too.

So Jiang Hao opened the door and got in the car without looking back, while Xue Chongli, who originally thought he would have to spend a lot of time talking to persuade Jiang Hao, was a little confused at this point.

He didn't expect that he would give up the chance to see Yu Ning just by agreeing to a good two choices.

Thinking about this, Xue Chongli didn't know whether he should be angry with Jiang Hao or praise him for being reasonable and knowing right from wrong.

In fact, Jiang Hao was not feeling well at the moment because he knew that what Xue Chongli said was true!

First, Yu Ning was threatened by Shen Tianyang when she was in Chu Jiang, and then she became what she is now, with her memory completely lost and unable to be stimulated!

Then there was Lin Yan, who had witnessed the dragon fight between himself and the Shen family in the Northern Province, and had also learnt his true identity.

He was worried that Lin Yan might hate himself for life because of this!

Thinking of this Jiang Hao drove to the Lin family, intending to pay Lin Yan a visit and then talk to her about the aftermath!

Chapter 860

Just on Jiang Hao's side of the road to the Lin family, Old Hei and Ning Kun sat in the villa hall drinking quietly.

The two men, who came out at the same time but had very different fates, looked at each other and understood that they had once again come to a fork in the road.

Ning Kun looked at Old Black after a long silence and then raised the cup in his hand and gently shook it and spoke: 'After the old boss is gone. You are the new head of the North Province, any feelings?'

As one of the several large regions in the interior of the city, the power to sit in this position would naturally not be small, which also meant that Old Black had officially taken a step into the management of Section 13.

On the contrary, Ning Kun was still a fish up to now. Even his identity could not be exposed at will, and he could only hide in the darkness. He couldn't even go back to his original Section 3!

This was because once he returned, he would have to be the first to undergo an investigation from within Section 13 to confirm that there was nothing wrong with him before he would be given an assignment.

But the genius knew when the investigation would be over, maybe a few months or even a few years were not unheard of.

Old Black looked at the other man after hearing Ning Kun's words, and sensing a touch of loss in Ning Kun's eyes, he smiled before speaking, 'There's nothing to feel, I just know that as your backer, the burden on me seems a little too heavy.'

The Northern Province was close to Hedong, and a city like Hedong where people from Section 13 went in was not very well developed.

This time when Ning Kun took Jiang Hao to Hedong, Old Black not only had to provide financial support. Even the personnel, supplies and equipment, etc. have to follow, so the responsibility on him is not small.

The fact that Sally's original goal was to open up Hedong made it impossible for Old Black to give up even if he wanted to, which put a lot of pressure on him.

Ning Kun looked at Old Black and snorted twice before gently shaking his head, knowing that he was lucky to have a trustworthy friend behind him this time, otherwise Ning Kun wouldn't have dared to agree to this if he had been a different person.

The place like Hedong, act a little wrong may make people suspicious, then do not think to come back, can keep life is a problem! Remember the website [m.26ks.cc](http://m.26ks.cc)

The first thing you need to do is to get a good idea of what you're doing. When I was around Chen Jingdao I actually quite liked that kind of day, going to work every day, doing things to get by, it won't be like this now.'

Hearing Ning Kun's words Old Black nodded in silence, perhaps many people aspired to a life like theirs, but only they themselves knew that they had all aspired to the life of ordinary people.

Only light can dispel darkness in this world, but how many people are willing to be the light that burns them.

Old Black sniggered and then stood up. With a little bit of emotion he sat beside Ning Kun: 'I know you've suffered a lot since you graduated, but I want to know. How far do you plan to go before you stop.'

Ning Kun fell silent, slightly surprised and glanced at Old Black, his face looking as if he was somewhat unsure of what Old Black meant.

After the two of them stared at each other in silence for a long time, Old Black seemed to be a little impatient. So he shook his head gently and said disdainfully, 'How many people do you think you can hide those things you did, do you still need me to pick it out?'

Looking at the look on Old Black's face, Ning Kun exhaled a breath of foul air before lighting himself a cigarette, 'When did you notice this, I thought I had done it very stealthily.'

'It's been a while. If it wasn't for the fact that you didn't mean any harm, I wouldn't be the only one who knows about it now.'

I'm definitely not the only one who knows about it.'

After saying this, Old Black looked at Ning Kun and said suspiciously, 'Why would you make so many friends within us, do you want to climb to that position below the boss in the future?'

Ning Kun suddenly wanted to laugh for some reason when he heard Old Black's words, he had once imagined what he would do if he sat in that position of Sally.

But when he knew that even an organisation as tightly-knit as Section 13 could have traitors, Ning Kun suddenly had more than a little disappointment in his heart.

On the one hand, he was disappointed in himself, thinking that he had chosen the wrong path and should not be a fish in the deep sea. A lifetime of hiding and hiding was the reason why he would stay on Sally's side instead of returning to Section Three.

The other side of the coin is a disappointment with the place he grew up longing for. To him, Section 13 was supposed to be the most trustworthy place in the world.

But what the Chu Jiang branch had done had completely made him lose his trust in Section 13. At this moment, Ning Kun had a sense of defensiveness towards anyone other than the limited number of people he trusted.

This was also why he was in need because of Sally. And the reason why he took the initiative to go to the east of the river, he did not trust others to do what they came back for.

The two men looked at each other, both seeing a few glimpses of helplessness in the other's face.

'I just wish I had a better idea of who I could trust and who I couldn't trust around me.'

After saying this, Ning Kun took out a book from his own body, then opened it up and handed it to Old Black and spoke, 'The people recorded on here are all insiders that I was able to buy with my fake identity, and they have all lost their qualifications to make me trust them.'

Looking at the object in his hand, Old Black didn't know what to say for a moment!

Before Ning Kun, no one had ever tested anyone within their ranks in this way!

And just as Old Black was looking at the book in his hand, Sally, who was standing upstairs, walked down at some point and then suddenly spoke, 'What are you guys talking about.'

The sudden voice instantly brought Old Black back to reality from his dumbfounded state, so he hurriedly tried to hide the things in his hands.

But Ning Kun sniggered and snatched it up, then he turned his hand to Sally and spoke, 'Talking about some of our internal issues, does Old Master want to take a look, you'll be going to Chujiang soon you can learn more about it.'

Sally looked at Old Black's somewhat nervous look before picking up the book and looking at it, only to see that there were some names on it that she didn't recognize.

So she spoke with a bit of confusion, 'What is this?'

Ning Kun looked at Sally with a smirk, 'This is a test I made some time ago using my former identity, every name recorded in it is an insider who can get through with money, so you can take a good look.'

Sally's face turned pale when she heard this and she fell into silence as she looked at the book in her hand, but fortunately there weren't many people recorded, only seven or eight, and they were all at the bottom.

This was the reason why Sally was only a little angry and did not turn pale.

When she had finished reading it, Sally closed the book and threw it in front of Ning Kun, saying in a deep voice: 'What do you mean by this, are you worried that one of our own people will do this to you?'

Ning Kun looked at Sally's angry face and laughed twice, spreading his hands out and saying, 'Nothing else, I just wanted to see how hard my back really was.'
