

# Catch Me If You Love Me

## Chapter 86

Anna Yun shook her hand, and her whole body slumped to the ground following Liam Lu's legs.

Zoey Gu quietly walked out behind Liam Lu and looked down at Anna Yun.

No one could see the look in her eyes at the moment, only through her scattered long hair, seeing her pale and frosty face, and hearing her very low voice.

"I know that Liam Lu is your property. You hate all women who have contact with him. But you can come at me. Why do you want to harm my family?"

She said, squatting down slowly, looking at Anna Yun's eyes without blinking.

"My father is very ill and can't stand the blow. My brother is so young and his life hasn't started yet. How cruel were you when you forced them to die?"

In the next second, she suddenly raised the volume, "Say it!!"

Anna Yun trembled fiercely, squirming her lips as she was about to speak, and slapped her head down.

Snapped!

Her face turned to one side severely, her face was red and swollen, and the corners of her mouth leaked blood immediately.

She turned her head in disbelief and looked at Zoey Gu stubbornly.

"Zoey Gu, how dare you..."

Snapped!

Another slapped his head.

Snapped!

Snapped!

Happiness!

One slap after another, she slammed Anna Yun's face without mercy.

Before she could even scream, her two faces quickly swelled up at a speed visible to the naked eye, losing their original features.

At the last moment, she suddenly lost her balance and fell back dizzy.

Before anyone touched the ground, Zoey Gu in front of him suddenly jumped forward and grabbed her by the collar!

Before everyone could see everything in front of him clearly, Zoey Gu suddenly took out a sharp dagger and slashed at Anna Yun.

“what...”

Anna Yun immediately let out a stern scream, and his beautiful face was instantly ruined by a dazzling blood mark.

She thumped her hands to push Zoey Gu away, but she was slammed into the half-open window behind her by her brute force.

She clung to Anna Yun’s ear, gritted her teeth and said.

“Listen, Anna Yun. There are thousands of ways of revenge in this world. Sooner or later, you will repay everything I have lost.”

After Zoey Gu finished speaking, she once again raised his dagger towards Anna Yun...

Anna Yun under her watched the dagger fall towards her, closed his eyes like a dying fish, and let out another scream.

“Help...”

A cold wind suddenly struck behind her, and a powerful hand clasped Zoey Gu’s wrist fiercely.

She only felt a pain in her hand, and the dagger fell to the ground with a snap.

Liam Lu sullen his face and pulled Anna Yun up.

Zoey Gu was caught off guard, her entire body was smashed away, and her back slammed hard against the wall behind him.

She suddenly raised her head, looking at Liam Lu with a pale face.

The Anna Yun at his hand suddenly wrapped her arm like a vine in disregard, and her whole body trembled crazily.

“Zoey Gu is crazy, she wants to kill me!”

“Liam, I know I was wrong. It can be seen in our affection, in my dedication and sacrifice to you in those five years, you forgive me. Save me...”
