

Super Rich Dad Chapter 869-870

Chapter 869

Sally lowered her head and listened to Old Black's words in silence before a flash of fluctuation appeared in her eyes.

Then a sigh passed and Sally slowly spoke, 'Did the headquarters send anyone to inquire about the matter at the northern residence?'

Ning Kun and Old Black looked at each other and saw the surprise in each other's eyes, then Old Black suppressed his excitement and said, 'The first time they called, they already started asking questions. The second time there were no questions asked straight away.'

After hearing this Sally laughed coldly twice and said, 'In that case, it looks like the headquarters should have already started an investigation into this matter, and the rest has little to do with us.'

Sally knew that such a big thing had happened in the North Mansion. As the head of the North House branch, she had been killed by a sniper!

If this matter was not investigated by the headquarters, I was afraid that the other divisions would not sit idly by. So Shen Tianyang would definitely be caught in the crossfire this time!

I guess he probably never thought that his two Level 3 martial artists and even Shen Wennian would fall here, right?

After taking two deep breaths, Sally raised her head and coldly glanced at Ning Kun and said in a deep voice, 'How is Miss Lin's injury now, someone's grandfather is sitting outside, I need you to give me the courage to face him.'

After a moment of silence, Ning Kun shook his head and spoke, 'Miss Lin's arm is a laceration injury, our personnel on the northern side of the house can't pick it up at the moment, so it's still in a coma.'

Sally's eyes were slightly cold as she cursed directly, 'Rubbish! Lin Yan is just an ordinary person, involving her in this matter, how do you want me to explain to her grandfather?'

Seeing this, Old Black quickly coughed lightly and said, 'Don't forget. Isn't Jiang Hao a doctor, I'm sure he'll have a solution, right?'

When Jiang Hao was mentioned, Sally's mood suddenly became a bit complicated.

Originally, she had planned to calm down with both Jiang Hao for a while and think about the relationship between them.

But unexpectedly, the arrival of Chen Shilong and Zhao Tianzhong and the others had made the matter a little more complicated, and it even involved Lin Yan.

Sally had never dreamed that Lin Yan would stand up for herself even when she saw herself being threatened.

On the one hand, it was her own feelings for Jiang Hao, and on the other hand, it was a tinge of guilt in the face of Lin Yan. Sally lowered her head and pondered for a moment before sighing softly, 'What is Jiang Hao's state now?'

'True qi is overdrawn. In fact, not long after the warehouse incident, he has overdrawn his true qi this time, so I'm afraid that the meridians in his body have already been severely damaged!'

After saying this, Old Black continued with some concern, 'It looks like it's best not to let Jiang Hao strike again during this period of time, otherwise if this continues, the consequences will be hard to predict.'

Ning Kun stood by the side and nodded after hearing this, Sally pondered for a moment and got up and said in a cold voice: 'Even if you don't want him to continue to do it. Then only if Shen Tianyang knows what he's doing, let's go. Let's go out and meet those people.'

After saying this, Sally led Old Black and Ning Kun out of the room, and as soon as they arrived in the hall many people involuntarily turned their eyes towards Sally.

Among them, Elder Lin and Chen Jingdao had the most fiery eyes, but at least everyone had some sense of proportion. There was no panic.

After Sally sat down, Xue Chongli of the Xue family took the lead and bowed to Sally before saying in a deep voice, 'I, Xue Chongli, hereby guarantee with my life that this incident has absolutely nothing to do with our Xue family!'

Chen Jingdao coldly glanced at Xue Chongli and then snorted coldly, because of the previous marriage between the Xue family and the Shen family. Chen Jingdao had already been uncomfortable with the Xue family for a long time.

Xue Chongli knew that Chen Jingdao was not happy with him, but he still held back, after all, his position was really a bit awkward at such a sensitive time.

Sally looked at Xue Chongli and nodded slightly before speaking, 'I know that this incident has nothing to do with your Xue family, and I believe that everyone here is now clear about my identity, right?'

There might have been people who weren't sure before, but when they looked at the beast guards under Sally, they all had an answer in their minds.

Sally looked at the silence that had fallen. So she spoke softly, 'Since everyone is clear about who I am, I want to tell you. The Northern House is our Northern House, not his Overseas Shen Family's Northern House. Understand?'

Xue Chongli nodded in silence after hearing this, knowing the reason why Sally wanted to take on the North Mansion's Shen family.

Hearing this, Chen Jingdao also smiled along and spoke, 'Of course. I understand what Miss Sally means, it's just that he, Shen Tianyang, is not one to be messed with, and this time things are expected to have a big impact ah.'

The reason why he said that, Chen Jingdao actually had a mind to test whether Sally had the intention to protect them.

If Sally had the heart to protect them, she would definitely give everyone a charter next, so he wouldn't have to worry about Shen Tianyang retaliating against his New City Group.

And Sally glanced at Chen Jingdao indifferently, shook her head after a moment of silence and said, 'I will suppress the impact of this matter, and all of you will try to keep a low profile during this period of time, I will go to Chujiang next immediately.'

Everyone knew that Chujiang was now like a place for Shen Tianyang, and Sally still said she was going to Chujiang under such circumstances, making everyone present dumbfounded.

Chen Jingdao heard this and even put away his own hidden discontent, after all, Sally had already gone to such an extent, what could he say.

The old man Lin looked at Sally with slight concern at this moment, 'My Lin family has been in the Northern Province for at least two hundred years, I'm not worried about their Shen family, but my granddaughter was there today, I don't know if you saw it, Miss Sally?'

Only God knows how nervous Elder Lin was when he looked at Sally and asked this question.

Lin Nan's father and son were not good enough, and there was no one in the Lin family that he could look up to.

If anything were to happen to her at this moment, Master Lin would lose all hope of survival!

Sally looked at Master Lin's trembling face, and after a long silence, she suddenly bowed to Master Lin!

'Miss Lin lost an arm to save me, and now the person is in a coma, my people are rescuing her!'

Sally had also thought of hiding the news of Lin Yan's serious injury, after all, Master Lin was so old, suddenly hearing about this matter was likely to be too much to bear!

But looking at Elder Lin's hopeful eyes, she finally chose to tell the truth.

When she heard the news, Master Lin's eyes widened and he almost lost his breath!

Thanks to Chen Jing Dao, who hastily held Elder Lin and then helped him to take a couple of breaths, he was able to slow down!

Chapter 870

'Miss Sally, my Yan'er is only twenty-two years old this year, this child has suffered a lot since she was born, you have to save her!'

Sally looked at Elder Lin's old tearful face and spoke with some difficulty, 'Don't worry, I will definitely have my men work hard to save her!'

Chen Jingdao also never expected it. Old Master Lin's granddaughter Lin Yan had unexpectedly come across this matter, and after patting Old Master Lin's shoulder in silence, he spoke, 'Don't worry, old man, Miss Sally will have a solution.'

Old Black looked at the crowd and seemed to have no more questions, so he stepped forward and said in a quiet voice, 'This matter about Shen Tianyang targeting our Northern House has nothing to do with everyone here. If there is nothing else, please go back!'

When some people from small families heard this, they understood that this matter was not something they could interfere in. It was not for them to do anything about it either.

So many of them got up and walked out of the villa in turn. When Xue Chongli got up and walked to Sally, he looked at her for a moment in silence.

Only then did he say in a deep voice: 'Although the Xue family is said to be a small family and not as good as you, Section 13, I still want to say that if there is anything you need, the Xue family will be obliged to do so!'

Sally looked at Xue Chongli and nodded with a smile, and then asked Ning Kun to send Xue Chongli away.

Chen Jingdao helped Old Master Li walk up to Sally, seemingly wanting to say something, but in the end, he turned into a sigh and quietly led Old Master Lin away.

Looking at the backs of the two of them, for a moment Sally suddenly felt as if she was sorry for them.

Old Black looked at Sally's lost in thought and smiled bitterly and said, 'Chief, do you want to report to the headquarters about what's going to happen next?'

Sally heard this before she came back to her senses, then nodded in silence and turned around to return to the office.

As soon as Old Black entered the office, he hurriedly locked the door behind him and then put down the projector. Then he connected to the headquarters meeting.

Soon the office was lit up with the projections of three people who were looking at Sally sitting at her desk.

It was only after a long time that one of them spoke up, 'Sally, what exactly is the situation in North House now?'

Shaking her head slightly, Sally took out a document from her hand and said in a deep voice: 'The Northern Province Shen Family Shen Wennian united with Shen Tianyang to have his forces invade the Northern Province, so I made an immediate decision to erase the Northern Province Shen Family.'

After saying this, she transmitted the action report of this matter to the people in the meeting.

Then waited for them to receive it before continuing to speak, 'And this matter today is most likely a revenge action by Shen Wennian, but there is another crucial issue, Shen Wennian's son Shen Qingshu is missing.'

As soon as the words left his mouth, a man said in a deep voice, 'In that case, then it's up to me, Section 3, to track down Shen Qingshu, and I'd love to get back at them for once.'

Sally looked at the man with a bitter smile appearing on her face and said, 'Third Uncle, you'd better help me arrange some nails in Hedong properly, next Hedong is the top priority!'

The man whom Sally called Third Uncle shrugged his shoulders. Looking at a woman sitting opposite him, he spoke, 'Xiao Xue, I'd like to ask, shouldn't you give me an explanation for Sally's attack in the Northern Province?'

The female looked at Third Uncle before frowning and said, 'Sally is my niece, do you think that my Fourth Branch would give away her trip?'

After saying this, the middle-aged woman looked at Sally and spoke somewhat apologetically, 'Sally, don't worry, I will definitely give you an explanation for this matter.'

After hearing these words, Sally looked at Xiao Xue and her third uncle and shook her head, 'No need, I just want to go to Chujiang as soon as possible, I must let Shen Tianyang personally give me an explanation for this matter!'

Hearing these words, everyone in the audience nodded, and Third Uncle even spoke gloomily, 'A mere overseas Shen family dares to target the Lord of the First Section of my Thirteen Sects. It looks like they want to turn this heaven against them!'

The man from the Second Section glared at him after hearing Third Uncle's words, and then said sorrowfully, 'No matter what. My thirty beast guards died at the hands of Shen Tianyang, right?'

There were thirteen sections in total, with a clear division of labour, the most terrifying of which was Section 2!

Section Two is the department that trains these beast guards, and everyone who comes out of there is a human weapon!

Many people may be afraid of the circle of martial artists. But only Sally knew that what Section Two did was specifically for martial artists!

Old Black was looking at the head of Section Two at the moment, not daring to breathe a single breath.

Although Sally had grown up in the care of these elders, she could not feel close to the head of Section 2, her eldest uncle.

At this moment, she met the cold eyes of her uncle. Sally hesitantly nodded her head and said, 'Yes, we lost a total of thirty beast guards before and after, ten of them died at the hands of Shen Wennian, and twenty died under Shen Tianyang's men respectively.'

After hearing this, Sally's eldest uncle nodded in silence, opened his mouth and said one good word before cutting off the video conference and disappearing!

Sally's third uncle looked at the empty position of the second section and then rubbed his brow with a headache and said, 'It's over, this time things are probably going to be fierce again for a while, you guys get busy first, I have to hurry to get some connections to try to suppress the impact of this matter!'

Xiao Xue looked at the position of the second section with some concern before taking a deep breath and said in a deep voice: 'This time the matter can be interpreted as Shen Tianyang declaring war on our thirteen sections, so all departments. Make preparations!'

After saying this she also disconnected the link, and only the nine department heads were left on the field, who looked at Sally in silence from the beginning to the end.

On the one hand, there were departments that could not be directly involved in this matter. On the other hand, they wanted to see what Sally wanted to do.

The head of Section One, Sally's father, looked at his daughter in silence. His eyes were flat and calm.

'You all go ahead and do your own thing, let me talk to her alone.'

When the crowd heard this, they looked at Sally and then at the One Section boss. Then they went offline.

Sally looked at her father and after gritting her teeth slightly said in a deep voice, 'May I ask what you want.'

'You shouldn't talk to me like that Sally, it's been a long time since we've talked as father and daughter, do we have to get along like this?'

Looking at the familiar man in front of her, Sally took two deep breaths before saying sarcastically, 'Forgive me for forgetting your name, I'm sorry, but let's get down to business, Wei Xianhe!'

After both sides were silent for a moment, Wei Xianhe looked at Sally with his hands propped up on his chin and said in a deep voice: 'You are not allowed to go to Chujiang, come directly to Jingnan to see me, I will naturally leave this matter to your eldest uncle to deal with!'
