

Chapter 876

Ding Ding Ding!

At this moment, the old man in Mai could not wait to trot to the front of the dining table, and then around the leftovers on several plates, he began to study carefully:

“This soup should be made of eight kinds of herbs and stewed with lotus seeds. “Success!”

“These eight herbs should be Fritillaria, Pinellia, Red Peony...” At this moment, the old man in Mai seemed to be completely involved in the study of these leftovers.

just.

Baishan and his wife discovered it.

As the old man analyzed a kind of medicinal herb, after a line of muttering, the sweat on his forehead began to crackle and drop continuously.

On that vicissitudes of life, a trace of blushing excitement and shock constantly flashed out.

“Good heavens! Among the eight herbs, all three yin three yang both yin and yang!” “Whether the amount of each herb, and the degree of harmony between each other, we need to achieve a It is possible to do it to an unbelievable level!” The old man’s eyes stared roundly.

Looking at that soup, it was like looking at something incredible.

“If I’m not mistaken, this kind of medicated formula, does Eight forging muscle in rumors?”

“Sanyang two to reconcile, to achieve the effect of forging forging bone ribs!”

The old man had finished talking , The whole person could not help but take a breath!

Eight treasures forging!

For ordinary people, these four words may not be peculiar!

But for the world’s top doctors, it is absolutely thrilling.

Because this is the prescription of the world’s most powerful medical god White Bone Sage.

According to rumours.

This kind of prescription, whether it is the ratio of the medicine or the auxiliary, has reached a level of protection against the sky, even if there is a prescription, ordinary doctors cannot accurately prepare it.

Even the old man has only heard some rumors, but has never really seen it.

And now...

“Is it that person?”

“Oh my God, in this world, I am afraid that only that person really knows what Babao forging is! If it is really him, then...”

Tick!

Tick!

Dense cold sweat slipped violently from the old man’s forehead in Mai.

And see this scene.

The Baishan couple looked at each other.

They didn’t understand how powerful Lin Fan’s medicated diet was to make this Mai Yi old man gaffe to such an extent.

However, this is just the beginning.

”

Siji Xuanyang !” “Nine fragrances return to Yin!”

“Six-fold sealing acupoints!”

“...”

Exclaimed one after another, from the old man’s mouth.

His whole body trembled as if sieving chaff, especially when he looked at the leftovers again, as if looking at the most precious treasure in the world.

“It must be him! In this world, if someone masters these prescriptions, then it can only be the Bone Sacred Hand!”

“Also, for some time now, Jiang City has been circulating the miracle of a Lin’s genius doctor! Could it be...” Mobile terminal:

thought of this!

The old man in Mai hurriedly turned his head and asked the Baishan couple:

“Two, may I ask who is the one who made this medicinal meal? Is he surnamed Lin?”

Chapter 877

Is his surname Lin?

At this moment, after hearing the question from the old man in Mai, the Baishan couple couldn't help but be in a daze:

“That's right! These medicinal meals are made by my son-in-law, and my son-in-law's name is Lin Fan!”

Baishan said without any concealment .

Lin Fan.

Hearing this name, the pupils of the old man in Mai could not help but shrink.

“That's right up! It seems that this is Lin Fan Lin recently famous river city of geniuses! And this couple apparently did not know his true identity!”

“Because he is the bones Kathrine!”

Slightest The sky was shaking and the waves were surging constantly in the heart of the old man in Mai.

He didn't tell the Baishan couple about Lin Fan's identity.

after all!

The Bone Sacred Hand is the god in the hearts of global healers.

This kind of character hides his identity and lives in a small third-tier city like Jiangshi. He must have his own reasons.

The old man in Mai dare not say anything.

“Old man, are these medicinal meals made by my son-in-law valuable?” Bai Shan asked curiously at this moment.

He also wanted to determine whether his recent physical improvement was really related to Lin Fan's medicated diet.

value?

Hearing this, the old man in Mai's mouth twitched slightly, and then said with a wry smile:

"Two, your family is definitely a blessing from your previous life! These medicinal meals are not just valuable, but...value inverse God!"

What!

The words of the old man in Mai completely shocked the Baishan couple.

Value against the sky?

This... Isn't this just a few simple medicated meals? Even if it is valuable, how valuable can it be?

Haven't waited for the inquiry of the Baishan couple.

The husband and wife saw that the old man in Mai pointed to the lotus seed soup, with a deep reverence on his face, and said:

"You two, do you know that eight Chinese medicines are used in this lotus soup!" And these eight Chinese medicines are extremely sophisticated, they are divided into three yin and three yang to reconcile!"

"The selection of materials and the dosage ratio must be accurate to the level of milligrams in order to be effective!"

said.

The old man Mai looked at the eyes of the Baishan husband and wife, with deep envy and jealousy:

"This lotus soup is worth a million!"

What?

Worth millions?

After hearing the words of the old man in Mai, both Baishan and Shen Yumei were completely shocked by this number.

The two looked at the old man in Mai stupidly, and even suspected that the old man had lost his mind.

It's just a soup and medicated diet.

The medicinal materials used are not expensive, how can they be worth millions? Isn't this an international joke?

The couple looked incredible look, the more full-bodied Mai old man mouth smile:

"!! You do not know because this is a medicated world and only you-in-law a person can come out with"

"If those really were the world's top The big brother knows that, let alone millions, even if it costs ten million, people who want to buy are like the Qing dynasty!"

Wow!

A word from the old man in Mai suddenly subverted the Baishan couple's worldview.

They could see that the old man was extremely serious.

Could it be that the medicated diet made by Lin Fan is really so precious?

A medicated diet is worth millions.

And their family has three meals a day, four dishes and one soup for each meal!

That is, 15 million in a day?

I... my Nima!

Chapter 878

At this moment, the two of Baishan and his wife looked at each other, especially thinking that if this old man in Mai is true, after their family really eats 15 million in a day, they only feel that their scalp is numb.

But this is more than that.

Immediately afterwards, the two saw that the old man's face was full of excitement and respect, and asked:

"Two, may I ask your son-in-law, Mr. Lin Fan, where is it now?" The Baishan couple apparently also noticed it. The old man's attitude seemed to be more respectful, and he couldn't help but asked curiously:

"Old man, do you have anything to do with my son-in-law?"

Hearing this.

The look of the old man in Mai obviously hesitated slightly.

It seems embarrassing.

But in the end he bit his head and said straightforwardly: "It's true! I can meet such an expert, the old man...want to apprentice!"

Apprentice?

The Baishan couple was completely dumbfounded.

Lin Fan is just a hairy boy in his twenties, and the old man in front of him is probably over eighty years old at least.

An old man in his eighties, to a teacher in his 20s, Lin Fan?

This...what a joke.

"Sorry, old gentleman, my son-in-law is obviously out of business, and my husband and wife don't know where he went?"

Baishan still looked at the old man Mai and said like a lunatic.

do not know?

Hearing this, the face of the old man Mai could not help showing a deep disappointment.

But just when he wanted to stay at the Bai's house and waited for Lin Fan to return, he heard a footstep at the door.

I saw the neighbor next to him, but Aunt Zhang walked to the door and said,

"Baishan, Yumei! Lin Fan went out just now, and he also confessed to me that he would go to the Yifan Chinese and Western Hospital to handle some things! Come back later! Let me and Say it!"

Huh?

Ivan Chinese and Western Hospital!

Hearing Aunt Zhang's words, the expression of the old man in Mai suddenly became excited.

...

And at the same time!

The entrance of the Yifan Chinese and Western Hospital was extremely lively. A passerby, who was famous for the excitement, blocked the water surrounding the entrance, pointing to the inside, and there was a lot of discussion.

"Oh! That young man is amazing. In less than an hour, he has cured eight patients!"

"Yes, it's a pity that the doctors at the Yifan Chinese and Western Hospital! Their medical skills are not bad, but they are better than this. Young people, it's a lot worse!"

"Eight-game losing streak! I don't know if the old man can save his face in the hospital this time!"

"Look at Xuan, look at the old man's forehead, he started to sweat, and That young man is calm and calm, and he has already settled his sentence!" The surrounding passers-by talked a lot, looking at the center of the crowd.

And at the moment!

In the center of the crowd.

There are two tables and chairs, one old and one young, and two doctors are seeing a patient.

The old and the young are all Chinese medicine! Mobile phone:

look, smell, ask, cut!

The four-step TCM diagnosis method was brought to the extreme by the two.

And when the diagnosis is complete.

The old man and the young man wrote down the patient's illness in their medical records.

Chapter 879

Two prescriptions!

Senior old: 'Patient's complexion, yellow and purple tongue, numb hands, accompanied by intermittent convulsions, symptoms-transient ischemic attack' Prescription: Astragalus 50g, Ephedra 40g, Chinese wolfberry 60g, Ligustrum lucidum 30 grams, with 100 grams of Polygonatum, 100 grams of raw cornus, three cups a day! '

Youth: 'The patient has severe hair loss, dull eyes, numbness in his left hand, pain in his right hand, a slight tumor in the armpit, accompanied by body twitching, and the symptoms-transient ischemic attack! '

'Prescription: 50 grams of astragalus, 60 grams of wolfberry, 30 grams of Ligustrum lucidum, combined with 100 grams of Polygonatum, 100 grams of raw cornus, three cups a day, noon, noon! '

Wow!

At this moment, when the old man and the young man put their own diagnosis and prescriptions in front of everyone.

Everyone was shocked.

Diagnosis of symptoms, the same as-transient ischemic attack.

But the only difference between the prescriptions prescribed by the two is.

There are 40 grams of ephedra in the prescription of the old man!

And there is no ephedra in the prescription for youth.

After reading the old man's prescription, the young man seemed to have seen a big joke, and his face suddenly showed a thick and frantic smile:

"Ephedra? Hahaha... You laughed at me! Old fellow, how dare you say it? You are not a liar!"

What!

A word from the youth changed the expressions of Elder Gao and everyone around him.

The diagnosed symptoms are the same, but the two of them differ by one medicine in the prescription.

Why is the old man a liar?

Looking at the frantic smile of the young man, whether it was the passersby around him or a famous

doctor, he was confused.

“Little guy, you can eat food indiscriminately, but you can’t talk nonsense! The prescriptions issued by you and me can treat transient ischemic attacks! And if the old man adds ephedra, the effect can be faster and immediate!”

“Compared with each other ! , On the contrary, your prescription will take longer!” The old man’s complexion was ashen as he stared at the young man angrily and retorted.

And heard this.

The many doctors around could not help but nod their heads.

Gao Lao is right. Adding ephedra can indeed stimulate the blood supply of the heart, and the recovery effect of the patient can be improved by as much as 20%.

The prescription for youth can only be said to be quite satisfactory, nothing more.

By comparison.

Gao Lao’s prescription is obviously better.

It’s just that everyone can’t understand why young people are still qualified to laugh at seniors.

now.

Seems to see the public’s doubts, the youth could not help Lengheng soon, mouth filled with a deep sense of irony:

“!!! Well first Chinese medicine shit River City, the old guy, you purely for nothing”

finished.

The young man took his prescription and brought it over.

Then, at the end of the diagnosis description, another line of words was added.

‘At the same time, the patient has a myocardial infarction! Do not use irritating drugs! ‘

What!

When they saw the line added by the young man, the complexions of Old Gao and the other doctors changed drastically.

Myocardial infarction!

If, as this young man wrote, this patient has a myocardial infarction, then the ephedra in the old prescriptions is probably not a good medicine, but a poison.

Even the best result will completely lose the therapeutic value of the whole prescription.

Chapter 880

“No...impossible!”

“I just checked carefully. This patient’s heart rate is steady, how could he have myocardial infarction?”

Gao Lao’s face turned pale at this moment.

And see this scene.

The young man next to him suddenly sneered: “Hmph! Your examination was just looking at the patient’s previous case! But you don’t know that his case was a month ago!”

“Although his heart rate is stable now , That’s because he just put a heart stent some time ago! ”

Boom!

The young man’s words were like a burst of thunder, causing Gao’s body to tremble fiercely.

Putting on the heart stent can indeed keep the heart rate steady.

If the patient does not take the initiative to explain, even if the senior medical skills are superb, it is difficult to find out.

And now...

“You...do you really have a myocardial infarction? Let go of the heart stent?” Gao Lao looked at the patient with a pale face.

And at the moment.

With a panicked expression on his face, the patient hurriedly said:

“Yes...yes! I had a small heart operation some time ago! It was just that I was ill today and came eagerly,

so I forgot to explain it!”

What!

The patient’s words made Gao old only feel dizzy for a while.

Lost!

With just such a detail, he has become a loser.

The young man discovered this. There is no ephedra in the prescription, even if the treatment effect is slow, it can still be cured.

But he didn’t realize this. Ephedra was added to the prescription. Then there are two possibilities in the end: the prescription is ineffective, or it becomes a poison, causing fatal consequences for this patient.

Thought of this.

Gao Lao’s whole person seemed to be several years old in an instant, his face full of gray.

“I... lost!”

Boom!

Hearing this, all passersby around were in an uproar.

Nine battles and nine defeats!

Everyone can’t imagine that even the elders who are the first Chinese medicine doctor in Jiang City are defeated by this young man.

The young man’s medical skills are simply incredible.

Especially the doctors at Yifan Chinese and Western Hospital.

Their faces were full of unwillingness and anger.

Only a little bit.

If this patient takes the initiative to confess, it is impossible to lose to this young man by virtue of the senior’s ability, and even more effective treatment can be prescribed.

And now!

The difference is a thousand miles away.

The failure of the old man almost meant that their hospital was completely crushed by this young man, which was extremely embarrassing.

“Huh! How is it? Are you convinced now?”

“I said earlier that your hospital is just a name! By the way, I heard that there is also a genius doctor in your hospital! Let that Get out of the biggest liar, I want to expose his silly face!” The youth’s words were extremely arrogant.

And this sentence immediately exploded the anger of all the surrounding doctors.

“Asshole! How dare you humiliate our Dong Lin!”

“What are you, what qualifications do you have to challenge our hospital boss!”

“It’s too rampant, the medical ethics is corrupt, and there is no one in your eyes. You are not worthy to practice medicine!”

“...”

At this moment, all the doctors around were shouting angrily.

Chapter 881

In their eyes.

The great doctor Lin is the Dinghai Shenzhen needle in Jiang City’s medical circle. Only the last time he defeated Madman Mike’s team was enough to become the pride of Jiang City’s medical circle.

But now, how can they face the young man’s contempt and humiliation of the genius doctor Lin.

Especially Gao Lao.

He has always regarded Lin Fan as an idol, and he knows that Lin Fan is the deity in the eyes of doctors around the world-the sacred hand of bones.

How can such a character be humiliated by such a junior.

“Boy, it’s better to keep your mouth clean! Genius Doctor Lin, you are not qualified to comment!” Old

Gao stared at the young man, his eyes gloomy.

Just heard this.

The young man not only did not constrain the slightest, but became more arrogant:

“The genius doctor? Hahaha... a joke!”

“I tell you, in the whole Jiangnan Province, there is only one person who can be called a genius doctor, and that is my teacher-Zhang Tianyi!”

Zhang Tianyi!

After hearing this sentence, the surrounding atmosphere suddenly stagnated.

No matter it is the old man, or all the doctors and passersby around, all eyes widened.

“Boy, you... You said Zhang Tianyi, but the ‘living Huatuo’ who lived in Tianyi Mountain for ten years—the genius doctor Zhang?”

Old man Gao just felt his heart violently twitching, it was difficult. Asked confidently.

Living Huatuo——Zhang Tianyi!

This name can be said to be known to no one in Jiangnan Province.

Within these decades.

There have been no fewer than ten major infectious diseases in the Jiangnan area. Every time, countless people were killed and their lives were destroyed.

And Zhang Tianyi is like the protector of Jiangnan.

Every time a major infectious disease broke out, Zhang Tianyi would bring life-saving medicine and go out of the mountain.

Save all people from fire and water.

It can be said!

Over the years, Zhang Tianyi is definitely the first person in the Jiangnan medical world, even because he

has saved countless lives, he is even called the “Living Huatuo”!

This is more than that.

Even Huaxia, in order to reward Zhang Tianyi for his merits, named the mountain where he lived in seclusion-Tianyi Mountain.

Almost became his private domain.

Every year, I go to Tianyi Mountain to find Zhang Shen’s treatment and life-saving officials, countless nobles.

just!

The senior elders and others never thought that this young man would be a disciple of that genius doctor.

“Yes! I am Zhang Tianyi’s closed disciple-Ye Tian!” The young man was proud and contented.

And heard this.

Old man Gao’s complexion became even more gray and defeated:

“The old man is not unjustly defeated ! Not unjustly...”

Bitter!

lonely!

The old man at this moment was hit harder than the last Madman Mike.

After all, Ye Tian in front of him was only in his early twenties, almost the same as Lin Fan.

Losing to such a young man left him with mixed feelings.

“Okay! Now that you know who I am, let the person surnamed Lin get out now!” Ye Tian said arrogantly,

“This person surnamed Lin has been so beautiful recently! My master is not born, he But he was called a genius doctor?”

“Huh! Today, let me take care of this genius stick for my master!”

Chapter 882

Wow!

In Ye Tian's tone, Lin Fan didn't pay attention to it at all.

And hearing this, even if he was Zhang Tianyi's disciple, it instantly aroused the anger of everyone around him.

It's just that I haven't waited for the people around to refute it.

A figure stepped out:

"You are not worthy of Lin's doctor! Next, I will accept your challenge!"

Huh?

Hearing this, everyone around was stunned, and they saw that a foreigner came out of the group of doctors.

He is the Madman Mike!

Wow!

Seeing Mike stand up, there was a burst of cheers among the group of doctors.

"The dean is awesome, let this kid know how great!"

"That's right! Even if he is a disciple of a genius doctor, so what! Insulting our Dong Lin, just can't do it!"

"Boy, our Dean Mike teaches you how to be a man today!"

" ... "

Doctors in many hospitals, as if seeing the hope of regaining their face, kept clamoring.

Even Elder Gao couldn't help but let out a long sigh of relief after seeing Mike come out.

"I'll leave the rest to you!" Elder Gao patted Mike on the shoulder, then walked back to the crowd of doctors, ready to watch the battle.

Until then.

Only Ye Tian and Mike are left in the field.

“Foreigner?”

Ye Tian looked at the blond and blue-eyed Mike, his mouth couldn't help but a deep contempt appeared:

“I said long ago, this hospital is just a rubbish, it is really a waste to let a foreigner be the director of this hospital. The face of our Chinese people!”

“If I remember correctly, you should have been Mike, a madman of Western medicine in Jiangnan some time ago, right?” Mike, he naturally heard the name.

During that time, Mike raged in the Jiangnan medical profession, almost no one could beat him. He won thirteen consecutive victories, and even crushed Chinese medicine into the soil.

“It's just that I'm very curious! With your ability, how can you be willing to stay in the hospital in this third-tier small city?” Ye Tian looked at Mike and couldn't help but ask.

However, I heard this.

Mike couldn't help but smiled:

“Boy, you are too young, you don't understand the power of idols at all!”

“Mr. Lin, is my idol, I stay here and work for Dr. Lin willingly!”

What!

Heard this.

Ye Tian's complexion couldn't help changing slightly.

idol?

He didn't expect that this madman of Western medicine would be completely dormant by the forest god stick, and even committing himself to it for this god stick, it was simply incredible.

“Okay! Very good!”

The sarcasm at the corner of Ye Tian's mouth became more intense:

“In that case, let me take a look, what is your ability to follow that surnamed Lin!”

After speaking, he waved to the side. :

“Let the next patient come in!”

Wow!

Hearing this, passers-by onlookers drew aside one after another.

Then only two medical staff, carrying a man, walked in quickly.

The man was completely unconscious, angrily.

Not only that.

Especially his complexion was bleak, as if he would be killed on the spot at any time. This is more than that. This man is obviously feverish, and beads of sweat are constantly rolling down from his forehead, even in his pores. , Are all infiltrating with blood beads.

Chapter 883

Ok?

See this scene.

Ye Tian and Mike didn't have any nonsense, they stepped forward one after another, using Chinese and Western medical examination methods to examine the patient.

It's just surprising.

With the passage of time a little bit.

Whether it was Ye Tian or Mike, their expressions gradually became serious, as if the two of them were completely helpless about the patient's condition.

This...

the people around, at this moment, their hearts could not be lifted.

They didn't expect that the symptoms of this patient would be so complicated that even the young Ye Tian and Dean Mike would have troublesome conditions at the same time.

“The patient is feverish and suspected to have symptoms of toxemia, his pores are bleeding, lymph nodes are swollen, and maybe pneumonia!” he said.

Everyone saw that Ye Tian seemed to have thought of something. His complexion changed suddenly, and he shouted at everyone:

“Everyone, get away! This...this may be the Black Death!”

What!

In a word, let this place fry in an instant.

The Black Death is also called the plague!

This is an extremely terrifying and violent infectious disease that once ravaged Europe in those days, killing countless people, as if it were a life-deathing disease, which made people frightening.

No one had thought that Ye Tian would have concluded in one fell swoop that this might be the Black Death.

Hoop!

Almost for an instant, many passers-by and doctors around, dodge as if avoiding the plague.

In the blink of an eye, only Ye Tian, Mike and the patient were left in the field.

“Damn! This must be the Black Death! I just heard that some time ago, there have been cases of the Black Death in Southern Province! I just didn’t expect it to be spread to Jiang City!”

Ye Tian’s face was pale. The rhetoric is conclusive, almost completely concluded.

Dense cold sweat flowed down from Ye Tian’s forehead.

However, what surprised him was.

The Mike next to him shook his head:

“No! This is not the Black Death!”

Huh?

As soon as this remark came out, Ye Tian was taken aback for a moment, and then frowned and asked:

“How do you know that this is not the Black Death! This person’s symptoms are almost completely in line with the conditions of the Black Death! Then you say, he is not the Black Death.” What can it be?”

“This...I don’t know!”

Mike’s words couldn’t help but sluggish, and his expression ugly shook his head:

“I have consulted the psychiatrist Lin before about the history of infectious diseases in Europe! According to Lin Shen Medical In other words, every generation of infectious diseases has a period of extinction for a certain year!”

“The extinction period of the black death has passed. If this disease appears in China, the probability is very low! Moreover, there are many other diseases, and black Death and sickness are similar. You can’t judge that this person has the Black Death based on these alone!”

Mike said firmly.

just!

What did Lin’s doctor say?

Hearing the three words’Mr. Lin’, Ye Tian couldn’t help being furious, and immediately shouted angrily:

“The shit doctor Lin is just a god stick!” That’s it.

Ye Tian glanced sarcastically at Mike, as well as the surrounding seniors and many other doctors, and said sarcastically:

“Did you see it? Your dean, you can’t tell this person’s condition at all!”

“So, this time you lost again! Tenth defeat!”

Chapter 884

Wow!

With Ye Tian’s words, the expressions of the elderly Gao and others were instantly ugly.

Tenth defeat!

No one thought that Dean Mike had just said that it wasn't the Black Death, but he couldn't tell what the disease was.

For a while, every doctor around felt hot on his face, which was obviously extremely embarrassing.

And many passersby next to it.

At this moment, they looked at Ye Tian one by one, as if they were looking at a god, and the eyes were full of fanaticism and worship.

One person, crush a hospital!

This Ye Tian is definitely the next generation of genius doctors, without a doubt.

“Okay! Quickly lock down the scene and isolate this patient! Then report the situation here!”

“Otherwise, once the Black Death really spreads, no one of you Ivan Chinese and Western Hospital can bear the responsibility!”

Ye Tian pointed at Mike and others, arrogantly.

And heard this.

There were some medical staff who wanted to step forward and began to block the scene.

However, at this moment!

“Wait a minute!!!” A clear voice came from behind the crowd.

Then, everyone saw that a doctor and a young man walked through the crowd and came in towards this place.

Ok?

“Who said to wait? If something goes wrong, who can be responsible?” Ye Tian was furious at the moment.

He didn't expect that when he crushed this hospital ten times, someone would dare to stop him.

“I said!”

With the clear voice, a young man had already arrived in front of everyone.

Look at this young man.

Ye Tian's expression was even more raging. He didn't expect that it was a guy about the same age as himself, who stood up to stop him:

"Boy, what are you? Is there any place for you to speak here?"

Ye Tian Very arrogant.

however!

Just when his words were just uttered.

It was stunned to discover that the madman Mike, the old man, and a doctor from the Ivan Chinese and Western Hospital huffed and bowed to Lin Fan:

"Mr. Lin!!!"

"Dong Lin!!!!!!" "

Jing... After the frenetic and admiring voices resounded, the door of the entire hospital became completely silent.

Many passers-by, and the arrogant Ye Tian, their expressions instantly solidified.

He... is he the genius doctor Lin?

how can that be!

So young and so immature!

How could he be the Jiangshi hero who defeated Madman Mike and brought him back to life in an instant?

Senseless.

Not only the passersby and patients around, the most shocking was Ye Tian himself.

As Zhang Tianyi's closed disciple, he has always believed that he is definitely the youngest medical

master in China.

However, I couldn't think of it, that the genius doctor Lin, who taught him so much, was almost the same age as his own, which was incredible. Mobile: After a short silence.

"Hahaha...The genius doctor Lin? It turns out that the so-called genius doctor Lin is just a hairy boy! Haha..."

After reacting, Ye Tian seemed to have seen the most funny thing in the world, and he suddenly smiled forward and backward.

He looked at Lin Fan as if he was looking at a liar.

Chapter 885

Ye Tian looked at Mike and the others around him, as if he was looking at a group of idiots:

"You fools, this guy is in his early twenties, and you call him a genius doctor? It's so ridiculous! My God, one. Liars and a group of fools, hahaha..."

Ye Tian burst into a burst of laughter.

Just hear his words.

The surrounding Mike, Old Man and others looked at him as if they were looking at a clown.

"Okay... okay! Boy, since you are Lin's genius doctor, then it's just right to come!"

Ye Tian finally managed to hold back his smile, and then said to Lin Fan with a sarcasm:

"Your subordinates, I have won ten battles and ten victories!"

"As the boss, you guy who is called the genius doctor, tell me, what do you think of this black death patient?"

Finished!

Ye Tian embraced his arms and looked at Lin Fan, as if waiting for a clown's performance.

It's just that Lin Fan didn't seem to see this young man.

I just ignored him and walked past him.

When Lin Fan knelt down and checked the patient's symptoms, he said directly to Mike and the others:

“This is poisoning!”

“Help me get a needle!”

What!

Lin Fan’s words not only stunned Ye Tian, but even the people around him were all dumbfounded.

Not the Black Death?

Is it poisoning?

how can that be.

You know, Ye Tian’s performance before, can make everyone admire, the other party has already said that this person’s symptoms are exactly the same as the Black Death.

And now, Lin Fan just took a look, and didn’t even take a serious check. How could he overthrow the Black Death and say it was poisoning?

This is just like joking.

Especially Ye Tian.

Lin Fan’s ignorance made him angry.

Lin Fan’s diagnosis made him crazy.

At this moment, he turned his head to stare at Lin Fan, and shouted angrily:

“Nonsense! I have already diagnosed this person’s symptoms, 100% of the black death!”

“You are a liar, you lied. They, you can’t lie to me!”

Ye Tian’s voice was frustrated.

However, what made him even more dumbfounded.

After hearing Lin Fan’s instructions, no matter it was Madman Mike or the seniors, there was no doubt.

Instead, he quickly took out a needle box and stepped forward to help.

“Seven inches of needles, three!”

“Six inches, five!”

“Four inches, two!”

Lin Fan said slowly.

When he heard his words, the senior man next to him quickly took out the needles, then heated them to sterilize them, and handed them to Lin Fan.

At this moment, Lin Fan didn't even respond to Ye Tian's words.

Just take care of himself and save others.

“Huh! Okay! Just pretend!”

Ye Tian ridiculed, watching Lin Fan start saving people seriously, as if he was watching a clown show:

“Wait a minute, you liar can't pretend to be anymore. , See how I break you down!”

At this moment, Ye Tian seemed to have seen the scene of a liar like Lin Fan by himself, making the smile on the corner of his mouth thicker.

Chapter 886

quickly!

Under everyone's attention.

Lin Fan took off the patient's coat, then took a few needles, pointed them at each acupuncture point, and pierced them down. Mobile terminal:

one after another!

In the blink of an eye, the patient had been stabbed with more than a dozen roots, densely packed, like a hedgehog.

A little bit of time passed.

There was no sound at the entrance of the entire hospital, and everyone was waiting for Lin Fan's treatment.

just!

One minute!

five minutes!

ten minutes!

When more than ten minutes passed, everyone around was shocked to find that the patient had slowly faded away except for his fever.

However, his face was getting greener and bluer, and even started to change from blue to purple.

Tick!

Tick!

Originally, blood beads overflowed from this patient's body and gradually changed color.

It's black.

This...

Seeing this intriguing scene, all the passersby and patients around, their expressions became serious.

"Is this genius doctor Lin really good? How do I look, this person is going to be finished!"

"Yes, this genius doctor Lin is a fake, right? I still feel that Mr. Ye Tian is more correct!"

"No. Wrong! If it is really the Black Death, I am afraid that the problem has gone big!"

"..."

The passers-by around were worried.

At this moment, almost all of them began to lean more towards Ye Tian. In their eyes, as the patient's appearance became more and more scary, they felt that Lin Fan was unreliable.

Not only them.

The happiest person at the moment was Ye Tian.

Seeing that the patient's face turned completely black, his heart was even more happy.

especially!

Immediately afterwards, Ye Tian saw that Lin Fan began to narrow the needles one by one.

As each needle was pulled out, a trace of black blood spattered from the patient's body.

"It's over! This person is completely hopeless!"

Ye Tian couldn't help but shook his head.

He could conclude that the moment Lin Fan pulled out all the needles, it was when the patient died.

"Wait! This guy has become a murderer now, and it seems that the mask of this magic stick has also been thoroughly exposed!"

A sarcasm appeared at the corner of Ye Tian's mouth.

especially!

Pouch!

When another strand of jet-black blood spattered from the patient's body.

Ye Tian wanted to speak immediately, accusing Lin Fan.

However, his mouth just opened, and an unbelievable scene appeared.

Huh!

The patient who was originally in a coma suddenly sat up from the ground after Lin Fan pulled out the last needle.

Then he faced the ground, vomiting blood.

A mouthful of black blood spurted out wildly.

Especially, with every blood spurting out, the black color on this patient's face will fade away.

till the end.

The blackness on his face disappeared completely, and turned into pale white.

What made Ye Tian almost couldn't believe his eyes were.

After the patient sprayed a pool of black blood, he actually raised his hand and wiped the corner of his mouth, then turned to look at the people around him, his pale face, a thick dazed color:

" I... where am I?"

Chapter 887

boom!

Have you spoken?

This... how is this possible.

Ye Tian was struck by lightning. He looked at the patient's sober appearance, as if he had seen a ghost:

"You... are you all right? This is impossible!" he said.

Ye Tian hurried forward and checked the patient again.

However, following the examination, Ye Tian's complexion turned pale after another:

"The high fever has gone away!"

"Lymph nodes, it seems to be small!"

"The bleeding of the pores has stopped!"

"No... how could it be? This way! Isn't it really the Black Death?"

Dense cold sweat rushed down from Ye Tian's forehead.

Until he was completely sure, the patient's symptoms before him all returned to normal.

Puff!

Ye Tian seemed to have lost all his strength, and fell to the ground, completely dumbfounded.

Quiet!

At this moment, many passers-by around saw this scene, even if they were stupid, they understood what had happened.

Succeeded?

Everyone did not expect that this patient was clearly dying just now, and when the needle was pulled out, he turned out to be...healed as before!

This method is simply incredible, making everyone unbelievable.

“Now, have you taken it?”

Madman Mike stood in front of Ye Tian at the moment, his face was full of ridicule and sarcasm:

“I told you a long time ago that Doctor Lin is my idol, you even give He is not qualified to carry shoes!”

what!

Mike’s words seemed to have stepped on Ye Tian’s tail.

Let him jump up from the ground.

“You...you dare to say that I am not qualified to lift him shoes?”

Ye Tian stared at Mike angrily, gritted his teeth with anger.

Who is he?

He is Zhang Tianyi’s closed disciple.

Although he is only in his early twenties, he has already received the absolute true biography of Zhang Tianyi.

Even in the entire Jiangnan medical profession, there are only a handful of people who can beat him.

And now!

humiliation!

Ye Tian only felt as if he had been humiliated and humiliated, making him angry.

He stared at Lin Fan, his teeth creaking:

“Boy, I admit that you won this game, I missed you!”

“But, I still don’t believe it, you reached my master Zhang Tianyi The realm of genius doctor!”

“So, I have to compete with you!!!”

Boom!

Ye Tian said a word, and the passers-by were in an uproar again.

They didn’t expect that Ye Tian would still be unwilling to do so and would like to compare his medical skills with Lin Fan.

Swish!

At this moment, everyone looked at Lin Fan’s body.

They want to know whether this genius doctor Lin, who has just created a miracle, will agree to the challenge?

however!

“Yes!” Lin Fan just nodded lightly, as if he had promised a trivial thing.

See this scene.

Ye Tian nodded in satisfaction:

“Don’t say anything else, you have a kind!”

Finished!

Ye Tian immediately said to the medical staff:

“Let the next patient come over!”

Next!

Hearing this, everyone knew that the good show was coming again, and they were all excited and

looking forward to it.

They wanted to know whether Ye Tian could save his face and whether Lin Fan would continue to perform miracles in the next competition.

However, just when a medical staff wanted to call the next patient.

“Wait a minute!”

Lin Fan said.

Chapter 889

Ok?

This scene not only stunned Ye Tian, but even the many patients and passersby around him were all dumbfounded.

“Little...boy, shouldn't you ask about the condition and see the cases?” Ye Tian looked at Lin Fan with a stunned expression on his face.

It was the first time he saw him. Someone glanced at the patient, and then wrote a prescription without saying a word.

Isn't that so...isn't it a joke?

Hear Ye Tian's words.

Lin Fan just shook his head faintly:

“No need!”

finished.

He didn't bother to pay attention to Ye Tian anymore, but continued to sullenly sign the prescription, and began to write.

Wow!

See this scene.

The noise of passers-by and patients around became more and more intense.

Everyone looked at Lin Fan as if they were looking at an idiot.

“He is the genius doctor Lin? What a joke, there is no even the most basic TCM diagnosis process!”

“Yes, which TCM doctor does not need to look at each other, but he only needs a glance to write a prescription directly? This is a joke!”

Huh! What kind of shit Lin’s doctor, Mr. Ye is right, he is 100% a liar!”

“...”

At this moment, the many passers-by and patients around, looked at Lin Fan, and their eyes became worse.

Not only them!

Even the old man, Mike the madman, and others are smiling bitterly, wondering what the doctor Lin is going to do?

Severe symptoms at a glance?

This is incredible after all!

Lin Fan just turned a deaf ear to all the discussions and doubts around him.

With the ballpoint pen in his hand, dragons and phoenixes kept flying, and one prescription after another was signed.

Three!

Five!

Ten!

...In the blink of an eye. When Lin Fan’s ballpoint pen fell, a full ten prescriptions were completed.

This is... over?

When Lin Fan stretched out and got up from the desk and chair, everyone around him was dumbfounded.

“Here! Here is your prescription list, your symptoms and prescriptions are all listed! Just follow the

above to grab the medicine, it only takes three days, the disease will heal naturally!”

Lin Fan immediately picked up the stacks of prescriptions in his hand. , And then handed it over to ten patients one by one.

And took these prescription orders.

The faces of the patients were still filled with hesitation and disbelief.

After all, the doctor in front of him is too strange.

I never asked about my condition, and did not ask about my medical history.

Prescribe the medicine directly and let yourself catch it?

This... is an international joke.

Looking at the look of the patient’s face, Ye could not help cold smile:

“You will keep the first prescription for a while, so I help you diagnose all finished, and then my prescription, and he compares!!”

“Look See if he is a big liar!”

Finished.

Ye Tian immediately pointed to the first patient:

“You, come here!”

Hearing this, a smile of joy appeared on the patient’s face, and then he hurried forward and sat down opposite Ye Tian.

Until Ye Tian made some observations and inquiries.

A confident smile appeared on his face:

“Your condition has been determined. It is a head wind! It is also called-migraine vascular neuropathic headache!”

“You only need to follow my prescription. It only takes half a month to get the medicine and heal!”

Chapter 890

Ye Tian's tone was complacent, obviously he was 100% confident in his diagnosis.

just!

After he finished speaking, he was surprised to find that the expression on this patient's face had become extremely weird.

Ok?

Not only Ye Tian discovered this, but even the people next to him saw this scene.

Everyone sees it.

After hearing Ye Tian's diagnosis, the headwind patient unexpectedly put Ye Tian's prescription sheet and Lin Fan's prescription sheet together for comparison.

And as he watched, the weird and shocked look on his face became more and more intense.

"What's wrong? Is there a problem with my prescription?" Ye Tian's expression was a bit dissatisfied.

After all, how can this patient compare his prescription with that of a liar, Lin Fan!

This is simply a humiliation to myself.

however!

Next, the patient's words made Ye Tian's whole person struck by lightning:

"Mr. Ye Tianxiao, the prescription list of the genius doctor Lin is almost the same as yours!" "The same headwind, the same medicine, It's just that the ratio of medications is different, and his prescription sheet says that he will heal in three days!!! "

What!"

At this moment, when the patient's words fell.

Quiet...In this area, all the sounds have disappeared.

A series of gazes, filled with deep consternation and disbelief, looked towards the patient.

The same diagnosis!

The same prescription!

The only difference is that the ratio of the medicines is different. Ye Tian's prescription takes half a month to heal, while Lin Fan's is... it will heal in three days?

how can that be!

boom!

After the reaction, this area exploded.

The faces of a patient and passers-by were filled with a deep horror.

after all!

Lin Fan just glanced at the prescription sheet that he wrote out, but Ye Tian carefully checked and inspected it. It took 20 or 30 minutes to write out the exact same prescription sheet.

This is simply incredible.

"No...impossible!!!" After Ye Tian heard this, his whole person jumped from the chair in fright.

With a pair of eyes, he looked at the prescription in the patient's hand, as if he had seen a ghost: Mobile phone:

"I don't believe it! I'm careful, after examining your body, I wrote the prescription! How could it be exactly the same as this liar, the prescription for the diagnosis? This... absolutely impossible!"

Puffy beads of sweat flowed down from Ye Tian's forehead.

And see his look.

The patient couldn't help but gave a wry smile, and then handed the two prescriptions in his hand to Ye Tian.

Now!

Ye Tian grabbed it quickly, and then stared at the two prescriptions with a pair of eyes, as if trying to find out the tricks from them.

Of these two prescriptions, one was written by him himself, which is visible at a glance.

On the other hand, the font “Dragon Feifeng Dance” not only describes the symptoms of the illness, but also, Ye Tian discovered that the medicines used in the two prescriptions were all the same.

The only difference is the ratio of the two medicines, but they are completely different.

“How could this happen! This liar only glanced at it!”

“How did he determine the symptoms and prescriptions!”
