

Super Rich Dad Chapter 884-886

Chapter 884

Jiang Hao had always heard about Yu Shaobai on the road, and this was the first time he had seen her in person.

Unlike what he had imagined, Yu Shaobai didn't look like a somewhat grim man, on the contrary, although she was a bit far away, she looked somewhat refined.

If it wasn't for the things Ning Kun had told him. Maybe Jiang Hao would have thought that the other party was just a somewhat refined and ordinary person.

Er Tie was obviously somewhat satisfied with the reaction of Jiang Hao and the others, especially when he saw the surprised look on Jiang Hao's face, a hint of pride surfaced on his face.

'That's right, that's our young master Yu Shaobai, how about that, looks good. Let me tell you, I guess the people of the Blazing Banner didn't expect to run into our Young Lord this time!'

After saying this, Er Tie finished smoking the cigarette in his hand. Seeing that the battle inside was almost over, he dropped his cigarette and looked at Old Hat, 'You guys stay here and don't run around, I'll go first!'

As soon as the words were finished, Er Tie stood up and rushed forward with about forty people, while the people of the banner scattered in disarray!

Old Hat looked at Er Tie and said with some disdain, 'I thought this guy was still a man, but I didn't think he would only do something like stealing chickens and dogs.'

Ning Kun laughed bitterly and helplessly before saying, 'I don't blame him for that, looking at the scar on his face, he was probably a character before, but he's just seen a lot of things and that's why he's like this.'

After saying this, the expression on Ning Kun's face became somewhat grave, he didn't expect that he would run into Yu Shaobai again this time when he came over.

And looking at the current situation, it wasn't that simple if they wanted to get out of it.

Old Hat had obviously thought of this as well, and saw that Ning Kun had a somewhat grave expression on his face. So after smiling, he said, 'It's alright, since I've taken this job, I'll definitely get you guys to safety, big deal, I'll lose an eye on it.'

Jiang Hao had been a bit uncomfortable with this unattractive old man all the way, but only at this moment did he understand why Old Black had arranged for such a person to take them to the east of the river.

After a few moments of silence, Jiang Hao put down the things in his hands and then moved his muscles a little.

Ning Kun looked at Jiang Hao with some confusion and couldn't help but ask, 'What do you want?'

Jiang Hao pointed at the battle group that was ending in front of him and said, 'I'll go in and get some prestige while it's still fresh, so I might be able to save Old Hat's eyeball!'

After saying this, Jiang Hao rushed up like a cheetah and arrived at the battle group in a flash!

The man who had just been sitting with them, smoking a cigarette, had obviously noticed Jiang Hao, and when he saw that the other man had dared to rush up to help, he was surprised and threw him a long knife and shouted, 'You can do it, brother!'

It was unclear who was the good guy and who was the bad guy, but when I thought about the other party's appearance, I guess it was the same kind of virtue as the Qinghe Society. So Jiang Hao didn't go soft on him.

He got rid of four or five of them in three strikes, and then slowly killed his way towards the centre of the other side!

Soon, the people of the Qinghe Society found that there was suddenly an expert of unknown origin in their lineup, and although they couldn't figure out what the other side was thinking, they should be here to help them!

So everyone's morale was boosted, and they all tightly wrapped themselves around Jiang Hao to kill the men of the Lie Qi!

Within a few breaths, a squad with Jiang Hao as the tip of the sword had killed through the Lie Banner's formation, and then split up again and charged in!

Yu Shaobai, who was sitting on the hill, sipped his tea while looking at Jiang Hao who was charging around in the field and couldn't help but open his mouth and laugh, 'Interesting, what is this guy, Mountain Fingers, do you know?'

A big man with a somewhat fat body heard Yu Shao Bai's words. Respectfully, he spoke, 'I don't know, Mountain Finger, I don't have such a powerful character under me.'

After a moment of silence, the interest in Yu Shaobai's eyes as he looked towards Jiang Hao gradually became somewhat more intense.

'You don't have such a character under you. Then why would the other party come to help us?'

After saying this, he waved his hand somewhat wearily and spoke, 'Call Lie Qi and tell them to stop trying to do something useless from now on, or else I'll have to go and pay him a personal visit next time.'

After saying this, Yu Shaobai stretched a bit tiredly, then got up and intended to leave.

Hearing his words, Mountain Finger hurriedly nodded his head. At the same time, he opened his mouth and asked, 'Then, what about that person inside who came to help us?'

After Yu Shaobai's body gave a slight pause, he said in a deep voice, 'When it's over, you guys invite him to meet me, I believe he will come over.'

There were not many people who could make Yu Shaobai say please. A nobody in front of him could actually make Yu Shao Bai say please, so the other party must have hidden his strength as well.

Thinking of this, Mountain Finger nodded slightly before speaking, 'Here!'

Then he turned to look at the battle formation and called out, 'People of the Fiery Banner, your boss has run away! Now I tell you, don't try to do anything useless again!'

Just as the mountain fingers began to clean up the mess, Old Hat and Ning Kun were lying on the mountain looking at Jiang Hao with some tears and laughter.

'I originally thought this kid was just a man of strength, but I didn't think he would have good guts, a melee of one or two hundred people, saying he'd go on, sigh!'

The look on Old Hat's face was however somewhat complicated as he remembered what Jiang Hao had just said, and then thought of the look that came out of Jiang Hao's eyes when he met that woman along the way.

A soft sigh roared out. Old Cap took out the gold coin that Jiang Hao had handed him at the beginning and laid it in his hand.

'Do you think that one of my eyeballs could be worth a hundred thousand dollars?'

Ning Kun gave Old Hat a somewhat strange look, 'You're not talking nonsense, there's already one less. I think this one is worth a million, not to mention a hundred thousand!'

After hearing Ning Kun's words, Old Hat seemed to have made up his mind about something. Then he put the gold coin back into his pocket and spoke, 'Let's go, it looks like it's over, I'm afraid we'll have to go see Yu Shao Bai next.'

After saying these words. Old Hat took a deep breath and then got up from the ground, then walked back to the car and drove Ning Kun slowly along the road.

After walking for a short time, he came across two people standing in the middle of the road, waiting quietly, and when he saw them coming, he walked straight up and said, 'Old Hat? Our young master asks you to come over, along with the man in your car.'

The old man nodded, a smile on his face and said, 'All right, all right, come on up, we'll go together.'

The two men nodded slightly, and then got into Old Hat's car.

And after cleaning up the mess, Mountain Fingers eyes stared at Jiang Hao who had already taken off his shirt and was breathing heavily in silence.

It took Mountain Fingers at least three years of work to rise from the bottom and then meet Yu Shaobai.

Jiang Hao, on the other hand, looked like he was most likely a newcomer who had followed Old Hat to Hedong for the first time and had made Yu Shaobai look at him just once.

I can't say that I was envious, but I did feel some complications in my heart, after all, what took my own family three years to achieve, this young man in front of me had just come to Hedong on his first day.

Thinking of this. He sighed lightly before walking up with his own jug of wine and said, 'Brother, you have good skills, where did you beg for food in the past?'

Jiang Hao looked back at Shan Finger with some shock, then smiled and said, 'I used to be in Chujiang, but I couldn't stay here any longer, so I came to Hedong to beg for food, but I didn't expect to encounter such a big scene on my first day.'

Mountain Finger took a sip from the jug and then looked at Jiang Hao and smiled, 'It's alright. Such scenes are very common in Hedong, and you will have many more opportunities to see them in the future.'

After saying this, he threw the jug in his hand to Jiang Hao and said, 'Get up after the fight and take a rest. Have some wine to relax, your body will not be able to bear it without being soft.'

Jiang Hao took the jug and nodded with some gratitude to Mountain Finger, then took a sip and smiled as he felt the spicy taste in his mouth, 'Good wine, quite strong, hahaha.'

After saying that, he tossed the jug to Shan Finger again, because Jiang Hao knew that the other party would never come to him for something so simple.

As expected, after taking the jug Jiang Hao threw back, Shan Finger spoke with a somewhat grim expression, 'Our young master wants to see you, clean up a little, he hates those who are not well-dressed.'

Jiang Hao looked himself up and down, then couldn't help but laugh, 'I'm fine, at least I don't look dishevelled, it's fine. I'll follow you after I put my top on.'

Jiang Hao followed Mountain Finger for a short while before he saw a tent with a snow-white roof, and Mountain Finger stood at the entrance of the tent and whispered, 'Young master, I've invited the person you want to see.'

Jiang Haoyu's shoes curiously surveyed the tent before a magnetic male voice suddenly came out from inside and said, 'Let him in, go down and prepare some food and wine for me, I'm hungry.'

After hearing this, Shan Finger clasped his hands and said, 'Here, I'll go down and prepare it.'

Jiang Hao looked at Shan Finger's back, then took a deep breath and slowly walked into the tent, but he didn't expect to be stopped just before he reached the door, then he felt up and down once before he said, 'Please come in.'

Jiang Hao was a bit uncomfortable with such a habit of searching his body.

When he entered the tent, he looked at Yu Shaobai who was sitting on the ground and was reading a book in his hand.

‘You’re the one who just came forward to help us, right? Sit down.’

Jiang Hao nodded and sat down, then his eyes were fixed on Yu Shaobai, expecting him to come out immediately.

Who knew that Yu Shaobai took his mobile phone and made a call for a while. Now he turned around to look at Jiang Hao and looked up and down slightly.

‘It’s very strange, just now I gave your picture to my friends, they all said they hadn’t seen you before, nor were they much familiar with you love.’

After saying this, Yu Shaobai poured himself a cup of tea with a smile on his face and continued, ‘Tell me, what would you like to eat at noon, as a token of my gratitude to you.’

Jiang Hao shook his head slightly and then looked at Yu Shaobai and said with a smile, ‘I heard on the way here that the young boss is very good at what he does, and he’s also very nice, and when I saw him this time, it was just like they said!’

As the saying goes, a thousand times a thousand, a horse’s ass doesn’t wear off, no matter what kind of person the other party is. Let’s praise him first when we meet!

Yu Shaobai smiled and looked at Jiang Hao and nodded his head and said in a deep voice: ‘I’m afraid the reason you came out to help my men is not because you want to talk to me about this, right?’

Jiang Hao fell silent at his words, and just as he was about to open his mouth to tell the truth. Another voice suddenly came from outside the door.

‘Young master’s, I’ve brought over the two people I met on the road who were passing through, they’ve practiced over at the barrier, they’re basically fine!’

After hearing this Yu Shaobai nodded in satisfaction and opened his mouth and laughed: ‘No problem is good, what I am most worried about is meeting the kind of people who have problems, they will never care only about themselves. And won’t care about others.’

After Jiang Hao heard Yu Shaobai’s words, he didn’t know why, but his heart suddenly became a little nervous.

Perhaps it was because the expression on Yu Shaobai’s face was too real when he said this, especially his eyes, as if they possessed the ability to penetrate people’s thoughts.

Not long after, as expected. Old Hat and Ning Kun walked in with their heads bowed.

Especially after Old Hat saw Yu Shao Bai, he said with a big smile on his face, 'It's really fate for me and the young master to run into each other again!'

Yu Shao Bai smiled sorrowfully after hearing this, and then picked up a small knife in his hand and played with it carefully.

'Perhaps you and I do have a destiny, but it's just a pity that, ah, only a sinful destiny remains between us.'

Old Hat's face smiled with an unchanged expression, watching a somewhat grim look flash across Yu Shao Bai's eyes, Old Hat hurriedly spoke up, 'I wonder what the young proprietor's medicine sits this time, I, Old Hat, will definitely listen!'

Yu Shaobai snorted a roar and inserted the dagger on the table and opened his mouth, 'Last time I let you buckle a bead down yourself to keep you low. But I really didn't expect you to really be able to lay low to this extent.'

Jiang Hao stood at the side and saw Yu Shaobai playing with the dagger in his hand while his eyes were closely surveying Old Hat.

So he hurriedly stepped forward and spoke, 'That. Cough, didn't you just ask me why I was helping you guys?'

Yu Shaobai was interrupted by Jiang Hao so much, so he looked back at Jiang Hao and nodded, 'Right. I asked, but you don't want money when I give you money, and you don't want status when I give you status. What do you want?'

'I want the young master to let Old Cap off the hook, because this is all he has left, and he can't even afford to put in a fake eye.'

What Jiang Hao said was very touching, but unfortunately, Yu Shaobai didn't eat it.

It had been said before that Hedong was not a nice place, and the people here were not clean people either.

If the excess sympathy floods in, then there is only one outcome, that is, to be used and die without knowing how to die.

At this moment, after looking at the serious expression on Jiang Hao's face, and then looking at Old Cap's face that was open and even smiling in response.

Yu Shaobai suddenly spoke with some boredom, 'Forget it, taking your eyes is not much fun anyway, so let's keep them for you to earn money for me.'

After saying this, he turned back to Jiang Hao and pointed at him and laughed, 'As for you, stay in my Qinghe Society from now on, I want to take a good look and see how capable you really are.'

Chapter 886

Ning Kun never dreamed that he would run into Yu Shaobai when he brought Jiang Hao to Hedong.

What's more, he didn't expect Jiang Hao to do such a thing, which happened to be seen by Yu Shaobai, which made Ning Kun's heart rise with a tinge of worry at this time.

This was Jiang Hao's first time in Hedong, and there were many things he didn't understand at all. He didn't even know how deep the water in Hedong was!

If he was allowed to follow Yu Shaobai, I was afraid that if he was not careful, something would go wrong.

In addition, Jiang Hao's identity was already a bit sensitive, if the Shen family of Hedong knew about this, both sides might even stir up some things.

Thinking of this, Ning Kun took a step forward with some difficulty and said: 'This, Boss Yu. You see, my brother is just a little bit better, but he doesn't know how to do anything at all. He doesn't know anything!'

When Old Hat heard this, he glanced at Ning Kun and gritted his teeth, he also took a step forward and smiled, 'Young Chairman, my life is cheap, so if you really like this eye, then take it, as a token of my respect to you!'

After all, Jiang Hao and Ning Kun were the people he had taken over, and since the other party was unwilling to protect him, he would have to stand up for them!

Yu Shaobai listened to the two men's words looking at them with a rather mocking expression, the corners of his mouth also revealed a cold smile.

'What, in your eyes, is following me, Yu Shaobai, such a difficult thing to do, or do you think that you need to care about other people's faces to do things with me, Yu Shaobai, here in Hedong?'

After saying this, he snickered and shook his head, then looked at Jiang Hao and laughed, 'I don't care about the two of them, you can see for yourself. Figured it out?'

Jiang Hao pondered for a moment before speaking with a grave expression, 'Young Master, you also know that I couldn't stay outside anymore, so I came to Hedong to make a living, since you gave me face, then I definitely have to cover my backside.'

After saying this, Jiang Hao looked at Ning Kun and Old Hat and continued, 'But since my two brothers don't agree with me, I need to talk to them about it, so can you give me some time?'

Yu Shaobai heard this and a hint of appreciation flashed in his eyes, since there were people who cared, it proved that the other party was still a relatively good control.

If it was really like those heartless people in Hedong who had no slightest soft spot, he would instead have to think long and hard about whether or not to take the other party under his wing, who knows if he might one day be victimized himself instead!

The first spoonful of white smiled lightly and nodded, 'Okay, in that case, I'll give you some time to think about it. Someone will give you my contact information later, so you can go, it's not appropriate for you to get involved in the rest of the matter here.'

After saying this someone came forward to see Jiang Hao and the others off, on the way Old Hat and Ning Kun didn't say anything, and Jiang Hao didn't know what to say to them.

I thought that Section 13 had a little power in Hedong, but now it seemed that Section 13 was nothing in Hedong.

If he wanted to make better contact with the Shen family in Hedong, I'm afraid it would be a bit difficult given the status of the Thirteen Sects in Hedong.

Since this was the case, Jiang Hao couldn't help but feel a little bit more excited about following Yu Shaobai.

He didn't need to follow Yu Shaobai to do anything anyway, it would be enough for him to make contact with the Shen family under his banner.

And this banner of the Qinghe Society seems to work quite well in Hedong, if he needs to do something. Maybe this identity could also bring him some convenience.

Thinking of this, when the three of them walked to the car, Jiang Hao looked at Ning Kun and said, 'I've thought about it. I'm going to stay with the Qinghe Society for this period of time, what do you think?'

Ning Kun turned his head and looked at him with a flat expression, in fact he had already known what Jiang Hao was thinking when he came out from inside, and it was because of this that he was a little uneasy.

Now it seemed that what he had feared had really happened. So Ning Kun took a deep breath before looking at Jiang Hao for a long time in silence.

Only then did he open his mouth and say, 'It's true that the Qinghe Society has great strength in the eastern part of the river, but do you know what a newcomer like you will experience when you go in?'

Old Cap was sitting on the side at this time looking relaxed as he lit himself a cigarette, after taking a deep drag, he also turned his head to look at Jiang Hao.

'Little brother, I thank you for helping me, but to be honest. The Qinghe Society is not something you can just play around with, so forget it.'

Ning Kun shook his head after glancing at Old Cap somewhat helplessly, 'Originally, I shouldn't be the one to tell you about this matter, Old Cap is the one who knows best, but he doesn't want to talk about those things from the past.'

Jiang Hao was silent for a moment before speaking, 'What, are you all so unimpressed with me entering the Qinghe Society, or are you worried that I won't be able to handle them?'

'It's not whether you can handle it or not, but what the Qinghe Society does, you simply can't do down.'

After saying this, Ning Kun sat aside and also lit himself a cigarette, then took a deep puff and said helplessly, 'Something like today is nothing but a small scene for them.'

Old Hat also nodded along at this point: 'If you go in, with the skills you have shown today. He'll definitely let you do the harder stuff, why do you think that Scarface you met today is so far behind?'

Anyone who's shot at a gun knows the truth. But anyone who wants to fight to be the bird that comes out on top for once!

Thinking of this, Jiang Hao took a deep breath and looked at Ning Kun, 'But if I want to be able to reach the Shen family as soon as possible, the identity of the Qinghe Society is undoubtedly the best cover. And what identity can you Section 13 provide me with?'

Hearing these words, Ning Kun's face could not help but look a little ugly.

Indeed, the Thirteen Sects had not been developing very well in Hedong. If Jiang Hao really followed him, I was afraid that it would not be an easy task to reach the Shens of Hedong in a short time.

And they were anxious to find out which side the Shens of Hedong were on!

Thinking of this Ning Kun spoke after taking a drag of his cigarette in silence, 'Since you want to go to the Qinghe Society so much, then before that you should also at least go with me to the Thirteen Sections branch and meet everyone so that you can easily take care of them in the future.'

Jiang Hao saw the expression on Ning Kun's face ease down, so he nodded slightly before opening his mouth and smiling, 'Isn't that good, I'll go with you to meet with them and then I'll come back to find this Yu Shaobai.'

At this moment, Ning Kun looked at Jiang Hao with a smiling look on his face and couldn't say whether it was good or bad in his heart.

He was a little worried that Jiang Hao had gone off course by following a character like Yu Shaobai, but he couldn't stop Jiang Hao's ideas, so he could only try to plot them out.

Perhaps Jiang Hao's initial thoughts were good, simply wanting to use this incident to protect Old Cap, guess he himself didn't think it would become an opportunity for him to enter the Qinghe Society!
