

Chapter 891

Tick!

Tick!

Dense cold sweat ran from Ye Tian's forehead.

His face was as pale as paper, and his whole person was as if he had seen a ghost.

"How could this happen! Isn't it possible that he is so young that he has really reached the level of my master's doctor?"

Ye Tian was shaking with a cold sweat while his heart trembled.

And when he wrote the prescription of the tenth patient and compared it with Lin Fan's.

Ok?

Ye Tian's eyes lit up suddenly:

"This one, it's different!"

Ye Tian's originally pale and paper-white expression showed a hint of excitement in an instant.

At this moment, he discovered that his prescription for the tenth patient clearly stated that the other party's disease was gastric calculi, that is, gastric calculi!

Even, I prescribed the most effective prescription for treating gastric stones, which was enough to ensure that this patient would eliminate the stones and restore his health after one month of recuperation.

However, the diagnosis issued by Lin Fan reads-advanced gastric cancer, as fast as an hour, slow for a day, must die!

On the prescription sheet, there are only two words-helpless!

Wow!

See this prescription, Ye whole person extremely ecstasy, Lin Fan of the prescriptions, facing the crowd waved and said:

"?! We see it this guy, and finally a single prescription, has revealed the secret,"

he said .

Ye Tian couldn't help but look at the last patient and said,

"This gentleman, how is your usual physical condition?"

Huh?

The last patient, Lin Fan's previous prescription was taken by Ye Tian early, and he didn't even know what Lin Fan's prescription was written on.

Hearing Ye Tian's question at this moment, he hurriedly said:

"I usually have a good physical condition, and occasionally I have some stomach pains, and the rest have no major illnesses!"

I heard the patient's words.

The corner of Ye Tian's mouth smiled thicker:

"Then I ask you, have you felt that your stomach has been in a state of fullness, and you can't eat or drink water!"

"Even in the bladder position, there is some faint pain?"

Ye Tian The words are accurate.

Suddenly the patient, like a chicken pecking at rice, nodded constantly.

Until this point is confirmed.

While waving Lin Fan's prescription sheet, Ye Tian laughed sarcastically at the crowd and said:

"Have you heard? According to this patient's description, he is obviously a gastric disease! Just follow my prescription. Decoction of the medicine, within a month, the stones will disappear immediately!"

"But, do you know what is written on the prescription for this surnamed Lin?"

What!

Looking at Ye Tian's arrogant appearance and listening to his words, almost everyone's attention was swept toward the prescription sheet in Ye Tian's hand.

Almost everyone is very curious about what Lin Fan wrote.

Can make Ye Tian so excited.

"Because this guy wrote, this gentleman is suffering from advanced gastric cancer!!!"

Ga!

With Ye Tian's words, all the sounds in this area came to an abrupt end.

Advanced gastric cancer?

how can that be!

All the patients and passers-by nearby looked at each other.

Chapter 892

Ok?

Heard this.

Everyone understood in an instant, Ye Tian still didn't admit defeat, he still wanted to continue the memory game.

Right now, Ye Tian returned to the seat, and then said to the second patient:

"You, come here!"

Soon, when the second patient walked in and sat down.

Ye Tian continued to diagnose.

It took another twenty minutes, and Ye Tian sent a prescription sheet carefully and thoroughly wrote:

"Your illness is chronic ejaculation, also called chronic enteritis! Just follow my prescription. One week is enough. It works!"

Ye Tian's face regained his confidence once again.

after all!

This time he wrote the prescription list, but exhausted his talents and wanted to break his head, only to come up with such a seven-day plan that can be effective.

He didn't believe that, Lin Fan's prescription sheet at a glance was comparable to his own.

Talking.

Ye Tian glanced at Lin Fan provocatively, and then said to the second patient:

“Okay! Now, you can compare the prescription list given to you by the surname Lin!” A word!

Almost the nerves of everyone around him tensed up again.

And in the sight of what they expected.

The second patient took out the prescription form Lin Fan gave him.

Just this comparison.

The look of this patient turned out to be even more weird.

Ok?

At this moment, after seeing the strange look of this second patient.

Ye Tian’s heart couldn’t help but his face changed in an instant:

“Why...what’s wrong? Why are you looking like this? Don’t tell me, this guy’s prescription is still exactly the same as mine?”

Ye Tian only felt himself. His heart pounded wildly, as if it would pop out of his throat at any time.

will not!

Absolutely not!

He roared frantically in his heart.

Lin Fan just glanced at this prescription sheet he wanted to break his head and came up with, and it was absolutely inferior to himself.

Not only Ye Tian.

The people around were also nervous at this moment.

They wanted to know whether the genius Doctor Lin really diagnosed his illness once again, surpassing Ye Tian.

And just when everyone is too nervous.

The second patient said with a weird face:

“Mr. Ye, you are wrong this time! Mr. Lin’s prescription is the same as your prescription, except for the symptoms, but the treatment plan is It’s completely different!”

Huh...

Ye Tian let out a long sigh of relief when he heard this, and he felt his heart return to his stomach again.

Fortunately, the diagnosis is the same, but the treatment is different.

In Ye Tian’s view, he wanted to break his head and he could treat this patient in just seven days. It was definitely something Lin Fan couldn’t do at a glance.

In other words. Mobile terminal:

This round, I will win!

Thought of this.

The corners of Ye Tian’s mouth could not help but show a trace of triumph.

However, this arc has not yet formed a smile, and the second patient’s sentence completely solidified the arc of his mouth:

“Mr. Lin’s treatment plan is: 5 grams of Bai Suzi, 10 grams of green sun ginseng, and horses. 20 grams of mulberry...”

“Take it together, three times a day, one day... it can heal!”

Chapter 893

When the second patient read out Lin Fan’s prescription singly.

Ye Tian was completely stunned on the spot.

“One... one day? How is this possible!”

Ye Tian’s eyelids were jumping wildly, and in his mouth, he could not help silently muttering a variety of medicinal materials and dosages on Lin Fan’s prescription: “Bai Suzi 5 grams, Qingyang 10 grams of ginseng and 20 grams of horsesang root...”

One kind of medicinal material after another popped out of Ye Tian's mouth.

just!

He seemed to think of something, his eyes were instantly rounded, and there was a hint of unbelievable shock in them:

"This...this formula seems to be progressively in the amount of medicine to stimulate the condition!"

"That is to say, with this formula, the patient will be languid in the first half of the day, but in the second half of the day, it is possible to completely...heal under this radical stimulation method?"

Puff!

When he wanted to understand this, Ye Tian only felt that his eyes were dark, his whole body seemed to have lost all his strength, and he fell straight on the ground.

See this scene.

The people next to him, even if they were stupid, knew that something had happened.

Especially the second patient, frightened and asked to Ye Tian:

"Mr. Ye Xiao, does this prescription form of the genius doctor Lin really work?"

Does it work?

Heard this.

The corner of Ye Tian's mouth couldn't help but twitched fiercely, he wanted to ignoring his conscience and said it didn't work.

However, when he saw the senior man next to him waiting for an old Chinese doctor, he completely gave up this plan.

after all!

Even if you deny it yourself, but the seniors and others are not eating idle meals, they can also see the extraordinary of Lin Fan's prescription.

If you overthrow yourself at that time, you will be ashamed and ashamed.

Thought of this.

Ye Tian could only clenched his fists, bit his scalp, and nodded with gritted teeth:

“Well...it works!”

Wow!

After Ye Tian admitted for the second time.

The patients and passers-by around, boiled even more.

They couldn't think of it, Lin Fan just glanced at it and wrote down the two diagnosis prescriptions, even more powerful than the little genius doctor Ye Tian wrote in twenty or thirty minutes.

Genius doctor!

At this moment, everyone looked at Lin Fan's gaze, the color of worship became more and more intense.

In their hearts, Lin Fan is definitely a true genius doctor.

Even, far surpassing Ye Tian, and Ye Tian's master Zhang Tianyi!

“I... continue! I don't believe it!”

Ye Tian still, not discouraged, he stared at Lin Fan, and said in a cold voice:

“There are eight prescription orders, I don't believe you are better than me! ”

Boy, you wait!”

Finished!

Ye Tian immediately sat back in his position again, and then called the third patient to begin the diagnosis.

Time went by rapidly in Ye Tian's diagnosis.

It's just that what makes everyone around me incredible.

“Correct!”

“Correct!”

“Still correct!”

.....

After each diagnosis, Ye Tian would take his own prescription and compare it with Lin Fan’s prescription. However, what frightened him was that for every disease, the two prescriptions were completely correct.

This is more than that.

Lin Fan’s prescription list and the treatment plan for every disease are faster and more thorough than his.

Chapter 894

Tick!

Tick!

Dense cold sweat ran from Ye Tian’s forehead.

His face was as pale as paper, and his whole person was as if he had seen a ghost.

“How could this happen! Isn’t it possible that he is so young that he has really reached the level of my master’s doctor?”

Ye Tian was shaking with a cold sweat while his heart trembled.

Ga!

With Ye Tian’s words, all the sounds in this area came to an abrupt end.

Advanced gastric cancer?

how can that be!

All the patients and passers-by nearby looked at each other.

Chapter 895

Almost everyone knows that cancer is a disease that is extremely difficult to diagnose. Even many cancer patients have undergone regular physical examinations without the assistance of countless sophisticated medical instruments.

Once discovered, it is already late.

But Lin Fan just glanced at him, and directly diagnosed that the other party was in the terminal stage of cancer?

This, this is a joke.

Heard this!

The patient exploded his lungs instantly.

He jumped up from the chair, and then yelled at Lin Fan,

“What do you mean by Lin Fan ? Why am I in terminal cancer? I tell you that I can eat a cow before eating. Morning jog, you can run 20 kilometers!”

“I am such a healthy person, but there are some small stones in my stomach! You actually said that I am a late-stage gastric cancer!”

“Quack doctor! You are a liar, a quack!”

This patient is extremely Angrily, he almost pointed to Lin Fan’s nose to curse.

However, this is not over yet.

After taking a sarcastically at Lin Fan, Ye Tian continued with a smile and said,

“Everyone knows what else the surname Lin wrote?”

” What he wrote, the patient’s death time is as fast as an hour, slowly. One day! Prescription-no help! ”

Boom!

With a word of Ye Tian, this area was completely exploded.

Almost everyone did not expect that Lin Fan actually gave the specific death time of the tenth patient!

One hour?

one day?

Everyone looked at the tenth patient.

Looking at the other party's energetic appearance, burly and powerful body, almost everyone does not believe that such a strong person will die within today!

This is nothing short of the world.

Suddenly, many passersby and patients around, completely exploded the pot.

"Oh my God, what's the matter with this genius doctor Lin? He has spotted all the nine patients in front, but this last one is too much!"

"Yes, stomach cancer is one of the biggest diseases. Nothing. He doesn't need to go to the hospital for a precise examination to confirm the diagnosis. He just glanced at it. It was too sloppy!"

"Humph! This is a curse to die early! The patient is so young and strong, how can he be a dying person!"

"..."

Many passers-by and patients around, questioned Lin Fan at this moment, once again erupted.

after all!

Lin Fan diagnosed this last patient too far.

And looking at everyone around, it looks like a lot of noise.

Ye Tian wanted to ridicule Lin Fan right now.

But at this moment!

"Xiaotian!!!"

A voice of vicissitudes came from the crowd.

Everyone suddenly saw that an old man in sackcloth came slowly.

Xiao Tian?

Everyone around was taken aback. They knew that Ye Tian was the closed disciple of the genius doctor Zhang Tianyi. No one had thought that this old man in Mai was so bold and dared to call Ye Tian directly

by his nickname.

However, just when some people want to stop the old man.

Ye Tian seemed to see his savior, and he was overjoyed:

“Master, your old man is finally here!”

what!

Master?

After hearing these words from Ye Tian, and then looking at the vicissitudes of the eighty-year-old old man in Mai, almost everyone’s mind came up with a name-the genius doctor Zhang Tianyi!

Chapter 896

Shocked!

Everyone did not expect that Zhang Tianyi, a genius doctor who had been in the south of the Yangtze River for decades, would actually appear here.

For a while, everyone was excited.

“Did you see? Zhang Tianyi is the genius doctor. Look at his burlap and linen clothes, it gives people a kind of superhuman atmosphere!”

“Yes! Zhang Tianyi hasn’t been born for many years! And his apprentice challenged the genius doctor Lin.” , Obviously, Master Zhang was born, and came here for the sake of Master Lin!”

“It’s over! The last patient named Lin was planted in the hands of the last patient, and now meets Master Zhang again, I am afraid it will be miserable!”

“...”

Passersby around this moment , As if the genius doctor Zhang’s intention had been confirmed.

The gazes looking at Lin Fan one after another were full of sarcasm and pity.

Even Gao Lao, Madman Mike and others, their expressions became serious in an instant.

They hurriedly came to Lin Fan’s side and stood in line for him.

really!

When Ye Tian ran to Zhang Tianyi's side, he said with excitement:

"Master, the last patient I was diagnosing just now! But some people said that he was suffering from advanced gastric cancer and died immediately. The gods are helpless!

" You always help to take a look! "

What!"

Ye Tian's words stunned the old man in Mai.

Diagnosed with cancer?

It is the first time that Zhang Tianyi has heard that there is such a Chinese medicine method, let alone looking at the whole Jiangnan, even if he takes the shot himself, no matter how he checks it, it is difficult to conclude that a patient is in the terminal stage of cancer.

Thought of this.

Zhang Tianyi asked curiously:

"Where is the patient?"

Hearing that Zhang Tianyi was about to be diagnosed, both Ye Tian and everyone around became excited.

They really want to know what Zhang Tian will make for this patient's diagnosis.

"Mr. Zhang...Mr. Zhang! It's me!" After hearing this, the last patient ran up in a panic and cautiously said:

"Mr. Zhang, I am only thirty-one this year. I can usually eat several bowls of rice. , You can run 20 kilometers in the morning!"

"It's just that in the last few days, I was a little full and couldn't eat, so I came to see a doctor! But I didn't expect..."

Hearing the words of this patient.

The old man Zhang Tianyi nodded involuntarily.

Then, he asked the patient aloud about the symptoms of the patient. He shook his head and smiled after listening,

“That person is pure nonsense! You are full of blood and blood, and you are not in a state of premature death!”

“Old man ‘s judgment, Just like my disciple, you are just a stomach stone. According to Ye Tian’s prescription, you only need to take the medicine for one month, which is enough to heal! Don’t worry! ”

Huh!”

Hear the diagnosis result of Zhang Tianyi.

Whether it was this patient or all the passersby around him, he breathed a long sigh of relief.

“Let me just say it! How could Mr. Ye Xiao’s medical skills be inferior to that surnamed Lin!” The last patient, at this moment, thought of the appearance that Lin Fan had been scared to urinate just now, and suddenly became angry.

At the moment, he gazed at Lin Fan, Nu Sheng shouted:

“?!!! Name is Lin, you see it you’re a liar, a charlatan even geniuses Zhang said, and what are you, I’m fine,”

the name The corner of the patient’s mouth was full of sarcasm.

however!

After hearing the three words’surnamed Lin’.

The Maid elder Doctor Zhang, but his body trembled slightly, and his vicissitudes of life suddenly showed a strong look of astonishment:

“Xiaotian, the surname you are talking about is Lin, but... the genius Doctor Lin of Jiangshi?”

Chapter 897

Ok?

Lin’s doctor?

Ye Tian didn’t expect that his master would know Lin Fan’s name.

His mouth emerges a hint of sneer moment, nodded and said:

“!! Master, yes, and I have a competition, it is the owner of this hospital, known as forest geniuses, but now it seems, is nothing but illusory,”

“not qualified, Go side by side with you, Master, and be called a genius doctor!”

Boom!

Ye Tian’s words, like a burst of thunder, shocked the cold sweat of the old man Zhang Tianyi in Mai.

“Oh!”

She said!

He immediately turned his head to look at the last patient. Mobile phone:

At this moment, the last patient was about to continue yelling at Lin Fan, but the words had not yet been spoken!

“Uuuuu...”

He felt like twitching, and fell to the ground with a thud, shaking all over.

what!

This scene shocked everyone.

Especially when everyone saw that the last patient not only kept twitching, but even had a trace of black blood flowing from the corner of his mouth.

His eyes turned white, and his complexion was distorted.

Just breathe.

When the last patient’s body became stiff, his whole body was completely limp.

There was no more breath.

Jing...

Seeing this scene, everyone was shocked.

From the time Zhang Tianyi was diagnosed, to the death of this patient, it took only one minute before and after, this person turned out to be... really dead?

“No...impossible! How could this happen!”

Ye Tian’s face was as pale as paper as if he was struck by lightning, as if he had been drained of all his strength, and fell to the ground.

The passers-by and patients around them all looked at Lin Fan together, as if they were looking at a devil.

You are right!

Guru!

“He...he actually got it?”

“It’s not a stomach stone, is it really an advanced stage of stomach cancer? But, how could it die so quickly!”

“Unbelievable! God, if I didn’t see it with my own eyes, I would definitely I can’t believe this fact!”

“...”

All the passers-by and patients around, only felt cold on their backs.

Just like!

It was the death god just now, passing by them, making everyone shudder.

And just when everyone was most frightened.

A voice suddenly resounded.

It was Lin Fan:

“Although this person looks healthy, his body has always exuded a slight smelly smell, and there are too many whites in his eyes, indicating that the five internal organs have been completely diseased. This is why he is one of the reasons cancer diagnosis late! ” ”

Besides! ” ”

his body there are several other irritating lesions, and today it is difficult to delays, it had to seek medical treatment, already hopeless! ” ”

so, I'm sure he will die today!”

Lin Fan's voice was extremely cold.

And this sentence fell in the ears of everyone around, making them struck by lightning.

Especially Zhang Tianyi and Ye Tian master and apprentice.

The cold sweat of the two of them smashed down.

detail!

They judged that stomach stones are just appearance.

However, Lin Fan inferred that this person was about to die, but he started with small details.

This kind of penetration and judgment made Zhang Tianyi and Ye Tian feel cold.

Chapter 898

“You...you are the genius doctor Lin? Excuse me, Mr. Baishan is your father-in-law?”

At this moment, the old man Zhang Tian in Mai Yi stared directly at Lin Fan with a pair of vicissitudes of eyes, as if looking at a god.

Ok?

Hearing this, Ye Tian next to him was slightly taken aback.

My master, what are you going to do?

Could he still challenge Lin Fan to fail?

Wow!

Thinking of this, Ye Tian's spirit suddenly shocked.

After all, his master just lost his face, how could he be reconciled, and now confirming Lin Fan's identity is definitely to continue to challenge.

Not only Ye Tian.

The senior elders and the others next to him were also dignified.

After all, the name of the person, the shadow of the tree!

Although Zhang Tianyi stumbled and lost face just now, he would definitely not be reconciled and continue to challenge.

Thought of this.

The elder Gao and others looked at Zhang Tianyi's gaze and became more and more alert.

Only Lin Fan.

He heard Zhang Tianyi know his father-in-law Baishan, he was slightly startled, but he nodded indifferently:

"Yes! Baishan is my father-in-law!"

Wow!

it's confirmed!

When I heard Lin Fan admit that Zhang Tianyi, an old man in Mai Yi, could almost instantly conclude that Lin Fan was the master who made the medicinal diet against the sky, that is, Megatron Global, who was made a god by all healers-the Bone Sacred Hand!

"No... I didn't expect your old man to be so young!"

Zhang Tianyi finished excitedly.

Then the whole person pushed Jinshan, downed Yuzhu, and knelt down in front of Lin Fan with a thud:

"Medical junior Zhang Tianyi, I have seen senior!"

Ga!

In a word, let this area be dead silent.

Everyone's face was filled with a thick blankness and consternation.

What did they hear?

Junior Zhang Tianyi?

Have you seen seniors?

Nest... Nest grass!

Everyone can hardly believe their ears at this moment. After all, Zhang Tianyi's name as a genius doctor has been resounding in the south of the Yangtze River for decades. There are countless living people and he is regarded as a true genius doctor.

And what about Lin Fan?

Depending on age, it was only in his early twenties, and Ye Tian, Zhang Tianyi's closed disciple, might not even be old.

But now!

The genius doctor Zhang Tianyi not only knelt to Lin Fan, he even called his seniors respectfully, how could this be possible.

More than the people around.

At this moment, the excited smile on Ye Tian's face completely solidified.

He looked at the master who was kneeling in front of Lin Fan, and he felt like a dream, and he couldn't believe his eyes.

"Master...Master! You get up quickly, are you crazy? You are the genius doctor Zhang, how can you kneel down for this surname Lin at your age?"

Ye Tian panicked, and immediately stepped forward to help Zhang Tianyi.

It was just a scene that made him even more incredible.

Zhang Tianyi waved his hand and stopped his movement abruptly.

Then, his vicissitudes of life, squatting on the ground facing Lin Fan, said with a trembling voice:

“Mr.’s name, Zhang Tian is like Lei Guaner! Especially before I came here, I followed Mr. Baishan and saw the medicinal meals you made, and I was shocked!”

“Mr. Lin, please teach me, I Zhang Tianyi, I am willing to worship you Be a teacher!”

Chapter 899

Finished!

Zhang Tian banged his head against the ground.

That look, it seems that Lin Fan did not agree, he would never be reconciled for the rest of his life, and would never get up.

And this moment.

Everyone felt their heart beating wildly.

It was shocking.

A genius doctor who has shocked Jiangnan for decades now kneels down to apprentice Jiang Shilin’s doctor and worships like an idol. How can this not shock everyone’s hearts.

Apprentice?

At this moment, Ye Tian looked at Zhang Tianyi, who was kneeling on the ground, and he was completely stunned.

This is my master.

Zhang Tianyi, the genius doctor of Megatron Jiangnan for decades!

Now, he actually apprentices to this surnamed Lin?

how can that be.

Ye Tian was stunned.

The rest of the passers-by and patients were all dumbfounded.

Everyone was shocked.

They couldn’t imagine that the genius doctor who had been in the south of the Yangtze River for decades would kneel down to apprentice. If this spread out, it would definitely make a sensation in the

entire Jiangnan Province. Mobile terminal:

Swish!

At this moment, one after another, they all looked at Lin Fan.

Many people seem to be unable to figure out how much magic this guy has, so that the genius doctor Zhang Tianyi worshipped to such an extent.

And at the moment!

Lin Fan didn't care about the shocking gazes of the people around him. His eyes stared directly at Zhang Tianyi who was kneeling in front of him. In his eyes, a touch of playfulness emerged:

"I really want to know how you discovered me. Of medicated food?"

Medicinal diet!

This was made for the Baiyi family in his recent period.

Normally, it should be impossible for others to find out.

And the Zhang Tianyi in front of him broke his own medicated diet, his eyesight made Lin Fan a little surprised.

Hear the inquiry.

The admiration on Zhang Tianyi's face became more intense, and he lowered his head and said: "This morning, I met Mr. Baishan in the park. The old man discovered that although Mr. Baishan is over fifty years old, his body is full of vitality and he has even achieved bone-strengthening. The level of the tendons, and there are signs of rejuvenation!"

"Later, after the old man's inquiry, I learned that all of this turned out to be the work of the genius doctor Lin!"

What!

At this moment, after hearing Zhang Tianyi's words, everyone around couldn't believe their ears.

Refining bones and forging muscles!

Rejuvenation?

This... how is this possible.

Ye Tian next to him, and all the passers-by were completely stunned. They simply couldn't figure out what kind of medicated diet in this world could have such a heaven-defying effect.

This is simply incredible.

More than them!

After this moment, even the breath of Zhang Tianyi recall that a deputy of the Diet, the color of worship throughout the person's face, the more intense:

"! Eight forging bar"

! "Quadrupole Yang Hyun"

"Nine Hong Guiyin!"

"Six reseal the hole! " "

the world, perhaps only you sir, to be able to formulate such a magical Diet! shamelessly kindly old lady today, Mr. accept me as a disciple! "

finished!

In the shocking sight of everyone around him, Zhang Tianyi bowed to Lin Fan again and again, courteous and fanatical.

Chapter 900

Quiet!

At this moment, this area is almost audible.

Everyone's eyes were on Zhang Tianyi, who was kneeling on the ground, and Lin Fan, who was standing upright, constantly scanning.

One old and one young!

Same as the genius doctor!

But Lin Fan was able to make Zhang Tianyi, the genius doctor, worship like a god, which is incredible.

“Not bad!”

Lin Fan’s gaze was filled with surprise. He looked at Zhang Tianyi and said with a faint smile:

“Your eyesight is very unusual ! In that case, I can accept you as a disciple!”

“However, yes. One condition!”

Wow!

Hearing Lin Fan’s words, Zhang Tianyi’s body trembled, and then the face of vicissitudes of life suddenly showed a strong color of ecstasy:

“Sir, please say, no matter what the conditions, Zhang Tianyi will go through fire and water, and I will do it. !”

Zhang Tianyi’s excited body was shaking.

This is the Bone Sacred Hand!

This god in the medical world actually promised to accept him as a disciple, which made him not excited or excited.

Feeling Zhang Tianyi’s fiery gaze, Lin Fan smiled slightly, then pointed to the densely packed, dozens of patients next to him, and then said:

“Next, you can treat all these people well, and you can worship. I’m a teacher!”

Huh?

Zhang Tianyi was taken aback for a moment. When he glanced at the patients around him, he suddenly smiled and said,

“Master, please rest assured, I will do it if I don’t eat or drink, sleep or sleep today!” After hearing this guarantee .

Lin Fan nodded in satisfaction, immediately waved to the senior man and the others, and then stepped towards the crowd, wanting to leave this place.

See this scene!

Hoop!

Elder Gao, Madman Mike and others, as well as Zhang Tianyi, all bowed to Lin Fan,

” Respectfully send Master!”

” Respectfully send Master Lin!”

”

Respectfully send Lin Dong!” There was a fanatical and respectful voice here. An area resounded endlessly.

But Lin Fan’s thin figure fell in the eyes of everyone around him, like a god walking in the world, worshipped and awe-inspiring.

Until after Lin Fan left.

Zhang Tianyi hurriedly sat down before the examination table, greeted the patients one by one and helped them diagnose.

And see this scene.

Old man and Madman Mike couldn’t help but smile again and again, they looked at Zhang Tianyi’s gaze, and they were extremely envious.

After all, only the two of them knew Lin Fan’s true identity.

Zhang Tianyi’s ability to follow Lin Fan as his teacher is definitely a blessing that Zhang Tianyi has cultivated in his eight lifetimes.

Gradually.

The passers-by around left one after another, and the doctors in the hospital also returned to the hospital.

In a short while, only Zhang Tianyi and Ye Tian who helped people see a doctor were left here, as well as one patient.

Seeing his master, wiping the sweat from his forehead, while helping a patient with excitement on his

face, Ye Tian's heart was completely mixed.

"Master, why on earth is your old man?" "The man named Lin is about the same age as me! Even if he has the ability, how can he compare with your old man! After all, you are the genius doctor of Megatron Jiangnan!"

Ye Tian hesitated for a long time, and finally asked Zhang Tianyi.

He can't understand!

It is also difficult to accept.
