

Chapter 903

It's really effortless at all!

When Pan Haoyang was intoxicated, suddenly a pair of small fleshy fists punched his eyes.

"Oh..." Pan Haoyang raised his hand and covered his eyes. Before he could react, that very powerful little fist hit Pan Haoyang's left eye again.

"Oh..."

Suzi: "..."

She looked at her daughter in a trembling mood: "The only one! He is not your father, don't move your baby, don't beat her, I hear you!"

She didn't know if Pan Haoyang would push the only one out of the car in a rage.

If that is the case, then even if she bites Suzi, she will die Pan Haoyang!

Suzi just reprimanded Lilly. He originally thought that Lilly would be obedient, but he never thought that Lilly children have always been more and more courageous.

Especially in times of danger, although she was very scared in her heart, she always wanted to protect her mother, so she was never afraid!

She forced herself to hold back her crying voice, but roared very powerfully Pan Haoyang: "You villain! You are a big villain! I know that even though your eyes have become panda eyes, you can still see! Me! I know I don't have that much lethality, but listen, badass! My dad is behind your car. If you dare to beat my mother, my dad will beat you up, hum!"

"The only thing, don't say that Dad is here, don't say it!" Suzi felt desperate in his heart.

Now she and the only two of them were discovered by Pan Haoyang. Originally, she was thankful that Arron hadn't noticed, but now her daughter talks a lot. Arron was also exposed.

Suzi really wanted to beat his daughter violently.

But when she saw her daughter's very scared but stubborn little eyes, Suzi couldn't bear it again. She held the only one in her arms, and then looked at Pan Haoyang calmly: "Pan Haoyang, can you please help me? Matter!"

"Suzi, you don't need to beg me, as long as I can do it, I am willing to do whatever you ask me to do for you." Pan Haoyang looked at Suzi with a gentle gaze.

Suzi: "Let me and my husband and my daughter, our family of three die together!"

"No!" Pan Haoyang was suddenly angry!

Suzi: "..."

The little dumpling in her arms shrank in her mother's arms in fright.

Pan Haoyang didn't speak anymore.

Suzi didn't dare to ask him again, now it is Jiaying Island, which is his site for Pan Haoyang, and she can only take one step and count one step now.

If it is really desperate, isn't there still another death!

That's it, the car keeps driving.

Suzi has been holding the corner of the car where the little dumpling is.

Until the car drove to the monarch's residence.

Although this princess mansion is the most luxurious residence in the whole of Gasing Island, it is about the same size as the Fu's mansion in Nancheng. It's not even as luxurious as the Fu's house in Nancheng.

After all, it is just a small island.

In the early years, it was backed up by the Fu family.

But at such a moment, Suzi also wanted to appreciate these. She just watched the car drive all the way into the mansion, then turned right inside the mansion and went directly in and out of a single-door courtyard to the east.

The car stopped and there were many domestic helpers waiting outside.

Pan Haoyang, wearing sunglasses, said to the domestic helper with a sullen expression: "Take the lady and the little princess into the living room to rest."

"Yes, Fourth Master." The domestic helper said respectfully.

Immediately afterwards, the domestic helper brought Suzi and Lilly into the living room, but Pan Haoyang turned around and left without even entering the door.

Pan Haoyang's solitary living room is very luxurious, not inferior to Arron's large flat in the center of Nancheng City. The mother and daughter sit on the sofa in anxiety, not knowing that life and death will follow.

At this time, she suddenly remembered to call Arron.

When I took out my mobile phone and was about to make a call, a sharp voice suddenly came out: "Yo, Suzi, don't come here without problems!"

Chapter 904

As soon as Suzi looked up, he saw Lanita.

After a long absence, Lanita seemed to be haggard a lot, the skin on her face was yellow, like a shriveled zombie whose blood had been sucked away.

However, her madness is still unabated.

"Suzi! Didn't you expect that, in the end you still fell into my hands, Lanita? Haha!" Lanita smiled unscrupulously.

Suzi was extremely calm.

She has always been like this.

The more dangerous she was, the calmer she was.

She and Shen Wei put their ears to their ears: "Baby, mother hugs this woman's leg and pushes her to the ground, and you run, how far you can run, how far you can run, did you remember the route when you entered the door just now??"

This is something the mother and daughter tacitly agree.

In the past, when Lilly followed Arron into the Fu's house, Suzi would secretly tell his daughter that if he found something wrong in the Fu's house, he would run, as long as he could run, but the premise was that he must remember the way after entering the door.

At this moment, Lilly whispered to Suzi: "I remember my mother."

"Okay!" Suzi got up slowly, she didn't speak, just looked at Lanita like this.

But Lanita became more and more proud: "What about Suzi, are you scared? You didn't expect that as soon as you came to Jiaying Island, you were caught by my fourth brother Pan in the Monarch's Mansion, right? Do you think your husband Arron is omnipotent? Want to conquer my Gasing Island?"

No way! "

"One, don't move, she is blocking the door now, her defense hasn't slackened yet, you can't move, understand, baby?" Suzi still told Shen Only in a very small voice.

"Hmm." Lilly nodded.

Here Lanita watched the two mother and daughter hugging each other, and looked at her with horrified eyes. She really became more and more proud.

Ha!

After giving up such a big circle, Suzi still fell into her hands, Lanita.

This time, it would be difficult for Suzi to fly!

The thought of this made Lanita even more proud.

"Suzi! You don't know yet. The reason why your husband is so arrogant is because he has a good relationship with Kraig in Kyoto, but my grandfather also has a good relationship with Kraig's second uncle. Before, Kraig's second uncle will not be towards Arron, but he will not be towards Jiaxing Island, but now it is different. Kraig's second uncle, Chengyin, is the one of Siu who almost killed you. Father, he now very clearly supports Gasing Island against Arron.

Jun Chengyin has now allocated 30% of his military force to Gasing Island, plus the military power of Gasing Island itself, your husband will undoubtedly die this time.

But he still has a chance to live.

That is, your husband personally killed you and your little ba5tard..."

"Ah...I'll kill you first!" Lilly couldn't listen anymore. She rushed up with a roar, hugged Lanita's leg directly, and knocked Lanita forward and fell down. .

"Oh!" Lanita fell forward with a 'puff,' but her teeth could be knocked off if she didn't touch it quickly with her hands.

Just because she caught the ground with her hand, she gave Shen the only chance to fight back a second time.

Lilly jumped past her straddle, turned around and rode on Lanita's head.

"I let you bully my mother, I let you bully my father, huh! I will kill you and kill you! I will smash your head!" How does the little girl know how serious it is?

All she knew was that Lanita was really hateful.

When she was in Nancheng, she bullied her mother again and again, and robbed her of men with her mother.

It's been a long time since I saw this woman, how come I see this woman again, this woman is still so arrogant, not only to kill her mother, but also to kill her father, but also to let her father and mother be killed!

Hateful!

Shen Only held a big hug of bears in his hands.

The eyeballs that hugged the bears were the ones that could be picked off and changed colors, so Shen only picked off the two eyeballs that hugged the bears. It's like two round steel balls, very hard.

The little fighter used two round balls to knock Lanita's head one after another.
