

## Chapter 911: Hehe

“Check on me?”

Shen Fanxing raised an eyebrow and replied, “Yes.”

“Are you satisfied?”

Shen Fanxing pondered for a while before pointing at his laptop. “Is that... really okay?”

“I’m fine.”

Bo Jinchuan smiled. Seeing that Shen Fanxing’s face wasn’t as pale as before, he felt relieved.

Shen Fanxing fell silent for a while before nodding.

“Satisfied.”

Then, she said, “But from the looks of it, things seem to be a little tricky. Is that person really about to break through the firewall that you personally built?”

Shen Fanxing stared intently at Bo Jinchuan’s face. It was because his face was too handsome. Looking at him, she didn’t have the time to think about those things.

The smile on Bo Jinchuan’s face faded. “It’s not that easy to crack. It’s just that the hacking method this time is a little familiar. Back then, he hacked into the company’s computer for no reason. It’s a pity that he slipped away. Although I’m not sure if the other party is that person this time, but...”

Bo Jinchuan paused and narrowed his dark eyes. His lips moved slightly and his cold words sent chills down her spine.

“I’d rather catch a thousand by mistake than miss one.”

Shen Fanxing nodded in agreement with Bo Jinchuan.

Updates by

“That’s for sure. There are many confidential documents in the company’s computer. If someone cracks it, the consequences will be unimaginable. Once we catch such a person, we must not let him off easily.”

“Yeah.”

“So just now... did he escape?”

Shen Fanxing asked cautiously. It was obvious what he was doing just now. If she guessed correctly, Bo Jinchuan should have been tracking him just now. And because of her sudden appearance...

Bo Jinchuan smiled disapprovingly and said, “It’s alright. He’ll come again. I’ll catch him next time.”

Shen Fanxing looked apologetic.

Bo Jinchuan stroked her hair comfortingly and said, "It's alright. Back then, he only hacked into the company's computer. There were no traces of him tampering with the important documents. Today is not the first time he has tried to barge in. If he didn't succeed this time, he will definitely do it again."

Bo Jinchuan's words were meant to comfort her. If Fanxing acted like she cared too much, it would reflect well on Bo Jinchuan.

She forced a smile and lowered her head to drink the water.

On the other hand, Bo Jinghang leaned against the solid wooden table in the office with a resentful expression. "What? Brother, is it still that person from back then? It's that... that little b\*tch called 'Twinkle Twinkle Little Star'..."

"Pfft—"

Before Bo Jinghang could finish speaking, Shen Fanxing spat out a mouthful of water.

Bo Jinchuan hurriedly took out a tissue to wipe Shen Fanxing's mouth. Bo Jinghang looked at Shen Fanxing in surprise and blinked in confusion.

"Sister-in-law, are you alright?"

Shen Fanxing put down the cup and took the tissue from Bo Jinchuan before wiping herself.

She lowered her head, her lips twitching.

After a long while, she raised her head and looked at Bo Jinghang awkwardly. "What's the name of that little b\*tch you mentioned just now?"

"Shining and sparkling." Bo Jinghang gritted his teeth and said, "This person is so despicable and annoying. Damn it, he didn't touch anything in the company, but he hacked all the 'important confidential documents' on my computer. There are hundreds of G's. Damn it! Brother, you must catch him this time. I'll skin him alive! If he deletes my 'important confidential documents', I'll lock him in my room to look at calcium tablets!"

Shen Fanxing's scalp went numb.

It was a cruel punishment to lock her in the house to look at calcium tablets.

Her lips twitched and Shen Fanxing lowered her head, not knowing how to face the two of them.

"What's wrong?" asked Bo Jinchuan.

"No... nothing. I just feel that the name 'Twinkle Twinkle Little Star' is a little familiar..."

Shen Fanxing looked up with an unnatural smile.

Bo Jinchuan glanced at Bo Jinghang.

Bo Jinghang tensed up immediately. "Sister-in-law, don't put yourself in my shoes. Even if you give me a hundred guts, I won't call you a b\*tch, right? Although this 'Twinkle Twinkle' does sound like it has something to do with your name, it's definitely not you."

“Haha.”

Shen Fanxing chuckled and a hint of awkwardness flashed across her eyes.

Who knew that back then, she had found a high-level company’s security system to practice on? In the end, she chose the Bo Consortium.

Back then, she didn’t pay much attention to it and didn’t remember much about it.

Under such circumstances, especially sitting in Bo Jinchuan’s office and knowing that she had done such a thing to the Bo Consortium as his future wife...

It was a long story.

She didn’t expect her to have such a relationship with the Bo Consortium...

This was really...

However, all the sighs only lasted for a moment before the most crucial question came.

Just now, Ah Chuan said that the technique was similar to the one he used back then...

Her eyes flashed and Shen Fanxing felt a headache coming on.

Qi Mohan, how free was this person recently?

In an apartment in Ping Cheng City, Qi Mohan had his legs crossed on the table. He had a spicy strip in his mouth as he stared at the computer screen with a dark expression.

She had tried everything but failed to break through the Bo Consortium’s firewall. Even Xingxing’s program back then was useless.

The Bo Consortium could not be underestimated.

But not bad. To be able to design such a strong and strict fire prevention program, this technology was enough to make him famous in this industry.

He wondered if there was a code name.

Fortunately, he ran fast just now. Otherwise, it wouldn’t be fun if he failed to break in and got caught.

She was waiting for him to recuperate!

How could he let go of his woman so easily?

The sound of chewing on spicy strips sounded a little scary.

—

Shen Fanxing had mixed feelings. Initially, she felt guilty for interrupting Bo Jinchuan’s work. But now that she knew that the other party was Qi Mohan, she felt relieved.

If the two of them bumped into each other, it would be difficult to predict what would happen. More importantly, Qi Mohan might accidentally expose her. That would be awkward.

At the thought of this, she looked up at Bo Jinhang and said, "It's too much to lock him in the house to look at calcium tablets."

Bo Jinhang frowned. "That rascal dared to delete my confidential documents. This punishment is too good for him!"

Brat...

"But you're the one who exposed yourself! Why do you have to name it as a 'important confidential document'? The more you do this, the more you're tempting others to read it. Since she hacked your computer and there's a major confidential document, how can she not read it?!"

If he hadn't given her such an alluring name, she wouldn't have clicked on it out of curiosity back then!

In the end, she watched porn in front of Qi Mohan for a few minutes!

Qi Mohan's ambiguous smile back then gave her goosebumps just thinking about it!

Did he know how awkward the situation was?!

Shen Fanxing sounded indignant, as though she wanted to settle scores with him.

Bo Jinhang's eyes widened. "Only a fool would name a real confidential document as a 'important confidential document'! Any man can guess what's inside!"

"..."

Haha!

Serves her right for being a woman!

## **Chapter 912: Your Masterpiece**

Shen Fanxing didn't say anything else. Instead, Bo Jinhang suddenly said,

"Sister-in-law, why are you so concerned about this? It has nothing to do with you. You don't sound right."

"Ahem..." Shen Fanxing coughed lightly and said, "It's nothing. I just like the name 'Twinkle Twinkle'."

"How much do you like your name?"

Bo Jinhang couldn't help but complain softly.

Shen Fanxing pressed her lips and remained silent.

She said that she was here to see what Bo Jinchuan had done behind her back. In the end, she revealed what she had done three years ago.

Unable to stay in the company any longer, Shen Fanxing said, "I have to go home to prepare the gown. You can go ahead."

With that, she tried to get up, but Bo Jinchuan pressed her shoulder. She watched as he looked down at his watch.

“There’s nothing else for now. I’ll send you home.”

Shen Fanxing’s gaze swept across his wrist. The simple design of the watch was dazzling.

Sensing her gaze, Bo Jinchuan raised an eyebrow and asked, “I saw you looking at this watch many times today. Do you like it?”

“No, I hate it.” Without any hesitation, Shen Fanxing choked on her own words.

Bo Jinchuan glanced at her in surprise.

Updates by

He was surprised that she could say it so bluntly.

He glanced down at his watch. “I seem to have been wearing this watch recently. Is there anything wrong with it?”

“I don’t like brands.”

Bo Jinghang interjected, “My brother has always worn this watch.”

Shen Fanxing’s expression changed slightly.

Seeing this, Bo Jinchuan removed his watch without hesitation.

“Since you don’t like it, I won’t wear it.”

Shen Fanxing paused and looked at him emotionally. “You’re always following my lead. I feel like I’m being unreasonable.”

Bo Jinchuan smiled and inched closer to her. “I like to listen to you.”

Shen Fanxing blushed slightly.

Damn!

Bo Jinghang rolled his eyes.

There must be something wrong with his head to eat with the two of them.

“Brother, Sister-in-law, take your time. I’ll go out first!”

Her voice was filled with disdain.

In the end, both of them ignored him.

Bo Jinghang grinned and walked out alone.

When the secretary saw him, she stood up and greeted him with a smile. Then, she looked at the door that Bo Jinghang had casually closed and surprise flashed across her eyes.

Why didn't the woman who came with Second Young Master Bo come out...

The CEO and that woman were alone?

Blinking her eyes, the secretary felt a chill run down her spine at the thought of the CEO's intimidating aura.

Men were unattainable.

He admired that woman's courage.

But that woman looked a little familiar!

In the office, Bo Jinchuan had just left when he pulled Shen Fanxing into his embrace.

"I forgot to ask you this morning." He kissed Shen Fanxing's soft cheek and his low voice sounded in her ears.

"What?"

"I went overboard last night. How's your health?"

"..." Shen Fanxing raised her eyes to look at him. His suit accentuated her domineering and cold aura, while her face was flushed red.

"How bad can it be?" She wished she could find a hole to hide in.

Before Bo Jinchuan could say anything, she pushed his shoulder and said, "Move aside."

Bo Jinchuan raised an eyebrow before letting go of her.

Shen Fanxing stood up and walked to the desk. She found the two bags that Bo Jinghang had brought in. She took out a small bag and walked to him.

She handed the watch to Bo Jinchuan and asked, "Is this okay?"

Bo Jinchuan's eyes glinted and he asked, "You bought it?"

"Yeah."

Bo Jinchuan stood up abruptly.

"In that case..."

His gaze shifted from her shoulder to the two bags not far away. A smile appeared on his face. "Why don't we do it in order?"

As he spoke, he strode to the two bags and took out the clothes. After taking a look, the smile in his eyes deepened.

He twirled the clothes between his fingers. They were comfortable and soft.

Shen Fanxing walked to him and asked, "Do you want to try?"

His calm expression was actually filled with anticipation.

Bo Jinchuan smiled at her and said, "The size is just right."

Shen Fanxing pursed her lips and her expression tightened. "Are you really... not going to try?"

"If you wish."

"Hope." Shen Fanxing didn't hesitate.

Bo Jinchuan smiled and pulled Shen Fanxing into the lounge.

After throwing the clothes on the bed, Bo Jinchuan took off his suit and tie. He unbuttoned his shirt one by one without any pause. He looked elegant and handsome.

When the buttons on his shirt were unbuttoned, his well-defined chest was revealed. There wasn't a trace of fat on his waist. His muscular abs and sexy figure made Shen Fanxing blush.

So be it. He must have dragged her in to seduce her.

Her eyes flickered and she wanted to escape, but she couldn't help but stare at him. The more she looked at him, the tighter her lips pursed. She even licked her dry lips secretly.

After meeting her so many times, she was still seduced. Shen Fanxing, you have no right to say that Bo Jinchuan is indecent. You're undoubtedly a pervert.

She had never seen him exercise. His figure...

How could she have such a figure sitting in the office every day?

In the blink of an eye, he saw Shen Fanxing's determined gaze. Bo Jinchuan raised an eyebrow.

So it felt good to seduce someone.

With his back facing Shen Fanxing, he took off his shirt and said calmly,

"Help me take off my shirt."

Without thinking, Shen Fanxing picked up the brand new shirt and ran towards Bo Jinchuan.

Bo Jinchuan opened his arms like a servant.

Instinctively, Shen Fanxing unbuttoned her shirt and helped him to push his sleeves into his arms.

His firm back and smooth lines merged perfectly. As he dressed, Shen Fanxing blushed.

Knowing that something was amiss, Shen Fanxing put on his sleeves and loosened his shirt. Bo Jinchuan's shoulders trembled and the shirt that was hanging on his shoulders was put on by him.

Her heart skipped a beat as she felt his handsomeness. Shen Fanxing wanted to dash out of the room.

This... demon!

Shen Fanxing was silent when Bo Jinchuan suddenly said, "I think I buttoned the wrong button."

Hearing this, Shen Fanxing looked up and indeed, the first button on her collar was buttoned up. She sighed helplessly and walked to his side. She stood on her tiptoes, intending to undo it before buttoning it.

Just as she raised her hand, she felt a grip on her waist. She lost her balance and fell into Bo Jinchuan's embrace.

"Ah..."

Shen Fanxing exclaimed in surprise. Bo Jinchuan lowered his head and found her lips accurately.

Under the overwhelming kiss, Shen Fanxing didn't even have time to breathe before his breath was taken away.

After a sudden kiss, Shen Fanxing's breathing became erratic and rapid.

The moment she was kissed, Shen Fanxing knew that she had been tricked. Now that she had time, she bit Bo Jinchuan's neck angrily.

"Ha."

Bo Jinchuan couldn't help but chuckle at her enraged expression.

"Shorty."

Shen Fanxing, who was glaring at her, flew into a rage again.

"Not convinced?"

Bo Jinchuan's smiling eyes were filled with affection. He unbuttoned his collar and pointed at his neck.

"Let's see."

Shen Fanxing shifted her gaze and when she saw the spots on his neck, her face flushed red.

"Did you see that? It's all your doing."

### **Chapter 913: Mr Bo Is A Little Cute**

"Did you see that? It's all your doing."

Shen Fanxing was extremely embarrassed.

Struggling in his arms, the man didn't relax at all.

"Don't move. You're wrinkling your shirt."

Bo Jinchuan said softly as he watched Shen Fanxing fall silent.

"Ha. Good girl."

Shen Fanxing bit her lips and glared at him.

“You...” He had guessed her thoughts and could control her accurately.

Bo Jinchuan looked at her animated face and the fondness in his eyes intensified.

He lowered his head and planted a gentle kiss on her eyes.

“Do you think... I should buy the exclusive right to all words related to ‘Star’, hmm?”

Shen Fanxing’s heart skipped a beat as she stared at him in shock.

“... How is that possible?”

“What’s impossible? As long as I want to.”

Updates by

Shen Fanxing’s lips twitched. “Stop fooling around. This is meaningless.”

She guessed that Bo Jinchuan must have had some guesses when she mentioned Twinkle Twinkle.

However, she had just gotten into a conflict with him on the computer.

Moreover, she had no reason to hack into the Bo Consortium’s security system.

She knew that Bo Jinchuan believed in him.

There was another possibility that was also true.

That was the person he was tracking just now. She wasn’t ‘Twinkle Twinkle’.

In this way, even if she appeared here, it wouldn’t conflict with whether she was sparkling.

Bo Jinchuan was smart and his suspicions were correct.

Feeling a little awkward, Bo Jinchuan gave her a meaningful look before letting go of her slowly.

“Does your head still hurt?”

How could Shen Fanxing be in the mood to argue with him? She shook her head and said weakly, “It doesn’t hurt anymore.”

Then, she saw Bo Jinchuan smiling at her. She tiptoed and kissed his chin.

Her eyes were shining brightly.

“After seeing your beautiful face, how can I have the mood to think about such messy codes?”

Bo Jinchuan’s eyes darkened and his grip on Shen Fanxing’s waist tightened.

Very good, she was seducing him.

“There are more useful ways. Do you want to try?”

Without thinking, Shen Fanxing pushed his chest open and turned her head. She said firmly,

“No!”

Bo Jinchuan chuckled and said, "I'm not curious."

"I'm not curious."

If she still couldn't guess the method he was talking about, she would have lived in vain!

"Alright, hurry up and try it on. I still have to go home to choose a gown!"

Bo Jinchuan looked at the suit Shen Fanxing had bought and said, "You don't have to go home. I'll help you choose."

"Yes?"

Without leaving the house, Bo Jinchuan found a high-end gown on a famous fashion website.

Shen Fanxing didn't know what he had chosen. Even though she knew that Bo Jinchuan had sharp eyes, she couldn't help but exclaim when she saw the clothes.

This man was really a treasure.

The gown was a light pink long-sleeved lace embroidered gown. The pink was so light that it was almost invisible under the light.

The lace embroidery was exquisite. Her long dress swayed elegantly.

It matched the gown she had bought for him.

Seeing such a beautiful gown, Shen Fanxing had the urge to buy jewelry.

After all, the gown could only be worn once. It would be a pity not to match it properly.

Putting the gown away, Shen Fanxing said, "I'm going to buy jewelry."

Bo Jinchuan wanted to go online to show her.

Ever since he met Shen Fanxing, he had a lot of fun shopping online.

Shen Fanxing didn't know whether to laugh or cry at his actions. His swift and decisive actions were a little adorable...

"Don't choose for me. I'll go out personally. Mother's jewelry shop has a branch here. I'll go take a look."

"I'll accompany you."

"Hurry up and earn more money."

Shen Fanxing picked up her bag and strode out of the office.

The door closed and the office fell silent.

Bo Jinchuan raised an eyebrow, feeling a little lonely.

"..."

The exclusive driver today was naturally the idle Bo Jinghang.

After picking up Lan Xianxian, the two of them went to buy accessories.

Because she didn't have the time or opportunity to touch the assets left behind by her mother, she had only gained a rough understanding of them recently.

Thanks to Yang Liwei's greed, the most profitable projects had been expanded by her.

For example, Yang Liwei had expanded The Queen Jewelry.

She was quite famous overseas. It was no wonder that Jiang Rongrong had handed these things to Yang Liwei to manage. In some aspects, she did not deny Yang Liwei's business acumen, but that was all. If these things were in her hands, she was confident that her achievements would not be limited to today.

The roads in HK were not spacious and outdoor parking was rare. Bo Jinghang went to find a parking space. Shen Fanxing stood at the entrance of The Queen and looked up at the logo above her head. Her eyes flickered.

The-Queen's logo is in artistic cursive.

Two of the letters 'E' were familiar to Shen Fanxing.

It was almost identical to the words on her body.

These two letters were sandwiched in the middle. There seemed to be nothing wrong with them, but if one looked closely, they could still see that these two letters were incompatible with the whole.

It was as if she was trying to send a message.

However, there was a sense of caution that she did not want others to know.

Although she didn't know much about her mother, she could roughly guess that her mother, who grew up in an orphanage in Ping Cheng City, might be looking for her family through this method.

But what kind of family would have such a unique way to prove their identity?

"Fanxing, Fanxing?"

Lan Qianqian's voice sounded from afar. Shen Fanxing snapped out of her trance and her eyes regained clarity.

She glanced at Lan Xianxian and said, "Let's go in."

Lan Xianxian glanced at her suspiciously and nodded. Then, she looked up at the logo above her and followed Shen Fanxing into the shop.

The Queen was identified by Yang Liwei as a luxury brand.

Shen Fanxing had no objections.

There were many jewelry stores in the country that had been around for more than a century. Her mother had never thought of going against a brand that had been around for more than a century.

Moreover, times were different now. Other than some conservative people, most people still wanted beauty and fashion. Luxury brands were fashionable and diverse.

The Queen was no exception.

However, the moment the two of them stepped into the shop, they heard laughter.

“I think this is good!”

“Isn’t she too pretty for me?”

“How is being pretty not suitable for you? Moreover, it’s a pearl. It’s just that the design is a little conspicuous. It’s much better than those unchanging pearls. Come, let’s try it first.”

“Alright, let’s give it a try.”

Shen Fanxing raised an eyebrow. Enemies were bound to meet.

Yuan Sichun raised her hand to take the red gem on Lou Ruoyi’s ear.

Lou Ruoyi turned her head and saw Shen Fanxing and Lan Xianxian walking in. She exclaimed in surprise.

“Fanxing, Xianxian, how did you know we were here?”

#### **Chapter 914: Fate**

“Fanxing, Xianxian, how did you know we were here?”

Lou Ruoyi’s words attracted the attention of the women in the shop.

Yuan Sichun looked up at Shen Fanxing and Lan Xianxian in surprise.

“Who is it?” A young girl walked to Yuan Sichun’s side and asked. Her makeup was exquisite and her outfit matched the fashion trend.

“Ah! She’s so ugly. What’s that on her forehead?!”

Before anyone could speak, the young girl suddenly screamed. The disgust on her face pierced through their hearts.

Lan Xianxian’s face turned pale, then red, then white. In the end, she subconsciously took two steps back and buried her head deeply. She reached out to touch her hair in an attempt to cover the red birthmark on her forehead.

“Why didn’t you cover yourself when you went out? Don’t you find it embarrassing? Not only are you ugly, you even came out to scare people!”

The girl didn’t consider other people’s pride at all. She frowned at Lan Xianxian, her tone full of disgust and resentment.

There was an awkward silence in the shop.

“Ziyu! Shut up!” A shout sounded. Then, a woman dressed elegantly walked over from behind. However, it was obvious.

Shen Fanxing's eyebrows twitched as she guessed the identity of this woman. She was Yuan Sichun's mother.

"Aunt, look, that woman's forehead is really ugly!"

The woman frowned and glared at her. "It's none of your business! Shut up!"

Updates by

Shen Fanxing snorted coldly in her heart. "What has it got to do with you?"

How could a well-educated, dignified and gentle person say such a thing?

What was the difference between this and what Ziyu said?

"Aunt!"

The girl called Ziyu felt a little aggrieved, but she was pulled by another woman. It was obvious that she was the woman who had a conflict with him not long ago.

When his gaze landed on Shen Fanxing, his brows furrowed in anger.

"Why is it you again?!"

Her words successfully attracted the attention of the others.

Yuan Sichun frowned and turned to ask the woman, "Aunt, you... know each other?"

The woman snorted coldly and looked at Shen Fanxing with disdain. "Hmph, you just extorted money and now you're here to buy jewelry. You really know how to enjoy yourself!"

Yuan Sichun's eyes flashed. "Aunt, don't spout nonsense!"

The woman glared at her. "What nonsense am I spouting? The person she extorted..."

She stopped abruptly as if she had suddenly remembered something. She turned to Lou Ruoyi and smiled.

"Mrs. Bo, you... know this woman?"

Lou Ruoyi looked at her calmly and said, "She's my future daughter-in-law. Do you think I know her?"

The moment Lou Ruoyi finished speaking, Yuan Sichun and her mother, Ye Zhiqing, looked at each other. Their expressions changed.

"What?!"

On the other hand, Qian Ziyu shrieked and glared at Shen Fanxing.

"Your daughter-in-law? Whose fiancée? Brother Bo or Second Brother Bo?"

Lou Ruoyi pursed her lips and her face darkened.

She would be crazy to answer her!

What was that!

Shen Fanxing pulled Lan Xianxian to Lou Ruoyi. Looking at the earring in Yuan Sichun's hand, she smiled and answered her question.

"We didn't know you were here. We happened to pass by and didn't expect to bump into you."

Lou Ruoyi smiled faintly and said, "Really? Look at the fate between us."

His words caused the expressions of the few people present to change again.

She was undoubtedly acknowledging Shen Fanxing in front of them.

Ye Zhiqing narrowed her eyes at Shen Fanxing, unable to hide the disdain and anger on her face.

After a few seconds of silence, Lou Ruoyi introduced Shen Fanxing to the people around her.

Yuan Sichun's mother, Ye Zhiqing, Yuan Sichun's aunt, Ye Lanjiao, and Yuan Sichun's cousin, Ye Lanjiao's daughter, Qian Ziyu.

Shen Fanxing greeted them one by one. No matter what, Mother Bo had to waste time dealing with people. There was no need for her to offend them immediately.

The etiquette was acceptable.

Then, Shen Fanxing pointed at the pearl earring beside Yuan Sichun's hand.

"She's quite pretty. She should suit you well."

Lou Ruoyi took a look and smiled.

Although the design was a little bold, she wasn't that old.

She was just being reserved just now.

"Xianxian and I will go shopping first."

"Okay, go ahead."

Yuan Sichun watched as she left calmly. She was dressed in a simple white suit, and her aura was outstanding. Her slender figure made her look smart and upright. Thinking of the scene when she appeared with Brother Bo in the morning, her face turned cold again.

"Sichun, hurry up." Lou Ruoyi turned her head and urged. Yuan Sichun came back to her senses and hurriedly put on a smile before putting them on Lou Ruoyi gently.

"Auntie, she's really beautiful. Take a look."

Lou Ruoyi pulled Lou Ruoyi to the mirror while Ye Zhiqing nodded.

"Yes, she's really pretty."

Lou Ruoyi liked it too. The design was simple and exquisite.

At this moment, the salesperson took the opportunity to say, "Miss Yuan is a regular customer here. She has always had good taste. Thanks to her, as long as she comes, the customers in the shop will fight to have the same jewelry when they see her wearing it."

Lou Ruoyi chimed in, "Yes, Sichun has good taste. I've always liked shopping with her. Fanxing, don't you think so?"

Shen Fanxing, who was bending over to look at the jewelry on the counter, heard Lou Ruoyi's name. She raised an eyebrow and turned around with a smile.

"Yes. I experienced it yesterday. The dress that Miss Yuan picked... is very... beautiful."

"..." Yuan Sichun's face darkened. Seeing her in that dress this morning and covered in hickeys, her heart ached again.

The few of them remained silent as Shen Fanxing picked out a pair of ruby earrings for Lan Xianxian.

"You want this."

The shop assistant chuckled softly and said, "Miss, if she wears this, won't she look a little old?"

Shen Fanxing glanced at her and said, "I think it's good."

The salesperson was a little embarrassed. "Sorry, she's still young. She's wearing agate..."

"What's wrong?" Yuan Sichun walked over with a gentle smile.

The salesperson smiled at her and hurriedly said, "Miss Yuan, you've always had good taste. This lady wants to choose this pair of earrings for this lady... Compared to this pair of red agates, I think platinum diamonds are more suitable for her. What do you think?"

Yuan Sichun took a look at the red agate earrings and said with a smile, "Sister-in-law, Xianxian is still young. Platinum, diamond, or rose gold will do..."

Shen Fanxing smiled and said, "Thank you for the suggestion."

Then, she said calmly to the shop assistant, "Wrap it up for me."

Embarrassed, the salesperson took the earrings and went to wrap them.

Yuan Sichun seemed to be used to Shen Fanxing's methods and smiled.

"Sister-in-law, although the birthmark on Xianxian's face affects her looks, she's still a girl. I think she still likes to look beautiful. She likes shiny things more than jade and agate..."

Looking at Shen Fanxing's faint smile, Yuan Sichun smiled calmly and said, "Of course, that's just my suggestion. The decision is still yours."

After saying that, Yuan Sichun left calmly. Lan Qianqian tugged at Shen Fanxing's sleeve and said, "Didn't you say you wanted to buy it? Why are you picking it up?"

Shen Fanxing turned to smile at her. "Why? You don't like it?"

Lan Xianxian blushed. "... She's quite pretty."

Shen Fanxing smiled meaningfully and said, "You have good taste."

### **Chapter 915: Earning Money Is the Most Important**

Shen Fanxing smiled meaningfully and said, "You have good taste."

Lan Qianqian bit her lips and blushed.

Looking at her blushing face, Shen Fanxing couldn't help but chuckle softly.

After that, Shen Fanxing shopped around again. In the end, she spotted a platinum bracelet. On both sides of the bracelet were two black and white swans. They were exquisite and pleasing to the eye.

"Show me this bracelet."

"Okay, please wait a moment." The salesperson opened the cabinet and placed the bracelet on the table.

Shen Fanxing was about to take it when another fair and slender hand snatched it away.

Shen Fanxing looked up and felt that she was being petty.

She thought it was Yuan Sichun...

Unexpectedly, it was Yuan Sichun's cousin, Qian Ziyu.

"This is really beautiful."

Qian Ziyu's eyes lit up and he put the bracelet on his wrist.

Then, she took a look and nodded in satisfaction. She called Yuan Sichun excitedly.

"Cousin, cousin, do you think this bracelet is beautiful?"

Updates by

When Yuan Sichun saw the bracelet on Qian Ziyu's hand, she frowned slightly.

"Cousin, is she pretty?" asked Qian Ziyu, who didn't get a reply.

Yuan Sichun glanced at the salesperson, who gave her a meaningful smile.

Yuan Sichun's heart turned cold. Then, she pursed her lips and said softly,

"... Beautiful."

Qian Ziyu replied happily, "I think it's pretty too." Then, he raised his eyebrows at the shop assistant. "I want this bracelet. You don't have to wrap it for me. I'll wear it."

Shen Fanxing stood ramrod straight. Upon hearing Qian Ziyu's words, she couldn't help but raise an eyebrow.

"Miss Qian, I seemed to have taken a fancy to this bracelet first."

Hearing this, Qian Ziyu raised his head and the smile on his face turned cold.

“What do you mean you liked it first? Why is it on my hand now?”

Shen Fanxing’s delicate brows furrowed before relaxing. In the end, she let out a chuckle.

“You’re asking me?”

Qian Ziyu glanced at her and fiddled with his bracelet. “What else?”

Shen Fanxing stroked her forehead and sneered inwardly.

Was she really incompatible with society? The people and things she encountered were all so strange.

She was even addicted to being snatched away.

“I was the one who asked the salesperson to take it out of the cabinet. Miss Qian, why are you so confident when you’re trying to rob me?”

Qian Ziyu frowned and said, “You’re so annoying. So what if you asked the salesperson to take it out? You didn’t say that you had to buy it. I’m sure I want to buy it now! Look, I’m buying it. Of course, you have to pay attention to me first.”

Shen Fanxing placed her hand on the counter. The bright light shone on her slender and exquisite hand.

Coupled with her white suit, she seemed to be glowing.

Her indifferent face and simple expression made one’s heart skip a beat.

Qian Ziyu looked at Shen Fanxing’s calm expression. She didn’t say a word, but her aura made him feel inferior.

She lacked confidence.

On the other hand, Yuan Sichun stared at the bracelet on Qian Ziyu’s hand for a long time. A glint flashed across her eyes and her lips twitched slightly before she looked up.

“Ziyu, give the bracelet to Sister-in-law. She took a fancy to it first.”

Qian Ziyu immediately placed the bracelet behind his back. “Why? I was the one who decided to buy it first!”

Qian Ziyu’s high decibel level attracted the attention of Lou Ruoyi and the rest.

“What’s wrong?”

“It’s alright, Auntie. Ziyu and Sister-in-law have taken a fancy to the same bracelet. Since Sister-in-law wants to see it, Ziyu wore it on her hand and didn’t want to take it off,” Yuan Sichun explained.

Shen Fanxing glanced at Yuan Sichun and narrowed her eyes coldly.

“Fanxing, do you really like this bracelet?”

When Shen Fanxing met Lou Ruoyi’s gaze, she took a deep breath.

“I like it... but since you’re unwilling to pluck it, forget it.”

“What do you mean forget it? I was the one who decided on it first.”

“Alright, Ziyu. Sister-in-law has already given in. Don’t push your luck.”

Shen Fanxing retracted her hand, her face expressionless.

Although she didn’t like the bracelet that much, she had the urge to hit such an unreasonable person.

Indeed, a problem like tutoring...

Indeed, like mother, like daughter.

Now that Mother Bo was here, she naturally couldn’t embarrass her.

Moreover, this was her own shop.

Since someone insisted on buying it, as the boss, how could she stop them from paying?

Of course not!

As a businessman, earning money was more important!

Seeing Qian Ziyu pay happily, Shen Fanxing remained calm.

Lou Ruoyi patted her arm comfortingly.

“I’ll buy you a prettier one later.”

Shen Fanxing turned her head and smiled at her. “It’s alright, I don’t like it that much. Otherwise, I wouldn’t have given it to her so easily. No one can snatch away what I like.”

Yuan Sichun glanced at her, but her smile remained calm.

“Auntie, we should go to the beauty salon. Sister-in-law, are you coming?”

“Are you done?” At this moment, Bo Jinghang’s voice sounded from the door.

“Brother Jinghang, why are you here?” Qian Ziyu nudged Bo Jinhang and stared at him with an infatuated expression.

Bo Jinghang glanced at her and asked impatiently, “Who are you?”

“I... I... I’m...”

“Get up.”

Qian Ziyu was shocked by Bo Jinghang’s gaze and tone. After a while, Bo Jinghang walked around her and stopped in front of Lou Ruoyi.

She stomped her feet angrily.

“Mom, why are you here?”

Yuan Sichun raised an eyebrow and looked at Bo Jinghang, who had suddenly appeared. She smiled and said, "So there's someone shopping with Sister-in-law today. It seems like it's unlikely for her to be with us this time."

Lou looked at him with a troubled expression.

This kid better not fall for her!

"I'm just strolling around," she said coldly and turned to look at Shen Fanxing. "Fanxing, aren't you coming with us?"

Shen Fanxing smiled apologetically and said, "Sorry, Mom, we still have something to do."

"Yes, Auntie. Let's go. Don't delay Sister-in-law's work."

"But..." Lou Ruoyi was worried.

This man and woman couldn't be together often. Otherwise, if they liked each other, wouldn't that be a problem?

Especially when it came to relationships. Once one fell in love, it would be difficult to extricate oneself.

She really couldn't imagine the scene after the two brothers fell in love with the same woman.

"Fanxing, you're really not coming with us." Lou Ruoyi refused to give up.

Shen Fanxing smiled and nodded. "I won't disturb you anymore. I'll accompany you when I have time."

In the end, Lou Ruoyi was almost dragged away by Yuan Sichun. Before she left, Lou Ruoyi gave Bo Jinghang a warning glare.

Bo Jinghang ignored her and walked to Shen Fanxing.

Qian Ziyu stomped his feet angrily.

After they left, Shen Fanxing said calmly to the salesperson,

"Show me your recent sales records."

She didn't expect Yuan Sichun to be a regular here...

### **Chapter 916: The Coward Bo Jinghang**

"Show me your recent sales records."

She didn't expect Yuan Sichun to be a regular here...

She was curious about how much she had contributed to this branch.

She could make her employees rely on her like this.

Shen Fanxing's sudden words stunned the shop assistant.

She stared at Shen Fanxing with a twisted expression as though she was looking at a retard.

The shop was silent for a long time before the consultant walked to Shen Fanxing and forced a smile.

“I’m sorry, Miss. I’m afraid... I can’t.”

Of course not!

How could he show important documents to customers?

Shen Fanxing raised an eyebrow. On second thought, she had been rude.

After some thought, she asked,

“Where’s your manager?”

The consultant’s face twitched, but he still smiled and said, “Miss, if you’re buying jewelry, I can recommend a few pieces for you. Qianqian, come over and recommend a few pieces for this lady.”

Updates by

Shen Fanxing raised an eyebrow. Coincidentally, a customer had entered the shop. The consultant didn’t want to waste any more time with Shen Fanxing, who was an “unreasonable” customer. He quickly smiled and went up to her.

“Welcome, how can I help you?”

Shen Fanxing pressed her lips and didn’t pursue the matter since there were guests.

Since she needed a set of jewelry today, she continued to look around the counter.

Recalling the gown that Bo Jinchuan had bought for her online, it didn’t take long for her to find a set of jewelry.

A pink pearl and diamond necklace in the shape of a water droplet, earrings and bracelet, and a ring.

This pink color matched the outfit very well.

“Show me this set.”

The salesperson looked up at Shen Fanxing and sized her up twice.

His judgmental gaze made Shen Fanxing frown.

His usually cold face looked even more intimidating because of a small action.

The salesperson’s heart skipped a beat as she looked at Bo Jinghang, who had been watching the scenery in boredom. Seeing that the man’s back was facing them and he had not moved forward, she had a rough idea.

They had seen many similar situations in their line of work.

This man probably didn’t have much money to buy anything too expensive.

Otherwise, he wouldn't have stayed so far away, afraid that his girlfriend would choose a piece of jewelry that was too expensive for him.

Although this woman was dressed well, there were four pieces of jewelry. Just the price of each piece was not something a senior white-collar worker could afford.

However, the man was still a coward.

(Bo Jinghang: He's a coward?!!!!!!)

"Miss, judging from your temperament, I don't think this set of jewelry suits you. Why don't... you take a look at something else?"

Shen Fanxing frowned and looked at the salesperson.

Her eyes were as bright as glass and emitted a cold glint.

"I like it. I choose and I spend. I don't want you to force me to choose for me. A professional salesperson won't show off her professionalism casually. Whether it's suitable or not, as long as the customer chooses, the word 'not suitable' shouldn't come out of the mouth of a salesperson like you. How... did you get in?"

The salesperson's face turned red. After a long while, she couldn't help but fly into a rage.

"I'm not a professional salesperson, but are you? I'm just suggesting. If you don't want to consider it, so be it. Why are you saying so much? You're making yourself look so noble!"

Besides, I'm doing this for your sake! Look at how far away your boyfriend has been since he entered the shop.

As his girlfriend, why didn't you think about him? This set of jewelry cost more than three million yuan. Have you ever thought about how he wouldn't be able to afford it?

I suggest you buy something else. You might like it, and your boyfriend can afford it. Isn't that a win-win situation? Aren't you... too ungrateful?"

Speaking of which, the salesperson started crying.

Shen Fanxing blinked and looked at the aggrieved shop assistant. She didn't know whether to laugh or cry.

What did she just say?

The other shop assistants heard the commotion and surrounded them.

"What's wrong, Qianqian?"

"Qianqian, don't cry. It won't be good."

A few sales assistants came to persuade her. Some apologized to Shen Fanxing while others looked at her indignantly.

At this moment, the consultant who had just left heard the commotion and walked over. The customer who had just received them was a customer who wanted them to retrieve the diamond ring. His enthusiasm plummeted and he had been paying attention to the situation.

Her intuition told her that this woman in white was not easy to deal with. Indeed, she had bullied the shop assistant until she cried.

“Qianqian, stop crying!”

“Cousin, she’s too much!”

Shen Fanxing narrowed her eyes and asked, “Cousin?”

His gaze swept across the two of them and his lips curled into a cold smile. “Looks like what I said was right. So you really got in through connections.”

The consultant’s face darkened and the smile on his face disappeared.

When she thought of her unreasonable request at the start, her impression of her dropped to negative.

“Customer, I think it’s necessary to understand each other.

Since you’re here to spend, we’ll naturally welcome you. However, we have to consider each other’s feelings. Qianqian was clearly thinking about the two of you just now. You insisted on wanting this set of jewelry. It’s more than three million yuan. Have you considered if your boyfriend can afford it? What if he can’t afford it? How do you expect him to step down? If he can’t afford it, how can you handle it? In the future, the two of you might have a conflict because of this?”

Shen Fanxing stood at the side and listened to her sister berating her. Her sister continued to berate her, her expression turning cold.

“Are you done?”

The woman finally stopped speaking and Shen Fanxing’s cold voice sounded. The moment she said that, the temperature in the shop dropped.

Even Lan Xianxian, who had always been quiet, couldn’t help but shrink her shoulders.

The “coward” Bo Jinghang, who had been called twice, walked over with his hands in his pockets.

His handsome face was filled with disbelief. “Me? Her boyfriend? You can’t afford him?”

The consultant was instantly charmed by Bo Jinghang and his face lit up. “I’m sorry, sir. Actually, you don’t have to worry too much. There are many people who are worse than you. After all, it’s something that costs a few million yuan. It’s normal that you can’t afford it for the time being. However, your girlfriend has good taste. She likes such expensive things. I think life is more important, right?”

For example, she was quite homely.

Bo Jinghang received confirmation, but he still blinked in disbelief.

**Chapter 917: Get Lost... Get Lost!**

Bo Jinghang received confirmation, but he still blinked in disbelief.

Shen Fanxing's boyfriend?

Couldn't afford it?

Why did these two things feel so surreal to him?

One was his biological brother's woman!

One... couldn't afford it?

"Gosh... I can't afford it..."

Bo Jinghang was so angry that he laughed. What had he done to give them such an illusion?

This was the first time he had heard of something that he couldn't afford!

Moreover, it was just a few million yuan worth of jewelry...

Lan Xianxian, who was standing silently at the side, couldn't help but laugh when she saw Bo Jinghang's expression.

The fact that she couldn't afford Bo Jinghang was something that couldn't be linked to the destruction of the world. Yet, it had happened just like that.

Besides, he really didn't do anything...

Could this be the legendary case of getting shot while lying down?

Updates by

Bo Jinghang snorted for a long time, giving everyone goosebumps.

After a long while, he said to Shen Fanxing,

"She does have good taste, but that eye of yours can tell that I or she can't afford it."

The consultant was stunned for a moment before he smiled, thinking that they were trying to save face for him.

"We're just saying. You're so handsome and elegant. You can definitely afford it."

"Tell me," said Shen Fanxing suddenly with a cold expression. Her voice was cold and threatening.

She looked up and her sharp gaze swept across them.

"What do you do? You make a living with this mouth of yours. Can't you tell what you should and shouldn't say?! You're crying here because you're wronged!"

As a consumer, I have to buy things according to your preferences and expressions! Do you know why this matter has escalated to this state?

They were baffled by Shen Fanxing's swift reprimand.

Upon hearing Shen Fanxing's words, the consultant rolled his eyes and said, "It's all your fault for being unreasonable..."

There was a loud bang!

Shen Fanxing picked up the mirror beside her and slammed it on the glass counter.

Before the consultant could finish speaking, there was a loud bang and he shrank his neck in fear.

The entire shop was instantly filled with a suffocating coldness!

Lan Xianxian hid behind Bo Jinhang in fear. Bo Jinhang gulped and took a few steps back silently.

She asked Lan Xianxian in a low voice, "Sister-in-law isn't a busybody. Why is she so angry today?"

Lan Xianxian shook her head. "...I don't know."

The consultant reacted and looked at the surface of the glass counter that had been knocked into a spider web. He swallowed his saliva in fear.

"You... What are you doing... Robbing?!"

Shen Fanxing glared at the consultant coldly.

"You're judging the customers on the surface and have too much self-awareness. If not for your preconceived judgment that I can't afford this item, things wouldn't have developed to this stage. Now that you're a service staff, you still have to argue with the customers and push the blame to them. Have you forgotten that the customers are gods?!"

The consultant's expression changed drastically. "The customer is God, but we weren't the ones who caused trouble in the beginning, right? Did we do anything to you in the beginning? You're the one who's nitpicking. Didn't you see that you've bullied us shop assistants until we cried? We're in the service industry, but we have human rights and dignity!"

Shen Fanxing sneered, "Since you want this job, you should know how to protect your dignity!"

Did I make her cry?

She couldn't wait to retort.

In the end, she even cried like this?

If you're so fragile, why are you still a salesperson? Why don't you pack up and scam!"

"Oh my god, Sister-in-law is really valiant!"

Get... Get lost?!

Bo Jinhang's eyes widened in surprise.

She didn't expect her sister-in-law to be someone who could say 'get lost'.

Shen Fanxing's words were powerful and domineering!

It shocked Bo Jinghang and Lan Qianqian.

Of course, there were others in the shop.

After being frightened by this woman again and again, the few of them had almost gone crazy.

Moreover, the words “get lost” stabbed at their hearts. However, most of them didn’t dare to say anything.

Upon being yelled at, Qianqian’s tears streamed down her face again. She looked at the consultant aggrievedly and sobbed, “Cousin...”

The consultant’s face turned red and his body trembled with anger. He pointed at Shen Fanxing and said angrily,

“You... You... It’s up to you whether you want to buy it or not! If you don’t want to buy it, you’d better scam! Our shop can’t tolerate a big shot like you!”

Shen Fanxing’s eyebrows twitched!

Her eyes were cold.

“What did you say?”

“I told you to leave the shop immediately!”

The consultant didn’t stand on ceremony this time. He raised his chin arrogantly.

“If you don’t leave, I’ll call security. I have a hundred reasons for you to go to the police station!”

“F\*ck! I can’t stand it anymore! Do you think I’m dead?”

Bo Jinghang had really broadened his horizons. A mere shop assistant wanted a customer to scam?

How dare she invite Sister-in-law to the police station?

This woman was going to die!

Besides, he was Sister-in-law’s boyfriend!

Ugh...

F\*ck!

What kind of identity did Sister-in-law’s boyfriend have?

Bo Jinghang took two steps forward but was blocked by Shen Fanxing.

“I don’t need you to interfere in this matter.”

Bo Jinghang looked at the slender arm in front of him and pursed his lips before walking to the side obediently.

She leaned against the counter with her hands in her pockets and looked at them indifferently.

Shen Fanxing retracted her arm slowly and stood upright with a calm expression.

“It seems like you’re the big shot.”

The consultant smiled contemptuously. “It’s none of your business! Anyway, please leave quickly.”

Shen Fanxing’s anger seemed to have subsided and she no longer looked as domineering as before.

“Aren’t you afraid that I’ll complain about you?”

Seeing that she had given up, the consultant sneered and didn’t mind.

“You can try.”

Shen Fanxing narrowed her eyes and turned to look at the other employees. Her voice was cold as she asked, “Where’s your manager?”

The shop assistants looked at each other before looking at Shen Fanxing and the consultant. They hesitated and remained silent.

She was obviously afraid of something.

“Hmph.” The consultant snorted smugly.

Shen Fanxing’s eyes darted around as she stared at them sharply. Seeing their flickering expressions, her heart skipped a beat.

### **Chapter 918: Inviting Thieves**

Shen Fanxing’s eyes darted around as she stared at them sharply. Seeing their flickering expressions, her heart skipped a beat.

“Looks like I have no choice but to file a complaint?”

“It’s so noisy. What happened?”

At this moment, a chubby man in a suit and leather shoes rushed downstairs.

The expression on the consultant’s face became even more arrogant.

“I met a customer who specializes in causing trouble. He’s picky and wants the set of pink diamonds that cost millions...”

The manager’s expression changed and he walked down the stairs. He looked at the consultant and glanced at her. He whispered,

“Why are you having a conflict with a customer again? Can’t you control your temper and not cause trouble for me?”

The consultant frowned and said, “I’ve met so many weird customers every day. I can tolerate it! Besides, this woman is just looking for trouble. She bullied Qianqian until she cried! As her sister, how can I give in?”

The manager looked at Qianqian.

She was wiping her tears. Her eyes were red and swollen from crying, and her face was red. Even her lips were red. She looked pitiful.

Seeing the manager looking at her, the young woman called Qianqian sobbed softly.

“Brother-in-law...”

“...”

Updates by

“...”

Bo Jinghang and Lan Xianxian almost choked to death.

So the reason was his mother!

Initially, the manager wanted to appease the customer. After all, he knew what his wife was like.

However, when she saw how pitiful her cousin-in-law was crying, she changed her mind.

“Since you’re here to cause trouble, just get the security guards to invite you out. Why are you making a fuss here? Do you know the impact?”

He looked at his wife with a stern face and his voice sounded authoritative.

“I’m looking for someone to come over!”

The consultant glared at him and was about to turn around when Shen Fanxing sneered.

She paused and looked back at her.

Shen Fanxing said coldly, “So this is the reason for your arrogance?”

With her husband around, the woman felt more confident.

“Who’s arrogant and despotic? It’s clearly you...”

Shen Fanxing narrowed her eyes and dashed forward to rip the badge off the consultant’s chest.

“What are you doing?!” the consultant screamed.

Shen Fanxing said sternly, “You, get out of here.”

“Why?! My husband is...”

Shen Fanxing shifted her gaze to the manager and said coldly, “Get lost too!”

The manager was stunned for a moment. He wanted to establish his prestige in front of the woman, but a woman told him to get lost. The man’s self-esteem suffered a huge blow.

“You...”

“What right do you have to tell my husband to get lost? My husband is the acting manager of the entire HK division! Who do you think you are?”

“Who do you think I am?” Shen Fanxing’s voice was as cold as frost. “The manager of the entire HK branch, Yang Liwei, personally appointed me?”

“Yang...” Upon hearing the name Yang Liwei, the consultant paused and looked at her husband instinctively.

The manager’s expression changed drastically. “You... you know my cousin?”

“Ha...”

Cousin...

Shen Fanxing sneered, “So this place has attracted thieves!”

As expected of Yang Liwei. Not only was she rich, but she also didn’t forget to support her family.

If her family recruited more people, it would become her family’s business!

No wonder she was so arrogant!

“Cousin... Since she’s your cousin, you should know that she was arrested and imprisoned, right? Her biggest backer is gone? How dare she be so arrogant?”

“You...”

The manager stared at Shen Fanxing for a long time. His frown disappeared and his face turned pale.

She suddenly swayed on the spot and took a few steps back, hitting the counter behind her. Even though her elbows were on the counter, she still struggled and fell to the ground in a sorry state!

“Hubby!” Seeing this, the consultant rushed over. “Hubby... what’s wrong?”

The manager’s face paled as he looked up at Shen Fanxing. He pointed at her and said in a trembling voice,

“You... you are...”

Shen Fanxing smirked and took two steps towards him. She looked down at him and asked, “What about me?”

“You...”

The manager was so nervous that he couldn’t say a word, causing the consultant to panic.

“What’s wrong, Hubby? A woman who can’t even afford jewelry? Why are you so nervous?”

The manager turned his head abruptly and glared at the woman. “Who told you that she can’t afford it?!”

The woman was stunned by the manager’s shout. She looked up at her cousin, who was so frightened that she forgot to cry. Then, she gritted her teeth and said,

“She took so long to choose a pair of red agate earrings for her sister. It’s such a shabby gift. How can she afford that set of pink water drop diamonds that cost a few million yuan... Ah!”

Before the consultant could finish speaking, he was slapped across the face!

The crisp sound of a slap echoed in the quiet shop.

Shen Fanxing blinked and smiled coldly before turning her head away.

“Damn it! How dare you hit me?!”

“Beat you? I can’t wait to beat you to death! I knew you would cause trouble sooner or later! I’ve long advised you to restrain yourself, but you refused to change! B\*tch!”

Bo Jinghang, who was watching the show from the side, blinked and straightened his back.

‘Yes?’

What was going on?

The situation had taken a 180-degree turn!

Weren’t they in cahoots just now?

Why was there a civil war in the blink of an eye?

“What’s the situation?”

Lan Xianxian was also stunned by this scene. She poked her head out from Bo Jinghang’s side and asked softly.

Bo Jinghang shook his head. “I don’t know. Maybe... Sister-in-law secretly poisoned them with a Gu called Dog Biting Dog?”

Lan Xianxian’s eyelids twitched. “Do you think that’s possible?”

Bo Jinghang shook his head again. “Impossible.”

“...”

At this moment, the manager continued to roar angrily,

“You... you blind b\*tch! You can’t do anything right!”

Realization dawned on the consultant. He retracted his sharpness and looked up at Shen Fanxing with a pale face. He asked timidly,

“She can afford it? Who is she? Why are you so afraid?”

The manager glared at her angrily. His eyes were bloodshot and he looked terrifying.

“Did a dog eat your brain?! You haven’t recognized her?... What did you say she was? She! Shen Fanxing, the eldest daughter of the Shen family, the legal representative of the entire ‘The-Queen’. She’s the boss behind the scenes! Who do you think she is?!”

## Chapter 919: No Wonder

The consultant's face was drained of blood in an instant. He was stunned and his half-squatting body fell to the ground.

"Wh... What?!"

Everyone in the shop gasped and looked at Shen Fanxing in disbelief.

"I... I heard that CEO Yang was arrested. Moreover, all the assets in her hands were left behind by Miss Shen's mother..."

"Shen... It's true! Isn't she the Star from not long ago?"

"It's really him. Oh my god, he looks familiar. I didn't expect Star to really appear here!"

"I heard that Star is our boss. Phew... I finally don't have to suppress myself anymore! I'm too suppressed by this couple..."

The employees couldn't contain their excitement as they looked at Shen Fanxing as though she was their savior.

Bo Jinghang's eyes widened in excitement. "So this shop belongs to Sister-in-law! No wonder!"

Lan Xianxian nodded and said, "Fanxing is really amazing."

Bo Jinghang raised his head and snorted proudly. "Of course, whose sister-in-law is that?"

(Bo Jinchuan: That's my wife.)

"She's the boss?"

The consultant looked at Shen Fanxing in horror, his face darkening.

Updates by

Shen Fanxing turned her head and looked down at the couple on the ground. Then, she looked at the consultant and said coldly,

"Now, am I qualified to tell you to scram?"

The consultant's expression changed. He curled his legs and neck and backed away.

She avoided eye contact with Shen Fanxing.

Compared to her arrogance just now, not only did her aura weaken, her guilty look made Shen Fanxing purse her lips.

Seeing this, the manager scrambled to his feet and walked towards Shen Fanxing.

"CEO Shen..."

Shen Fanxing took two steps back, rejecting his approach.

The manager looked embarrassed, but he had no time to care. Instead, he smiled and said,

“CEO Shen, I don’t need your instructions. I’ll fire this woman immediately...”

Shen Fanxing glanced at the woman who didn’t resist despite being fired by her husband. Then, she glanced at the manager coldly.

“I spent money to hire employees, not ancestors.”

The manager looked at his sister-in-law, whose face was pale. At this moment, she looked even more pitiful. There was no trace of the tenderness she had shown earlier. She nodded without hesitation and said, “Fire her. I’ll definitely fire her.”

Shen Fanxing smirked and stood rooted to the ground for a while. Then, she looked at the manager and said slowly,

“Lastly, show me the sales records here. In addition, give me the total sales results of the other branches in the entire HK district and the entry and exit records of each branch.”

The manager’s face fell.

The consultant, who was sitting on the ground, trembled violently. She looked up at the manager and when she met Shen Fanxing’s sharp eyes, she looked away in a panic, not daring to meet her gaze.

Shen Fanxing raised an eyebrow and walked slowly to the high chair beside the counter.

“How?”

His cold words made the manager shrink back.

“I... I’ll go now.”

After saying that, he turned his head and met the consultant’s gaze. He glared at her with bloodshot eyes.

A few minutes later, the manager showed Shen Fanxing the sales records.

Shen Fanxing leaned against the counter and started reading.

The shop fell silent as everyone stared at Shen Fanxing, who was browsing the computer screen.

Especially the manager, who was standing at the side with his hands crossed. His knuckles had turned white.

The consultant had already stood up, but he remained rooted to the ground. His face was pale as he bit his lips and stared at Shen Fanxing.

After all, it was a luxury store and there weren’t many transactions every day. It didn’t take long for her to finish reading the sales records.

It seemed like Yuan Sichun really liked The Queen’s products.

She had bought quite a number of things from here.

Pendants, earrings, rings... bangles.

She had taken a lot of things with her.

Following that, a few necklaces similar to Yuan Sichun's were sold.

The shop assistant said that it was all thanks to Yuan Sichun.

However...

Shen Fanxing stared at Yuan Sichun's recent sales records. It was 9pm last night.

Raising her eyebrows slightly, she looked at the salesperson's name and said clearly,

"Who's Qiao Yuyan?"

Someone quickly said, "I... I'm Qiao Yuyan."

Shen Fanxing looked up at her. She was a delicate and clean-looking girl. Her gaze was timid, but it was pure and clean. She was afraid of her.

"You handled this transaction?"

Shen Fanxing pointed at Yuan Sichun's purchase records. Qiao Yuyan took a look and nodded.

"Yes, the transaction was successful around 9:20 p.m."

Shen Fanxing rested her chin on her hand and nodded thoughtfully as she stared at the computer screen.

Recalling the subtle change in Yuan Sichun's expression after Qian Ziyu intercepted the bracelet...

She had always felt that something was amiss. So that was what happened.

She bought it last night, but she didn't wear it just now. Was she going to wait until tonight?

Shen Fanxing stared at the computer in deep thought. The manager and consultant were so nervous that they almost knelt down.

Just as Shen Fanxing was feeling puzzled, someone said softly,

"Yuyan, weren't you working early yesterday? Why are you working late again?"

Her colleague tugged at her clothes and asked in a loud voice. It was obvious that she was being deliberate and indignant.

Shen Fanxing looked up at them.

Qiao Yuyan's face suddenly turned red, but her face was even redder than Qianqian's. She was even more embarrassed and afraid of Qianqian, who was standing at the side.

"Yuyan has been working the night shift for several months. Not only does she have to work the morning shift, but she also has to continue working the night shift at night. Time is tight every day, and it's only enough for her to sleep!"

Another salesperson continued to complain. She glanced at Qianqian and said disdainfully, "Some people don't even realize it. They get someone to give up the night shift for her every day. How shameless."

Her gaze and expression were obviously directed at Qianqian.

Qianqian panicked and gave the manager a pleading look.

## **Chapter 920: Raising a Wolf**

Qianqian panicked and gave the manager a pleading look.

When the manager heard this, his heart skipped a beat and he hurriedly berated the two sales assistants.

"Shut up, what nonsense are you spouting!"

The two of them pursed their lips and looked at each other. They looked at the manager with disdain.

"In any case, Qianqian comes at ten in the morning and leaves early in the afternoon under the guise of working the night shift. Manager, although you're her cousin-in-law, you have to consider our feelings. Previously, we didn't dare to offend your family, but now that the big boss is here, we have to react!"

"You..." The manager glared at him fiercely, wishing he could slap him.

"Don't slander me! When did my cousin not attend the night shift? We live together and I don't know when she will be back."

When the consultant at the side saw someone slandering his cousin, his protective mentality rose again. He retorted without a care.

The shop assistant sneered. "Let's not talk about what happened before. Take last night for example. Qianqian's night shift is on the schedule. Qiao Yuyan's morning shift, right? But it's obvious that Yuyan is on the night shift and she's working for Qianqian!"

"Nonsense! You... are adding insult to injury!"

The consultant pointed at them with an angry expression.

"You don't believe me? The sales records from last night are all recorded here. Miss Yuan's signature can prove that Qianqian wasn't working the night shift last night!"

Qianqian was a little flustered. She paused before saying anxiously,

"...Yuyan's financial situation isn't good. I only filled in her name to help her. This way, she can still get some commission. Aren't you guys..."

"Alright, since you said that you handled it, tell me, what did Miss Yuan say yesterday?"

Qianqian choked. "What can she say? She just likes it and tries it on..."

The colleague glared at her and turned to Qiao Yuyan. "Yuyan, you tell him!"

"..."

Qiao Yuyan still had her reservations and her colleague tugged at her clothes angrily.

"Yuyan, what are you still afraid of? Previously, whenever Qianqian has customers, she would push the blame to Qianqian. She gets the most commission every month! If it wasn't because she's biased, would you want to get more salary and work overtime at night? You... it's fine if you were cowardly previously, but now that your backer is here, what are you afraid of?!"

Qiao Yuyan bit her lips and hesitated for a long time before taking a deep breath. Under the nervous gazes of Qianqian and the manager, as well as the angry glares of the consultant, she said slowly,

"I was indeed the one helping Qianqian with the night shift last night. I've always been the one helping Qianqian with the night shift because I want to earn more money. There aren't many sales during the day, so I can only do it at night!"

The consultant's eyes widened in anger. "Qiao Yuyan, you're usually so submissive. I didn't expect you to be such a ruthless person! You're really good at adding insult to injury!"

Qiao Yuyan looked at the consultant. There was no anger in her eyes, only sympathy.

"If you don't believe me, I can tell you what Miss Yuan said last night. When she bought this piece of jewelry, she said that she had a very important banquet to attend tonight. Because an aunt gave her a very beautiful evening gown yesterday, she needed to find a beautiful piece of jewelry to match that gown..."

The moment Qiao Yuyan finished speaking, Shen Fanxing's lips curled into a smile. Her gaze shifted from Qianqian to the manager.

"I believe you. We went shopping together yesterday."

Their faces turned pale instantly.

Shen Fanxing smirked coldly in her heart.

This farce solved her doubts...

No wonder Yuan Sichun had such an expression just now.

The consultant didn't believe Qiao Yuyan.

"I don't believe you. My cousin has always been honest. She's clearly been telling me that she's on the night shift! I don't believe your nonsense. You want to slander our family? No way. Surveillance footage, pull up the surveillance footage. Everything is clear!"

One of the other employees sneered again and shook his head at the consultant. His expression was angry, amused, and pathetic.

“If there were surveillance cameras, how could we not have thought of it? Would there be a need for the two of them to confront each other? The surveillance cameras would have been deleted long ago! As for who has such great authority, it’s obvious, right?”

Moreover, Qiao Yuyan handled all the sales records of her cousin’s night shift. How many months has it been? You only know that with your help, her commission and salary are the highest! But have you seen the specific sales records? I’m guessing that the manager won’t let you see them...

If you can’t react in time, think again. Has the manager’s workload suddenly increased in the past few months? For example, did he go home late at night? Or did he go back with your biological cousin who worked the night shift?

However, your biological cousin hasn’t worked the night shift in the past few months. Why did she go back so late?

At this point, even a fool would understand.

The consultant’s face was still pale and angry. His eyes darted between his cousin and husband.

Qianqian and the manager’s faces turned pale and cold sweat broke out on their foreheads.

After a while, her mind buzzed and her body shook violently.

“You... you... you two...”

She suddenly felt that the sky was about to collapse. The two people she had treated wholeheartedly actually dared to hook up under her nose!

And she was like a fool. She helped her cousin win over guests, cooked and drank for her. She even let her stay in her house and took good care of her!

Unexpectedly, he had raised an ingrate!

“Cousin... it’s not like that. No... let me explain...”

Qianqian wanted to explain, but she didn’t know what to say.

The consultant was about to greet the manager when Shen Fanxing frowned and said coldly,

“Enough!”

The two words were especially clear. They looked at her.

He watched as she closed the laptop and pressed it under her arm.
