Catch Me If You Love Me

Chapter 92

Zoey Gu beat a drum in her heart.

Even if Shiyue is not there, it is not difficult for her to hear a bit of panic and anxiety from the tone of his speech, I am afraid that things are not that simple.

After hesitating for a while, she hurried to Berven City Hotel according to the address after all.

Riding the elevator all the way up to the top floor, to the door of the suite, Zoey Gu pushed the door and walked in.

Thick curtains were drawn in the room, and the lighting was faint.

Liam Lu is not in the living room.

Zoey Gu closed the door backhand and walked slowly through the living room to the inner room.

Nearly, I vaguely heard the painful and depressed groan-groan of a man inside, which came out in bursts.

"Liam Lu, is that you?" She leaned forward slightly and asked gently.

Snapped!

An exquisite porcelain vase was thrown out of it, hitting Zoey Gu's feet hard, and instantly torn apart!

Immediately afterwards, Liam Lu's painful roar came from inside.

"roll!"

"Didn't I tell you? No one is allowed to come in until dawn tomorrow? Get out of here!"

Zoey Gu took a step back in shock.

Listening to the man's painful and depressing gasps, I inexplicably remembered what Lu's mother had said to her, that when the Lu family became an adult at the age of 23, a family genetic disease would break out.

I remembered that Shiyue said that Liam Lu would fall ill every 15th.

Could it be…

The next second, she raised her head and shouted inside without thinking.

"Liam Lu, it's me."

The moment the voice sounded, there was no sound in the room.

Zoey Gu pursed her lips and walked in cautiously.

The bedroom in front of her was a mess.

Everything that could be smashed in the room was thrown on the ground and turned into fragments.

A small orange lamp beside the bed was not spared either, leaning crookedly against the wall.

Not far away, a tall figure stood upright in front of the huge French window.

It's Liam Lu.

When Zoey Gu raised his eyes to look past, he slammed his back and closed the curtains with a "crash".

"What are you doing?" The man's voice was hoarse and dark.

Zoey Gu pursed her lips.

"The babysitter said that you were uncomfortable and people came out. Alina Yin was very worried, so I found your address and came over to see."

As she said, she subconsciously lifted her foot and walked in his direction, not understanding why he kept speaking with his back to her.

"Liam Lu, can you…"

"Don't come here!" he suddenly said coldly.

Not knowing what was thinking, he suddenly laughed mockingly.

"This is not the place you should stay. Now that you have seen me for Alina Yin, you should also go."

Zoey Gu stood still, "Are you uncomfortable?"

"I'm very good."

"But the way I see you…"

"roll!"

Zoey Gu trembled fiercely by his almost roaring roar, and was forced back abruptly as he tried to move forward again.

She looked at him with a pale face.

"You don't even want to look at me more now, do you?"

Her voice was so soft that it fell in the man's ears, but suddenly stiffened his back and sneered with his lips curled.

"Zoey, if you are smart, you should know. When I am more willing to see you, I am in bed."
