

Super Rich Dad Chapter 922 (finale)

River East is filled with smoke, many people have placed heavy bets in this one.

Jiang Hao is also aware that the victory this time or not, the future of his own.

The same goes for the three Shen family members, who know that if they fail this time, the whole of Hedong will become the same again in the future.

All the efforts they have made before will go up in smoke, not to mention, perhaps even more chaos.

Time passed slowly, after the end of the war, Jiang Hao quietly sitting in a magnificent mansion.

From the fact that he could sit here, he could tell that they had won the bet in the end.

The Qinghe Society was destroyed, followed by the exposure of Jiang Hao's identity, but fortunately, the He Dong Shen family was willing to be loyal after knowing Jiang Hao's true identity.

With the power of the Hedong Shen family, coupled with the testimony of Ning Kun and Sally of Section 13, Shen Tianyang could only say helpless in the face of this result.

Even the people who were standing beside Shen Tianyang no longer dare to help him, because in the Shen family of 36, everyone has learned.

Shen Tianyang united with the previously overwhelmed Northern House Shen family, in order to get the Shen clan's Shangdian, so did the following stupid thing.

Just when Jiang Hao led the Shen Clan's three Jie and Ning Kun and others to return to Chu Jiang, Sally's side also led the thirteen sections to join the lineup to sweep Shen Tianyang.

In just less than a month, Shen Tianyang's power was wiped out to the point that only a little bit of Chujiang was left.

Even his strength overseas was gradually swallowed up under the leadership of He Dong Shen.

Remember that day when Jiang Hao re-entered Chujiang, looking at the familiar streets, the mood became a little complicated for a moment.

The three-year period has arrived, he finally killed back.

After Jiang Hao and Sally both sides meet, looking at the somewhat familiar, but some unfamiliar each other, the two looked at each other with a smile finally shook his head into a sigh.

Both know that the next thing is to wait for the final dust to settle.

Sally looked at the gate in the distance, Shen Tianyang has lost the threat, and the things that follow are no longer related to her.

'In the future, I will continue to lead Section 13 to go on, and hopefully in the future, we will not become enemies.'

After saying this, Sally left in style, all the previous feelings can not be erased, but can only be treasured in the bottom of the heart.

Ning Kun looked at Jiang Hao smiled and then shook his head and followed Sally, only to know that a long time later Sally under the rumor of a people scandalous Ning devil.

Shen's three Jie followed behind Jiang Hao looked at the direction where Sally disappeared, then smiled at Jiang Hao and spoke, 'In the future, if the patriarch needs anything, feel free to contact.'

As soon as the words left their mouths, they also left with their people.

Finally just as Jiang Hao was about to walk into that building, Xue Yuning suddenly appeared in front of him.

Looking at his favorite woman, Jiang Hao smiled and looked at her and said, 'Maybe you should accompany me to the end of this matter.'

I don't know when Xue Yuning recovered her memory, thinking that she was still found by Jiang Hao even after going to the North.

She smiled after walking forward to take Jiang Hao's hand, then nodded and said, 'Well, whatever it is, we should face it together after all.'

After the two pushed open the door, Shen Tianyang sat on a chair and looked at Jiang Hao coldly.

'Do you think this is the end of it, do you think you have won?'

Looking at Jiang Hao and Xue Yuning holding hands, he smiled miserably

After laughing, he couldn't help but shake his head and continued, 'I admit, you guys won, but I, Shen Tianyang, didn't lose either!'

All the hatred once, when Jiang Hao saw this person in front of him, I do not know why suddenly in a flash turned into nothing.

Perhaps because he was no longer on the same level as the other party, Jiang Hao took Xue Yuning and sat beside Shen Tianyang.

'You know, I used to hate you all the time, but just at the moment I walked in here, I woke up to the fact that you're just a wretch.'

After saying this, Jiang Hao revealed Shangdian to his hand, then looked sympathetically at Shen Tianyang.

'Everything you've done is just for it, right? Unfortunately, it is impossible to open the Shang Dian for non-Shen clan bloodlines, and you probably never knew this all along.'

Just because of Shen Tianyang's greed for the Shang Dian, he had paid so much, Jiang Hao didn't know whether to cry or laugh when he thought about it.

After Xue Yu Ning quietly looked at Shen Tianyang, finally did not say something, just shook his head leaning on Jiang Hao's body.

‘Your life and death, in fact, should no longer be decided by me, the next your path or let you go on your own.’

As soon as the words left his mouth, Jiang Hao got up and dropped a small ball, and then he walked out of Shen Tianyang’s office building.

In the distance, an old man was standing quietly by a car, not giving a second thought to the explosion behind them.

After seeing Jiang Hao bring Xue Yuning over, he gave a slight salute and then opened the car door.

‘Patriarch, a new family is waiting for you to establish, please get in.’

Jiang Hao looked at the old man and smiled, then took Xue Yuning into the car and slowly left.

Sally stood on the roof of a building not far away and watched them leave in the direction of silence, Ning Kun stood shoulder to shoulder beside her and spoke, ‘Is it appropriate to let him go like this?’

Sally snorted and then turned around and shook her head: ‘Even if we don’t let him go, so what, can we still leave him behind?’

Jiang Hao’s identity had been revealed, and although two of Shen’s thirty-six families had been destroyed, thirty-four families still existed.

Although the thirteen sections she led were strong, they couldn’t compete with them, so they could only let Jiang Hao go.

Seemingly sensing the gaze from behind, Jiang Hao wrapped his arms around Xue Yuning and smiled, then lowered the car window to put his hand out of the window and waved.

After seeing such a scene, Ning Kun and Sally could not help but lower their heads and smile.

Time passed a year, Shen Tianyang died since he met with Jiang Hao, no one knows how he died, and there are no rumors.

Such a dazzling person died so suddenly, but under the deliberate suppression of some people, no news came out.

While Jiang Hao took over the rebuilding of the Shen clan, the thirty-four families still followed their beliefs and pushed Jiang Hao, who was holding the Shang Dian, as the head of the family.

Many years later, after no one was able to repeat the glory of the Shen clan, and no one remembered that there was a Shen Tianyang.

Jiang Hao sat on a chair, smiling and looking at a photo of himself and Xue Yuning, and Sally, Old Black, Sally, Xue Chongli and others together.

Everyone seems to be okay, just with the fading of time, except for him, are old and look away.

I'm sorry everyone, I can only write here, for one thing, I can't hold on, the income is too low, so much more every day, but even cigarette money is not enough, and secondly, there are too many things to deal with recently, there are really some distractions. I would like to thank each and every one of you for your support and love, but all I can say is sorry. If there is a destiny, the next book I will definitely double the compensation for everyone, just to here.
