

Chapter 927

Moira's tone softened: "I don't have to give you the money. I will personally give you this kind of thing in the future. As for how much I give you, it depends on your performance."

Man: "You b!tch, you are so cruel!"

Moira sneered: "I'm cruel? After you have been with me for so many years, you will have 10 million benefits from me, right? What have I gained? After so many years, you should do something for me too?"

When the man was feeling uncomfortable, he immediately pleaded with her: "Good wife, good sister, you...you say, you ask me to do anything for you, I promise you, let me kill for you, I will go Yes, good sister, give it to me!"

Moira smiled with satisfaction in an instant.

She gave a man a very small amount, and then said in the man's ear: "You said, you want to help me kill people."

The man nodded: "I will definitely help you!"

"I'm telling you, it was that woman who broke my financial avenue, our financial avenue! As long as you kill that woman, let alone our financial avenue, even the entire Gasing Island can be left to you Gallop!"

"Really?" The man opened his eyes instantly.

Moira: "Of course it is true!"

"Good!"

Moira whispered in the man's ear again, the man nodded, and finally, Moira left with satisfaction.

When she returned home, she was very energetic.

After all, it was naturally very satisfying to have just been with a man.

"It's done!" Moira looked at her husband and daughter with interest.

"Really mother?" Lanita was shocked.

Moira comforted her daughter: "Don't worry, daughter, in a few days, Suzi and her daughter will be dead on the street!"

Lanita immediately became happy. Lanita, who had put on white tape on her face, sent a video to her grandpa who was far away in Nancheng when she was happy.

At the other end, Old Man Shu was connected quickly, but when I started the video at one point, I saw Lanita's ghostly face and the white tape.

Father Shu suddenly asked distressedly: "Good granddaughter, tell grandpa, what happened to you, how did you become like this, are you sick? What's wrong with you?"

On this side, Lanita smiled happily: "Grandpa, I have good news to tell you!"

Father Shu: "Good-looking granddaughter, what good news can you tell me?"

Elder Shu thought in his heart that the best news is that Arron retired when he knew it was difficult, and would never conquer Jiaying Island. Then there would be no need for each other to be so arrogant. However, Elder Shu's words just fell, Lanita said here. To: "Grandpa, tell you, Arron has come to Add Star Island."

"What!" Elder Shu was stunned for an instant.

Lanita still had a very relaxed tone: "Not only did he come, he also brought Suzi and Lilly. Grandpa, now, we must be able to quickly kill Arron and his wife!"

At the other end, Old Man Shu's expression changed drastically, "Arron... is he so fast? He has landed on Gasing Island?"

Lanita asked in a daze: "Grandpa, you...what's the matter?"

Elder Shu did not answer his granddaughter's words, but silently hung up the video. Then, he dialed a set of numbers.

At that end, it was connected after a long time.

Elder Shu's old voice immediately came from the microphone: "Arron...you actually arrived at Gasing Island quietly?"

Chapter 928

On the other end, Arron's voice was extremely cold: "Otherwise? Don't you think, my father, I need to report to you when I come to Jiaxingdao?"

Elder Shu took a breath.

After a pause, he asked again: "You still look like nothing happened, answer my call?"

Arron's voice was very weak: "The world invented mobile phones, isn't it convenient to contact?"

Elder Shu: "But you... didn't use any force, you didn't even move at all!"

Arron smiled faintly: "I didn't bring a weapon."

"You!" Elder Shu was even more surprised: "You...could it be..."

"Yes, I only brought my wife and daughter, and the bodyguard Christopher, as long as the four of us come to Gasing Island." Arron said.

Elder Shu: "..."

Based on his understanding of Arron, since Arron can go to Gasing Island so thinly, he has the certainty that he will win against Gasing Island.

Could it be that before Arron went to Jiaxing Island, Jiaxing Island was actually controlled by Arron?

How is this possible?

After all, there are so many weapons that Jun Chengyin sent to Pan Haojing on Gasing Island, how could Arron surrender Pan Haojing without any effort?

Just when Mr. Shu was puzzled, on the other end came Arron's unhurried, unhurried, unhurried voice: "I'm boiling the frog in warm water."

Elder Shu: "..."

"Old man, are you okay?" Arron has always maintained a kind of respect for Mr. Shu. No matter what Mr. Shu does to him, Arron has never been angry with him.

There was a kind of fear in the old man Shu's voice: "Arron..."

He didn't know what to say, he had several questions to ask, but he didn't know where to ask.

But Arron was very simple: "Master, you are kind to Arron. No matter when you are, Arron will honor you and respect you until the day you pass away. As long as I, Arron, will be there, you will enjoy your old age... .."

Elder Shu's voice is getting older: "Arron, can you tell me, do you have to flatten Gasing Island?"

Arron sighed, and then said: "Master, you are not an outsider, so let me tell you that. I came to Jiaying Island for two things. One is for my mother's wish before death. I want to bring my wife's enemies back to Nancheng, and let me take revenge myself!"

Elder Shu: "..."

His hands were shaking.

At that end, Arron said in the receiver: "Father, I still have business here. Very busy, I will hang up first."

Arron hung up the phone first.

After closing the line, he looked up at the house where he was.

This is the house where the mother rents out. This house is much smaller than the monarch's house. However, this is also the existence of luxury houses on Gasing Island, but it is now in dilapidated condition, and no one has lived in it for decades. It is overgrown with weeds and is desolate.

And Arron was looking everywhere in the desolate ruins.

Behind him, left and right, were all subordinates who helped him find together.

They have been searching here all day.

Now, it's too late, there is no electricity here, and it is not easy to find it with a flashlight after all.

Christopher still reminded Arron softly: "Four Lord, go back first, tomorrow I will let the brothers under my hands rummaged here."

Arron nodded: "Okay! Go back first!"
