

# Catch Me If You Love Me

## Chapter 94

In his words, there was unconcealable depression and self-deprecation, and Zoey Gu felt distressed.

In the next second, she suddenly got up and rushed towards him.

Liam Lu didn't expect her to be like this suddenly. He leaned back subconsciously, reached out his hand to support her waist, and hit her back against the wall.

"Yeah!" he snorted.

Zoey Gu in his arms suddenly reached out and climbed onto his shoulders and hugged him hard.

"You are not a monster, let alone scary. Liam Lu, that was just my subconscious reaction when I first met you."

As she said, she raised her head to look at the half ghostly profile, and tremblingly raised her hand and touched it.

Hearing his painful gasps, she pulled her heart and her eyes flushed.

"It hurts, isn't it?"

Liam Lu squeezed his eyebrows fiercely. Because of the increasing pain in his body, his face was a little distorted, but he still looked at her steadily, with some crazy emotions in his eyes.

She asked again.

"The night you left Berven City five years ago, was this the secret you planned to tell me?"

"Yes."

The moment he heard the answer, Zoey Gu didn't know what to do, and suddenly tears broke out.

She clung to his shoulders hard and hugged him tightly, trying to relieve some of his pain with such close warmth.

Finally, he asked nervously again in a dumb voice.

“Can taking medicine relieve your pain? Or, is there any other way to make you less painful?”

She asked very seriously.

But Liam Lu sneered and laughed, his voice pressed behind her ears.

“If I say, the way is to give you to me, do you believe it?”

Hearing this, Zoey Gu became stiff and suddenly raised his head to look at Liam Lu.

“Liam Lu, when is this, you...”

Liam Lu let out a suffocating breath in pain, and his dark eyes looked at her faintly, without any joking shadow in his eyes, he spoke hoarsely.

“Do you think I’m joking with you?”

Zoey Gu was shocked and stayed in a daze, forgetting to react for a while.

Liam Lu lowered his head and glanced at her, curling his lips coldly.

“Okay, go out and help me close the door. It’s not a matter of life, after tonight...”

Before he finished speaking, Zoey Gu in front of him suddenly straightened his body and held his face, kissed him without hesitation, and even pushed one hand in front of him unceremoniously.

Liam Lu was shocked severely.

Suddenly, I just felt that all the pain had become an uncontrollable numbness and a source of heat, directly towards the tail vertebra!

He heard Zoey Gu whispering on his lips.

“Liam Lu, if this makes you feel better... you better not lie to me!”

But after all she is a clumsy rookie, all the experience comes from Liam Lu, who once only used her strength.

Seeing him looking at her motionless, there was no movement.

Zoey Gu suddenly became a little anxious, opened her mouth and took a hard bite on his lips, and reached out to unbutton his clothes.

A hand suddenly suppressed her trembling movement.

Liam Lu's deep gaze grabbed her, her Adam's apple rolled, and asked in a dumb voice, "Why?"

Zoey Gu paused with his unbuttoned hand, and his face paled slightly.

After a long while, he suddenly laughed.

"Are you going to play the emotional card with me now? Stop making trouble with Liam Lu! I really don't want to sleep with me in vain. Why don't you let me be Mrs. Lu?"
