

Chapter 966

Boss Yu's batch of jade was dug out of a newly found mine, and nothing is known there yet, but the stuff has been dug out and it's only a matter of time before it's known.

This time he has also been worrying about this matter, not only can't let go of this mine that was hard to detect, but also deeply know that such a big piece of fat meat, he absolutely can't eat alone, so he is trying to find a solution, Lu Lanzhi came to the door.

He hesitated and asked, "Miss Lu's visit this time, I don't know if it's your own will or the Lu family's?"

Lu Lanzhi's eyebrows reverted, "What difference does it make?What?You don't trust me or the Land family, huh?"

I know that Miss Lu is rich, but for something this big, I personally still think that you need to ask....."

Lu Lanzhi sneered, "I finally heard you, aren't you just afraid that I don't have money and that the Lu family won't support me in this?"

She said, flipping open her handbag and pulling out a check right on the table.

"How about this, Mr. Yu, you tell me where your mine is, this twenty million is my deposit for you, you tell me how much money I need to invest, and when I look at the mine later, I'll put the rest of the money into your account."

Boss Yu looked increasingly embarrassed and was busy pushing that check back.

"Miss Lu, you misunderstood, I didn't mean it like that."

He paused and said in a deep voice, "Well, since you are interested in cooperating, I might as well tell you the truth, I have indeed discovered a huge, mineral-rich quarry, but please forgive me for not being able to tell you the exact location right now.

This mine, I do currently want to find someone capable of working together to mine it, if you really want to invest, you will come up with at least fifteen hundred million, any less

and this mine won't be able to be taken down by the two of us alone, this amount is not a small amount, how about you give it some more careful consideration, if you've thought it through, come tell me and I'll take you to see it, how about it?"

Lu Lanzhi frowned, "Fifteen billion? Need that much?"

"Right. That's only half of it, I'll contribute half as well, and then we'll split it 50-50, but of course, if you're not comfortable with the mining side, I'll take care of it for you."

Lu Lanzhi hesitated and thought, "I'll tell you what, I'll go back and ask, and I'll come back to you when I've raised enough money."

Boss Yu burst out laughing with joy, "Eh, good, then it's up to Miss Lu."

Lu Lanzhi stood up, "In that case, I'll leave first."

"Miss Lu, I'll take you."

Lucian waved his hand, "No, I have to go to the bathroom, so stay, I know the way."

She spoke frankly, Yu boss is not good to send, can only stop, and kindly reminded: "VIP bathroom on the left, Miss Lu don't go wrong."

Lucian waved his hand, indicating that he knew.

Only after she left did Mo Caiwei, who had remained silent beside her, speak with a smile, "This Miss Lu... is really cute in her frankness."

Boss Yu turned back, wiped a cold sweat from his forehead, and shook his head, "What rate of cuteness? Kyoto's reputation about her can be bad, to put it nicely is called frank, to put it badly is called unruly, forced to buy and sell this kind of thing she is not the first time to do, a look at the letter, familiar."

Mo Caiwei couldn't help but laugh when she saw him complaining, "It's not out of malice, anyway, but it's fine."

Boss Yu nodded, "That's true."

I said, suddenly remembering something and looking up at them.

"By the way, you guys are tired after walking around here for so long, right? Do you want me to send you back to the manor to rest first?"

Mo Caiwei stood up, "Just don't bother Brother Yu, Ah Suu and I just came from there in the morning, we know how to go back by ourselves."

Quexu chimed in, "Yeah, we'll just go back on our own, you're still busy on your side."

When Boss Yu saw this, he was no longer reluctant and instructed, "Then be careful on your way."

They nodded, which left.

After they left, Boss Yu was just about to go out when he suddenly saw Lu Lanzhi coming out of the bathroom again and coming this way.

He felt a headache, but couldn't pretend not to see it, so he greeted it with a smile.

"I wonder if there is anything else Miss Lu wants?"

Lu Lanzhi toeing the line, "Nothing, I'm just telling you, before I make a decision on this mine, you're not allowed to tell anyone else about it, nor are you allowed to seek the cooperation of anyone else, everything has to wait until I write back, is that clear?"

Boss Yu nodded incessantly, "Understood."

That's when Lu Lanzhi said, "Okay, I'll go then."

"Take care, Miss Lu."

Boss Yu was relieved when he finally sent Lu Lanzhi away.

And then, when Lu Lanzhi reached the door, she suddenly stepped on a hard object under her foot, she frowned, moved her foot to look, but saw that it was a piece of lotus jade pendant with a luminous body.

She crouched down in curiosity and picked up the jade pendant, taking a closer look at it.

Only seeing that the jade pendant's body was fluorescent and translucent, coupled with the fine carving, it was so lifelike that one could tell at a glance that it was no ordinary item.

Whose stuff is this? Why did you drop this?

The mind was searching for it, when a sweet voice came.

"Ranji-san, why didn't you call me when you came out, causing me a good search."

Huyen, who had been waiting for her outside just now, ran over and hugged her arm just to spoil her.

Lu Lanzhi was impatient, the other party suddenly saw the jade pendant on her hand and her eyes lit up, "Sister Lanzhi, this jade pendant is so beautiful, is it for me?"

Lucian looked at him, his eyes cold, "Nice try."

Afterwards, he carried it in his bag and strode away.

Hyuk Yuan was stunned and was busy crying and following.

"Lanzie, don't go too fast, wait for me!"

After Lu Lanzhi went out, got into the car, just started the car, saw Huyuan followed out again, can only have no choice but to say: "I now have a bit of business to do, you yourself take a taxi back, come out today to accompany my tip, I'll be mobile phone transfer to you later, that's it ah, bye."

Afterwards, just drive away.

Hyeon was left on the road by her, staring in disbelief.

But in the end, all you can do is huff angrily and open it back up yourself.

In fact, there was a reason why Lucian refused to take him.

She'd just thought about it carefully, and 1.5 billion, even if she smashed the pot and sold herself, she wouldn't be able to raise that amount.

But now that such a great opportunity was in front of her, she would be reluctant to give it up if she did.

So, she had to find a way to get some money for that.

Chapter 967

In the Lu family, if you ask who has the money, of course it's Biden Lu.

But Lu Lanzhi did not dare to look for Biden Lu directly, after all, his nephew, that is famous for being reasonable outside, but to his own aunt is absolutely unreasonable.

Sometimes it was so harsh that she wondered if he was still the nephew she had seen growing up.

But men, after marriage, all will be like this, have a daughter-in-law and forget her mother, is not a rare thing.

So this matter, she couldn't talk to Biden Lu directly first, she had to talk to Jenny Jing first to find out what was going on first.

So, Lu Lanzhi made up her mind and drove the car directly to the downstairs of Serenity International.

At this time, Jenny was still at work.

She dialed Jenny's number, and as soon as it was connected, she immediately smiled affectionately and said, "That Jenny ah, are you at work?"

On the other side, Jenny was a bit surprised, "Yeah, what's the matter with aunt?"

"It's fine, it's almost noon, I want to have lunch with you, at that Cantonese restaurant near your company, okay? I know you like your food light, and the dishes there are especially light."

Jenny Jing smiled lightly, "Aunt may as well speak up if you have something to say, I have a meeting at noon, I'm just afraid I can't spare the time."

"Alas, man is iron and rice is steel, what would not be able to eat and then open? And you're still pregnant, you can't work that hard, I don't care, I want you to come out and eat with me, I'll be waiting for you at that Cantonese restaurant I told you about before, you have to come."

Afterwards, he just hung up the phone.

Jenny didn't expect her to be straightforward like this, and looked at the disconnected phone for a moment, unable to laugh or cry.

Xiao He came in from outside, placed a stack of reports on her desk, and said, "Boss, this is the last quarter's report from Xing Hui over there, take a look."

Jenny nodded and looked at the time again.

"I'll read it this afternoon, I have to go out now, I'll get back to you by direct email when I'm done."

Xiao He nodded, and only then did Jenny take his jacket, grab his bag and leave the company.

When she arrived at the Cantonese restaurant, she found that Lu Lanzhi was already seated inside and had even ordered her food.

The box was burning with a light and nice smelling incense, Lu Lanzhi smiled, "Jenny is here, sit down, look at these dishes I ordered are the ones you love to eat, there is also this incense, this is specifically good incense for pregnant women, it doesn't hurt the body, you can rest assured ha."

Jenny smiled and sat down across from her, "Why is aunt in such a good mood today, thinking of asking me out for dinner?"

Lucian smiled awkwardly and placed his fingers under the table, uneasy and tense and tangled.

"That... I know I haven't treated you too well in the past few years, auntie is old, she has a bad temper, you have to understand, those words I said at your house last time were just angry words, they can't be taken seriously, you mustn't be angry with me because of those words ah."

Jenny gave a slight pause, followed by a smile.

"Don't worry Aunt, I'm not angry."

"That's good, that's good." Lu Lanzhi smiled, looked at her, and then said evenly, "Eat, eat first, we'll talk after dinner."

Jenny saw the situation and did not force it.

She'd been busy all morning and was already hungry, so if Lucian didn't call her, she was probably just going to be in the

The company ate it.

Biden Lu originally didn't want her to work so hard, but she liked to work, so Biden Lu couldn't stop her.

The good news is that now she is pregnant, do not eat takeaway, Biden Lu arranged a small kitchen for her in the company, to the point will force her to stop to eat, but also to keep up with the nutrition.

The two ate silently, although Lu Lanzhi has many shortcomings, but after all, is since childhood in the Lu family grew up, the quality of life or needless to say, food and sleep this is certain.

Therefore, except for the sound of eating and chewing, no one spoke at the table.

Until the meal was finished, Jenny put down her chopsticks and wiped her mouth with a paper towel, only then did she look across at Lu Lanzhi.

"Now that we're done eating, let's get to the point if you have anything to say, Auntie, I have to get back to the office and I can't stay here too long."

When Lu Lanzhi saw this, she even put down her chopsticks as well, and didn't beat around the bush, saying directly, "I went to a gambling club today, and met a boss who developed his own mine, and he said that he found a jade mine in country T that no one had exploited yet, and wanted to find me to work together to buy this mine down."

Jenny raised an eyebrow.

The company has been in the process of developing the new product for the past two years, and is now in the process of developing the new product for the next two years."

Jenny Jing smiled, "Where is the mine that the other party said is in T country, do you know anything about it?"

Lu Lanzhi shook his head, "I asked, he refused to say ah, said it is necessary to know that I have the ability to be able to enter the shares after, before he was willing to tell me, I'm not enough money, so come back to raise it?"

Jenny nodded.

The jade business was a piece of business that the Kepler family had started out in, so she did know quite a bit about it.

Knowing that mines such as these that no one has found are valuable resources, the information is usually kept very secret indeed to avoid competition and will not be easily told to outsiders.

She thought about it and asked, "How much money are you missing?"

Lu Lanzhi was a little apprehensive, "The other party wants me to offer fifteen hundred million, and I only have... four hundred million on hand right now."

Jenny was stunned, a little surprised.

"Fifteen billion? So much?"

Lu Lanzhi smiled awkwardly, "It's more ha, but let's think about it from another angle, a big investment means that the mine is also big, otherwise where would an ordinary small mine need so much money?"

Jenny thought about it, which was true.

But she still felt some doubts, so she only said in a soft voice, "This matter is too big for me to make a decision alone, if you really want to invest, I'm afraid you still have to talk to Biden."

I'm sure you'll be able to find a way to get it, but I'm sure you'll be able to find a way to get it, so I'm sure you'll be able to find a way to get it. The status is up. I can't help ah, I can only find you, Jenny, I don't ask for anything else, I just hope that when I speak to Biden, you can be there to say something for me, okay?"

Jenny Jing looked at her, only to see Lu Lanzhi's face with a kind of careful pleading, which was rare for her who was usually used to being so high and mighty.

Chapter 968

She pursed her lips and said quietly, "Okay, I'll promise you, but you also have to promise me something."

Lu Lanzhi was delighted and asked, "What is it?"

"Don't ever say those words to Ann again, Auntie, you know that I've always treated Ann as if she were my own daughter, she's my own daughter, and I don't want anyone to stir things up between us, especially our relatives."

Lucian's face changed.

It went from panic, to annoyance, and finally to deep shame.

She bowed her head slightly, her tone a bit guilty, "I... I didn't mean to do it, I was just too angry, I was in a moment of delirium..."

"I don't care what you're because of." Jenny Jing's voice was cold and carried an unprecedented seriousness, "In short, I don't want anything like this to happen again in the future."

"Okay, I promise, I'll never speak up again."

Lu Lanzhi even agreed.

Only then did Jenny nod his head and stand up.

"Don't worry, I'll speak for you when you speak to Kingston."

After saying that, he turned around and went out.

It was only when Lucian watched her back as she left that she heaved a sigh of relief.

After Jenny left the restaurant, he received a call from Ann.

It's Sunday, and Ann is calling from her home phone.

Once connected, I heard the sweet voice of the gnome, "Mommy, have you gotten off work yet, have you eaten yet?"

Jenny sat in the car and couldn't help but laugh, "It's time for work and dinner, has An An eaten yet?"

"Ann also ate, but Ann missed Mommy, so she called Mommy."

"So that's it." Jenny thought about it and asked her, "It's Ann's birthday today, stay later when mommy comes back from work and pick Ann up to go to Grandma's place for her birthday, okay?"

Ann cheered excitedly, "Yes, I want mousse cake, and I want to wear my prettiest dress."

"Good, let Auntie Liu find you a pretty little dress, wear it and wait for Mommy to come back and pick you up."

"Okay, Mommy, I love you."

"I love you too, bye."

"Bye mommy."

She hung up the phone and sat in the car, her lips curling up in a smile.

Then, before getting out of the car and walking to the company building.

Jenny worked until 5:30 before getting off.

Biden Lu also left work early, and everyone knew that today was the little princess's birthday, so they all purposely left work early and went home to pick her up for a reunion.

In fact, originally Jenny and the others had the habit of coming to the old mansion for dinner on weekends, after all, they didn't usually have to come over, and every weekend they had to come to accompany the two old people to have a lively time.

Today just happened to coincide with Ann's birthday, so we just happened to get together.

I returned home, received one large and two small gnomes, and then set out to sail to the old house.

On the way, Jenny Jing and Biden Lu spoke about Lu Lanzhi.

After hearing this, Biden Lu's first reaction really was to refuse.

Over the years, Landranger has done a lot of business, in all kinds of industries, but none of them have been successful.

Biden Lu and Master Lu, as well as Old Mrs. Cen, had almost all decided that she just wasn't cut out for business.

It looks like the wind and the fire, but in fact is a paper tiger, the idea is big but also simple brain, often people say a few words to throw a bait she on the

Hooked.

There's no telling how much money has been ripped off over the years.

It's still a small thing to be cheated out of money, but it's mostly a shame to say it.

After all, when Master Lu was young, a generation of talent, Old Mrs. Cen was also considered a heroine, not to mention Biden Lu, even Biden Lu's parents who died young, that was also known as a talented and talented woman.

But when it comes to Lu Lanzhi, there is nothing else to do but squander money.

Therefore, Biden Lu would never agree to something like investing fifteen billion dollars.

Jenny, however, had a different idea from him.

She said quietly, "Aunt is forty this year, not impulsive and capricious than when she was younger, things have been much more thoughtful and careful than before, and I always feel that there are things we can't just look at the end result and the benefits to hand, as well as the psychological needs of the other party."

Biden Lu turned his eyes to look at her, "Psychological needs?"

"Yeah." Jenny Jing smiled slightly, "Have you ever wondered why aunt has failed after investing in so many businesses, but she still wants to invest such a large sum this time, she was already living a privileged life, even if she did nothing, Lu's annual dividends alone would be enough for her to live a carefree life, but why is she so adamant that she must do business on her own?"

Biden Lu frowned, "Why?"

"Because of the sense of accomplishment."

Jenny Jing looked at him squarely, "Your Lu family, everyone is a natural talent, incredibly smart, and successful in everything they do, only she alone seems to be accomplishing nothing, always dragging everyone's hind legs, she is a human being, human beings will have self-esteem, no one wants to always be a drag on others, she also wants to be able to make some achievements, or even a career of her own.

It's actually a good thing, it's just that she's done it the wrong way every time before, but this time, from what I understand, it should still be reliable, so we might as well back it up, just in case it works? It's kind of confirmed one of her wishes, isn't it?"

Her words made Lu Jing deep in thought.

It took half a moment before she said in a quiet voice, "If you say so, then let her try again."

Jenny Jing smiled slightly, "We don't need to lend her all the money, let alone the Lu family is originally one, I'm afraid that just borrowing such a large sum of money will put a lot of pressure on her, she's just starting to do such a big business, I'm afraid that she won't be able to hold down the fort and mess up."

Biden Lu raised his eyebrows, "Then what do you mean..."

"Well the jade mine, if it's real, then no matter how much is invested, it will definitely be profitable, so why don't we take this money as an investment and we'll be partners for once."

Biden Lu laughed directly at the news.

"You've really thought of her in every way, if aunt knew, she would be moved to death."

Jenny Jing also pursed her lips and smiled, "I don't want her to be touched, I just want her to go along as she wishes, and live her life in peace from now on, don't do anything foolish."

Biden Lu nodded, "In that case, as you say, we'll invest."

Once they had conferred, they stopped the subject.

Soon, the car arrived at the old house.

Lucian arrived before they did, and when he saw them come in, he got up in a hurry, smiling more warmly and attentively than ever before.

"Biden, Jenny, An An, Jing Ze, you're here, come and sit down."

She said and came back over to pick up the little competitor in her arms.

"Aww this brat, why is he heavy again? Auntie can barely hold you."

Little Jingze giggled, "Auntie, I'm not a brat, I'm a fragrance boy."
