

Chapter 979

"Forget it." Arron replied.

"But half a year ago, how did you treat my second daughter Siu! That is my biological daughter!"

Jun Chengyin fiercely rebuked: "You are so cruel to her, haven't I bothered for you! But you have beaten me again and again!"

Arron asked coldly: "Uncle Jun, what did I do to you?"

Jun Chengyin laughed angrily: "What's the cruel hand? You have all the weapons in Jiaxing Island in your bag. May I ask if there is anyone in the world who is so good at picking them up?"

Those weapons are from my master! Mine! That was my funding to Gasing Island, shouldn't you return it to me? "

This time, Jun Chengyin paid the money for funding Jiaxing Island.

Although he was helping Elder Shu, Jun Chengyin's main purpose was to take revenge on his daughter, and to completely kill Arron on Gasing Island.

However, Jun Chengyin did not expect that Arron had already cast a net long ago, waiting for him to cast the net.

How could he not be angry, how could he not hate him!

Arron's tone was extremely calm: "Dare to ask Uncle Jun, why did your daughter come to Nancheng six months ago?"

Jun Chengyin: "She is so big, how do I know what she is doing in Nancheng!"

Arron said: "Okay! You don't know what Siu came to Nancheng for, let me tell you! Siu came to Nancheng to kill my wife!"

"She summoned so many Men Shuyuan to stop my wife, and she also asked my wife's colleague to beat my wife with the soles of their shoes and insult my wife!"

"Dare to ask Uncle Jun, do Arron and your Jun Chengyin have hatred? Or do I have hatred with him, Siu?"

Jun Chengyin: "..."

Arron sneered: "Can't tell?"

Jun Chengyin: "Then you shouldn't be so cruel to her!"

"If I'm really cruel to her, she's no longer in the world, Siu should be thankful that the woman named Linda blocked her life! Otherwise, do you think your daughter Siu can still live to this day?"

As it was said, Jun Chengyin's back was cold.

What a ruthless person Arron is, Jun Chengyin knows better than anyone else.

However, Jun Chengyin still insisted on arguing: "Even if you let Siu die, what do you mean by stealing so many weapons on Najixing Island! Arron, you are just telling you that you want to fight with me?" Cheng Yin is doing it to him?"

Arron raised his eyebrows and looked at Jun Chengyin: "Uncle Jun, I saved Kraig's life more than a decade ago. That time, why Kraig suffered a misfortune abroad, I think you should know better than me?"

Jun Chengyin was taken aback for a moment.

Since, he asked: "What do you...know?"

Arron sneered at the corners of his lips: "I know. The reason for the misfortunes of Prospect Yu for more than ten years is not an accident, but man-made. As for who that person is, Uncle Jun, you should know the most in your heart, right?"

Jun Chengyin's face was blue and red, as if he was caught in a shape: "..."

"It's a pity that people are not as good as heaven. Kraig met me and I saved his life, which shows that he is dead."

"Kraig, who survived a catastrophe, made great contributions abroad. The original Jun family already possessed the supremacy rights. It is precisely because of such great contributions that Kraig made such a great contribution, so after Kraig returned to China, his position immediately rose. I'm on top of you, Uncle Jun."

"From then on, your Jun Chengyin's status in the Jun family, and your status in Kyoto was suppressed by your nephew, and it has become an indisputable fact."

After a pause, Arron shrugged and looked at Jun Chengyin, and said word by word: "From then on, you hate me? You hate me for saving Kraig! Didn't you?"

Jun Chengyin's face suddenly became colorful: "..."

Chapter 980

Seeing Jun Chengyin's old face flushed and unable to speak for a long time, Arron didn't take him lightly.

The person who was kind to Arron's reconstruction was Elder Shu, not Jun Chengyin.

The reason why Jun Chengyin had the opportunity to question Arron here was because of the prestige of Mr. Shu.

Powerful and prestigious.

It is not so easy to retreat from the whole body.

One by one, from Siu's murder of Suzi to his Jun Chengyin's murder of Arron, Arron has never questioned Jun Chengyin.

Since Jun Chengyin came here today, Arron can't take him lightly.

He said in a very cool and calm tone: "Mr. Jun, your hatred for me has long been manifested in all aspects. Ten years ago, you asked your daughter Siu to seduce me. Hate me."

"How stupid do you think I, Arron, who is exiled abroad without inheritance rights, will I fall in love with the daughter of an uncle who is cruel to my life and death brothers?"

"You are so cruel to your nephew, would you be kind to me?"

Jun Chengyin: "..."

"Seeing that your daughter can't succeed, watching Kraig's sphere of influence get bigger and bigger, you are helpless, you can only endure the humiliation and dormant."

"Finally I got your chance half a year ago. When Lanita asked your daughter to deal with my wife, you didn't hesitate to let your daughter come. Your daughter intended to kill my wife for my wife! You! Don't know at all?"

There was no anger in Arron's voice or expression.

However, staying in Jun Chengyin's ears made him shudder.

Jun Chengyin felt that these small movements he and his daughters did in the past, Arron knew, the reason why he didn't move him was because he was waiting for him to cast himself into the net.

Arron can really calm down.

Spicy and calm.

Moreover, on the surface it is not irritable.

Jun Chengyin suddenly felt at close range that he was not Arron's opponent at all.

Not to mention that he has become a master, even Kraig is not necessarily Arron's opponent.

At this moment, Jun Chengyin regretted that he came to question Arron.

Originally thinking that Arron swallowed so many weapons, he would definitely be wrong in front of him.

Now it seems that Arron is waiting for Jun Chengyin to come to him.

"The most important thing is this time."

Arron finally got to the point: "This time, you keep delivering weapons to Gasing Island again and again. What is your real purpose?"

"It is to help Gasing Island to resist me! Judging from the number and strength of the weapons that you have funded by Love Star Island, you are doing it to kill my Arron. You intend to let me go to Gasing Island. There is no return!"

Jun Chengyin: "..."

"Mr. Jun!"

Arron pressed harder step by step: "You are doing this to me, do you think I should not take your weapon, Arron?"

"You never thought that your weapons have been put into the treasury by my people, and the Sovereign of Gasing Island, Pan Haojing, who really needs these weapons, can't use them at all."

"Moreover, I went to Gasing Island specially when you can't take out any weapons anymore."

Jun Chengyin's heart has fallen into the ice storehouse.

If he stays, he will only insult himself.

But does he turn around and leave?

I'm afraid not.

Arron never let go of Jun Chengyin's meaning: "One-third, one-third of the weapons that can be dispatched within the scope of your rights is your upper limit, and they are all very advanced international weapons."
