

Chapter: 1018

hiss!

The wine entered the throat, and a wonderful feeling of hot and cold suddenly flowed into the abdomen along the throat.

Lin Fan eyes closed, a slight product, but it is not help shaking his head:

. “Unfortunately, this white fireworks only appearance, but no intrinsic!”

What!

Lin Fan’s words shocked the beauty in red.

She couldn’t think of it.

This car-watcher can not only tell the name of this cocktail, but also its shortcomings.

That’s right!

Even the red-dressed beauty herself has to admit that although the white firework she made looks exactly the same as the cup made by that person, it is a world of difference in comparison.

The glass of wine that the man left to her three years ago was as hot as burning flames, and as cold as a ten thousand years ice cellar.

The hot and the cold, the sweet and the bitter, make people taste like love.

And she made this one.

But there is only appearance, nothing more.

Compared to the taste, it is a thousand miles away.

“Do you know how to improve?” The eyes of the red-dressed beauty suddenly burst into hot luster.

She missed that person too much, and missed the smell too much.

And now!

Since Lin Fan can tell the truth in one word, would he also modulate it?

however!

Lin Fan didn’t answer at all. Instead, he said to the bartender:

“Help me get a bottle of life water!”

Life water!

This is a common name in the West, whose original name is Polish rectified vodka.

Known as the most potent vodka in the world.

Its alcohol concentration reaches 96%.

At ordinary times, a bottle of this wine is kept in every bar, but it is only used as a collection of exhibits.

Because ordinary people can’t stand the potency of this vodka at all.

And now!

“Sir, are you sure you want a bottle, not a glass?” The bartender was confused.

A bottle of that kind of strong wine?

Is this crazy?

just!

Lin Fan nodded seriously:

“Yes! It’s just a bottle!”

Hearing this, the corner of the bartender’s mouth twitched, but he still bit his scalp and took a bottle of life water from the wine cabinet. ,

Took it out.

however!

What is even more surprising is that after Lin Fan opened the bottle of vodka, he did not put it in the shaker as everyone expected!

Instead, pick up the wine bottle and put it in your mouth.

Gudong!

Gudong!

Blow directly on the bottle.

Nest... Nest grass!

Seeing this scene, not only the bartender was dumbfounded, even the beauties in red next to them, as well as the customers around, could not believe their eyes.

Ma’s!

This is the strongest vodka in the world. If you drink it, you will get drunk in half a cup. If you drink a cup, you must go to the hospital!

But now, such a big bottle, blowing directly on the bottle, as if drinking beer, it’s crazy.

just!

At this moment, Lin Fan didn’t care about the eyes of everyone around him. He opened his throat, grunting, drinking more.

Almost in the blink of an eye, a whole bottle of vodka was drunk by him.

Until Lin Fan put down the wine bottle.

“Cool!!!”

He wiped the corners of his mouth and roared excitedly.

That’s right!

Cool!

For Lin Fan, when he was performing missions outside, hunting and killing international giants, every time he completed the mission, he would definitely order a bottle of water of life.

Kill the most ruthless person!

Drink the strongest wine!

This is Lin Fan’s previous life
