

Chapter: 1045

what!

At this moment, hearing Sima Yan'er's words, the two male policemen were slightly taken aback.

"Team... Captain, the shadow that passed just now, is... a human? How could he be so fast!"

"Yeah! Mom, it's too fast, it's like an illusion! This is still a human being." The speed reached?" The two policemen looked dumbfounded at the moment.

just!

Seeing the shocked faces of the two of them, Sima Yan'er was completely angry:

"What the hell! The old lady asked you to drive and catch up with that bastard!"

Sima Yan'er was almost 100% sure about the black clothes just now. , Looks like Lin Fan.

Especially looking at Lin Fan's terrifying speed and eager appearance, something must have happened.

Hearing Sima Yan'er's scolding, the two policemen quickly started the car, crossed the sidewalk, avoided congested vehicles, and hurriedly chased in the direction where Lin Fan disappeared in front.

However, a scene that shocked them immediately appeared.

The dark shadow in front of him was simply too fast.

He was like a ghost, flashing and jumping on the road.

Wherever it went!

As if a violent wind swept across, the vegetation on both sides of the road was tossed and tossed.

Even many pedestrians, under the gleam of Lin Fan's figure, swayed and fell.

"Ma's! This is impossible. I have driven the car as fast as possible. How can I not catch up with that guy!"

"He... how did he do it?"

The policeman who drove was completely dumbfounded at the moment.

Tick!

Tick!

Pieces of cold sweat flowed from his forehead.

He had already driven the police car to the fastest speed in a safe state, but the black shadow in front of him turned out to be a bit faster than his car.

The distance between the two is getting farther and farther, and even faintly seen, Lin Fan in front of them will disappear under their sight at any time.

It's not just this policeman.

The male police officer in the co-pilot, and Sima Yan'er behind, also had a shocking wave in their hearts.

"Master! This guy is definitely a master!"

"And looking at the appearance of his suffocation, he seems to be going to... kill!"

Sima Yan'er thought of this.

I felt my scalp numb for a while, and immediately urged the policeman who was driving.

"Boy! I must catch you!"

"Let you pay for taking my virgin body!"

Sima Yan'er gritted her teeth and hated Lin Fan to the extreme.

quickly!

The three Sima Yan'er drove to the Crown Clubhouse in a police car, but they saw that Lin Fan had disappeared in the clubhouse.

"Quick, quick!"

When the police car just stopped, Sima Yan'er couldn't wait to jump out of the car, and with two of his men, she broke into the clubhouse.

As soon as they entered, they suddenly saw that the lobby manager of the clubhouse and a famous receptionist looked in the direction of the stairs one by one, as if they had seen something unbelievable.

"Did you see anyone coming in just now?" Sima Yan'er asked the lobby manager.

Upon hearing this, the lobby manager and others discovered that it turned out to be three policemen.

Immediately said:

"Police officer, we saw a person break in just now! Before we could stop him, he had already rushed into the corridor!" That's it!

There was a curve of disdain on the face of the lobby manager:

"Police officer, don't worry, the kid rushes up faster and rolls down faster!"

"On every floor above, there are twenty people. The bodyguard is guarding! Soon, this guy will be thrown down!"
