Throw it down?

Sima Yan'er shook his head and said coldly:

“Don't talk nonsense, show us the way!”

After speaking, Sima Yan'er grabbed the lobby manager and asked him to lead the way.

And see this scene.

The lobby manager looked helpless, and while taking Sima Yan'er into the stairs, he continued to persuade:

“Police officer, I said it, it's really unnecessary. It's just a small role. He dared to attack our club. It's just looking for death!” “We Ye Shao is in the Tianzi box! His bodyguard, but there are thirty or forty people! He is alone, and it's good not to be killed!” he said.

The lobby manager and the three of them had already arrived at the top of the stairs on the second floor.

just!

Just when he came up, the expressions of both the lobby manager and Sima Yan'er had changed.

people!

They were stunned to see that on the stairs on the second floor, there were many big men in black lying horizontally and vertically, almost completely blocking the entrance of the stairs.

Not only that!

These big guys have fainted, some of their legs deformed, fractured, some of their chests collapsed, and their mouths were full of blood.

Scarlet blood!

Along the stairway, it ticked down, like a small river of blood, with a permeating breath.

“Atang! Little Ma!”

Seeing this scene, the lobby manager's eyes almost fell out.

Five!

Ten!

Twenty!

...

He was shocked to find that all the people lying on the ground were the tyrannical bodyguards in their clubhouse.

These people seemed to have been attacked by a terrifying beast.

It's miserable to the extreme.

More than him!

Even the three of Sima Yan'er had a tingling scalp.

Naturally, they could see that each of these black-clothed bodyguards who died was extremely strong, especially when so many people joined hands, they were seriously injured and fainted by one person in a short period of time.

That guy is terrifying to the point of inhuman.

“Police...Police officer! The guy who rushed in just now, is... really a human?” At this moment, the lobby manager was half arrogant.

His complexion, as if he had seen a ghost, was as white as paper, and dense cold sweat rushed down his forehead.

The whole is almost scared to pee.

And hear this!

Sima Yan'er's complexion became more and more gloomy, and she had not waited for her to speak.

A male police officer next to him swallowed fiercely, and said:

“He... he may be a monster!” A monster!

This sentence even scared the lobby manager almost fainted.

However, immediately after he seemed to think of something, the whole person shuddered:

“No! It's noon now, and there is only one box open in the clubhouse!”

“This monster hurt so many of our bodyguards, so it must be. Go to the Tianzi box!”

“It's broken, we are in danger, Shao Ye!”

What!

As soon as these words came out, Sima Yan'er and others instantly understood Lin Fan's intentions.

The trio's complexion changed drastically, and they hurriedly shouted:

“Quick! Let's go to the Tianzi box!”

“Stop him! He must be here to kill, must stop him!”

Sima Yan'er's face was pale, she could not imagine, so A terrifying guy, if he wants to kill someone, how miserable Ye Master will be.
