

# Chapter: 1050

boom!

Cruel and cruel!

In this scene, Ye Chensheng was almost scared to pee next to him.

He never thought that not only did his bodyguard fail to stop Lin Fan, but even after this guy came in, he directly abolished Chang Yuan, as if killing a chicken and a dog.

This is more than that.

Especially when he saw that Lin Fan's eyes rolled, and it actually fell behind him.

Wow!

Ye Chen only felt that he was stiff all over, and that feeling was as if he was being stared at by death, making his scalp almost burst.

“Lin...Lin Fan, you can't move me, I'm the young master of the Ye family! Our Ye family is one of the four hidden worldly giants. If you move me, you will have forged a feud with our Ye family. At that time, you have offended two hidden giants at the same time, and you will definitely die!”

Ye Chen's voice was trembling at the moment, dense cold sweat dripping from his forehead.

“And my eldest brother, now with the bodyguard, on the upper floor, he heard the movement here, he will definitely run down to investigate!”

“At that time, whether you and Bai Yi can get out of this crown club is unknown. The number! ”

My eldest brother!

When I heard Ye Chen's words.

Chang Yuan beside him screamed slightly.

He raised his head, stared at Lin Fan, and said bitterly : “Ye Shao, tell your eldest brother to come down now, you must not let Lin Fan this beast!”

“He abolished me and killed him! Kill me Kill him!” In Chang Yuan's voice, there was a strong color of resentment.

His legs are broken, and he will definitely become a cripple in the future.

At this moment, he just wanted to kill Lin Fan, even at all costs.

And heard this.

Ye Chen seemed to have some confidence, and he continued to Lin Fan:

“Lin Fan, you have to think about it, not only for you, but also for Bai Yi!”

“As long as you let me go this time, you and Bai Yi Not only can I leave this club safely, I can guarantee that my elder brother and his men will never touch your hair!”

“Also, I can help you find the Bai family and resolve your hatred, how about?”

Ye Chen Scared at this moment!

He was completely frightened by Lin Fan's ferocity.

Now he just wants to be safe and safe, and doesn't want to fall into the tragic situation of Chang Yuan.

Even without hesitation, he threw out the temptation to dissolve the enmity between the Bai Family and Lin Fan, to make Lin Fan stop.

And heard this.

Bai Yi's expression was also slightly loose, and he said to Lin Fan:

“Lin...Lin Fan! Otherwise, forget it! I have not been harmed, besides, he is from the Ye family! Can't move him!”

“Ye Family, we can't afford to offend!” That said.

The corner of Bai Yi's mouth was full of bitterness.

Their Xin Bai clan is still too weak, the Ye Family's hidden giants, afraid that just sticking out a finger would be enough to make them Xin Bai clan beyond disaster.

Moreover, she just wanted Lin Fan to be safe.

As long as it can help Lin Fan resolve the enmity with Jiangnan Bai's, then even if she has suffered some grievances today, it is nothing.

however!

“No!”

Two cold words came out of Lin Fan's mouth, but Ye Chen, Bai Yi, and Chang Yuan were all taken aback.

They didn't expect that Lin Fan actually refused.

This is more than that.

clatter!

Lin Fan took a sudden step forward, staring at Ye Chen with a pair of sharp eyes, as if looking at a dead person:

“You want to be against Bai Yi, then I will abolish you!”

“You almost killed Bai Yi dead. , Then I can only... kill you!”
