

Chapter: 1063

Until Lin Fan's last slap fell!

Sima Yan'er's body trembled fiercely, and she was completely lying on the interrogation table, panting heavily.

And just when she was about to yell at Lin Fan angrily.

Creak!

The door of the interrogation room was opened from the outside.

Ok?

Hearing the sound of opening the door, Sima Yan'er reached the words in his mouth and suddenly stopped.

She turned her head and looked, only to find that a greasy short fat man with a group of people appeared at the door of the interrogation room.

“Captain!”

Sima Yan'er knew that this short, fat man was the captain of their guard station and her immediate superior—Wei Fengqiang!

Ok?

At this moment, when Wei Fengqiang and others saw a scene in the interrogation room, their expressions were all in a daze.

They saw that Sima Yan'er, the most famous iceberg policeman in the institute, was actually lying on the table at this moment.

especially!

Her snow-white pretty face was covered with layers of blush.

His eyes were shy and charming, as if something had just happened.

And behind her.

It was the prisoner Lin Fan, but he didn't have the handcuffs and shackles, this...

Wei Fengqiang and others could hardly believe their eyes.

This was the first time they saw Sima Yan'er's charming look, especially now that it seemed that this prisoner did it all?

“What are you doing?”

Wei Fengqiang looked at Lin Fan's gaze, revealing a deep ill-will:

“This murderer, why didn't he bring handcuffs and communicate!”

“Come on, help me stop him!”

Finished!

With a wave of Wei Fengqiang's palm, a group of policemen behind him immediately rushed towards Lin Fan as if a hungry tiger was throwing a sheep.

After stepping forward, he shackled the handcuffs and fetters on the ground, picked up all of them, and then put them on Lin Fan's hands and feet again one by one.

For all this.

Lin Fan did not resist at all.

But he had already faintly noticed that Wei Fengqiang looked at him with bad eyes.

“Okay! Yan'er, you go out first! Leave it to us!”

What!

Hearing Wei Fengqiang's words, Sima Yan'er was taken aback for a while.

Normal hours.

Wei Fengqiang is the most proficient person in the guard station.

Every arrest and interrogation was almost entirely entrusted to her.

And now...

“Captain, are you sure?”

Sima Yan'er looked at Wei Fengqiang suspiciously. She faintly felt that it seemed that the captain wanted to interrogate Lin Fan personally.

“That's right!”

Wei Fengqiang smiled at Sima Yan'er, then pointed to a group of police officers he had brought, and said:

“Did you not see? We brought a lot of people, don't worry! This kid handed over to me, He can't escape with his wings!” Mobile phone:

I heard this.

Although Sima Yan'er was still very confused, she nodded and said:

“Okay! Then you interrogate him first! I'll go out and buy some coffee!”

Finished!

Sima Yan'er did not forget to confess:

“Also, this Lin Fan is too cunning and dangerous, you must be careful!”

At this point, Sima Yan'er couldn't help but think of the scene where she was spanked by Lin Fan just now. This made her ashamed and angry, and gave Lin Fan a vicious look. Then he turned his head and walked outside the door.

Bang!

Until Sima Yan'er completely left, Wei Fengqiang closed the door of the interrogation room severely.

In addition, he also locked the door from the inside.

Ok?

Seeing this move, Lin Fan narrowed his eyes slightly:

“You want to deal with me?”
