

Chapter: 1067

“Asshole! What the hell is going on?”

Wei Fengqiang was extremely angry, but he couldn't think of it and dealt with a murderer.

It's incredible to be frustrated continuously.

“It's a bunch of rubbish! Get out, I

‘ll come here!” Wei Fengqiang stepped forward, grabbed the baton from a police officer, and then kicked the police officer to the ground.

Until then.

He was holding a baton and staring at Lin Fan with his eyes:

“Boy, I don't know what's weird about you, but there is no one I want to deal with, Wei Fengqiang, who can be intact!”

“So, just accept your fate! ”

Wei Fengqiang said.

He gave a gloomy smile, then instantly raised the baton in his hand, trying to smash it down at Lin Fan.

And see this scene.

Lin Fan's eyes grew colder, but the corners of his mouth showed a sharp curve.

“If you drop it, you will die!”

Lin Fan said, as if from hell, causing Wei Fengqiang, who also raised the baton, to take action.

what?

Wei Fengqiang was taken aback for a moment. He looked at Lin Fan as if he was looking at an idiot.

If you drop it, you will die?

What a joke!

This kid is obviously locked with alloy chains, his hands and feet are trapped, can he still break free of the chains?

To know!

Wei Fengqiang understood that, let alone the thin and thin Lin Fan in front of him, even if he was a master character, he was locked up by this alloy chain, and he didn't even want to break it at all.

Thought of this.

Wei Fengqiang smiled coldly, and said cruelly:

“Okay! Boy, you are arrogant! But I just want to see, what can you do to make me die!”

Finished!

Wei Fengqiang raised the baton, facing Lin Fan's head, and wanted to slam it down.

But at this moment.

Boom boom boom!

A series of rapid knocks stopped Wei Fengqiang's movements again. anger!

A trace of anger surged in Wei Fengqiang's heart.

He was interrupted for the third time, which made him feel unirritated.

“Ma! Which bastard is knocking on the door? Are you looking for death?” Wei Fengqiang shouted at the door.

The tone was filled with deep dissatisfaction.

Just after hearing his words.

There was a horrified voice outside the door:

“Captain, no...it's not good! Something happened! Our guard is besieged!”

“Yes, Captain, you go out and have a look! It seems to have stabbed a big basket once!”

“...”

A sound of panic, one after another, fell in the ears of everyone in the room, but it made them all stunned.

Is the guard house surrounded by people?

This... how is this so possible!

Who is so courageous to besiege the guard station? Isn't this looking for death?

Wei Fengqiang's heart beat fiercely, a trace of ominous premonition filled his heart, facing the door, and continuing to ask:

“Who is so brave that dare to besiege us?”

“Are you a bunch of rubbish? Wouldn't you go out and arrest all those people for me?”

Wei Fengqiang's voice was full of anger.

And the other police officers looked at each other one by one.

Obviously, it is impossible to imagine who on earth would dare to do such crazy things.

just!

Immediately after the police officer's words outside, everyone could hardly believe their ears.

“Captain, those people can't be caught! Because the two people in the lead are...the God of Dragon and Tiger!”
