Extraordinary , what are you talking nonsense! Tell me again!” Wei Fengqiang’s heart became more ominous and stronger.

While talking, he walked to the door and opened the door of the interrogation room from the inside.

Outside the door, there were more than a dozen police officers standing, all of them pale as paper, and in their expressions, there was endless panic and panic, as if not to be frightened by any terrible things.

Seeing the door opened, the police officers rushed up one by one, their voices trembling constantly, saying:

After that, he said to many police officers: “It’s him, what are you doing in a daze! Quickly pack your clothes, dress neatly, and follow me to the door to welcome the two Lords of War!”

Welcome to the God of War!

Hearing this, among the crowd, a police officer suddenly asked:

“Captain, we are all going to meet Lord Ares, then what about this murderer?”

Huh?

Hearing this, Wei Fengqiang was taken aback.

His gaze then looked at Lin Fan, and a stern expression flashed in his eyes: “Let him stay in the interrogation room! Anyway, I can’t run! Wait a while after seeing the two adults, come back and see how Lao Tzu can deal with him! ”

Wei Fengqiang snorted coldly, and immediately took a police officer and walked toward the door hurriedly.
