

# Chapter: 1087

Shocked!

At this moment, all the eyes of everyone in the ward fell on Lin Fan's body, and their faces gleamed with unbelievable denseness.

Especially Chang Yuan!

“No...impossible! How did this guy do it?”

Chang Yuan's complexion, as white as paper, and dense cold sweat, continuously flowed from his forehead.

Killing Ye Chen, nothing happened.

Was arrested and imprisoned and released acquitted.

And now, the Ye family killed the heir Ye Ming even more for Lin Fan, and even took out half of his wealth to come to plead guilty.

This pile of piles is too creepy.

now.

Even Ye Wuya and others had already left, but everyone still couldn't react from the shock.

Feel the eyes of everyone.

Lin Fan shrugged helplessly, and said to Bai Yi:

“My wife, this matter has nothing to do with me! It should be the work of Dragon and Tiger God of War.”

“I just heard that the Ye Family seems to have offended Dragon and Tiger God of War. And... Lin Zuo! ”

What!

Lin Fan's words stunned everyone.

Dragon Tiger God of War!

Lin Zuo!

They didn't expect that this incident would have even alarmed such a terrifying big man.

For an instant, whether it was the Baiyi family or Shen Jian and others, they breathed a sigh of relief.

after all.

If it was Lin Fan, then Lin Fan would be too terrifying, but if it were

Lin Zuo and Dragon Tiger God of War, then everything made sense.

but.

Bai Yi's heart is still full of doubts.

Even after listening to Lin Fan's explanation, for some reason, in her heart, she still felt that she couldn't get rid of this guy.

However, just when Bai Yi was about to continue questioning.

Jingle Bell!

A telephone ringing came from Chang Yuan's body.

This scene made Chang Yuan's heart chuckle.

When he got on the phone, he heard a series of noisy voices on the other end of the phone:

“Chairman, no...it's not good! Our Chang Group has been sealed off by the authorities! We used to evade taxes, all of them It's exposed!”

What!

Hearing this horrified voice, Chang Yuan's face was brushed, and it was as white as paper.

However, this is just the beginning.

After the call was hung up, one call after another rang again and again:

“Brother! It's not good, my parents' company involved bribery of public officials, and they have been taken away!”

“Chang Yuan! Your family owes me five dollars. Ten million, only one week for you to pay it off, otherwise, I will find someone to chop you up and feed the dog!”

“Chang Yuan, you a liar, you are a pauper, tired of debts, so you really want to lie to my mother! Go away... ..”

“...”

These calls seemed like bolts from the blue sky after another.

There are his creditors, relatives, girlfriends, etc.

But almost every one of them is pushing Chang Yuan into the abyss of hell step by step.

His company is completely finished.

His creditors are forcing debts!

His girlfriend patted his butt and left.

These blows made Chang Yuan almost fainted.

“Life is better than death! Ye Wuya said that it made me worse than death, and it was all true!”

“I...finished!”

Chang Yuan's complexion was pale to the extreme. At this moment, he seemed to have seen himself miserable in the future. Life is average.

Looking at Chang Yuan's ashen face.

The feelings of Shen Jian and his son beside him became more complicated.

Who could have thought that it was overwhelmed by Chang Yuan with Ye Ming's backing just now.

Lin Fan, who everyone thought was bound to die, was safe, unscathed, and even helped Bai Yi to become a super rich woman in Jiangnan City in one fell swoop.

The difference between these two people day by day makes their hearts mixed.
