quickly!

When the news of the Ye family's transfer of the property was sent out.

boom!

The whole Jiangnan City was completely boiling.

The Ye family, one of the four most reclusive giants, actually transferred half of its properties to a new Bai family from a small city.

This news was almost like an earthquake, causing an uproar in Jiangnan City.

Almost all the forces began to listen to the news of the Xinbai clan one after another.

They wanted to know what kind of horror background this little-known group had that could make the Ye Family succumb to it. This was incredible.

Soon, in the snooping of many forces.

The background of Xin Bai's family was completely picked out.

This is an ordinary group from Jiang City. Although the president of the group is called the President of Jiang City's No. 1 Beauty, he has no big background at all.

This time, the reason why the Ye Family succumbed was more because of the Dragon and Tiger God of War.

There are even rumors that the Ye Family offended the Huaxia Lin Zuo, and the Dragon Tiger and the God of War almost wiped out Ye Family and Manchu.

In desperation.

The Ye family had to settle all their grievances, and the one who benefited the most was the Xinbai clan.

When this is confirmed.

All the chaebol forces in Jiangnan City were jealous of the Xinbai clan to the extreme. In their eyes, the Xinbai clan was completely out of shit and drenched in the light of the god of war.

Otherwise, let alone getting the Ye Family's property, even their group will have no leftovers that have been eaten by the Ye Family.

Suddenly, the Xinbai clan became the fat in the eyes of the Jiangnan chaebols. Mobile terminal:

Even, many forces are already ready to move, wanting to take a big bite from Xin Bai's body.

It's just that Lin Fan didn't care about all this.

He still washes and cooks leisurely every day, helping Bai Yi's family of three to regulate their bodies.

And on this day.

When Lin Fan had just finished shopping and walked out of the vegetable market, he suddenly saw that not far in front of the vegetable market, there was a police car and a Porsche Cayenne parked.

A man and a woman, who have got out of the car, are arguing fiercely.

"It's her?" Lin Fan's expression changed slightly when he saw the woman next to the police car.

At the moment, he said something, turned his head and wanted to leave.

Just at this moment.

The woman in the police uniform saw Lin Fan at a glance. In her beautiful eyes, as if she saw a savior, she quickly walked towards here.

"My dear, you finally finished shopping! I have been waiting for you for a long time!"

Following this gentle word, he said from the police flower's mouth.

She ran over quickly, and then took Lin Fan's arm.

"My Nima..."

Lin Fan looked at this smiling woman, and suddenly only felt black lines appearing on her forehead.

This woman is Sima Yan'er.

It's just different from the past.

Sima Yan'er looked at Lin Fan's gaze, filled with deep tenderness and little daughter's attitude, that kind of appearance, like a little woman in love.

just!

This look fell in Lin Fan's eyes, and it made the corners of his mouth twitch:

"This woman is actually using me as a shield!"

Lin Fan's face was speechless.

And just when he was about to shake off Sima Yan'er's jade hand.

The young man who was arguing with Sima Yan'er just now seemed to have been stepped on his tail. He rushed over aggressively and cursed with a full face:

"Yan'er, who is this little beast?"

"You... why are you? Are you so close to him? Don't tell me, the reason why you keep rejecting me is because of this little bastard?"
