

Chapter: 1106

Depressed!

At this moment, everyone in the ward looked at the densely packed sergeants in the corridor, and everyone's heart sank to the bottom.

In particular, these sergeants were extremely unkind. As soon as they appeared, they aimed their guns at the ward.

An iron tower man in a military uniform stepped out from the crowd of sergeants:

"Who is Lin Fan?" The voice was icy.

And hearing this, everyone in the ward looked gloomy and almost dripped water.

"I am!" Lin Fan shrugged lightly and stood up.

Ok?

Seeing Lin Fan's calm and calm appearance, the iron tower man was slightly taken aback.

He obviously didn't expect that Lin Fan could be so calm when facing a sergeant of more than two hundred soldiers.

"Well! You do not want one will be scared wet his pants!"

Said!

The Iron Tower man stared at Lin Fan, his eyes were extremely cold: "I am Wei Fan, one-star warlord of the White Tiger Legion! I will take you to the barracks at the order of our commander!"

Wow!

Hearing this, the complexion of everyone in the ward changed drastically.

Bai Yan's eyes suddenly lit up, and he quickly asked,

"This officer, is your chief the white tiger of Jiangnan Bai's family?" Bai Hu!

Hearing this name, Bai Shan and others only felt a numb scalp, and a heart almost reached their throat.

If Baihu sent someone to arrest Lin Fan, then Lin Fan... would be dead.

Thinking of this, all eyes turned to this tower officer.

As everyone watched, the one-star warlord nodded indifferently:

"Yes! My sir, it is the three-star warlord Baihu adult!"

"This time I heard that Lin Fan killed the white of the Bai family. In the third group, Master Baihu was furious and vowed to severely punish the murderer!" A word, like a heavy hammer, slammed into the hearts of Baishan and the others, making them almost fainted with fright.

Bai Yan was completely excited.

She looked at Lin Fan with a full face of gleeful misfortune, and said sarcastically:

"Lin Fan, have you seen it? Your retribution is coming! Hahaha...We Bai family group that you swallowed, half of the Ye family that you swallowed, You have to spit it out!"

"By then, the Jiangnan Bai family will definitely become the number one giant, and you... are dead!"

Bai Yan seemed to have seen the miserable scene of Lin Fan being torn alive by the white tiger, excited. To the extreme.

just!

There was no fear on Lin Fan's face, no trepidation, some just thick disdain.

"I can go with you! However, I hope your chief can bear the consequences!"

What!

Lin Fan's words made everyone stunned. They didn't expect that when death was about to come, this guy was still pretending to be forced.

Bai Yan smiled even more with a stomachache:

"Hahaha...Lin Fan, just pretend to be. After today, you want to pretend to be forceful, I'm afraid you will have to go underground!"

Bai Yan smiled very happily and looked at Lin. Fan's eyes seemed to be looking at an idiot.

And the tower officer also sneered:

"Take it away!" The words fell!

Hula la, two heavily armed soldiers came up instantly, two black hole muzzles aimed at Lin Fan.

See this scene.

Lin Fan's expression was still calm, turned his head and said to the anxious Baishan couple:

"Parents, don't worry! I'll go to the military camp to relax and come back for dinner at night!"

Finished!

Lin Fan walked straight to the door of the ward.

A gun was aimed at his body, as long as he dared to make the slightest change, he would definitely be beaten into a sieve.

Until Lin Fan left.

The Baishan couple, Bai Yan and others still couldn't believe their ears.

Go to the barracks to relax?

Come back for dinner at night?

Listening to Lin Fan's tone, they even felt that this product was going to travel.

This is really reckless!

"What to do? What to do now?" Baishan and his wife were anxious like ants on a hot pot, sweat crackling, dripping continuously.

And see this scene.

Bai Yan couldn't help but smiled and said:

"Sanshu and Auntie, the only way now is for Bai Yi to hand over the Bai Family Group, the New Bai Family, and the annexed Ye family industry!"

"Only in this way, Lin Fan may... ... can live!"
