

Chapter: 1108

White Tiger Legion!

Not only Bai Yi, but Zheng Hao and Bai Yi's assistant next to him, their complexion changed drastically.

They have naturally heard of this White Tiger Corps, stationed in the East China Sea, ten thousand sergeants, dominating one side.

This is one of the terrorist forces under the Dragon Tiger Army.

It's just that they couldn't imagine that Lin Fan would provoke such a behemoth.

"No! Impossible!"

Bai Yi's pretty face was as pale as paper. She grabbed Bai Yan by the collar, as if crazy, and screamed:

"Bai Yan, are you lying to me? When did Lin Fan provoke a soldier? You must be lying to me!"

Bai Yi couldn't believe it.

After all, she was with Lin Fan every day, and never remembered that Lin Fan and the White Tiger Legion had forged a grudge.

But, I see White Iraq almost insane look, Bai Yan's face, the more intense pleasure and laugh together:

"! Bai Yi, Lin Fan is not too provoke the military, but he offended the southern white house"

"white house on the south The second-ranked heir, Bai Hu, is the highest officer of the White Tiger Legion, a three-star warrior! "

What!

Bai Yan's words were even more like a bolt from the blue to Bai Yi.

It's over.

She knew how deep the grudge between Lin Fan and Jiangnan Bai clan, and now that it fell into Bai Hu's hands, Lin Fan was afraid that he would be completely dead.

Thinking of this, Bai Yi only felt dizzy for a while.

And beside.

Zheng Hao's heart was extremely ecstatic.

"Hahaha...well! Is that bastard finally got retribution? As long as he dies, I will have a way to persuade my boss to unblock me! This is great!"

Zheng Hao flushed with excitement, and even shuddered in his body.

To be able to watch this bastard die without having to apologize to Lin Fan, ask for forgiveness, this is simply a great thing for him.

"Bai...Bai Yan, you help me, help Lin Fan! Lin Fan can't die, I am willing to give everything, I only want him to survive!" Bai Yi looked at Bai Yan as if looking at the last straw .

Lin Fan is dead, how can she live alone.

And heard this.

Bai Yan smiled more and more brilliantly:

"Hahaha, cousin Bai Yi, you really have a deep love for that waste!"

"If you want to save him, you can! Bring the transfer certificate of all the properties under your name, as long as you transfer these properties Give it to the Jiangnan Bai family, maybe Lin Fan can save his life!"

Bai Yan smiled wildly.

Their Bai family in Jiangshi has nothing, and now, she wants to let Bai Yi have a taste of nothing.

However, what made Bai Yan astonished was that after hearing this, Bai Yi did not hesitate at all. He nodded and agreed:

"Okay...I will prepare a transfer letter for the property under my name now. A little bit, I only want Lin Fan to be safe! "

What!

Hearing this, looking at Bai Yi's serious look, whether it is Bai Yan or Zheng Hao next to him, his heart is extremely complicated.

Who can imagine that Bai Yi, a beautiful president, a wealthy woman with tens of billions of dollars, would be willing to sacrifice all the industries in exchange for the wasteful life of Lin Fan.

This is simply incredible.

"Huh! I really don't know what charm that trash has that makes you so fascinated!"

Bai Yan snorted coldly, looking at Bai Yi, like an idiot.

"You are now ready to transfer the contract, and I will take you to the White Tiger Corps resident in a while to meet Master White Tiger!"

One sentence made Bai Yi ecstatic.

She almost didn't say anything, and quickly ordered people to prepare.

For Lin Fan.

She is ready to sacrifice everything!
