

Chapter: 1109

South of Jiangnan City.

At ordinary times, it is deserted and uninhabited, but today, the land stretching for dozens of miles is densely packed with green tents.

This is the resident of the White Tiger Corps.

A fully armed sergeant, neatly and uniformly covering the entrances of the barracks.

The pair of sharp eyes looked like a tiger and wolf, as if any wind blowing on the grass would be killed on the spot.

And at the moment.

In the most central location of the barracks.

It was densely packed with dozens of figures standing.

Each of these people wore a military uniform, mighty and tall, with medals, and neatly dressed.

Almost all one-star warriors and two-star warriors.

especially!

In front of these dozens of powerful warriors, stood a young man who looked like a tiger wolf, who turned out to be a three-star warrior.

He is the highest officer of the White Tiger Legion-White Tiger.

“People are coming soon, right?” Bai Hu had a face with national characters, thick eyebrows and big eyes, and his eyes flashed, exuding a terrible and strong murderous aura.

And heard this.

Moment, a capella will hand over the war, said:

“! Tiger, that Lin Fan has been in custody on the way to come to the”
! “The island Challenger – Ichiro Sasaki, only one kilometer from us”

word.

The evil aura on Baihu’s body became more intense, he licked the corners of his cracked mouth, like a fierce beast that found its prey, his breath was shocking:

“Hey...good! Very good!”

“That Lin Fan, audacious, we are victims of the White House suffered heavy losses, but also let three white annihilated! Today is the moment to recapture the glory for the White House!”

Here.

White Tiger’s words, a touch of dignity appeared on his firm face:

“In addition, the most important thing is that Sasaki Ichiro! This island country ronin dare to set foot on the land of my Jiangnan, come to challenge our White Tiger army, and kill it! Raise my Chinese national prestige!”

Hearing this.

The dozens of one-star and two-star generals next to him, and the densely packed White Tiger Legion with nearly a thousand people, all boiled with enthusiasm.

They raised their arms one by one, screaming loudly:

“Kill!!!”

“Kill!!!”

“Kill!!!”

As if in the eyes of these iron-blooded soldiers, Lin Fan killed the white house. It’s time to kill, Sasaki Ichiro provokes China. More to kill.

Hum!

In the sound of this terrifying cry, a green military vehicle galloped up and stopped in front of everyone.

When the car door opens.

Wei Fan, the one-star warrior, walked down slowly with Lin Fan.

Behind Lin Fan, there were two machine guns, which were aimed at his body.

Swish.

The moment Lin Fan got out of the car, the gazes of a dozen one-star and two-star generals were all locked on Lin Fan.

His gaze was sharp and cold, and he looked at Lin Fan as if he was looking at a dead person.

If it is an ordinary person.

With just the gazes of these dozen warriors, he was so frightened that he collapsed to the ground, and his excrement and urine flowed.

However, to everyone’s surprise, Lin Fan seemed to be unaware. Under the leadership of Wei Fan, he came to Baihu’s back. .

“Thanks to the tiger general, Lin Fan will bring it here!” Wei Fan said to Bai Hu, arching his hands.

Heard this.

Bai Hu still carried his hands on his back and didn’t turn around. It seemed that Lin Fan didn’t have the qualifications to let him take a look.

And beside.

A two-star warrior took a step forward and yelled at Lin Fan:

“Little ant, when you see the tiger, don’t kneel down!”

” Kneel !!!”

The voice of the two-star warrior was very loud. Like Hong Zhong, resounding here.

Especially accompanied by the terrifying gazes of thousands of iron-blooded sergeants, they were monstrous and terrifying.

just.

“Kneel?”

Lin Fan’s eyes were cold, he stared straight at the two-star warrior, the corner of his mouth curled slightly:

“Okay! Then you...kneel down!”

Boom!

Following Lin Fan’s words, the overwhelming coercion instantly swept across the body of the two-star warrior, and immediately sent him into the ice cellar.

Especially, he was caught off guard, only feeling the terrible pressure like a mountain, covering his body.

Let him soften his legs.

There was a puff.

Kneeled down in front of Lin Fan.

What...what?

This scene happened too fast and too weird.

It was only a few seconds from Lin Fan letting the two-star warlord kneel down to pouting to the ground.

When everyone around reacted.

Wow!

Almost everyone can’t believe their eyes.
