

Chapter: 1111

“General Baihu, let’s meet again!”

At this moment , a bad Chinese language came from the mouth of the island ronin in front of him.

It’s just a surprise.

Sasaki Ichiro was extremely short in stature, just a dwarf less than 1.5 meters tall, holding a Dachi in his hand, looking nondescript and extremely funny.

Looking at the appearance of Sasaki Ichiro.

The dozen or so fighters around were all dumbfounded.

This is the island Ronin who has come to challenge Samsung’s generals?

Just this virtue?

They thought they would come here as a majestic hero, but never thought it turned out to be a dwarf?

With this small body, can you get a punch from the winners and their three-star fighters?

Everyone present showed contempt and made no secret of their contempt.

“The defeated general, will you come to die?”

Looking at that Sasaki Ichiro, the white tiger’s face was also full of disdain.

Three years ago, when he was still a one-star warrior, he completely defeated Sasaki Ichiro. Now he is a three-star warrior, and his strength is the top master. Sasaki Ichiro wants to beat him?

Foolish dreams!

“Three years ago, I was indeed defeated in your hands, but three years later, you and the entire Chinese powerhouse are rubbish in my eyes.”

Sasaki Ichiro’s ugly face was full of pride. :

“Because I now recognize a mysterious strong man in my island country as a teacher. This time I come to China to smooth out your strong Chinese at the order of my teacher, so that you Hua Xia know that you China is in the eyes of the strong in our island country. But just ants!”

Boom!

The words immediately made Baihu and others, their eyes split!

The dwarf of this island country, dare to say that their strong Chinese are all ants? Even want to smooth their entire China?

Too arrogant!

Especially, he dared to speak out in front of their White Tiger Legion, when they were air?

They are equivalent to Huaxia’s face, and the other party dares to despise them, which is equivalent to hitting Huaxia’s face!

The other party’s words directly made them extremely angry.

“War commander, I request to go to war and punish this madman!”

Xu Jiang knelt suddenly, clasping his fists in his hands, his face was full of anger.

Bai Hu nodded and sneered: “Okay, you will teach us what a “foreign friend” is!” General Xu is a two-star warrior. Although his strength is not as good as himself, he has reached the level of a master. It shouldn’t be a problem to deal with Sasaki Ichiro.

Xu Jiang was overjoyed, and then stood up and walked towards Sasaki Ichiro with a full face, while looking at him condescendingly:

“Little dwarf, don’t say I won’t give you a chance. As long as you can hurt me, I will give up! “In the words, there is a strong sense of confidence!

“Hahaha, Xu Jiang, aren’t you bullying? One move hurts you, just his small body, let alone one move, a hundred moves may not hurt you a bit!” “Xu Jiang , don’t waste it !” Time is up, make a quick decision, let him hang him with a punch!”

“Xu General is this stinky virtue, he likes bullying the weak the most.”

All the generals on the scene laughed, as if Xu General had the chance to win.

Ah!

But at this time, Sasaki Ichiro’s eyes suddenly burst into cold light.

boom!

With a loud noise, Xu Jiang didn’t even have time to react. He flew out on the spot and slammed heavily on the wall. The whole body was embedded in the wall, vomiting blood!

Huh!

The laughter of everyone suddenly stopped!

There was a look of horror on everyone’s faces, looking at Sasaki Ichiro who was still holding his punches in disbelief.

This little dwarf blasted a grandmaster with one punch?

The smile on Bai Hu’s face disappeared instantly, his eyes widened suddenly, and he was shocked.

Sasaki Ichiro twitched his mouth and sneered: “Do these Chinese ants like talking to themselves so much?”

Wow!

Ants?

Everyone looked at the Xu general who kept vomiting blood, and then listened to Sasaki Ichiro’s arrogant words, everyone was completely blown up.

“Looking for death!”

More than a dozen generals on the scene were immediately furious, all of their figures rushed out and slayed fiercely towards the opponent.

This dwarf dared to hurt their hands and feet?

Unforgivable!

When the other soldiers of the White Tiger Legion saw this, they were very excited. With so many warriors taking action together, even if this dwarf has the ability to master the sky, he will undoubtedly lose.

Deserve it!

This is the fate of daring to insult their White Tiger Legion!

Unexpectedly!

Not only did Sasaki Ichiro’s face show no fright, but also a deep disdain:

“The ants are still ants in a group! I said, you are in my eyes, but rubbish!”

Clang!

Too out of the sheath!

Cold light suddenly appeared!

His figure looked like a ghost, suddenly burst out, and instantly rushed into the crowd of dozens of warriors.

Then, an unbelievable scene appeared for everyone.

Puff puff!

The scarlet blood splashed continuously, and the miserable figures flew out in embarrassment.

Sasaki Ichiro’s short figure seemed to be a world-famous killer. Wherever he passed, a famous warrior suffered heavy injuries and flew out.
