

# Chapter: 1125

At this time, Shirakawa and his son had a deep understanding of what is meant by happiness and sorrow, and what is meant by evil and evil.

They wanted to step Lin Fan on the soles of their feet, but they were deported by Lin Fan.

Now, the intestines are all regretful. If they didn't offend Lin Fan, now Bai Yi is in charge, their family can rise.

But now it is too late to say anything, and the three of Shirakawa have only full of grudge and pain.

"Mr. Lin, how do you deal with this guy?" Bai Chen stared at Zheng Hao, who was almost scared of peeing, with malicious intent in his eyes: "When I came in, I just heard that he was humiliating your father-in-law and wanted to kill them. Leave it to me to deal with it, it's not vicious!"

"Do you have to ask? Just kill it!"

Bai Hu coldly snorted. Now that he knows Lin Fan's identity, he treats Lin Fan as a god. Insult the family of the gods, that's damn it!

When Bai Yi became the first heir of the Bai family, Zheng Hao was already scared to pee.

And when he heard this, he suddenly felt a numb scalp, did he hear it wrong? These people actually planned to kill him?

He is a little star, has he ever seen such a battle?

"Don't mess around, I'm a star. If you kill me, you will be in big trouble."

Zheng Hao even cried in his voice, comforting himself in his heart: I am a star, they dare not do anything to me, otherwise Public opinion will not let them go.

But this kind of psychological construction made his body tremble more and more severe.

And Baihu and others, as if they heard a big joke, looked at Zheng Hao as if they were staring at a lamb.

Celebrity?

In their eyes, it's like an ant, which can be destroyed by a finger!

"How could I kill you, how could I be willing to kill you? You are a little fresh meat."

At this time, Lin Fan smiled gloomily.

And his smile directly caused Zheng Hao's hair to stand upside down, feeling that this was a devilish smile.

Then, Lin Fan looked at Bai Chen and others: "From today onwards, I will spare no effort to support him at all resources!"

What!

Everyone was dumbfounded, this guy offended Lin Fan's father-in-law, but Lin Fan still wanted to praise him?

However, the next moment, Lin Fan's mouth was filled with a chilling smile:

"At the same time, starting from today, he can only sleep for three hours a day, and I have to make money for the rest of the year. Hugh!"

Boom!

In an instant, everyone looked at Lin Fan in horror, which was too vicious.

This is to treat Zheng Hao as a tool for making money from beginning to end until he dies. It's really better to live like this than to die.

"Devil, you are a devil!"

Zheng Hao only felt as if he had been electrocuted, his face turned pale for an instant, and at this moment there were no more tears when he wanted to cry.

How dare to provoke such a devil, I am damned!

But Lin Fan didn't even look at him, and he helped Bai Yi: "Wife, let's go!"

Bai Yi nodded with a dazed expression. He hasn't recovered from the shock yet.

"Respectfully send Mr. Lin!"

"Respectfully send Mrs. Lin!"

Behind him, the Dragon, Tiger and the God of War and others shouted humbly and salute!

Seeing this, the Shirakawa family seemed to be dreaming, and the regret in their hearts was even stronger to the extreme.
