

Chapter: 1136

Silent, like dead silence!

The audience suddenly lost their voice!

Everyone just felt that their throat was pinched, unable to speak, almost suffocated!

Every pore in their body is trembling frantically!

The shock of my heart is like a tsunami!

At this time, they couldn't believe their ears and eyes!

The Blood Lord actually knelt down in front of Lin Fan, respectfully calling him the King of the Blood Prison?

Is this an illusion?

That trash is obviously a son-in-law, how could he be the king of the blood prison?

There must be a mistake!

When Huangfuxuan and Sima Hongrui saw this, they were going crazy!

The King of Blood Prison is Lin Fan?

how can that be!

The news, like a bolt from the blue, knocked them out on the spot!

The existence that they regarded as trash and humiliated at will, turned out to be the King of Kings?

God, made a big joke with them!

The reason why they came to participate in this auction was not to curry favor with the mad gods of the blood prison and to please the king of the blood prison?

But the Blood Lord now tells them that Lin Fan is the King of the Blood Prison?

This is never possible!

The expressions of Huangfuxuan and Sima Hongrui were extremely gloomy!

They couldn't accept the fact that Lin Fan was the king of the blood prison.

Blood Lord, must have been deceived!

Yes, it was the tattoo. The Blood Lord must have been deceived by the tattoo on Lin Fan's body, so he mistakenly thought he was the King of the Blood Prison!

Immediately, Huangfuxuan said angrily:

"Blood Lord, you were deceived. That guy is not the King of the Blood Prison at all, he is posing! His tattoos are also fake! Kill him!"

"The King of the Blood Prison, how could it be you? Waste? You dare to pretend to be the king of the blood prison, Lin Fan, you are...damn it!"

Sima Hongrui also roared sharply. He couldn't accept his beliefs and turned out to be a waste son-in-law.

Impersonate!

Yes, it must be impersonating!

Everyone suddenly realized that anger suddenly rose in their eyes, and a cold smile appeared in the corners of their mouths.

The king of the dignified blood prison, to be the son-in-law?

It's ridiculous!

This kid, who just pretended to be the King of the Blood Prison with a tattoo, even dared to deceive the Blood Lord, he was bold!

Lin Fan must die! The Bai family must die!

Even Bai Yi didn't believe that Lin Fan would be the King of the Blood Prison, but that was the existence called the Demon King, but what about Lin Fan?

A door-to-door son-in-law, a family boiled man!

The two sides are so different, how could he be the king of the bloody prison?

So seeing Lin Fan pretending to be the King of the Blood Prison, she almost cried at this moment, and every string in her heart was tightened to the extreme at this moment!

"Shut up!"

However, the blood master roared angrily, but it suppressed the audience!

"Dare to insult the King of the Blood Prison again and again, you damn it!" The violent voices were full of murderous intent, making everyone present as if they were on the top of Mount Tai, and breathless!

That's it!

The Blood Lord has been completely deceived by this counterfeit, and can't listen to others' dissuasion at all.

At this time, Lin Fan spoke and said lightly:

"I don't have money, can I buy this Seablue Heart?" The Blood Lord looked straight, and said in a deep voice:

"My king said and laughed. The whole blood is yours. I don't want to see which lot I want to take away. Your mood? "

What!

Everyone swallowed fiercely, with a deep shock on their faces!

In other words, that Sealan Heart is about to be deceived by this counterfeit?

Hearing this, Huangfuxuan and Sima Hongrui were extremely angry. Their ambition to win the Sea Blue Heart was cheated by a counterfeit product. How to explain this to the bloody mad god?

They can't wait to smash Lin Fan into pieces!

Lin Fan directly took the sea blue heart, put it on for Bai Yi, and said with a smile:

"My queen, I said, as long as you like it, let's buy it!"
