

Chapter: 1152

The mad god of blood hell cannot accept that others betray the dark emperor, because that is his belief, the god in his heart, and the existence he swears to be loyal!

In the blood prison, people often ridicule the mad god in the blood prison, saying that even if the emperor An He asked him to kill his parents, he did not hesitate!

It can be said to be foolish and loyal to the point of being indiscriminate!

Therefore, he learned that someone pretended to be the queen of the blood prison, and went to the south of the Yangtze River to kill him with great fanfare. He wanted to kill all the people in the world who dared to insult my king!

At this time, the mad god of blood prison couldn't help but recall the scene where he and the dark emperor first met five years ago.

At that time, he was just a small farmer, and his wife, children, and parents were tortured and killed by the notorious warlord's "black crime", and with his abilities, it would never be possible to avenge him!

So he took a gun and was about to die!

But at this moment, a man knocked on the door of his room. He came from the night, like a messenger of darkness, and said to him in a solemn and gloomy tone like a death knell in hell:

"Are you willing to make a deal with the devil? "The answer is naturally yes!

Because he made a deal with that devil-like man, it only took him a year to transform from a farmer into a bloodthirsty demon, and slaughtered all the Black Crime Legion!

Revenge for his family!

And in the end, even forced out the black hand behind the underworld legion, a large consortium in the West!

The opponent sent eight berserkers with strength comparable to the Grand Master to retaliate and severely injured the blood prison mad god!

But when he was about to die, he saw that man, fighting against the Eight Berserkers with his own power, but it only took ten minutes... to take off the heads of all of them!

That scene is still severely imprinted in his mind, lingering!

From that day on, he vowed to remove all obstacles and kill all enemies for the man in front of him!

Die... don't hesitate!

From that day on, he abandoned his name, but got a frightening title... the mad god of blood hell!

If there was no dark emperor, he would still be the cowardly and humble ant. Faced with the brutal killing of his family, he could only come and kill himself by drinking a bomb.

It was that man who gave him a new life!

Let him avenge his wife and children!

He is more important than the life of the bloody mad god!

Therefore, all those who dare to betray him and insult him deserve to die!

"When I kill the counterfeit, you will be the traitors next!" At this time, the blood prison mad god has completely lost his mind and doesn't believe what the dragon tiger war god said.

It was determined that they had betrayed the King of Blood Prison!

"Go!" The blood prison mad god yelled violently, his whole body soared in an instant, and the dragon, tiger, war god and others blasted out.

At the same time, his huge body shattered the earth and rushed directly to Lin Fan!

"Brother Crazy God, don't!"

"Master Crazy God, stop!" The expressions of Dragon Tiger and War God and others changed drastically, but it was too late to stop them.

See it!

The blood prison mad god had arrived behind Lin Fan, and at the same time he fisted at the boss chair, seemingly intending to bring the chair together and kill them all!

As for the three major Chinese Gods of War, a thick sneer appeared on their faces.

That arrogant kid is dead!

But the next moment...

Boom!

Accompanied by a loud noise, under the horrified eyes of everyone, an embarrassed figure suddenly flew out and hit the ground heavily!

On the spot, vomit blood!

And the person who was blasted off turned out to be the mad god of blood hell!

And it's... defeated by one move!

Seeing this, the smile on the faces of the three great war gods completely solidified, and then they screamed in unison:

"How is this so possible!"
