

# Chapter: 1155

When the familiar voice sounded, everyone's bodies completely froze.

For a moment, they wondered if they had auditory hallucinations.

That voice... is Lin Fan?

how can that be!

That guy should have died in the hands of the bloody mad god.

Everyone looked back in horror, but suddenly saw the meeting room door open, and then Lin Fan, who everyone thought had been broken into pieces, stood abruptly at the door.

His eyes were sharp as a knife, staring straight at Huangfuxuan.

This is impossible!

The audience was in an uproar, everyone seemed to hell!

The blood prison mad god has already entered, why can this guy retreat with his whole body?

No, this is not right!

What went wrong in the end!

At this moment, everyone was almost scared to pee. The scene before them was too weird for them!

Why is this guy okay?

The entire corridor was suddenly silent, and everyone's bodies were trembling frantically, just because the scene before them was too shocking, it was like a dying cancer patient who suddenly recovered completely overnight!

It is a miracle!

Lin Fan now looks like this in their eyes.

A guy who should have died without a whole body, but unscathed, walked out of the conference room swayingly.

This is too shocking and incredible for them!

Even Bai Yi and others were dumbfounded at this time, and couldn't believe that Lin Fan could survive.

"You, why didn't you die?" Huangfuxuan's chin was about to fall, his eyes fixed on Lin Fan.

It is difficult to accept this shocking scene.

"I said, I am the King of the Blood Prison." Lin Fan said with a smile.

what!

Everyone's expressions changed, and their faces suddenly became gloomy.

Is this guy still pretending?

Until now, everyone still couldn't believe that this waste son-in-law of the Bai family, a little white face who eats soft rice, would be the strongest man aloft.

This is absolutely impossible!

"No, this guy is definitely trying to escape when the blood prison mad god and the dragon tiger war gods are fighting!"

Huangfuxuan roared, his eyes full of viciousness: "Boy, you think this can deceive us. Already?"

"Come here, catch him! Don't let him run away!"

Upon hearing this, everyone suddenly understood, and a thick sneer appeared on their faces.

Then, Sima Hongrui strode directly up, and then glared at Lin Fan angrily, with a strong murderous intent in his eyes!

"Break his leg! I see how he runs!" The other big men were also excited, and ordered their bodyguards to cripple Lin Fan.

This is an opportunity to please the mad god of blood prison, how can I miss it?

Wow!

As soon as the voice fell, the door was opened!

The blood prison mad god came out first, with murderous intent on his face!

Seeing this, Huangfuxuan was immediately ecstatic, and said quickly:

"Master Mad God, this scumbag wants to escape, but we stopped him. You can kill him quickly!"

Seeing it!

Bai Yi, Zheng Honglian, Ye Wuya and others all lifted their hearts to their throats, and looked at the blood prison mad gods very nervously.

Because they all knew that only a word from the blood prison mad god could decide Lin Fan's life and death!

but!

The blood prison mad god looked at Lin Fan, but his gaze fell on Huangfuxuan again: "Do you want him to die?" The blood prison mad god was asking for his opinion?

Huangfuxuan's face flushed with excitement, and then he nodded frantically, "Yes, I can't wait to smash it into pieces!"

Immediately, the blood prison mad god's face was gloomy and watery, and he said solemnly: "I'm only in harmony. Mr. Lin reached a cooperation, you want me to kill my partner?"

Boom!

In a word, it was like a thunderbolt in the sky, slashing fiercely in the minds of everyone, making everyone present like a lightning bolt!

Shaking all over!

He...Partner?

This guy clearly insulted the King of Blood Prison, but the mad god of Blood Prison didn't kill him, but wanted to cooperate with him?

Are they crazy, or is the King of the Blood Prison crazy?

"The misunderstanding between Blood Prison and Mr. Lin has been resolved. From now on, Blood Prison and Mr. Lin will be friends!" The mad god of Blood Prison snorted coldly, and said, "From today onwards, if you are an enemy of Mr. Lin, then you will be with him. We are the enemy of blood hell!"
