

Chapter: 1156

Huang Fuxuan fell from the wheelchair in horror, his face was already completely ashamed.

The guy who should have been broken into pieces has now become a partner in the blood prison. How can he accept this?

He was interrupted by Lin Feng in one of his legs, and then he held a grudge against him, wishing to slash him a thousand times.

And today is the best opportunity!

Originally thought that the blood prison mad god was his assassin, there was no doubt that he would die in Lin Fan.

But now, Lin Fan, the trash, has turned into a partner in the blood hell.

Now, let alone revenge, even his life is worrying.

This makes Huangfuxuan almost crazy!

Puff!

At this time, Huangfuzheng and Sima Longming instantly knelt on the ground, their legs trembling wildly uncontrollably.

His face was pale.

This guy turned out to be a partner in the blood prison? What exactly did he do to convince the murderous bloody mad god?

When I thought, they just humiliated Lin Fan in every possible way, and also united all the big brothers in Jiangnan to kill him!

Even, want to play with his wife in front of him?

Even if they had a cracked liver and guts, they were scared to pee almost on the spot.

This is simply looking for death!

However, this is just the beginning!

Puff!

Puff!

Ten!

Twenty!

Thirty!

More and more big guys were paralyzed on the ground in fright, a puddle of yellowish liquid, constantly flowing out of their crotch.

They are deeply aware that they have made a fatal mistake and are on the wrong team.

Who could have imagined that this trash son-in-law was transformed at this moment and became a big man they couldn't afford to offend?

These big guys regretted it, and couldn't believe Huangfuzheng, and shouldn't betray the Ye and Bai family, because they were the true servants of the bloody mad god.

And now, they are dead!

After Zheng Honglian and Ye Wuya saw this scene, their faces suddenly showed strong ecstasy.

The sadness on his face was instantly swept away!

“Old Ye , we were right!” Zheng Honglian's face flushed with excitement, and she nervously took Ye Wuya's hand, her eyes were already full of tears.

They are not sinners, they are heroes who made Ye and Bai's family move to a whole new level.

“Patriarch Bai, thank you! Thank you really!” Ye Wuya was also tearful, shaking Zheng Honglian's hand excitedly, tears of gratitude.

If there was no Zheng Honglian, he might have betrayed Lin Fan, then what would happen to their Ye Family is unimaginable!

They were right, Lin Fan is really the King of Blood Prison!

“What are you doing in a daze? Why don't you knelt down to the blood... to thank Mr. Lin?”

Zheng Honglian and Ye Wuya shouted at their clansmen at the same time, and they knelt down first.

Wow!

Behind him, a group of people from the Ye and Bai families, tears were also in their eyes at this moment, and they knelt towards Lin Fan frantically.

Especially Bai Hu and Bai Chen, they both knew the identity of Lin Fan, so they were so excited that they couldn't control themselves at this time, and they couldn't cry.

They became servants of the King of Blood Prison?

Great!

This is simply a great honor!

In the future, Ye and Bai will stand at the pinnacle of power!

On the side, Bai Yihua's face paled, the astonishment and shock in her eyes could not be calmed for a long time.

Lin Fan actually solved the crisis once again, and also reached a cooperation with the raging blood prison mad god?

How did this guy convince them?

“Mr. Lin, how do you deal with this person?” The blood prison mad god looked at Huangfuxuan who had already scared peeing, and a murderous intent appeared in his eyes.

“He wants to insult my woman, then kill it!”

Lin Fan said flatly,

“In addition, from now on, there will be no Huangfu family in Jiangnan!”

Extinction!

All the big guys on the scene screamed in unison, already crying in fright, with endless fear in their eyes, kowtow frantically at Lin Fan.

In his mouth, he said words of repentance and despair, and begged Lin Fan for forgiveness.

At this time, Huangfuzheng's whole body seemed to be drained of all strength, and fell to the ground feebly, his haggard face seemed to be ten years old in an instant.

A deep bitterness appeared on his face, and even the mad god of blood hell was asking Lin Fan's opinion, and you can imagine how much he valued this door-to-door son-in-law.

Their Huangfu's house is completely finished!
