

Chapter: 1169

Will not!

I must have heard it wrong!

I'm the best student under the teacher!

He said more than once that the future self will inherit his mantle, how could he fire himself?

This must not be true!

Not only him, but Yanzishan and the others couldn't help but stand upright at this moment, with a look of panic and disbelief.

You know, Johnny is the youngest doctor from the Mayo Clinic. He has won 18 awards and has a bright future. He is hailed as Mike's successor. And now...

was fired?

Now!

Everyone noticed what they all looked at Lin Fan with a ghostly look.

This guy just said that this was his hospital, but Dean Mike treated him respectfully as soon as he came, and even expelled his students for him...

Is it possible that he is really the legendary Lin Dong?

Thinking of this, the audience was shocked!

Everyone's heart is filled with deep anxiety and fear!

At this moment, Mike ignored the shock of the crowd and stared at Yanzishan:

"Yanzishan, you dare to conspiracy to seize the property of our hospital and beat our patients. From now on, Ivan Chinese and Western Hospital officially announced, and You Nantian Group, dissolve your cooperation!"

"At the same time, we will also expose your Nantian Group's evil deeds today to the world, and ask your peers in the industry to kill you Nantian Group...!"

Boom!

As soon as this remark came out, it was like a thunderstorm, making Yanzishan paralyzed on the spot!

how so!

On Yanzishan's face, a thick astonishment and panic suddenly appeared, and at this time he was almost fainting.

Because this time I came to the Yifan Chinese and Western Hospital to seek cooperation, it was the intention of the Nalan family, and the Nalan family was eager to reach a cooperation with the legendary genius doctor, Lin genius.

Even after the death order was issued, he had to win the cooperation intention of the genius doctor Lin at all costs.

But as soon as he came, he completely offended the confidant of Lin's doctor, leading to a complete failure of bilateral cooperation.

If this were to let the Nalan family know, how could they spare themselves?

He, it's over!

"Impossible! This rubbish, how could it be Lin Dong! This, you must be mistaken!"

Yanzishan roared hysterically, almost crazy.

Those eyes stared at Lin Fan, filled with incredible shock.

Mike looked at Lin Fan immediately, but saw Lin Fan cast a look at him.

Now!

Mike reacted and snorted coldly:

"Who told you that he is Lin Dong?"

Not Lin Dong?

Everyone was in an uproar!

Since it's not Lin Dong, why did Mike and others bow and salute this dead and poor ghost so respectfully?

"He is not Lin Dong, but Miss Bai Yi's husband, Mr. Lin Fan!"

Mike said lightly.

Lin Fan?

Everyone was stunned, and then quickly reacted.

This guy is not Lin Dong at all, but Miss Bai Yi's well-known rubbish husband, and now he is using his wife's name to show off his power.

Dean Mike is afraid that it is because of Miss Bai Yi's face that he will be so respectful to this waste.

This statement came out!

Yanzishan breathed a sigh of relief immediately, as long as it wasn't Lin Dong who offended him, then there is still room for maneuver in cooperation!

Then, he glared at Lin Fan fiercely. This waste who ate soft food was so shameless that he dare to have the face to say that the hospital belongs to him?

What's more, using his wife's name, he faked his power in the hospital!

I actually let a piece of rubbish that depended on his wife to accompany Lin Dong to sleep, which made Yanzishan angry!

"Hand over the Rejuvenation Pill, and then get out!"

Mike directly scolded Yanzishan.

Yanzishan's face was pale, and only felt the shame to the extreme.

But he didn't dare to attack Mike. Instead, he put down his rejuvenation pill and looked at Lin Fan bitterly:

"The surnamed Lin, today is considered to be my confession, but you dare to destroy the cooperation between the Nalan family and the genius doctor Lin. I tell you..."

"You are dead!"
