

Chapter: 1191

what!

Seeing such a scene, Baishan and his wife were all dumbfounded!

He unexpectedly saw that Old Man Bai and the others were all pale, and there was a deep fear in his eyes.

As long as I don't forgive them, these people will die immediately.

What exactly is going on?

And this time!

Bai Haoran also suddenly felt a numb scalp, and his eyes were almost staring out.

Their Bai family has now been recognized by the four great masters and has become the highest in Jiang City. Why should they kneel down and apologize to these two old wastes?

especially!

When he saw Mr. Bai also kneel down, his scalp burst completely, almost completely scared to urinate!

“Dad, what the hell is going on?”

Baishan asked in a panic. He couldn't believe that his father, who was aggressively pushing him out of the house a few hours ago, would now kneel before him like a dog, begging himself. Forgiveness.

The old man Bai showed a bitter smile and said:

“It turns out that the company that the four masters came to invest in Jiang City is not my Bai family, but Bai Yi's new Bai family!”

What!

The Baishan couple, Bai Haoran and others are all demented!

The four masters, the four hegemony governing a province, did the airborne Jiangshi today be for Bai Yi?

how can that be!

The Baishan couple felt that their hearts were thumping and throbbing wildly. They were dizzy and almost fainted.

However, there is more to it!

Immediately after Mr. Bai spoke, all the members of the Bai family on the scene threw all five bodies to the ground, crying and pleading:

“Baishan, since we are a family, you should show mercy and let Bai Yi spare us!”

“Baishan, we were wrong before. Our dog looked down on others, and the second uncle kowtowed to you and apologized. If you have a lot, please forgive us this time!”

Bang Bang Bang... the audience suddenly heard a neat kowtow, which lasted for a long time.

A few hours ago, I wished to slash all the people in the Baishan family, but at this time they seemed to be crazy and kept kowtow.

As if the two of Baishan didn't agree, they were going to smash to death here, in order to die!

“I...”

Baishan's brain was blank.

His heart was shocked and inexplicably, he only felt that this scene was like a dream, it was so incredible!

“Perhaps, the four giants are here to invest in our new Baishi?”

“Dad, don't worry! Tonight, all of them will kneel in front of you, please forgive me!”

Lin Fan's arrogance is not marginal. The words are all fulfilled at this moment!

That kid, knew something like this would happen a long time ago?

When you see this scene!

boom!

The arrogant Bai Haoran was completely frightened and paralyzed on the spot.

“An illusion... this must be an illusion!” In his heart, he not only comforted himself, but the cry of fear in the voice could not stop.

Bai Yi was actually favored by the four masters, but he forced her couple to kneel down?

That's the four masters!

Throughout Jiangnan Province, they said no two, they could kill a family at will with one sentence, covering the sky with only one hand.

court death!

This is simply looking for death!

If Bai Yi knows what he did, then he... a dead end!

“I...I forgive you.”

Bai Shan said with a horrified expression on his face.

“Really?”

Old man Bai and the others were immediately ecstatic, and quickly stood up and shook hands with Bai Shan very gratefully.

“Don't say anything, Baishan, in the future, our Bai family will look forward to your family's horse leader!”

“Baishan, before we had no eyes, Bai Yi is the most ideal Patriarch of the Bai family. I believe that with her, the Bai family will definitely be able to do more.

Go up one floor.” “From now on, Bai Yi will be the head of our family!”

At this time, the eyes of the old man Bai were full of fierceness, and he shouted at Bai Haoran : “Bai Haoran knows his life and insults the head of the family ! From now on, break a leg to show punishment!”
