

Chapter: 1192

In just a few days, the name Bai Yi was like a muffled thunder, which completely exploded throughout Jiang City!

Detonate the city!

The four giants held a press conference at the same time to announce a joint investment of 400 billion yuan in Xinbai.

However, there is more to it!

On the same day, Nalan's family publicly announced that it had reached a deep and permanent cooperation with New Bai's to achieve mutual benefit and achieve win-win development!

Shocking!

With such a level of existence, he would actually be attracted to the little new Baishi, which makes everyone feel incredible!

Therefore, the whole Jiang City gave Bai Yi a special nickname:

“Queen of Luck !” Her good luck seemed to be inexhaustible.

Because so far, everyone can't remember how many big guys with a great background have reached cooperation with them.

It is a miracle that a newly established company has become one of the top ten enterprises in Jiangnan in less than a year!

The major news media and Tieba forums have completely exploded, and the dense discussions are all Bai Yi.

Rich mistress! Mobile terminal:

Queen of luck!

Family daughter!

All kinds of speculations, opinions are divided!

As everyone knows, Bai Yi's luck can be so against the sky, only because she has a husband who is regarded as a waste.

Today, Bai Yi's good fortune has been completely cut off!

Because a piece of news came out, the whole Jiang City was plunged into boundless fear!

“The King of Blood Prison, about to land in Jiangshi!”

This news was pushed to the headlines in just one hour, and the click-through rate has exceeded 100 million.

That man with millions of soldiers, which is equivalent to establishing a small country, is going to parachute on this three-acre land in Jiangshi?

You must know that if such existences come to China, they must go to the capital and receive the highest level of reception.

But he came to Jiangshi extremely abnormally, which is simply incredible!

But it didn't take long for another new message to come out. The King of Blood Prison came to Jiangshi, and he was going to uproot the Baijia of Jiangshi!

Just because someone dared to pretend to be the King of the Blood Prison and once scammed in Jiangnan.

And that person is the waste son-in-law of the Bai family, Lin Fan!

For a moment!

A sensation in the city!

A trash door-to-door son-in-law dared to pretend to be the king of the blood prison, this is simply looking for death!

Everyone felt that Lin Fan must be crazy, and even had endless sympathy for Bai Yi.

Because of Lin Fan's stupidity, he angered the King of the Blood Prison. Now the whole Jiang City knows...

Lin Fan must die!

The Bai family will die!

...

And when the old man Bai learned the news, he immediately led the Bai family to come to the door and ask the teacher for their crimes.

Now, a group of people are grim-faced, staring at the Baiyi family in extreme anger.

The Baishan couple trembled violently, and their faces were full of anxiety. They didn't expect Lin Fan to be so bold and incur such a catastrophe.

“Lin Fan, you are so courageous to pretend to be the king of the blood prison, you are the abyss that I pushed our Bai family into the abyss of immortality!”

“A rubbish, dare to pretend to be the king of the blood prison, you don't take a piss to show your own virtues! Now the king of the blood prison is furious, and is about to arrive in Jiang City, you wash your neck and wait for death!”

“I thought I would follow you. If you can make a fortune, who would have thought that you are really a group of broom stars and will only harm us!”

These people of the Bai family have completely changed their faces, without the respect and humility they had before.

The words are full of resentment!

“Enough!”

At this time, Old Man Bai shouted violently, and everyone in the town was living.

Then, he glanced at Bai Yi indifferently:

“Bai Yi, when things are up to now, don't say that grandpa doesn't save you, if you want to live, there is only one way...”

“That is with this waste, divorce!”
