

Chapter: 1207

quickly!

The fact that the counterfeit goods were executed by the Blood Prison Mad God spread throughout Jiang City!

Jiang Shi, who was originally panicked, immediately breathed a sigh of relief.

It's just fast!

They were puzzled. Since Lin Fan also pretended to be the mad god of blood prison, why did he have nothing to do?

At the moment, all kinds of malicious discussions are overwhelming!

“That Bai Yi must have become a mistress for a big man. Otherwise, how could such a big thing be solved so easily?”

“That's Lin Fan, really a tortoise slave! As a man, he eats soft food and depends on his wife. Not to mention, it's shameful to rely on his wife's adulterer to save it!”

“When a man is like that, it's better to die!”

“I heard that Bai Yi is very shameless, and he has an affair with the genius doctor Lin. , And even a few high-level executives of the four giants have rights and sex transactions, otherwise, why would they invest in a small new Bai family?”

“Yes! I guess, the entire Jiangnan rich and powerful have been on her embroidery bed. Yes! I also heard that Lin Fan knew clearly that he took the initiative to give his wife to those rich and powerful!”

And this time!

Lin Fan also read these news, and his eyes were murderous.

It was discovered that these lace news and bad reviews were all published by the same news newspaper.

Shengxing Daily!

Lin Fan heard about it. It is said that this is the No. 1 newspaper in Jiangnan. He broke a lot of news under his hand and offended many powerful and powerful people, but it was all because of its too large background!

But this time, they got the wrong person!

Immediately, he sent a message to the mad god of blood prison, asking him to investigate the origin of this Shengxing Daily.

At this moment, Bai Yi came over and said to Lin Fan:

“Lin Fan, the company is in urgent need of a batch of welcoming cars, will you accompany me to buy them?”

“Okay.”

Lin Fan agreed without thinking about it, put away his phone, and went out with Bai Yi.

The two went to the Mercedes-Benz 4s store together, planning to buy a batch of Maybach from it as a welcome car for the new Baishi.

just!

Just as the two were about to step into the store, there was a loud noise suddenly behind them!

boom!

When the two looked in astonishment, they saw a Rolls-Royce slamming into their Mercedes-Benz sedan.

The rear of their car suddenly fell apart. Just by looking at the extent of the collision, you know that the speed must exceed 150 per hour.

All the people present were all dumbfounded, because they had clearly seen just now that the Rolls-Royce suddenly accelerated when it was only 30 meters away from the Mercedes-Benz, and then slammed into it!

This is clearly intentional!

then!

A man and a woman walked out of the car at the same time!

The moment they saw the woman, Lin Fan and Bai Yi had their faces gloomy at the same time!

Wen Qian!

None of them expected to meet Wen Qian here, and even more did not expect that Wen Qian would deliberately crash their car.

At this time, Wen Qian and the man next to her walked in stride, with a thick ridicule on their faces:

“Bai Yi, are you still following this rubbish?”

What!

Hearing this, the expressions of Lin Fan and Bai Yi became extremely gloomy.

Even if Wen Qian crashed their car deliberately, and even insulted Lin Fan as soon as she came, this woman really did not change.

And this time!

The young talent next to Wen Qian was completely stunned when he saw Bai Yi!

At this moment, his heart suddenly glowed with scorching heat!

What a nice view!

He read countless women, but he felt that no woman could be compared with the stunner in front of him.

And when he saw Lin Fanzhi next to Bai Yi, there was a thick jealousy in his eyes.

At the moment, he also smiled contemptuously and looked at Lin Fan arrogantly:

“Qianqian, this is what you said, that waste who depends on his wife to feed!”
