

Chapter: 1215

Just as Shu Lan was about to order her security to kill Lin Fan alive, an unexpected voice of anger suddenly sounded!

Everyone looked up, and when they saw the appearance of the visitor, they suddenly became nervous.

“Oh my God! He... isn't he the old Dong Liu Weiye of Yuelong Real Estate?”

Everyone present, their hearts beating wildly, at a glance they recognized this person as the old Dong of the largest real estate company in Jiang City.

then!

Under the horrified eyes of everyone, Liu Weiye bowed directly to Lin Fan and Bai Yi, and said respectfully:

“Mr. Lin, Mrs. Lin, I've been admired for a long time!”

What!

The audience is completely petrified!

Faces are filled with incredible expressions!

Everyone's eyes widened, and they could hardly believe their eyes.

What did they see?

The leader of Jiangshi's real estate industry, like a dog, nodded and bowed to the couple?

This is simply an illusion!

“It turned out to be... Liu Weiye? How could this be possible!”

There was an ominous premonition in their hearts, feeling that their throat was firmly held by an invisible hand, almost crazy. .

just!

Li Sang-hyuk's face still has a strong disdain: “What about Yuelong Real Estate, but in terms of a local snake, is it possible to dare to challenge my Li family?”

“Liu Weiye, I'll give you one. In minutes, get out of here! Otherwise, I'll fight with you!” But his voice just fell off!

“It's a big tone, Lee Sang Hyuk, you think we are Jiangnan and Jiangbei, right?”

A contemptuous laugh came from within Rolls Royce in an instant!

then!

Under the shocking gaze of everyone, he saw a middle-aged man with seven or eight bodyguards walking towards this side.

“That's... the capital of Baiyun City! Qiu Zushan!”

Boom!

At the moment when the identity of Qiu Zushan was broken in one person, everyone present trembled fiercely at him. At this moment,

there was a feeling of scalp tingling!

This turned out to be another famous boss in Jiangnan Province?

And it turned out to stand up to support this couple who they regarded as “trash”?

In an instant, everyone was in a complete uproar!

However, this is just the beginning!

Wow!

In that Rolls-Royce 4s shop, some of the rich and powerful in Jiangnan Province came out one after another, and then Qi Qi came to Lin Fan

and two people, and there was a deep respect for the sun on their faces.

Bow suddenly!

Seven or eight big men, at this moment, bowed respectfully towards

Lin Fan and Bai Yi:

“I have seen the Jiangnan Communist Party!!!”

Jing!

When all the Jiangnan big guys spoke in unison, the air at the door of the 4s shop seemed to be frozen.

Whether it was Wen Qian or Shu Lan and others, they couldn't believe their eyes and ears at this moment!

Jiangnan Gongzhu!

Bai Yi, really is the Jiangnan Communist Party?

They did not lie!

Now!

The eyes of everyone looking at them are filled with endless horror!

I only felt that they were trembling crazily in the depths of their souls, making them seem to be horrified and horrified as they saw a scourge!

Especially Wen Qian, her pretty face is already pale at the moment!

The Jiangnan co-lord, and the power elected by the four giants, is a hundred times more honorable than Lee Sang Hyuk!

With such existence, they actually want to put it to death?

This is simply looking for death!

Lee Sang Hyuk on the side was also completely stunned!

He hadn't paid attention to the original Yuelong Real Estate, but now he has walked out of seven or eight famous gangsters in Jiangnan

Province to support the Baiyi couple. These forces have gathered together, even if it is their Li family. Don't dare to underestimate it.

And when he saw that all of these big men bowed to Bai Yi and called him the Jiangnan Communist Party, he was completely crazy.

Impossible, this is impossible!

Not only them, but even Bai Yi could not help being stunned.

Because she didn't know these people in front of her, but just when she bought the car, she hurriedly glanced, and now she bowed to her?

As everyone knows, the reason why these big men are so humble is mainly because they want to curry favor with the mysterious existence

behind Bai Yi.

At this moment...

Lin Fan spoke and smiled: “As Jiangnan people, some people insult the Jiangnan Communist Party, what should you do?”

Boom!

Upon hearing this, all the big brothers were simply ecstatic!

They know that Lin Fan has now accepted their kindness!

Immediately afterwards, they raised their heads in excitement, their faces all red, and then they shouted in unison:

“Kill! Damn! Damn!”
