

Chapter: 1251

Quiet!

The audience suddenly fell into a strange silence!

Lin Fan?

The master of the masters?

Everyone was shocked, and then stared at Lin Fan with idiot-looking eyes.

What did they hear?

This rubbish claims to be a master among music masters?

This is simply ridiculous!

Now!

Guo Ailun's face was instantly green, and he said sharply: "So, do you think you are better than me in terms of musical attainments?" As soon as these words came out, Wang Mingzhe and the other three were counted. Contemptuously sneered.

"Lin Fan, you don't take a piss to take pictures of your own virtues, just what qualifications do you have to compare with Uncle Guo on the basis of your trash?"

Wang Mingzhe looked at Lin Fan with disgust:

"Like a palace like Uncle Guo There are no more than ten music masters in the world, and he is the only music master in China to have won the Grammy Music Award, and he can be called a national treasure artist." "Compared with him... are you worthy?"

And Jiang Xin He even sneered, sarcastically saying : "The master of the masters? I think you are the stupid of the idiots, right?"

"Zhang Yichen, this is the man you are looking for? A cowhide king?"

Everyone burst into laughter. All are full of contempt.

Obviously they all think that Lin Fan, a trash who doesn't know anything, is pretending to be a music master, it's ridiculous and shameful!

For Lin Fan, he became more disgusted and disdainful!

just!

At this moment, Lin Fan ignored everyone's ridicule, stared straight at Guo Ailun, and answered his question:

"On musical attainments, you are not even qualified to give me shoes!"

Wow!

When Lin Fan's words resounded, the entire box was suddenly in an uproar.

Wang Mingzhe and others couldn't believe their ears!

Lin Fan, is this crazy?

Guo Ailun is an internationally renowned music master. His works are widely acclaimed. Many songs have also won awards. Therefore, I don't know how many famous singers have broken their heads and want to ask him to compose music.

Such characters!

Has entered the Hall of Fame, won the Lifetime Achievement Award in the music industry, and is already a top figure at the ceiling.

Want to surpass these characters, unless you are the reincarnation of Chopin, Mozart, or Chopin!

But Lin Fan... said that these legendary figures don't even have the qualifications to lift shoes for himself?

boom!

Immediately, Wang Mingzhe and the others were completely furious, and there was a sound of even worse insults.

"Take it! I have never seen such a shameless person in my life!"

"Yes , a palace-level music master, but he doesn't even deserve to give him shoes. How shameless is this to say such a shameless thing?"

"It's disgusting! No wonder the Lin family is going to sweep him out of the house, leaving this kind of rubbish, it's ruining the house!" The whole box was suddenly noisy.

But listening to their harsh and mean insults, Zhang Yichen's face was extremely gloomy, and he wanted to refute it right now.

Because only she knew that Lin Fan was not bragging at all!

A man who composes a few tunes and makes her instantly become popular and reaches the top of the queen's throne, what is he who is not a master of music?

Even a master like Guo Ailun has never tried to make a queen with just a few songs.

But Lin Fan did it!

For this alone, Lin Fan is a hundred times better than Guo Ailun!

just!

Without waiting for her to speak, Guo Ailun stared at Lin Fan extremely fiercely, with a frightening arc appearing on the corner of his lips:

"Okay, then please ask the master now to play for us!"

"But If your repertoire is not up to the international level, then what you want to stay here today is not a pair of legs, but..."

"Your life!!!"
