

Chapter: 1279

“I read it wrong, I must have read it wrong!”

Shen Ling rubbed her eyes vigorously, she couldn't believe her eyes at all.

The dazzling light from those two rare treasures was so luxurious and dreamy that Shen Ling couldn't believe that all of this turned out to be true.

Bai Yi, a bitch, what right does she have to wear jewelry worth tens of billions?

That monstrous jealousy made her almost crazy!

Ye Shihao looked at Wang Mingzhe indifferently, with a thick sneer at the corner of his mouth:

“Mr. Lin gave Miss Bai Yi a necklace, but it is worth tens of billions!”

“How shabby is your 150 million?”

Wang Mingzhe His face sank like water, and his teeth were about to be crushed. He was so humiliated by others that he was almost mad with resentment.

On the side, Mr. Shen and others, the expressions on their faces became more and more bitter.

It turned out that Bai Yi did not lie, but they...short-sighted.

“Bai Yi, this...what the hell is going on?”

Shen Yumei and Bai Shan were completely confused at this moment.

They just feel like they are dreaming!

Lin Fan gave Bai Yi a tens of billions necklace?

This, how is this possible!

If Lin Fan is so rich, does he still need to be their son-in-law?

Without waiting for Bai Yi to speak, the brilliant Li Huairen took the lead in talking:

“Two people, it is actually because I want to cooperate with Miss Bai Yi, and my unfilial son accidentally ran into Miss Bai Yi. I was afraid of Bai Yi. Miss Yi didn't forgive, so she found Mr. Shanglin to apologize first.”

“And with the help of Jinding, I invite two of you to come tonight's dinner!”

Everyone suddenly understood!

It turned out that all this was not because of Lin Fan, but because of Bai Yi.

The Shen family also felt like this. After all, Lin Fan had been wasteful for more than three years. How could it be possible to leap into a dragon?

Waste is waste after all!

then!

They cast contemptuous glances at Lin Fan one after another.

Obviously, he was exposed to his wife's light, but he put on a posture that he was pleased by the golden roof, which was really shameless.

Mr. Shen and others were a little complacent in their hearts.

As long as Lin Fan is not offending, there is still room for maneuver.

After all, Bai Yi is the niece of the Shen family and won't embarrass them.

“Then...the tens of billions of necklaces, what's the matter?”

Shen Yumei asked puzzledly.

“Mom, I'll talk to you again when I go back.”

Bai Yi said so, she also knew that she couldn't tell the relationship between herself and the King of Blood Prison in the public.

That would be too shocking.

“No need to go back, I can tell you now, your daughter is dead!”

Shen Ling snorted coldly, with a deep contempt on his face, looking at Bai Yi as if he was looking at a dead person.

“Shen Ling, what do you know?”

Old man Shen also hurriedly asked.

“Grandpa, as far as I know, the sea blue heart is a necklace given to the princess by the king of the blood prison, but it was later stolen!”

Mobile phone:

Shen Ling sneered, she suddenly remembered it at this time, and heard about it recently. Rumors.

That is, the King of Blood Prison had a necklace worth tens of billions, which was stolen, and that necklace was called the Heart of Sea Blue!

Now!

That is to say, Lin Fan stole the necklace of the King of Blood Prison and used it to please his wife.

what!

Was stolen?

All the people present were in an uproar!

Then they cast horrified glances at Lin Fan!

They heard that the necklace was given to Bai Yi by Lin Fan, which means that this guy stole the necklace from the Queen of Blood Prison?

Prison?

This is simply looking for death!

Now! Old man Shen's expression was extremely gloomy:

“Shen Ling, what you said is true?”

“Grandpa, this matter has gone crazy in Jiangshi's noble circle! How could it be fake?”

Shen Ling Haha He sneered and said:

“My cousin cousin, your courage is really not so big, you even dare to steal things from the King of the Blood Prison, you have to say...”

“You are not far from death!”
