

Chapter: 1286

Li Huairen, actually gave the black card to the Bai family?

Giving away a credit card with unlimited overdraft is equivalent to giving away one's family property!

Li Huairen is crazy!

After giving away tens of billions of jewellery, he gave the Centurion Black Card. Does Li Huairen have money and no place to spend?

Shen Jian and Cuiping couldn't help but glance at each other. They both saw the incredible depth from each other's faces. They couldn't believe it!

Even the Xiao family is not qualified to let Li Huairen surrender all of his property, right?

This makes them look like dreams!

But soon!

Both Shen Jian seemed to have thought of something, and there was a strong greed on their faces.

They only wanted to blackmail ten million, so they killed these two people, but they didn't expect that they had a black card!

This black card, can you cash out a billion, right?

Unexpectedly, these two wastes could still make them a fortune before they died.

This is simply a surprise!

then!

Shen Jian smiled insidiously and ordered:

"You two immediately take us to the bank to withdraw money. If I find out that you dare to lie to me, be careful of your dog's life!"

Hearing this!

Shen Yumei and Bai Yi shuddered, their faces full of misery, but they were too scared to speak.

Now they can only pray that Shen Jian can let them go after taking the money.

...

Then, the group went to the nearest bank to withdraw money together. just!

The moment they stepped into the door of the bank, a coquettish woman noticed them.

She is the manager of this bank, Li Xiangru, who is known as the ace manager.

When he saw Baishan and others' dresses, Li Xiangru's face was full of contempt, and he screamed in his heart:

"Where are the dead and poor ghosts, even the Global Bank dare to enter!"

They Global Bank , But it is the best quality bank in the world, and it specializes in serving the world's richest people.

And Baishan and others dressed up, where do they look like rich people?

At the moment, she thought that it was another dead and poor ghost who had gone wrong.

Thinking of this, Li Xiangrudang walked up even with a bad face:

"Stop! Whoever allows you to come in, get out of here!" At this moment!

Bai Shan was also stunned. It seemed that he didn't expect the bank staff to have such a bad attitude.

Let them get out before entering the door?

It's just that he, who wants to save his life, didn't bother to care about what, and said:

"That...I want to transfer money!"

Transfer money?

Li Xiangru suddenly seemed to have heard a big joke, and looked at Bai Shan and the others with contempt:

"Sir, the minimum transfer limit stipulated by our bank is 5 million. Just like you, I think it's all. The family property is not enough for five million, right?"

"You can see clearly, we are the Global Bank. We only entertain super-rich people, poor ghosts like you... Please move to another bank!"

Li Xiangru's face , Full of disgust.

It seems that if you say a word with Baishan, you will disgust yourself!

"you!"

Bai Shan suddenly became angry. As a bank manager, he was supposed to serve customers, but when the other party faced him, he was full of insult and contempt.

If it weren't for Shen Jianhu who was on the side staring at him, he really wanted to turn his head and leave.

Now!

Bai Shan 's face turned dark, and he took out the Centurion Card and said angrily:

"You are optimistic, I have money!"

Hearing this, Li Xiangru's face still had a deep contempt, just thinking about it. Shame again.

just!

As soon as her eyes touched the card, her whole body trembled fiercely as if it had been struck by an electric switch.

Then, Li Xiangru stared at the black card, a look of horror appeared on his face, and he screamed in disbelief:

"Impossible! You... how come you have a black card?"
