

Chapter: 1296

Just listen to this!

That Li Xiangru's whole body was instantly stunned, and his face instantly turned pale.

She has not seen the Universal Custom Card, but she has heard of it.

Rumor has it that holders of this card are all top senior executives in a country and must be treated respectfully all over the world.

But this waste actually exists like this?

This is simply unimaginable!

Wan Jinrong's remarks made everyone present in an uproar.

Even Zhang Lei couldn't help but feel astonished at this moment.

However, this is just the beginning!

“Don't speak? Isn't it qualified?”

Lin Fan sneered, and then threw a card again:

“Then this one, is it qualified?”

Boom!

Seeing another card thrown out, Wan Jinrong was about to pee in shock, his legs trembled crazily.

Those eyes seemed to split, looking at the card on the ground in disbelief, shaking violently:

“Li...Board of directors?”

What!

In the entire bank, the air seemed to have frozen.

All the guests were dumbfounded and frightened!

Board of Directors, they have heard of it!

Is that a card that can only be owned by the top executives of the Universal Group and the members of the board?

The whole bank issued only ten copies!

Cardholders can order all global banks in the world and mobilize funds below 100 billion at will.

All the presidents must bow their knees when they see it!

Lin Fan, even holds a custom card and a director card at the same time?

Everyone's gaze was locked tightly on Lin Fan, and there was a feeling of splitting liver and guts.

It made them shudder!

And at this time, Wan Jinrong was almost crying, that fat face was like a dead father and mother, and he was too scared to say anything.

Isn't this guy a trash son-in-law?

How could he have such a high-level card?

This is a nightmare for him!

Especially Li Xiangru!

The moment she saw the board of directors, she had an urge to pass out.

Is this guy the director of their Global Bank?

And she, not only beat his parents, but also dare to insult him?

Li Xiangru only felt a bolt from the blue sky, smashing her hard, making her almost crazy.

It's just shock... but it still hasn't stopped!

Under everyone's horrified gaze, Lin Fan's mouth was outlined with a cold smile:

“Isn't it enough? Then you look at this one!”

Swish!

The last card is completely dark, with a blood-colored skull on it!

boom!

This card is still only qualified to know Wan Jinrong's existence.

That's why the moment he saw this card, he puffed and fell to the ground, his face completely lost in blood.

“Skull...Skull Emperor Card?”

This!

It is their exclusive card for the chairman of Universal Group!

The man in front of him is the master of Universal Group!

crazy!

Wan Jinrong at this time is going crazy!

He actually beat the chairman's mother-in-law and old father-in-law?

Come this way!

Universal Group is no longer his backer, but his enemy!

Can he compete with a world-renowned top chaebol?

This is simply a dream!

And seeing Wan Jinrong's scared pee, Li Xiangru and others knew that the origin of this mysterious card was more terrifying than the previous two!

This made the ominous premonition in their hearts even stronger, trembling all over, looking at Wan Jinrong with extreme horror.

Even Zhang Lei couldn't help being nervous at this moment, waiting for Wan Jinrong's reply.

Immediately!

There was a deep anxiety on Li Xiangru's face, and he asked,

“President, what...what kind of card is this?”

At this time, Wan Jinrong was already crying with fright, and his voice became even worse. Said:

“This... is the card that can kill us!”
